

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

PROCEEDINGS

FIRST DAY, JULY 13th, 1908

ODD FELLOWS' HALL

DENVER, COLORADO, July 13, 1908.

MORNING SESSION.

The Sixteenth Annual Convention of the Western Federation of Miners was called to order by President Charles H. Moyer at 10:15 a. m.

Brother George Halley, president of the Colorado State Federation of Labor, was then called upon and delivered an address of welcome to the delegates in attendance at the Sixteenth Annual Convention, and was met with applause.

Brother W. A. Burns was then called upon to give a reply of thanks to President George Halley, and rendered a suitable speech in behalf of the Western Federation of Miners, and was met with renewed applause.

President Moyer then appointed the following Committee on Credentials: C. R. Waters, No. 26; James McDonald, No. 5; J. C. Scott, No. 38; A. E. Rigley, No. 9; Ed. Long, No. 1; C. R. Burr, No. 99; William Jinkerson, No. 225. Convention adjourned until 3 p. m.

AFTERNOON SESSION.

Convention called to order by President Moyer.

President Moyer announced that the Credentials Committee was unable to report, and adjourned the convention until 9 a. m. Tuesday morning.

SECOND DAY, JULY 14th, 1908

MORNING SESSION.

Convention called to order by President Moyer.

The following report of the Credentials Committee was read:
To the Delegates of the 16th Annual Convention, W. F. M.

Fellow Delegates: We, your committee, beg leave to report that we have examined the credentials of the delegates from the locals and compared them with the books and find that they are entitled to seats and votes as follows:

SPECIAL.

Jos. McKinnon, Butte No. 1.
 James McNulty, Anaconda M. & S. No. 117.
 Henry Berg, Basin No. 23.
 L. E. Custis, Rico No. 36.
 J. Donovan, Silver City No. 92.

The following telegram, on motion, was ordered sent to M. R. Preston and Joseph Smith, now confined in the Nevada State Prison:

Denver, Colorado, July 14, 1908.

M. R. Preston and Joseph Smith, Carson, Nevada:

Sixteenth Annual Convention of the Western Federation of Miners confident of your innocence, send greetings, and assurance of our earnest effort to secure your early release from unjust imprisonment.

ERNEST MILLS, Sec'y-Treas. W. F. M.

Moved and seconded that a similar telegram be sent to Steve Adams at Grand Junction, Colorado. Motion carried.

Moved and seconded that a telegram be sent to the Montana Lumbermen, who are now on strike, assuring them of our moral support. Motion carried.

Denver, Colorado, July 14, 1908.

Joseph Shannon, Brunswick Hotel, Missoula, Montana:

Western Federation of Miners, now in session, send greetings and pledges moral support to striking Lumber Workers of Montana, and trust they will secure a complete victory.

ERNEST MILLS, Sec'y-Treas. W. F. M.

Roll call showed the following absent: John Donovan, Wm. Howells. Reported sick.

Moved and seconded that the convention be open to the public.

Moved and seconded as an amendment that the convention be open to members of organized labor and those vouched for by members of labor organizations. Amendment lost.

Roll call demanded. Yes, 138½; No, 164½.

Yes—Al. McLellan, 4; Angus MacLeod, 4; T. R. Cox, 4; Jos. McKinnon, 4; Wm. P. Dolan, 4; Con Shea, 3; Ed. Long, 3; Barry O'Leary, 3; W. L. Nicholls, 5; Jos. Hinton, 2; Jas. McDonald, 2½; W. E. Tracy, 2½; W. J. Louttit, 5; O. E. Shrode, 1½; Henry Keifer, 1½; Walter Keister, proxy, 1; B. Birdsey, 1; S. F. W. Anderson, 5; N. B. Cameron, 5; C. R. Waters, 5; V. Toffoli, 5; Thos. Powers, 3; J. The following telegram was read and ordered filed:

Chicago, Ill., July 14, 1908.

Ernest Mills, Sec'y, Convention of Western Federation of Miners, Railroad Bldg., Denver, Colo.

Accept sincere greetings from the Industrial Workers of the World. May the work of your convention promote the welfare, not only of the miners, but also advance the whole working class movement on the industrial field. "No compromise with the craft union movement" should be your slogan. Unification of all revolutionary elements yours, as well as our, common aim.

The Industrial Workers of the World.

VINCENT ST. JOHN.

W. E. TRAUTMANN.

Minutes of the Executive Board then read before the convention.

Convention adjourned at 12 m.

AFTERNOON SESSION.

Convention called to order by Vice-President Mahoney. Roll call showed the following absentees: Thos. Connors, Henry Berg, Wm. Howells, later reported sick.

The following supplementary report of Committee on Credentials read, and on motion, adopted:

To the Delegates of the Sixteenth Annual Convention, W. F. M.

Fellow Delegates—Herewith is submitted supplementary report of Committee on Credentials:

Crown King No. 89, John Opman, proxy, 1 vote; Greenwater No. 207, Geo. T. Phillips, proxy, 1 vote; Lyon & Ormsby No. 261, James Sullivan, 1 vote.

C. R. WATERS, Chairman.

A. E. RIGLEY, Sec'y.

C. R. BURR.

J. C. SCOTT.

ED. LONG.

JAMES McDONALD.

Committee.

Moved and seconded that the following telegram be sent to Douglas Island Miners' Union:

Denver, Colorado, July 14, 1908.

F. L. Alstrom, Sec'y Douglas Island M. U. No. 109, Douglas, Alaska.

The Western Federation of Miners in convention assembled send greetings and assures the members of Number One Hundred Nine that the organization is with them until the battle is won.

ERNEST MILLS, Sec'y-Treas. W. F. M.

Moved and carried that a similar telegram be sent to Fairbanks Miners' Union.

Denver, Colorado, July 14, 1908.

Mr. Robert Burns, Sec'y Tanana M. U. No. 193, Fairbanks, Alaska.

The Western Federation of Miners in convention assembled send greeting and assures the members of Number One Ninety-three that the organization is with them until the battle is won and our persecuted brothers at Fairbanks acquitted.

ERNEST MILLS, Sec'y-Treas.

Brother Mahoney then introduced L. M. French and George Allen, who, on behalf of the Trades Assembly of Denver, welcomed the delegates of the W. F. M. into the city. George M. Halley, president of the State Federation of Labor, also addressed the convention.

Assistant Secretary James Kirwan then continued the reading of the minutes of the Executive Board for the December meeting. On the completion of the reading of the minutes Brother Chas. Bunting, of No. 180, being called to the chair, President Moyer proceeded to read his report, as follows:

REPORT OF CHARLES H. MOYER PRESIDENT W. F. M.

to the

Sixteenth Annual Convention of the Western Federation of Miners

Denver, Colorado, July 13, 1908.

To the Delegates of the Sixteenth Annual Convention, Western Federation of Miners:

Gentlemen—In compliance with the constitution which governs our organization, it again becomes my duty to submit an annual report of events which have transpired since our last convention, as well as some phases of the general situation confronting your organization at this time, which might be well for you to consider.

Under the circumstances, this report may not be as comprehensible and complete as is the usual document of this character, because, in the year just past, owing to conditions over which I had no control, I have only been permitted to perform the duties of office for about five months.

After my release on bond in the State of Idaho, July 30, 1907, it was decided by your acting officers and myself that I could best serve the interests of Geo. A. Pettibone and Stephen Adams by remaining in that state, consequently Vice-President Mahoney continued as Acting President until February 1, 1908, at which time I assumed the duties of office.

In submitting this report, I have deemed it unnecessary to dwell at length on the conditions which surround the wage working class generally. We are all familiar with the situation, and our time can best be spent in discussing and outlining some plans for the future, which we believe will be effective and result in bettering the condition of the toiling masses. How this can best be done is a problem which has confronted the delegates not only in each of your conventions, but those of all bodies of wage workers throughout the land. Some have adopted one policy, others have worked along different lines, but all with the same object in view—the betterment of the conditions of those who toil.

We are here again to-day, after fifteen years of experience, confronted with the same questions and with virtually no change in the conditions which surround us as wage workers, and called upon, as others have been before us, to outline a policy for our organization to follow for the ensuing year. In doing this, brothers, let us take advantage of these many years of experience; they should be of some benefit to us. While looking into the future, let us not fail to review the past, and our mistakes should be of priceless value to us in building for the future.

There will be matters come before this Convention upon which you will disagree.

This is to be expected, but, as your Ritual well says: "It is by honest differences of opinion that we arrive at sound conclusions and correct judgments," so, even though we differ with one another, if we are sincere, having only the interests of those we represent at heart, there can be no doubt but that our conclusions will be for the best interests of all concerned. The delegates in this Convention should, at all times, bear in mind that their first duty is to the Western Federation of Miners; it matters not what our personal views may be. If the majority cannot agree with us, after giving our ideas careful consideration, then we should bow to their will, exerting every effort in our power to the end that a fair and impartial trial should be given to the same. This, I am sorry to say, has not been the universal policy of your membership during the past year, but, instead, we find that certain Locals and members, to which I will refer later, have carried on a campaign of dissension by continuously finding fault with the action of those selected to represent you in an official capacity, attributing to them ulterior motives and going so far as to charge them with being what they choose to term grafters, reactionists and almost every other name imaginable. They have not confined their attacks to the Executive Board and officers, but take issue with the majority of our membership, after they have expressed their views on certain important matters, as provided by our Constitution. This has been done not only by members in local Unions, but by individual letters and circulars supposed to have the endorsement of Local and District organizations. Your officers are guilty as indicated by these letters and circulars, or they are innocent, and it is your duty, and I, as President of your organization, insist that you take definite action in regard to methods of this character. You should go on record in no uncertain manner, as to whether or not your constitution shall be observed. The constitution of the Western Federation of Miners means what it says, or it means absolutely nothing, and should be dispensed with by this Convention, for it is the law governing your Locals and members, or else we have spent our time and thousands of dollars in vain for the past fifteen years, meeting in conventions, drafting and amending what we choose to call the constitution and by-laws of the Western Federation of Miners: if it can be used as a plaything by a Local Union, or a member, then chaos is bound to prevail, and your organization will soon find itself as a ship at sea without a pilot. If it is not intelligent in its construction, it is your duty to make it so plain that it needs no interpretation, and, before concluding, I shall call your attention to certain constitutional questions, which, I trust, will receive your careful consideration.

During the year just past, your organization has been forced to engage in continuous battles, in order to maintain living conditions for the men employed in the mining industry, as well as to save the lives of a number of your members, whose only crime was their loyalty to the working class. The outcome of these conspiracies is well known to you, and need not be reiterated by me.

To the organized labor forces, the Socialist Party and their press, the Western Federation of Miners owes a debt of gratitude which can never be repaid. In their hour of need, all differences were forgotten, the question as to whether you had advocated a policy which failed to meet with the approval of others was not considered, but organized labor, regardless of affiliation or beliefs, recognized the struggle as between organized capital and organized labor, and results is proof that they were not found wanting. Without their support, we would have been helpless, indeed, and in the future we should hesitate before attributing unworthy motives to an organization or an individual simply because they may differ with us.

STRIKES AND LOCKOUTS.

Many of our Local Unions have been forced to resort to strikes in an effort to establish a reasonable scale of wages and an eight-hour work day. Those involved were the Cobalt Miners' Union, the unions comprising District No. 11 of Minnesota, the Bishop Creek Local of California, Goldfield Miners' Union, Calaveras Miners' Union, Bisbee Miners' Union, Fairbanks Miners' Union and Douglas Island Miners' Union.

The strike at Cobalt was declared July 2, 1907, the Union demanding what they considered a reasonable scale of wages and an eight-hour work day. This strike had continued but a short time, when the operators applied for and were granted an injunction, which restrained the Cobalt Miners' Union, its officers, and Brother O'Byrne, who had been sent there to represent the Federation, from interfering with or molesting

any of the plaintiffs, watching or picketing the plaintiff's property, or endeavoring to induce any of the employees of the plaintiff to cease work. Shortly after the passing of this injunction, the company claimed that those enjoined were in contempt of court for violating the order, and an application was made for an order committing them to jail. The application was denied by the court, but McGuire, President of the Union, and others were cited for contempt. McGuire was found guilty, but took an appeal to the higher court. This case is now pending, the Federation having rendered financial assistance, and as it is a matter of much importance, I would advise that the Executive Board be instructed to render such support as may be necessary to carry the same to a conclusion.

The Cobalt Local, although forced to engage in this conflict in its infancy, has made a noble fight, and while confronted by tremendous odds, succeeded in establishing better working conditions and wages on a number of the smaller properties, but the Buffalo Mines Limited Mining Company refused to settle, and, being materially assisted by the industrial depression, has forced the Union to continue the strike, but the men are not discouraged, and firmly believe that, in time, they will succeed in bringing about the conditions which they demand.

On July 20, 1907, a strike was declared on the Mesaba Range in Minnesota, which involved all the Locals of that district. While there can be no question but what the conditions were deplorable, and that the men employed in the mining industry in Minnesota were entitled to higher wages, shorter hours and better conditions of working, still the strike was untimely, and results proved that it should not have been called at that time, as there was only a small per cent. of the workers organized, and, as they had to contend with one of the most powerful corporations in the United States, the outcome would have been doubtful, even though they had been thoroughly organized and schooled in unionism, and received the moral and financial support, not only of the W. F. M., but organized labor in general. The result of their premature attempt was overwhelming defeat, and virtually the destruction of every Local Union in that state. The company resorted to the usual tactics, importing armed thugs, who were sworn in as deputy sheriffs and who immediately proceeded to create a condition of riot, which was charged to Union men. Said Union men were then arrested and thrown into jail, and while they were all eventually released, it had the desired effect, and, in connection with the many other unfavorable conditions which prevailed, the strike was an absolute failure, and, as a result, Unionism has been greatly retarded on the Mesaba Range, and we have virtually to reconstruct our organization in that district.

September 1, 1907, the Bishop Creek Local went on strike in an effort to enforce a uniform scale of wages for all men employed in the district. This strike also proved a failure, the Union having since surrendered its charter.

On November 27, 1907, Goldfield Miners' Union went on strike against the payment of wages in scrip, the mine operators refusing to guarantee payment of the same, and the men believing that they were entitled to such an assurance or the currency, notified the Mine Owners' Association that, unless their wages were paid either in cash or in checks backed by a guarantee satisfactory to the Union Committee, they would cease work November 24, 1907. In answer to this notice, the operators drafted a reply in which they gave various reasons why they were unable to comply with this request. The same not appearing reasonable to the men, they, on November 26, passed the following resolution:

"Resolved, That members of this Union cease working for all employers who do not pay in cash or secure their paper to the satisfaction of this Union."

Even after this action was taken by the organization, a further attempt was made to bring about an adjustment, a committee from the Union visiting the Executive Committee of the Mine Owners' Association for that purpose, but were informed that the operators would not place the product of the mines in transit, or any part of it, as surety for the scrip which was being used in payment of wages, in lieu of money; therefore, the men ceased work. The operators at once issued a declaration against the Western Federation of Miners, refusing to employ any of its members unless they took out a card in the Mine Owners' Association and renounced their allegiance to the Federation and signed an agreement that they would not again affiliate with the organization. After issuing this ultimatum, they were considerate enough to invite all of their employees to return to work, stating that they would prefer them to outsiders. The Union

men of Goldfield, of course, refused to consider a proposition which provided that they become scabs, and the strike continued.

The operators resorted to the same old tactics, an attempt being made to resume operations with strike-breakers at a reduced wage amounting to \$1.00 and \$1.50 per day. To assist in this, regardless of the protest of local officers and citizens, President Roosevelt, without investigation and at the request of the governor, who, it has been claimed, and not contradicted, was under the influence of the mine owners and acting in their interests at the time he sent the message, ordered the government troops to Goldfield, and Colonel Reynolds appeared on the scene with what he believed a sufficient force to suppress the bloodthirsty aggregation, whom the mine owners had just welcomed back to work, provided they would stultify their manhood by renouncing their allegiance to organized labor.

The object of calling for troops was at once apparent, when, on their arrival, the colonel was requested to patrol the properties of the mine owners and prevent members of the Union from picketing; in fact, the United States army was to be used by the Mine Owners' Association in their efforts to crush organized labor and reduce wages. With honor to Colonel Reynolds, he refused to permit government troops to be used for this purpose, stating that he could see no reason why troops were ordered to Goldfield. This statement apparently brought the President to a realization of the position in which he had placed himself, and he appointed an investigation commission, which proceeded to Goldfield, and, after reviewing the situation, not only endorsed the position of Colonel Reynolds, but censured the governor for having made application for troops. Upon this report, the President decided that the troops should return to San Francisco. This was not to the liking of those responsible for their coming. The President was again appealed to, and, regardless of the report of his commission and the officer in command, he changed his mind, issuing an order for the troops to remain and virtually saying to the Mine Owners' Association: It is up to you to see that the governor, who misrepresented conditions in his state to me, immediately calls a special session of the legislature for the purpose of providing for an armed force, which will be at your disposal. The operators were not slow in taking advantage of this advice. The governor, of course, called the lawmakers together, with the result that one of the most unfair bills was passed that has ever been known in a western state or territory. It is fully in line with the Colorado Supreme Court decision, vesting complete power in the governor, who, at his will, may set aside all local or state officers selected by the people, and in their stead the Nevada state police provided for by this bill were given full power to arrest and confine citizens without charge or trial; in fact, may be, and has been, used by the employers of labor in the state of Nevada to defeat labor's demands for living conditions.

After the mine owners had secured their police at the expense of the people, the troops were withdrawn. The next move was an injunction which was granted by the United States Circuit Court. This order was as sweeping as injunctions generally are, restraining Union men from doing most everything that they had not done, or had any intention of doing, and informing them that they could not do certain things which every citizen of the United States has been taught that he had a right to do, under the constitution.

In the face of these tremendous odds, the Goldfield Miners' Union made a determined stand, which resulted in a conference, in the month of February, 1908, with a number of leasors and small operators, the outcome being an agreement on a wage scale which was the same as that of Tonopah. This made it possible for a number of the members of the Goldfield Miners' Union to secure employment and maintain their Local, but the conditions, as I am informed, are still deplorable in Goldfield, there being a considerable force of strike-breakers employed, and the mine owners still exerting every effort in their power to destroy the miners' organization.

The strike which was declared by the Calaveras Miners' Union in April, 1907, and which was for the purpose of forcing the adoption of an eight-hour work day, terminated September 11, 1907, resulting in a victory for the Union.

February 9, 1907, a Union was organized at Bisbee, Arizona. The companies, especially the Copper Queen Mining Company, immediately took issue with their employees as to their right to affiliate with organized labor, and inaugurated a system of discrimination and blacklisting. The Union resented this by declaring them unfair and ordering a strike, which continued until the latter part of December, 1907, when, owing to the industrial depression and other unavoidable conditions, the strike was declared

off. The Union has been able to hold its charter and has a foothold in Bisbee at this time. This is a point of much importance, not only to Arizona, but your entire jurisdiction, and I would advise that the Federation render the Bisbee Local every assistance possible in their efforts to organize.

The strike at Fairbanks, Alaska, has been in progress very near one year. The miners at Fairbanks are surely to be complimented on the stand they have made to establish the eight-hour work day. This Local had virtually fought its own battles up to and until March 15, 1908, on which date a number of deputy marshals, who were undoubtedly working in the interests of the mine owners, created a disturbance, by discharging firearms. Members of the Federation were immediately charged with being responsible for this, and Thos. Steffinson, general organizer for the Western Federation of Miners, was placed under arrest, charged with accessory after the fact to an assault with intent to kill. Upon this preliminary hearing, he was bound over in the sum of \$5,000.00 to wait the action of the grand jury. This bond having been furnished, he was again arrested on a charge of riot, and placed under bond in the sum of \$10,000, which was also furnished. Not satisfied with this, Secretary Cullen, with twenty others of the Local, were charged with riot, indicted, and the trials in the Federal Court set for May 15. At the time of compiling this report, we had not heard as to the outcome of these cases. The only crime these men had committed was that of being faithful to their organization, refusing to work unreasonable hours and peaceably persuading non-union men to not take their places, but, regardless of this, they were charged with this offense, with the object in view of landing them in the Federal prison.

The Federation has furnished them with such financial assistance as the treasury would permit, and I sincerely trust that the Tanana Miners' Union will have a delegate in this convention who will be able to inform you that these brothers have all been honorably acquitted. A victory in Fairbanks means much to the working people of Alaska, and if true unionism and determination counts for anything, the Western Federation of Miners will establish the eight-hour work day in that part of our jurisdiction.

March 21, 1908, the Douglas Island Miners' Union declared a strike against the Treadwell Mining Company. This company had inaugurated a system of discrimination against the members of the organization, and it was undoubtedly their intention to dismember the Local, by the discharge of Federation men as rapidly as non-union workmen could be secured to fill their places. This made it absolutely necessary, in the opinion of the members, who met in special session March 21, to take such action as would prevent the complete disruption of their Local. At said meeting, a committee was appointed to confer with the superintendent and endeavor to arrive at an understanding. The committee waited on this gentleman, who positively refused to receive them or have any dealings with any one representing the organization; therefore, as a last resort, a vote was taken, which was unanimous that the men should cease work until they were conceded the right to affiliate with organized labor. To the date of this writing there had been no conference between the company and the Union. The former has been making strenuous efforts to secure scab labor, but with little success; the men are standing firm, and Executive Board Member Davidson, who has been on the ground for some time, will inform you of the situation, after a personal investigation.

The Cripple Creek strike, which was called in the fall of 1903, was declared off by your Executive Board at their December meeting. I shall not discuss their reasons for so doing, as I have no doubt they will fully explain the same in their report to this Convention.

This, Brother Delegates, briefly reviews the strikes which have taken place since your last Convention. You can readily see that some of them have been of little or no benefit to those actually involved, still they could not have been avoided, for, in every instance, the cause for which the Unions contended was fair and just, and even though temporarily defeated, those engaged have nothing to regret, as they were fighting a battle for justice, and time will prove that they were not only entitled to the unequal division for which they contended, but to the full product of their toil.

It seems strange, indeed, that the employers of labor should continue to refuse to meet with their employees as an organization. The time has passed when an individual employer is privileged to meet his employees individually, or in a body, and adjust the question of hours and wages or other important matters; regardless of their inclination, they must bow to the will of their Union, or association, as they choose to call it, and if they fail to do so, they will find themselves as completely blacklisted as is the Union

man who incurs the displeasure of the operators' association. This being true, we find the large majority of mining companies represented in such associations with their executive committees authorized to treat with the employees of all of its members; consequently, when the men employed on a certain property, or by a certain company, desire to discuss working conditions, it is not their own employer whom they meet for that purpose, but a committee from the Mine Owners' Union. But, when this committee is informed that the men are represented by a committee from their Union or association, they are as a rule notified that "We will not recognize your authority to act for our employees, but we will meet them as individuals." We deny that they have the right to connect themselves with an organization of their class and select representatives to confer with us, and, in many instances, not satisfied with this, go further, and issue their ultimatum, that until such time as you promise to sever your affiliation with organized labor and come to them as individuals, they will deny to you the God-given right to labor. This position on the part of the employers cannot, from any point of view, be tenable, and just so long as it is maintained and practiced, that long will many deplorable strikes occur, which, in all probability, could be avoided. If the employer reserves the right to organize, then none can gainsay that the same privilege shall not extend to labor, and there is no question but what many conflicts, which have resulted in great loss, turmoil, strife and suffering, could have been prevented had this right been recognized.

The Western Federation of Miners believes that every man employed in mines, mills or smelters—in other words, in the mining industry—has an undisputed right to join themselves together in one association. They have long ago realized that as individuals they are absolutely at the mercy of those who may desire to take advantage of their weakness, so they come together as do the employers, recognizing that an injustice to one is the concern of all. They select some from among them as representatives, as does the employers' association, but here they are confronted with the unreasonable position that, while their employers may organize, they must come single-handed and alone, if they expect to be granted an audience. Labor has the same right to say to the employer: "We are the judge as to whether or not it is to your best interest to affiliate with your association, and if we say no, and you proceed to do so, then you shall be placed on the blacklist, and we will refuse to enter your employ and prevent all others from doing so if it be in our power."

Capital, or, rather, capitalists, without labor, are absolutely helpless; but labor, if it but realized its power, may pick up the tools of production, and the system which makes it necessary for both to organize for self-protection may be swept aside, and class dictation ended forever; but the great mass of the people, the wage-working class, are apparently satisfied to continue, at least for the present, under this system; therefore, they establish what they choose to term labor unions, for the purpose of regulating working conditions in conformity with the system.

The small minority who compose the employing class come together in their associations for the same purpose. If their interests are identical, there would be no necessity for these organizations. The fact that they organize disposes of the identity question, and proves that they both recognize that the system under which we live breeds discontent and dissatisfaction, which requires that they come together from time to time and temporarily agree on terms of division. Many members of the Western Federation of Miners are opposed to this system, and the organization has, and I trust will continue to carry on, a campaign of education, until the great army of toilers are awakened and brought to a realization that, through united action on the political field, they have it in their power to settle for all time the question of hours and wages. But, in pursuing this policy, let us at no time forget the primary object of our organization, which is, to better the condition of those employed in the mining industry, under the present system.

The Western Federation of Miners should, at all times, assume a position of absolute fairness; they should not only consider their own interests, but the welfare of all those with whom they are surrounded. They should say to the employers, We concede your right, under the law, to organize your companies and associations, and we reserve and demand the same privilege.

When we believe that the conditions justify us in asking for better wages, shorter hours and more favorable working conditions, we should present our request to the employer, not as supplicants, but in a straightforward, business-like manner, supporting

our position with facts, and, while firm in our claims, we should ever be ready to listen to the other side and exert every effort in our power to prevent a conflict. Reason and justice to all should be our motto, and when differences arise, we should meet the employer half way, and if an amicable adjustment is not arrived at, the responsibility must rest on them, and not on us.

The membership of the Western Federation of Miners are as solicitous for the welfare of all the people, as any other class of workingmen in the world. They have not organized to carry on a warfare against any individual or association, but they believe that they have certain rights granted them under the constitution of the United States, as well as the different states and territories, which should not be abridged. They believe that their hazardous occupation entitles them to a fair compensation for their labor. Let those who enjoy the profit of their toil concede them this, and the deplorable conditions which I have cited as occurring during the past year may be avoided, and all concerned profit thereby.

The question of an economic organization of the working class industrially organized has been before many conventions of your organization, and I have no doubt will be discussed by you. The Western Federation of Miners, at its inception and for some time after it was a craft organization only including in its jurisdiction underground workers, but the folly of this policy was soon realized, and the fact that the engineer, fireman, pumpman, machinist, and all others employed in and around a mine were factors in its operation, was recognized, and that their organization was just as essential as the miners', and, looking further, they saw the men who reduced the ore, the mill and smeltermen, and they again realized that there was a breach in their ranks; therefore, they extended their jurisdiction, and the constitution was made to provide that all men working in and around mines, mills and smelters, should be eligible to membership; in other words, the Western Federation of Miners changed from a craft to an industrial organization, to be composed of all wage workers employed in the mining industry. Time has proved the wisdom of this policy, for, while insignificant numerically, the fact that we were bound together by this form of organization, recognizing that our interests were identical and that an injury to one was the concern of all, has made your organization one of the most formidable ever established in this country.

In 1898, owing to the fact that little, if any, efforts were being made by other organizations or organize the Western wage workers, the Western Federation of Miners issued a call for a convention, to be held in Salt Lake City, for the purpose of bringing into the ranks of organized labor these unorganized people. This convention launched the Western Labor Union. The Western Labor Union was an industrial organization, having for its purpose the bringing together of all kinds and degrees of labor into one great brotherhood, which believed, as did the Western Federation of Miners, that the concern of a single wage worker was the concern of all. This organization confined its efforts almost exclusively to the mining camps of the West until 1901, and it can be truthfully stated that it was of much benefit to the wage workers, not only west of the Missouri River, but its influence was felt throughout the United States and Canada. The employing class feared the principles advocated by this Western organization, and, strange to say, the many craft organizations and the American Federation of Labor, which had been dormant, suddenly took interest. The question of jurisdiction was put to the front, and while the principles of the organization could never be successfully attacked, nor have they been to this time, still the great army of wage workers of this country challenged the right of the Western Labor Union to exist, and did everything in their power to impede its progress. This was the situation in 1901, when, for reasons which I have never been able to understand, the headquarters were removed to Chicago. From this time, its dissolution was rapid, and in June, 1905, the first, or virtually the second, attempt of the Western Federation of Miners to establish a general industrial organization of labor had proved a complete failure, as the American Labor Union was at that time on the verge of disruption. Prior to this time, your Executive Board, still firmly believing in the necessity of an industrial labor union, joined with others in a call for a conference to be held in Chicago, Illinois. This conference took place and resulted in a manifesto being sent out to all those who believed in industrial unionism, and calling for a convention in Chicago, June, 1905. This convention was held, the participants being the shattered Western Labor Union, or American Labor Union, so-called at that time, what was left of the United Brotherhood of Railway Employees, the almost

defunct Socialist Trades and Labor Alliance, the remnant of the Metal Workers, a few individuals representing themselves, and the Western Federation of Miners. After a free interchange of ideas, it was agreed that the opportune time had arrived to combine all of these forces into one general organization, so that all members in any one industry should act in unison, or in all industries, should it become necessary. This organization was to be known as the Industrial Workers of the World, its primary object being the organizing of the vast army of unorganized workers.

The Industrial Workers of the World entered the field with an enthusiastic following. It was believed that the principles enunciated would rally to its support such organizations as the United Brewery Workers, who believed in an industrial form of organization, as well as thousands of aggressive workers to be found in the ranks of organized labor. In this we were sorely disappointed, and it soon developed that the Western Federation of Miners, and what remained of the American Labor Union, must again stand the brunt of battle in the attempt to plant the seed of industrial unionism, but, undaunted, we again pressed onward, and were exerting every effort in our power in the interest of this cause, when the second annual convention was held in the city of Chicago. I feel it unnecessary for me to go into detail regarding this convention. Every delegate on this floor is fully conversant with what occurred at that time. It was discussed for many days by delegates in the Fifteenth Annual Convention, and copies of the stenographic report should have been secured by every Local Union in the organization. Suffice for me to say that when it adjourned, the Industrial Workers of the World had been landed high and dry on the rocks of destruction. Through internal strife, its potency had been completely destroyed, and to-day your organization finds itself back where you began more than ten years ago, when you first met in Salt Lake City and unfurled the banner of industrial unionism; but let us go back further. The Western Federation of Miners were not the pioneers, for before your organization was even thought of, the Knights of Labor, an industrial organization and the grandest ever launched on the economic field, was fighting the battle for a united working class. Then followed the American Railway Union. No man can say that it was at fault in its construction; still, it went down to defeat, as did the Knights of Labor before it. And why? Not because their principles were wrong; not because its membership were lacking in determination; but because they failed to receive the support of the working class, and single-handed and alone engaged in a battle to better the conditions of the millions who stood idly by and watched them go down to defeat. And so we have the Knights of Labor, the American Railway Union, the Socialist Trades and Labor Alliance, the Western Labor Union, the United Brotherhood of Railway Employees, the American Labor Union, and, last, the Industrial Workers of the World before us, when we take up the question of determining the attitude and policy to be followed by the Western Federation of Miners at this time. On this all-important question, it is not the principles, or the necessity of putting them into operation, that we are called upon to discuss. We have settled those questions years ago, and I, for one, am more fully convinced to-day than ever before that only through an economic industrial form of labor and united political action can the working class expect to permanently settle the wage question; but the situation which now confronts us is as to whether or not, in the face of many years' experience, and the numerous failures which I have recited, we shall continue along the same lines, or shall we, profiting by said experience, outline a more feasible plan of bringing about that for which we strive. If we fail to take advantage of our past experience, and profit thereby, then I unhesitatingly say that we are entitled to but little consideration, and our efforts have been in vain.

After careful study, it occurs to me, and I believe that it is a well-established fact, that industrial unionism is by no means popular, and I feel safe in saying that it is not wanted by the working class of the United States. My grounds for these conclusions are the many attempts and failures which I have recited. Many times have the working class of this country been given the opportunity to organize under an industrial form, and each and every time it has been rejected by an overwhelming majority. Every attempt has been condemned and destroyed by the workers themselves, which should be evidence sufficient that the great majority have rendered a verdict in compliance with their wishes. In arriving at this conclusion, I have by no means given up hope.

The educational work in which your organization has taken a leading part during the past few years, has aroused thousands of the working class, who to-day realize the necessity of united action on the industrial and political field. They are aggressive

workers in the ranks of labor, and I firmly believe that if this policy is continued, that the time is not far distant when the thinkers and workers in many craft organizations will declare for unionism which unites, and when that time arrives, the Western Federation of Miners will be found ready and willing to take their place in the ranks, and do their share in establishing an economic organization which recognizes the class struggle, and which shall demand, and by united action secure, that which is rightfully theirs. In order to do our share in educating the workers, we must first preserve our own organization. The Western Federation of Miners is the only metalliferous miners' organization in the United States. In this field, there are thousands of unorganized. Let us confine our efforts, for the time being, in bringing into our ranks these people over which we claim jurisdiction. You have taken the initiative, time and again, inviting the working class to join with you in an industrial organization. They have invariably answered no. You can no more force men to embrace industrial unionism than you can compel them to change their political views, and I do not believe that the Western Federation of Miners is called upon to continue doing that which, for the time being, has proved impossible. Some will argue that we should take no backward step, and such position will receive my fullest endorsement, but if the application of sound judgment, based on experience, takes us backward, then I am prepared to shoulder any responsibility that may attach to me.

The Western Federation of Miners has done its full duty in the past, and I feel confident will continue to do so in the future; but, when satisfied, as we must be, that the wage workers are not ready for an industrial form of organization, we continue along the same lines, then our intelligence is surely questionable. The Tenth Annual Convention declared for a policy of independent political action, with a vigorous policy of education along the lines of political economy; I would add to this, AND INDUSTRIAL UNIONISM. We still have it in our power to educate, and therein lies the only hope for the working class. Let the Western Federation of Miners organize and educate the men employed in the mining industry, and if we succeed in doing this, we will have done our duty in bringing about the emancipation of labor.

The question of organization is always before us. As I have said, there are thousands of unorganized in the mining industry, and how to best proceed to bring them into our ranks is a problem which we are called upon to determine. There is a vast number of workers employed in mills, smelters and refineries eligible to membership in your organization, to say nothing of the great army of miners in the northern and southern mineral states. These people must be reached, and I trust your committee on organization will go deeply into this matter, and recommend some plan which you will adopt, to the end that, instead of the small minority which now comprise our membership, we may, in the next year, enroll the great majority of those employed in our jurisdiction under the banner of the Western Federation of Miners.

We have understood that President Lewis of the United Mine Workers of America would visit us during this convention, for the purpose of discussing the relations existing between the two organizations. Mr. Lewis will be more than welcome, and I feel confident that his views will receive the most careful consideration at your hands. The Western Federation of Miners would be ungrateful, indeed, did they entertain other than the most kindly feeling for the United Mine Workers, for, in our dark hours, they were ever ready to assist, and it is to be hoped that the relation between us may not only continue harmonious, but that we may come closer together, and unitedly do battle in a common cause.

In addition to the litigation which I have already referred to as handled through this office, disposed and undisposed of, during the last year, I would say that, during the sickness of Mr. Murphy, early in the year, there had been two members of the Goldfield Miners' Union—M. R. Preston and Joseph Smith—convicted in Goldfield of the alleged murder of John Silva, a restaurant keeper. The case was appealed, as we supposed, to the Supreme Court, and our local counsel, Mr. Hilton, prepared briefs and went to Carson City and argued the case for a reversal of the judgment. Last month the Supreme Court of that state handed down a decision, deciding the case, and dismissed the appeal, without considering the merits of the case, but simply for the reason that some technical defect in the original notice of the appeal was of such a nature as prevented them from considering the case upon the defendants' contention, as they would otherwise like to do, that court saying: "In view of the vast amount of labor that has been bestowed on the matter by later counsel in the case, we feel constrained

to say that it is with reluctance that we decide this case without a consideration of the merits, but there is no other way." Attorney Hilton immediately filed a motion to redocket the case in that court, as on error, and filed a voluminous brief in support thereof, which motion is now pending in that court. I feel satisfied from a careful examination of the matter that a reversal of this conviction will be ordered, if the case is ever considered on its merits, and the mistake in the first instance of local counsel in Goldfield was as inexcusable as it was unfortunate. At about the same time, and immediately following the trial in the court below of that case, some eight or ten members of the local in Goldfield were proceeded against for alleged complicity in this same killing, and were charged with murder. Judge Hilton appeared in the lower court for all of the accused, as directed by your Executive Board, in conjunction with the local officers in Goldfield. These cases were all dismissed, and the bonds given were cancelled.

The trials in Idaho were at this time in progress, with the exception of that of Geo. A. Pettibone, and this case was concluded almost immediately following, together with the dismissal of all pending charges against Steve Adams. Adams was then taken to Colorado, charged with the murder of Arthur Collins, general manager of the Smugler-Union Mining Company, in the fall of 1902. A change of venue was obtained to Mesa County from Telluride, where, as you all understand, he is now on trial at Grand Junction, and I fully expect to hear of his vindication before this convention adjourns. In the interim, much work has been done by local counsel on minor matters in this State and Wyoming in cases still pending and undisposed of, but which are all in a fair way of being entirely cleared in the immediate future. Local counsel was also sent to Idaho on account of the serious illness of Mr. Darrow and other counsel, and concluded the trial of the State vs. Pettibone, with which you are all familiar.

On March 3rd of this year, after a long illness, death reached out its mighty arm and took from us our general counsel, John H. Murphy. In the death of Mr. Murphy, the Western Federation of Miners not only lost the services of an able attorney, but a friend and counselor whose place can never be refilled. His services in the interest of the Western Federation of Miners and the cause of labor was rendered without a thought of recompense. It seemed to me that he had consecrated his very life in the interests of the working class, and with almost his last breath, he prayed that justice might be meted out to those whom he had so ably defended. I had the privilege of being with our friend during the last few days of his life, and stood at his bedside when the summons came, and I wondered why one who was so much needed could not be spared. After his death, your Secretary-Treasurer and myself, acting for the Western Federation of Miners, secured a plot of ground in Fairmount Cemetery, which cemetery is the most beautiful in Denver. We can do but one thing more, and that is, to erect a monument to his memory, and I recommend that you appoint a committee, or instruct your Executive Board, to act in this matter. Mr. Murphy held membership in the Locomotive Firemen and Engineers, and was also their attorney. They held him in the highest esteem, and I have the assurance of their Grand Secretary that he is in full sympathy with this movement, and I feel confident that he voices the sentiment of his organization; therefore, I would advise that it be taken up with their representatives, and plans outlined whereby every member of both organizations may contribute. Since the death of Attorney Murphy, your officers have employed different counsel when the occasion required, but I would advise that you instruct your Executive Board to make a selection, and, if satisfactory terms can be agreed upon, that an able attorney be retained by the year.

During the past few years, your organization has secured title to considerable property. Unions have gone defunct, and their halls have diverted to the general organization, while others have failed to meet their payments on property, and we have been compelled to come to their assistance. The title to this real estate is held by your President, as trustee for the Western Federation of Miners, and I am advised by counsel that it is questionable as to whether, under the constitution, your Executive Board would be legally authorized to transfer said property, in case it was for the best interest of the organization to do so. Therefore, I would suggest that a provision be placed in the constitution covering this matter.

Your constitution provides that any local refusing to comply with the constitution shall, for the first offense, be suspended for a period of three months, and for the second expelled. I would recommend that this first provision be stricken out, or, if it is con-

tinued, that a clause be inserted prohibiting any local so suspended from disposing of any of its property during the term of suspension.

A Local Union of the Western Federation of Miners which refuses to obey the constitution and will of the majority should not be suspended and given time to dispose of their property, but should be expelled, their charter revoked, and under the provisions of the same, said property should be taken in charge by the Executive Board. This is a matter which I consider of much importance, and I trust that your Committee on Constitution will give it careful consideration.

The constitutionality of certain particular acts of the President having been questioned by certain of our Local Unions, I consider it meet and proper to show, at this time, that said acts are not only within the scope of the duties of an Executive Officer of a labor organization under parliamentary usages, but well within the provisions of the constitution of the Federation, which is not only the rules promulgated for the government of the constituent parts of our organization, but for the guidance of its officers as well. First: The Standard dictionary defines "president" as one who is chosen, usually by election, to preside over an organized body and to exercise other ruling functions. Second: The duties of president, as set forth in Section 3 of Article III of the constitution, certainly intends that the President shall be, and is, the executive officer of the Federation in fact, as well as in name, and that the constitution shall be his guide in administering the affairs of the Federation, and, from the nature of the office, among others, is the duty of interpreting the constitution and its several articles and sections, and in so doing he should be guided by reason, parliamentary usages, and in construing words or sentences, the most common and generally accepted meaning should be applied. Third: We find that Section 9, of Article III, provides, among other things, that the President shall be one of the members of the Executive Board, and from the nature of the office being one of the members, it will naturally follow that he is Chairman of the Board; more especially so, when we consider that Section 12, of Article III, provides, among other things, that the members of the Executive Board shall be at all times under the direction of the President. Therefore, it seems clear and beyond the shadow of a doubt that the President of your organization is clothed with the duty of chief executive officer of the Federation, and is to be guided in his official action by the rules laid down in the constitution and parliamentary usages.

Shortly after I assumed the duties of office, after having the criminal charges against me in Idaho dismissed, I found a condition of affairs confronted the Federation that had not before arisen. This condition had been brought about through the deplorable conflict which had been precipitated in the Second Annual Convention of the Industrial Workers of the World, and which had found its way into the Fifteenth Annual Convention of our organization. It will not be necessary for me to go into the merits of this matter; you are all familiar with it, and it is only my desire at this time to make plain my position in connection with what has transpired since assuming office February 1. Suffice to say that the delegates in the Fifteenth Annual Convention spent much time, as I am informed by the stenographic report, in the discussion of this matter, and after so doing, it was decided to submit the question to a referendum vote of our entire membership, as to whether our Executive Board should issue a call for a conference to be held in Chicago, to which the factions of what was the Industrial Workers of the World and other organizations believing in industrial unionism would be invited, and an effort made to establish harmony and strengthen the movement. The membership by their vote endorsed the Convention, and the Board stood instructed to issue such invitation. Owing to reasons which the Board considered sufficient, and which they will undoubtedly explain to you, the call was not issued until they met in the month of December. At this time it was decided to fix the date for April 6, 1908. An invitation was drafted, and mailed to many organizations and individuals, who, it was hoped, would respond. The returns again proved, if there still remained a doubt, that the Workers were not ready for a movement of this kind, as of the many replies received, what was known as the Sherman faction of the Industrial Workers of the World was the only one expressing their willingness to meet your representatives at the time specified. The reply of all except that of the so-called Trautmann faction of the I. W. W., while declining your invitation, were courteous, and couched in such language as you would expect gentlemen to use, but that of this combination, bearing the signatures of two members of the Western Federation of Miners, was what I consider one of the most vicious and unwarranted attacks ever hurled at your organization

by our bitterest enemies. I will not include it in this document. The original is here at your disposal, if you desire it read. I only desire to say here that the charges made against the Western Federation of Miners in this reply are false, and had I, as President of your organization, failed to resent them, I would have considered myself a cringing coward and unfit for the society of honorable men, and should the time ever come that I will not defend the good name and principles of the Western Federation of Miners with my utmost ability, then my usefulness is at an end, and if I fail to sever my connection with the organization, I should be expelled without ceremony. No man or combination of men can charge me, as an individual, as this document charges your organization, without having the lie hurled back in their teeth, and if I fail to resent it as keenly when aimed at the Federation, then I am unworthy of the confidence that you have bestowed in me. Being desirous of doing my full duty to the organization, I turned to the constitution for my guide for authority to act in unusual and extraordinary cases, and find that Section 1, Article X, reads as follows: "Whenever a vital circumstance, not otherwise provided for, arises, and the same cannot, in justice, be deferred until the assembling of the Convention, the Executive Board may submit any important question so arising to a referendum vote of the entire membership of the Mining Department of the Industrial Workers of the World in good standing, in the manner described in Section 1, Article IX. The majority of such vote to govern in all cases submitted." Believing that the above section was placed in the constitution for the purpose of clothing the Executive Officers with power and authority to meet and act on unexpected and unusual cases, the section being designated under the head of emergencies. We will consult the dictionary for the meaning of "emergencies," and find the Standard dictionary says that "emergency" is a sudden condition calling for immediate action, and is like a synonymous word to "necessity," and defines "necessity" as indispensably requisite, essential, resulting from external or physical causes, compulsory. Webster's Unabridged dictionary says "emergency" is that which comes suddenly, a sudden occasion, an unexpected event, any event or occasional combination of circumstances which calls for immediate action or remedy, pressing necessity, and is synonymous with exigency, which it defines as demands, urgency, urgent need, or want.

Under, and in accordance with, the provisions of Section 1, Article X, of the constitution, I, as President of your organization, and Chairman of your Executive Board, with the approval of the Executive Board, after being fully advised in the matter, did submit a vital matter, or circumstance, not otherwise provided for that could not, in justice to your organization, be deferred till the assembling of the Convention, to a referendum vote of the entire membership of the Federation. The same referendum was submitted, returned, compiled, and Unions notified of the result of said vote, in accordance with the recognized rules of your organization. As President of the Federation, I hold that the constitution, or any part thereof, cannot be amended or repealed except in way and form, as provided in Article 9, Section I, and Article 10, Section III, of the constitution. I also hold that, under Section 1, of Article X, which was, in my opinion, placed there intentionally by a vote of our organization for the expressed purpose of clothing the officers of the Federation with power and authority of meeting unexpected conditions which may arise between conventions; that it is not only within the province, but the plain and simple duty of your Executive Board, or your Executive Officers, with the approval of a majority of the members of the Executive Board, to submit any matter of vital importance that may arise between conventions to a referendum vote of our entire membership, and here the question can be asked: On whom rests the duty, and who has the right of determining when a vital circumstance, not otherwise provided for, arises and confronts the organization, which in justice cannot be deferred until the assembling of the Convention? To that I will say, without hesitation: It is the duty of the President; and, further, it is the duty of each member of your Executive Board to advise with the President on such matters, to the end that action may be had by the Executive Board, if deemed necessary. Lastly, it is not only the privilege, but the duty of the Local Unions and the members thereof to advise the Executive Officers of vital matters, to the end that they may be properly handled by the officers of your organization; and, further, it is the privilege of Local Unions to initiate a matter vital to the Federation, and, if a proper subject and if not otherwise provided for, the same may be submitted to a referendum, and at this time I will say that, in case a difference of opinion should exist, or a controversy should arise regard-

ing any matter pertaining to the Federation between the Local Union and the Executive Officers, or between any member, Local Union, District or State Union, or any officer, or any member of the Executive Board, and the President, the ruling of the President, if approved by a majority of the Executive Board, should in all cases be binding, subject to appeal to the Convention, but binding until reversed by a Convention. Of course, if the ruling of the President is not approved by the Executive Board when it is submitted to them, it would become null and void, and this would apply to the question of whether a matter which one or more Unions desire to have submitted to a referendum is a vital circumstance and not otherwise provided for.

In case that five or more Unions should ask that a matter or question, which appeared to them as a vital circumstance, not otherwise provided for, be submitted to a referendum, and the President should rule that the subject-matter in question was not a vital circumstance, or was otherwise provided for, if said ruling was approved by a majority of the other members of the Executive Board, it would be binding, with the right of the Union or Unions in question to appeal to the next Convention, but not otherwise, as decorum, system and authority must obtain through the organization, if success is to crown our efforts. If, however, the Executive Board, by a majority vote, should reverse the President on a like question or ruling cited above, he, the President, should and would be bound to recognize the Executive Board as a higher authority than the President, and abide by their action, with the right to appeal to the next Convention.

Now, as the emergency clause in our constitution was certainly intended to be, and without doubt is, broad enough, plain enough and certain enough to not only cover, but specifically requires, the Executive Board or the President, with the approval of the Board, to submit any matter which, in their opinion, is of vital circumstance, not otherwise provided for, and cannot in justice be deferred until the assembling of the Convention, to a referendum vote. If a question so submitted be of such a nature or kind that if adopted by referendum would tend to modify, change, or suspend any word, words, clause, paragraph or section of the constitution, if the Unions were properly informed on the subject and fully advised of the effect the adoption or rejection of such question or questions would have on the organization, the result would be that if such question or questions were adopted by a vote of the majority of those voting, the effect would be, not to amend the constitution or by-laws, but such clause or clauses of the same which were in conflict with the referendum thus had would be suspended, or held in abeyance, or be inoperative in fact, until such time after the assembling of the Convention as would be necessary for the Convention to act in the matter in accordance with the constitution, so that, if any question being submitted to a referendum vote receives a majority of the votes of those voting thereon, regardless of whether the matter was initiated by the President, with the approval of the Executive Board, or by Local Unions, as provided for in the constitution. If such question would amend in the broadest sense of the word the constitution or by-laws, it would have the effect of suspending only until the next Convention such part or parts of the constitution in conflict therewith. The only question in connection with this particular matter is: Had a vital circumstance arisen, not otherwise provided for, which could not, in justice to the organization, be deferred until the assembling of the Convention? I hold that there had, and in support of my contentions, desire to say that the Fifteenth Annual Convention recognized that a condition confronted our organization which required action, they, therefore, outlined certain plans which were submitted to and endorsed by the entire membership voting by referendum. The primary purpose of these plans was to bring together the warring factions of the Industrial Workers of the World. The Executive Board was instructed to, and did, send out an invitation to these factions to participate in a conference for this purpose. One of them not only positively refused to accept the invitation, but because you had acted in what you believed for the best interests of the working class, you were placed in the ranks of their enemies. I hold, and submit to you, that when the so-called Trautmann faction of the Industrial Workers of the World refused to meet you in conference, that all negotiations between them and your organization were at an end; that your plans had been set at naught, and the Western Federation of Miners found itself in the identical position, as far as this so-called faction was concerned, as they did at the time action was taken by the Fifteenth Annual Convention. This Convention, as I have said, recognized an emergency, and outlined plans to meet it. By their reply, the

execution of these plans was made impossible; therefore, your Executive Board found themselves confronted with the same emergency between conventions, and, acting under authority of Article X, Section 1, they proceeded to lay the matter before the entire membership in a manner which could not be misunderstood. Every member of our organization was asked the direct question, to be answered with their ballot, whether or not the Western Federation of Miners should continue to recognize the Trautmann faction of the Industrial Workers of the World, so-called, as a bona fide chartered labor organization, and continue to accept its transfer cards. The great majority of those voting answered emphatically, "No," and there was every reason to expect that the matter had been disposed of, at least until the convening of this Convention; but, strange to say, there were Local Unions who challenged the authority of the Executive Board to even submit the matter to referendum, and notified your headquarters that they would pursue the even tenor of their ways, paying no attention to the decision of the majority, as provided by the constitution. In addition to this, the Cœur d'Alenes District Union passed and sent out to various Locals throughout the jurisdiction a letter, which I am informed has since been rescinded, in which they attack the Executive Board, Editor O'Neill and myself, charging us with having done many things against the organization which I shall not repeat, as the document is here, and at the disposal of the Convention.

After the voice of the majority had been heard, and as your constitution specifically provides that the majority shall govern in all cases, there could be no excuse for this action, and the only object those responsible for the same could have possibly had was to create dissension among our members. Such policy should receive the condemnation of this Convention in no uncertain way. It is not my purpose in going into this matter to solicit your endorsement of my acts; the membership, by their ballots, in the manner provided by the constitution, have intelligently disposed of this question, and their will is law, so far as I am concerned, and shall be so long as I am connected with your organization. My only desire is to fully inform you of occurrences during the past year. In addition to the different provisions of your constitution and by-laws to which I have referred, I desire to call your attention particularly to Article X, Section 2. This clause conflicts in itself, inasmuch as it provides for a petition to the Executive Board, and follows by a compulsory order to the Secretary-Treasurer. The position taken by certain Locals during the past year was, that the petition was compulsory; in other words, that five or more Locals might determine when a condition confronted the membership, not otherwise provided for, and on petition of the Board, it was obligatory on their part to submit the same. I disagreed with the Locals as to this interpretation, taking as my authority Webster's Unabridged dictionary, which defines "a petition" as a request, supplication, or prayer, a formal request or supplication, verbal or written, particularly a written supplication to solicit some favor, to ask for, as to petition the legislature, or a court of chancery. I take it that this definition leaves no question as to the authority of the Executive Board to pass on a petition, and if, in their opinion, such a condition does not exist, or if it does exist and they have taken steps to meet it, as provided in Article X, Section 1, it must follow that they have the power to deny the petitioners; if not, then we may have many referendums before our membership at the same time, and virtually covering the same matter. If it is not the intention that the Executive Board should pass on such petitions, then the words, "may petition the Executive Board to have such matters submitted to a referendum vote" should be stricken out, and it should be made commandatory that they act as instructed by said Locals. The constitution should be absolutely clear on matters of this importance, thereby avoiding any misunderstanding between the Board and Locals in the future.

I would call your attention to Article V, Section 1, of the constitution, which provides for strikes and adjustments, particularly the emergency clause, which permits Locals to declare a strike before notifying the Executive Board. Locals take advantage of this clause; strikes are ordered, and the first information your officers receive is by wire or letter, asking for financial assistance. Under this practice, half of your Locals may become involved at the same time without the knowledge of your Executive Board, who have had no opportunity to familiarize themselves with the situation or endeavor to bring about an adjustment. They are suddenly confronted with a demand for financial assistance, which it may be impossible to furnish, when the members involved at once complain that they are being neglected by headquarters. There are few, if any,

parts of our jurisdiction to-day which are not reached by telegraph, which makes it possible for any Union to communicate with a member of the Board or your headquarters in a very short time, and I am firmly convinced that it would be for the best interests of all concerned should a Local Union submit under protest, if necessary, to a sudden change in working conditions until such time as the Board and Officers were notified and given an opportunity to make some provision to meet the situation. This question I consider one of the most important to come before you, and I trust will receive your careful attention.

Immediately following the adjournment of the Fifteenth Annual Convention, while boarding a train in this city, Executive Board Member Schmelzer lost his life. In his death, the Western Federation of Miners was deprived of the services of one of its best members. Frank Schmelzer was a Federation man, and, while his voice was ever raised in behalf of labor in general, he never forgot that his first duty was to the miners, and he performed that duty well, giving his life for the cause he represented. He was an able and safe counselor, upright and honest, and while determined in his defense of what he considered to be fair and just, yet ever solicitous of the welfare of all those with whom he came in contact. We could ill afford to lose Frank Schmelzer. Your Acting President appointed in his stead Roderick McKenzie, a member of the Silverton Local. In this selection he made no mistake, as Brother McKenzie has ably and honorably filled the position. There has been other changes made in your official force since the last Convention, which it will be unnecessary for me to refer to, as your Executive Board will, undoubtedly, cover these matters in their report.

The question of extending the circulation of the Miners' Magazine should be again taken up by you. The necessity of an official organ of your organization is beyond question, and that every member should be a reader of the same. I have, in past reports, made suggestions as to how this could best be done, but my plans seemed not to meet with the approval of the delegates, therefore, I shall only bring the matter to your attention at this time, leaving it to your best judgment to take such action as you deem advisable.

There are many other matters which I might submit to you in this report which, personally, I believe, would be of interest to labor, but experience has taught me that little is accomplished through lengthy reports and speeches, couched in language which few, if any, of us understand. We are here as wage workers representing the working class. Let us come together harmoniously and earnestly discuss the serious problems which confront those whom we have left at home in the mines and mills, and who expect us to outline some plans to the end that their organization may be strengthened and better prepared to continue the struggle which is always before us.

Before concluding, I will say one word as to the political policy now being pursued by other organizations of labor. There has just adjourned in this city a national convention of one of the old political parties. Before the committees of this convention appeared labor's representatives, praying that there might be inserted in the Democratic platform an anti-injunction plank. Their prayer, as I am informed, was granted, and it is now for the voters of the United States to decide whether or not the party adopting this platform shall be placed in power. Far be it from me to say or do anything that might interfere with labor's efforts, organized or unorganized, to temporarily better their condition, but have we any assurance or reason to expect an interpretation of these laws favorable to labor, if they be enacted? Mr. Mitchell is quoted as being particularly gratified at having included in this plank the right of the workers to organize, saying that right is now made a crime by the interpretation of the Sherman anti-trust law by the Supreme Court of the land. When we remember that Federal judges, by their interpretation of the laws, have vested supreme power in the executive of a state and that no court may inquire into his acts, and when, as Mr. Mitchell says, the Supreme Court of the land has so construed the laws as to make it a crime for labor to organize, what have we to hope for by placing further laws on the statutes? With this power in the hands of a few men, after organized labor's years of experience, it would seem almost a farce to continue along these lines. Personally, I trust that the working class may be benefitted; but, until labor, through a united ballot, changes our system of government, which places all power in the hands of the few, leaving the people helpless, I must say that I can see but little hope.

In concluding, I desire to convey to your Executive Board and Secretary-Treasurer

my sincere appreciation of their treatment since my return to headquarters, and through you I wish to convey to our membership my sincere thanks for having done their duty. Upon concluding my term of office, I appeal to you and every member of our organization to extend to my successor your undivided support. May the Western Federation of Miners eliminate all discord and strife from its ranks, and, strengthened thereby, unitedly do battle in the cause of humanity, is my earnest wish.

CHARLES H. MOYER,
President, Western Federation of Miners.

The report was referred to Committee on President's Report.

Moved and seconded that one thousand copies of the President's Report be printed for distribution. Motion carried.

Moved and seconded that all announcements of committees be placed in writing and announced from the secretary's desk. Carried.

The convention adjourned at 5 p. m.

THIRD DAY, JULY 15th, 1908

MORNING SESSION.

Convention was called to order by President Moyer at 9 a. m. On roll call the following delegates were noted absent: Wm. Howells and Peter Leonard, both reported sick.

President Moyer appointed M. E. White, C. R. Burr and Joe Hutchinson to ascertain the condition of Brother Howells.

The minutes of the preceding sessions were then read and the same adopted as read.

The following telegram was read and the same ordered placed on file:

No. 11. Fairbanks, Alaska, July 14, 1908.

Charles Moyer, Denver, Colorado.

Greetings. Regret no representative from Tanana can be present. Best wishes.
R. BURNS, Sec'y.

The following communication was also read and the request of the delegate granted.

No. 12. Denver, Colorado, July 15, 1908.

To the Officers and Delegates of the 16th Annual Convention.

Gentlemen—Being sick and unable to attend, I delegate my votes to Owen McCabe and Jacob Prest, to cast same until I am able to attend.

Yours fraternally,

PETER LEONARD.

Secretary-Treasurer Mills submitted the annual report of the Secretary-Treasurer for the fiscal year ending March 31, 1908, also quarterly report ending June 30, 1908, as follows:

No. 13.

FINANCIAL REPORT
OF
SECRETARY-TREASURER OF WESTERN FEDERATION OF MINERS
FOR
FISCAL YEAR ENDING MARCH 31, 1908

Denver, Colorado, July 13, 1908.

To the Officers and Delegates, Sixteenth Annual Convention of the Western Federation of Miners:

Brothers—Having been appointed upon the resignation of Acting Secretary-Treasurer Kirwan on December 17th, 1907, at the session of the Executive Board by Acting President C. E. Mahoney to fulfill the duties of secretary-treasurer during the leave of absence granted to Secretary-Treasurer Wm. D. Haywood to the first Monday in July, I assumed the duties of secretary-treasurer upon the appointment being approved by the Executive Board and herewith in compliance with the constitution of the Western Federation of Miners, submit for your consideration the financial report of the secretary-treasurer for the fiscal year ending March 31, 1908, and trust the same will meet with your approval in every respect.

The receipts for the General Fund, Defense Fund and Stenographic Report have been carefully itemized herein, and, in addition, a tabulated statement appears, showing the amounts received each month and quarter for Stamps, Supplies, Assessment, Defense Fund, Stenographic Report, Miners' Magazine, and Miscellaneous. The expenditures have been itemized, and are also subdivided under the following heads: President; Acting President; Secretary-Treasurer; Acting Secretary-Treasurer; Executive Board; Organizers; Stenographers; Adams Case; Attorneys; Postage; Telephone; Telegrams; Express Charges; Convention; Stenographic Report; Printing and Office Supplies; Office Rent; Strike Relief; Mileage for Delegates to Fifteenth Annual Convention; Miners' Magazine; Miscellaneous, and Withdrawn for Deposit in Safety Deposit Vaults.

A tabulated statement is compiled of the expenditures for each month and quarter, a summary of the amounts received from the Local Unions for Stamps, Supplies, Assessments and Donations, a list of defunct and disbanded Unions, a list of Local Unions organized and reinstated during the year, and a statement showing the receipts and disbursements of the Union-at-Large.

From the yearly and quarterly Reports of the Locals, have been compiled, and included in Report, showing the Receipts, Disbursements, Initiations, Number of Accidents, Deaths, Sick and Injured Benefits, Contributions, Value of Property, and Salaries Paid, of each Local Union, for the year ending December 31, 1907, and the membership in good standing July 1, 1907; October 1, 1907; January 1, 1908, and April 1, 1908.

In accordance with instructions from the Executive Board, the funds of the organization were transferred from the account of "Wm. D. Haywood, Secretary-Treasurer," to the account of "Western Federation of Miners," although it has not been clear to me that I have served in any capacity other than acting secretary-treasurer, since being in the office. However, I have done my utmost to carry out the full duties of the office of the secretary-treasurer since acting in that capacity.

You will note that there has been a material decrease in the membership on account of the industrial depression causing mining camps in the West to lose a large percentage of their population. The curtailment in the production of copper, lead and silver has thrown thousands of miners, smeltermen and millmen out of employment, and this is especially noticeable in Montana, Utah, British Columbia and Arizona, as well as in all copper producing camps.

The Defense Fund shows a deficit of \$108,300.08, which amount has been paid out of the general fund for the Idaho cases. The above statement, however, does not include in Defense Fund assessments levied for Idaho cases.

In the case of Vincent St. John, Jardine, et al., Goldfield cases, the Executive Board by cancelling the \$5,000.00 loan due the Western Federation of Miners from the Goldfield Miners' Union No. 220, your organization has paid in the above case the sum of \$5,804.00, while in the appeal cases of Smith and Preston, the expenses of O. N. Hilton have been met by your organization and a small amount of relief granted to the families of the imprisoned men, whose liberty we are yet hopeful of securing by a new appeal to the supreme court of Nevada which has been filed by Attorney O. N. Hilton.

The Union-at-Large has decreased in membership considerably on account of new local unions, viz: Walsenburg, Trinidad and Aguilar being organized in the districts formerly covered by the Union-at-Large. A total of sixty-three (63) new local unions have been organized, also two District Unions since the last annual report, while twenty-nine (29) local unions have been disbanded or consolidated with other locals.

The records of the office of secretary-treasurer show that 13,850 written letters have been sent out during the year; 108,470 circular letters; 150,000 strike notices and stickers; 867 registered pieces of mail; 805 express packages; 463 telegrams sent out and 592 telegrams received during same period, and 601 stenographic reports.

The Miners' Magazine department shows a deficit during the year, but no account has been paid from the general fund for thousands of copies forwarded to Idaho for free distribution in behalf of securing the liberation of Brothers Moyer, Haywood and Pettibone. The Magazine is absolutely necessary to the welfare of the organization and more strenuous efforts should be made to increase its circulation and the local organizations, or their secretaries, should be commissioned for subscriptions obtained, and competent solicitors secured on commission in cities outside of mining camps. If this were done I believe the circulation of the Magazine could be advanced several thousands of copies.

STRIKE RELIEF.

A number of strikes and lockouts have occurred during the year and strike relief has been forwarded to the following locals: Bisbee, Terry, Deadwood, Goldfield, Cobalt, Minnesota and Alaska locals, and small amounts to other locals.

Deeds have been executed by the Victor Miners' Union Building Association to the Western Federation of Miners for the amount of indebtedness due your organization from the building association. Also deeds of trust from the Telluride Miners' Union on the Telluride hospital for the amount loaned on the account of the Telluride hospital.

The funds of the defunct Diamondville Miners' Union, amounting with accrued interest to \$1,551.62, are still subject to bond. The suit entered to secure the certificates of deposit on the above amount is still before the courts in Wyoming, and Judge Hilton has been employed to defend the interests of the Western Federation of Miners.

It is with pleasure that I thank the officers and Executive Board of the W. F. M. and the secretaries of the local unions for the courteous and considerate manner in which their business with the office has been conducted, and for their assistance and co-operation during the time I have acted as Secretary-Treasurer of the organization.

I am also submitting to you quarterly report ending June 30th, and I would recommend that the books be audited up to date.

The financial statement is as follows:

Receipts for April, 1907

Apr. 1, Pony M. U. No. 131	Stamps	\$ 10.00
Apr. 1, Mammoth M. U. No. 238	Supplies, B.	12.00
Apr. 1, Fairview M. U. No. 243	Stamps	50.00
Apr. 1, Fairview M. U. No. 243	Supplies	1.00
Apr. 1, Doe Run M. U. No. 230	Supplies	1.25
Apr. 1, Mountain Iron M. U. No. 94	Stamps	50.00

<hr/>	
Total on Hand March 31, 1908.....	\$ 23,229.72

Respectfully submitted,

ERNEST MILLS,

Secretary-Treasurer.

Denver, Colorado, July 1, 1908.

To the Officers and Members of Local Unions, W. F. M.:

I herewith submit the report and financial statement of the secretary-treasurer for the first quarter of the fiscal year, April, May and June. Financial secretaries are requested to carefully compare reports with receipts and notify headquarters by letter of any errors. I have attached a supplemental report of donations received for the Defense Fund and list of members expelled, suspended, fined and placed on unfair list by local unions for the quarter ending June 30, 1908.

The following new unions have been organized during the quarter:

Maitland M. U. No. 19, April 15th, 1908; Johnsville M. U. No. 149, April 7, 1908; Steptoe Mill & Smeltermen's Union No. 233, April 21, 1908; Horn Silver Miners' Union No. 221, April 29, 1908; Clinton M. U. No. 24, May 8, 1908; Garfield M. U. No. 86, June 13, 1908; and Mount Whitney M. U. No. 52, May 1, 1908.

The following is an itemized statement of the receipts and expenditures for this quarter, also subdivided receipts and expenditures:

ERNEST MILLS,
Secretary-Treasurer.

Moved by Boyle, seconded by Long, that the reading of the financial statement in the Secretary-Treasurer's report be dispensed with and the same referred to the Auditing Committee. Motion carried.

Vice-President's Report

No. 14.

Vice-President Mahoney read and submitted the following report:

Denver, Colorado, May 12, 1908.

Mr. Chas. H. Moyer, President, Western Federation of Miners, Denver, Colorado.

Dear Sir and Brother—I herewith submit a report of the work performed by me as Vice-President of the W. F. M. since the adjournment of the Fifteenth Annual Convention, and acting in your place to the first of February, 1908.

On the evening of July 3rd, 1907, Brother Schmelzer met his death in the railroad yards of Denver while en route to Boise as a witness, having boarded the wrong train, apparently, through error on the part of the Pullman conductor who accepted his transportation on him boarding the train, and on the train leaving the yards informed him that he was on the wrong train, and he endeavored to get off and was pulled under the train and killed, and through his untimely death the Western Federation of Miners and organized labor in general lost an earnest and able worker in our cause.

On July the 19th left Denver for Silverton, in response to a telegram from Secretary Waters of the Silverton Miners' Union, and attended a meeting of the Union on the 20th; the question at issue was the adoption and enforcement of a new wage scale. After a thorough review of the proposed wage scale, it was determined that little was to be gained through its adoption and the matter was dropped, and the question of discrimination, which had been threatened by some of the mine operators of that district was taken up. After a careful review of the same, a resolution was passed, which provided for the calling out of the men on any of the properties where discrimination was resorted to by the employers, and apparently this action had the desired effect, as no further discrimination was inaugurated by any of the operators.

On the 21st of July Brother Roderick MacKenzie was appointed to fill the vacancy on the Executive Board which was brought about through the death of Brother Schmelzer, and I feel that no mistake was made through selecting him to fill the position, as he has proven himself to be an able and conscientious worker in behalf of the Western Federation of Miners.

On the 22nd left Silverton for Red Mountain and intended visiting all the local unions in the San Juan district, but was forced to abandon the same through the inauguration of the strike in Minnesota, which was called on July the 21st, and I left the San Juan on the 23rd for Minnesota by way of Denver, and arrived in Hibbing, Minnesota, on July the 28th, and found about eighteen thousand men on strike and the mining industry of the Range pretty well tied up. I remained on the Range giving whatever assistance was possible until August the 18th. On the evening of the 18th "Mother" Jones and myself addressed a mass meeting in Duluth, Minnesota, and on the 19th I left Duluth for Denver, arriving here on the 21st.

On September 16th I left Denver for Butte, arriving there on the 18th and returned to Denver on the 23rd.

On November 12th went to Pueblo to attend meeting of the coal miners, which was called at that place for the purpose of organizing a District Union, embodying the coal miners of Colorado, New Mexico and Utah, and after two days' session, the convention adjourned, they having drafted a constitution and by-laws to govern the district organization and all locals in the district. They afterwards made application for a charter, and the same was granted by the Executive Board, and they are known as District Union No. 16 of the W. F. M.

Returned to the office on the 17th.

On December 19th left Denver for Goldfield to look into the strike situation at that point, arriving there on the 22nd. Found all men in the camp out on strike against the scrip which the mine owners were using in lieu of money in the payment of their employees, and which had no value or backing through the issuing bank, as there was no collateral back of it, and the mine owners refused to give any guarantee that it would be redeemed.

On the 30th of December, I attended meeting of the Tonopah Miners' Union, and took up the question of financial assistance with them and they levied an assessment of one day's wages on all men working for the months of December, 1907, and January, 1908, and promised further assistance, if necessary.

I returned to Goldfield the next day and remained there until the 14th of January, 1908, then returned to Denver.

On February 7th left Denver for Goldfield, arriving there on the 11th and found no change in the strike situation so far as the members of No. 220 was concerned, as they were standing solidly together, but the Consolidated Mines Company were making considerable headway in getting strike-breakers in, and were making a determined fight in an endeavor to exterminate the Union.

On March 7th went to Silver Peak, on petition of the Secretary-Treasurer and a number of members of that local to look into a grievance which they claimed to exist: they charging that the president was in the position of employing and discharging men, and was an agent of the mining company and had been re-elected to the office. Attended the meeting of the local at Silver Peak on the 12th. There was a small attendance, and, while there seemed to be some merit to the contention of those who were opposing the president, those who were going to furnish the proofs of his guilt did not put in an appearance, and those present voted to accept the returns of the election and declared Knight elected as president. There was also a dispute between Millers M. & M. Union No. 164 and Silver Peak in regard to moneys collected by Silver Peak while Millers was a branch of Silver Peak which I took up with them, and had straightened out.

I returned to Goldfield on the 13th, remaining there till the 17th, then returning to Denver.

On April the 6th left Denver for Springfield, Ill., to visit the District Convention of the Illinois Mine Workers, who were holding a wage convention, and solicit their assistance on behalf of the industrial and legal battles then on against the W. F. of M. I addressed their convention on the 11th. A committee was appointed to draft suitable resolutions, and on the 14th they voted \$2,500.00 and provision for further assistance in case industrial conditions would permit of it. I found in the Illinois Mine Workers a well organized, energetic body of men, who are worthy of the confidence, respect and support of organized labor in general, and they have demonstrated to the Western Federation of Miners that they are more than willing to give the same in return. I returned to Denver on April 23rd.

Left Denver on April the 30th for Central City, Colorado. Met with the Central City Miners' Union that night and found that their local was losing ground, the reason given for the same was the tribute pitch method of working being employed in that district and a large majority of the men were not making expenses. The question of their back assessments for 1907 was taken up and they voted to pay them.

On May 4th went to Russell Gulch and solicited the men employed in the mines in that locality to attend a meeting there on the 5th. On the 5th the officers of Central City Miners' Union went to Russell Gulch with me and we had a fair meeting, securing a number of applications and collected back dues from a number of members.

On the 6th went to Black Hawk and endeavored to induce the men at that point to attend the regular meeting at Central City on the 7th, but met with little success. On the 7th attended regular meeting of Central City Miners' Union; the attendance being small, I recommended that they elect a secretary-treasurer and put him in the field continuously, as it is the only way I can see that the district can be organized and kept in line. If this is done by them and the English-speaking miners of the district become active, I feel that thorough organization can be had in that district by giving them a foreign organizer to assist for a few weeks. On the 8th of May I returned to Denver.

INDUSTRIAL WORKERS OF THE WORLD.

Resolution No. 175, passed by the Fifteenth Annual Convention, provided for the holding of a convention for the purpose of promulgating the Industrial Workers of the World and read as follows:

"Denver, Colorado, June 29th, 1907.

"To the Officers and Delegates of the Fifteenth Annual Convention, Western Federation of Miners:

"Fellow Workers—We, your special committee, appointed to devise ways and means of clearing up the Industrial Workers of the World controversy, beg to submit our report as follows:

"We recommend that the Western Federation of Miners, in convention assembled, invite the contending factions of the Industrial Workers of the World, the United Brewery Workers, and all other labor unions ready to accept the principles of industrial unionism as formulated in the manifesto issued by the conference of industrial unionists

at Chicago, January 2-4, 1905, to meet the Western Federation of Miners in a convention at Chicago, to convene October 1st, 1907, for the purpose of re-establishing and strengthening the Industrial Workers of the World.

"We further recommend that the organization to be launched at the proposed convention, shall not be responsible for any debts contracted by any of the affiliated organizations.

"We further recommend that the basis of representation at the proposed convention be one vote for each one thousand members in good standing in their respective organizations on June 30th, 1907, and that no delegate be allowed to cast more than ten votes.

"We further recommend that the proposed convention be instructed to provide for the democratic control of the new organization by the initiative and referendum and recall.

"Respectfully submitted,

"JOS. D. CANNON,

"L. W. CALLAHAN,

"PERCY C. RAWLING,

"ED. O'BYRNE,

"ARCHIE F. BERRY."

This resolution was submitted to a referendum vote of the membership and carried. On invitation being sent to the Brewery Workers, the following reply was received:

"Cincinnati, Ohio, Sept. 17, 1907.

"Mr. James Kirwan, Acting Sec'y-Treas. Western Federation of Miners, Denver, Colo.:

"Dear Sir and Brother—Your communications of August 3rd and September 4th were brought to the attention of our International Executive Board at its recent session. The Board decided to send representatives to the proposed conference between the various organizations favoring a form of organization such as already in vogue in the Brewery Workers and the Western Federation of Miners, but believe it wise to also invite the butchers and meat cutters, the bakers and confectioners, the carriage and wagon workers and such other organizations that have already declared themselves along this line.

"We further believe that the time is too short to call this meeting by the first of October and would suggest that the meeting be held sometime during the month of December, in order to give the various organizations an opportunity to decide upon the question and elect their representatives. Our Executive Board could naturally not commit the organization as a whole to any definite move at the present time, still you can rest assured that they are not in any way, shape, or manner, opposed to the move, but being uninstructed by the organization as a body, must exercise some caution before committing themselves immediately.

"Hoping to have the pleasure to meet you at the proposed conference sometime during the month of December, and with best wishes, I am

"Fraternally yours,

"LOUIS KEMPER, Int'l Sec'y."

On receipt of the reply from the Executive Board of the Brewery Workers, it was decided to postpone the holding of the convention to some later date, and the matter was passed up to the Executive Board in the December meeting, when they again arranged for the holding of the same on April the 6th, 1908, and invitations were sent to the various labor organizations and the two factions of the I. W. W. After canvassing the returns on the invitations, it was found, that while many of the organizations would send representatives in a casual way, there was very little response in the way of electing delegates to take part in the proposed convention, and the holding of the convention on April the 6th was indefinitely postponed by the Executive Board and the entire matter referred to the Sixteenth Annual Convention.

STRIKES AND LOCKOUTS.

On July 2nd the Cobalt Miners' Union No. 146 went on strike in an effort to maintain a wage scale, which had been adopted by their union, and in support of an eight-hour work day. Brother Ed. O'Byrne was sent to Cobalt to take charge of the strike. The strike had been in progress but a short time when the Buffalo Mines Limited Mining Company brought suit for injunction against the Cobalt Miners' Union, its officers and Brother O'Byrne. The injunction was granted by the court on the showing made by the mining company, and restrained all of the defendants from interfering with or

molesting any of the plaintiffs, or watching or picketing the plaintiff's property, or endeavoring to induce any of the employees of the plaintiff to cease work. Shortly after the issuance of this injunction and service had been made on the different defendants, the plaintiffs served notice, applying to the courts for an order committing to jail the defendants for contempt of court in disobeying the injunction. This motion was denied by the court and the cases against McGuire, who is president of the Cobalt Miners' Union, and others, have dragged on and are still pending. The union was successful in establishing the working conditions and wages sought by them with a number of the smaller companies, but the Buffalo Mines Limited Mining Company carried on a determined fight against them and were greatly assisted in their efforts to defeat the union by the industrial depression which set in last September. However, the strike is still on and progressive members of the local believe that as soon as industry revives, they will be successful in bringing about that for which the strike was called.

STRIKE ON THE MESABE RANGE.

On July the 20th, 1907, District Union No. 11 called a strike, which involved all of the locals of the Mesabe Range. The strike was brought about through the District Union formulating a wage scale and working conditions to govern the mining industry in that district, and was to have gone into effect on the 29th of July. Immediately on this action being taken by the District Union, the Oliver Iron Mining Company began to discharge all union men in their employ and the strike which was to be called on the 29th, in case their demands were not conceded to, was called on the 20th. The action of the District Union is best explained in the following communication and resolution which was sent to Thos. L. Cole, Pres. Oliver Iron Mining Company, which reads as follows:

"July 18, 1907.

"Thomas L. Cole, President Oliver Mining Company, Duluth, Minn.

"Dear Sir—I have been instructed to forward and leave with you the enclosed copy of the resolutions adopted at this morning's meeting by the special committee, appointed by the Minnesota District Union, No. 11, Western Federation of Miners

"The resolutions are plain enough and need no comment of mine. However, I take the liberty to serve a notice on you that, should at any time any of your employees be discharged from work for his connection with our organization, the members of the Western Federation of Miners will at once quit working in and around the mines owned by the company of which you are president.

"Yours truly,

"T. PETRIELLA, Acting Sec'y."

(Copy.)

RESOLUTIONS.

"Whereas, Through a referendum vote the 90 per cent. of the members of the W. F. M., in Minnesota have adopted a constitution which provides for a scale and a system of wages;

"Whereas, The 75 per cent. of the members of the District Union are employed in and around the mines owned by the Oliver Iron Mining Company;

"Whereas, The Oliver Iron Mining Company, notwithstanding the large profits which clear right along, pays wages scarcely enough to buy the necessities of life;

"Whereas, The miners employed by said corporation organized themselves into a Labor Union to get better conditions of life;

"Be it Resolved, That we, the special committee appointed by the Minnesota District Union No. 11, W. F. M., demand of the Oliver Mining Company that our labor be paid at the following rate of wages, and that the contract and bonus systems be abolished:

RATES OF WAGES.

"\$2.50 for an eight-hour shift on surface work.

"\$3.00 for an eight-hour shift on underground work.

"\$3.00 for an eight-hour shift for firing, pumping, shop and blacksmith work, or any other skilled work not mentioned herein.

"\$5.00 for an eight-hour shift for engineering and mechanical work.

"And be it further resolved, That if these demands are not granted within ten days, on the 29th of July, the members of the W. F. M., shall quit working in and around all the mines owned by the Oliver Mining Company in the State of Minnesota.

"THE SPECIAL COMMITTEE."

The Oliver Iron Mining Company never acknowledged receipt of the above communication or resolution, but immediately began the importation of armed men into the District, and in a short time had an armed force of two thousand men scattered throughout the different mining camps on the Range, and a majority of them were carefully selected from among the armed thugs employed by the corporations in Pennsylvania and Chicago, and were deputized by the sheriffs of St. Louis and Itasca counties, and immediately started to beat up and arrest men on strike and then charge them with riot. Some forty men were beaten up and arrested. John A. Keyes of Duluth was engaged to defend them and practically secured the release of all men arrested, while in some cases they were held in jail from thirty to sixty days. The inauguration of this strike by the Minnesota District Union, in my opinion, was very unwise, owing to the conditions which surrounded them at that time, as at the time the strike was called, there was less than two thousand members on the Mesabe Range out of about twenty thousand men employed by the Iron Mining Companies. They had none of the mechanical forces in the organization, but on the other hand steam shovel men, cranes, and engineers, were organized in the American Federation of Labor and fighting the Western Federation of Miners in their effort to get control of the mining industry on the Mesabe Range, and many of those who responded to the strike call and were not members of the organization claimed that they did so on the assurance of those who were handling the affairs of the District Union, wherein they promised them \$6.00 per week, as strike relief, in case they came out and joined the organization, and when they were informed that this was impossible, there was a general turmoil throughout the Range, but as a rule those who came out refused to return to work unless they were granted some concessions by the employers and a majority of them left the Range and sought employment elsewhere. The open pit method of mining which is employed on the principal workings in that district makes it impossible to carry on a conflict against the mining companies without the support of the steam shovel men, engineers and cranes, who are the only men who require any skill whatever in the operation of the mines, and the mining companies have little trouble in securing laborers to do the other work around the pits, as it requires no experience or skill whatever. Executive Board Member MacKenzie took charge of the strike on the Mesabe Range the latter part of August, straightened out all of our obligations in that district, and while the strike was never officially called off, the fight was dropped and the men secured employment wherever possible.

STRIKE AT BISHOP CREEK.

The Bishop Creek M. & P. W. Union No. 182 went on strike September 1st, 1907, in an endeavor to enforce a uniform wage scale for all men employed in the district. Since that time this local has gone defunct, and as Brother Randell was in charge of the strike and had recently organized the local, his report will cover the same.

STRIKE AT GOLDFIELD, NEVADA.

On November the 27th, 1907, the Goldfield Miners Union No. 220 went on strike against the payment of wages in scrip, which the Mine Operators refused to guarantee, and there is no question in my mind, but what the Mine Operators of the Goldfield District were determined to involve the Goldfield Miners' Union in a controversy, regardless of the ends they might have to go to in accomplishing the same, as in the early part of November notices were posted at a number of the mines that a portion of the wages would be paid in scrip and a few days later, a majority of them posted notices that their entire pay rolls would be paid in scrip. The question immediately arose, not alone among the miners, but the business men as well, as to the validity of the scrip that was being issued in Goldfield, as there was only one bank open at that time, and the only endorsement the scrip had was the signature of an employee of the Cook Bank by the name of Gay, and as many of the business men decreed that they would not accept this scrip in lieu of money without some further guarantee, the miners immediately began an investigation and sought to procure some guarantee from the Mine Operators to back up the scrip issued by the bank in case it defaulted. Their efforts to solve the problem and the action of the Mine Operators are best explained in the follow-

ing communications which passed between a committee of the Miners' Union and the Goldfield Mine Operators' Association, and are as follows:

"Goldfield, Nevada, November 18, 1907.

"Local No. 220 of the Western Federation of Miners, Goldfield, Nevada.

"Gentlemen—In answer to your communication of recent date, addressed to the Mine Operators of the Goldfield District, a copy of which is as follows. (Statement of MacKinnon at opening of special meeting Nov. 16, 1907.)

"This meeting is called for the purpose of considering the best means of meeting the present financial crisis. Some of the mines are issuing checks in payment of wages to the men; with the words 'payable in exchange' written across the face of the checks. I believe that we want the mines to be operated; and at the same time the men must be paid so that they can use their pay without discount to procure the necessities of life. We realize that until some method is put into action, money is hard to obtain. In order that this whole matter may be properly considered, I recommend that a committee of three be selected to confer with a committee of Mine Operators, and that said committee be empowered to assist in devising some way to meet the present crisis. That said committee co-operate with the Mine Operators in endeavoring to secure from the smelters and mills a concession that all bullion procured as a result of mining in Nevada be sent to the mint, and coin demanded therefor, and that said smelters and mills then pay for said ores in coin, and that the Miner Operators pay their men in coin as soon as this arrangement can be satisfactorily brought into operation. That in the meantime such methods of payment be followed as will best enable the men to meet their current expense without loss. That where checks are issued 'payable in exchange' said committee have the Mine Operators guarantee the payment of same in cash, and that everything be done that is possible to put the business of Goldfield on a cash basis, and that all checks or exchange, issued to the men for wages, shall be the first ones paid in cash out of the product of the mines.

"A special meeting of the Mine Operators was held for the purpose of considering the recommendations presented in this communication. After due deliberation on the part of the members of the Association, the following resolution was passed:

"Resolved, That all the companies operating in Goldfield Mining District pay all employees in bank checks, payable in exchange, and suspend cash payment for labor; and that this form of payment go into effect on and after November 18, 1907, and continue in operation until the present financial crisis is passed and the local banks are able to obtain currency for funds and balances due them from corresponding banks and smelters."

"In presenting this resolution to your body, the members of the Goldfield Mine Operators' Association recognize the importance of devising ways and means which will enable the mines and mills of the Goldfield District to continue operation. The Association called upon the local banks for advice, and the local banks were represented by their presidents and cashiers. It was the unanimous opinion and advice of the bankers present that the payment of currency could not be continued in the camp, for the reason that the banks here were unable to obtain from outside sources gold or currency.

"In explanation of the above quoted resolution it may be well to state that the form of payment suggested and adopted by the bankers will be as follows:

"All companies employing men in this district will pay for labor in checks payable in exchange at the local banks. The local banks have agreed to and will issue in exchange for these checks cashier's checks upon each bank in denominations of five dollars, ten dollars and twenty dollars amounts. These checks will pass current among the merchants of the town and will be taken in payment for exchange upon any outside city at which the local banks have correspondents.

"Yours very truly,

"GOLDFIELD MINE OPERATORS' ASSOCIATION.

"By Wm. M. Erb, Secretary."

In answer to the above communication the Miners' Committee sent the following:

"Goldfield, Nevada, November 19, 1907.

"Goldfield Mine Operators' Association, William M. Erb, Secretary.

"Sir—Your communication of the 18th received and contents noted. In reply will say that your communication does not in any way comply with the request made of you by the committee selected by the Miners' Union No. 220. We feel that we have

nothing in the shape of a report to place before the membership of No. 220 at this time and will act accordingly.

"Trusting that your organization will fix an early date when we can take up this matter together, we remain

"Respectfully yours,

"JOHN GALLAGHER."

"Goldfield, Nevada, November 19, 1907.

"Goldfield Miners' Union No. 220, Goldfield, Nevada.

"Gentlemen—In reply to your communication of November 19th, the Goldfield Mine Operators' Association wish to state that they have placed their entire case before you in regard to the local money stringency and that there is nothing more to be said.

"GOLDFIELD MINE OPERATORS' ASSOCIATION.

"By William M. Erb, Secretary."

"Goldfield, Nevada, November 23, 1907.

"To the Goldfield Mine Operators' Association, William M. Erb, Secretary.

"Sir—Your communication of recent date received, and the same with all other matter placed before the special meeting of the Goldfield Miners' Union No. 220, November 22, 1907. How it was received is shown by the resolution passed unanimously by No. 220, which we here give you in full.

"Resolved. That the present committee be continued with instructions to notify the Mine Operators' Association that unless the wages of the mine employees of Goldfield are paid either in cash or in checks backed by a guarantee satisfactory to the union committee, said employees will cease work on the mines at 7 o'clock Sunday morning, November 24, 1907."

"You will see by this the working class of Goldfield wish to have some part in deciding what they shall accept as wages for work performed now and hereafter.

"We wish to call your attention to the fact that according to the terms of the resolution passed by the union, it is absolutely necessary that your Association shall give us a reply before to-morrow morning.

"Trusting the Mine Operators of Goldfield will see the justice of our position and co-operate with us to avert trouble, we remain

"Respectfully,

"JOHN H. GILBERT,

"MICHAEL CALLAHAN,

"MARION W. MOOR."

"Goldfield, Nevada, November 23, 1907.

"Goldfield Miners' Union No. 220, Goldfield, Nevada.

"Gentlemen—Your communication of November 23rd signed by your committee addressed to the Goldfield Mine Operators' Association has been considered, and in reply the Goldfield Mine Operators' Association wish to state that after a reconsideration of the question in issue with your committee, the Goldfield Mine Operators' Association offers the following facts in explanation of its communication of the 18th day of November:

"The Goldfield Mine Operators' Association cannot offer a guarantee in addition to that offered by the local banks for cashier's checks issued by the local banks.

"The Goldfield Mine Operators' Association cannot place the ore shipped from the Goldfield District as a guarantee for cashiers' checks issued by the local banks for the reason that more than eighty per cent. of the ore shipped is sent out by local banks and the returns from these shipments are made direct to the local banks.

"The local banks do not issue cashier's checks except against collateral or ore shipped from the camp, and no operator can possibly issue checks for amounts unless secured by camp products.

"The local bank will not extend credit to any operator without collateral which is negotiable into cash.

"Yours very truly,

"GOLDFIELD MINE OPERATORS' ASSOCIATION.

"By Wm. M. Erb, Secretary."

This correspondence was taken up at a regular meeting of No. 220, held Tuesday evening, November 26th, 1907, and after a lengthy discussion, the following motion was carried with but one dissenting vote:

"Moved and seconded, that at seven o'clock a. m. Wednesday, November 27th, 1907, the Mine Operators and all other employers of labor of the Goldfield District, not fulfilling their requirements hereinafter contained, be declared unfair to organized labor and this union, and that they will remain unfair until such time as they either pay the wages of their employees in cash, or secure any paper in payment of wages in a manner satisfactory to this union."

Motion carried with but one dissenting vote.

Several other motions were offered in connection with the above. Finally the following was offered as a substitute for all pending motions:

"SUBSTITUTE—That members of this union cease working for all employers that do not pay in cash or secure their paper to the satisfaction of this union. Carried unanimously."

After this action being taken, an effort was made by the union to bring about an adjustment of the controversy by having a committee meet the Executive Committee of the Mine Operators' Association. The spokesman of the Operators' Committee informed them that they would not place the product of the mines in transit, or any part of it, as surety for the scrip that was being used in the payment of wages in lieu of money, and the men immediately went on strike, and the Mine Operators' Association issued a declaration, declaring against the Western Federation of Miners and refusing to further employ any of them who did not take out a card of the Mine Operators' Association and renounce the Western Federation of Miners and further sign a stipulation, pledging that they would never again belong to the organization in Goldfield or elsewhere, and concluded their proclamation by issuing an invitation to all of their former employees, requesting them to return to work, stating that they would rather employ them under those conditions than to go on the outside and secure new men. Apparently the operators felt assured that the internal strife that was being carried on in No. 220 by the two factions which composed it added to their declaration would be the means of disrupting the union and that many of the men would return to work, but it had the opposite effect on the membership of the union from that expected by the operators, and amalgamated them solidly in their fight against the card system. The operators having failed to break the ranks of the organization immediately decided to bring in strike-breakers and reduce the wages from \$1.00 to \$1.50 per day, but to do this they felt that further protection was necessary, and reports were sent broadcast through the country that Goldfield was in a state of insurrection, that buildings and property was being dynamited and appealed to the governor for troops, and he, in turn, while on a drunken debauch, sent a message to the president of the United States confirming the allegations of the Mine Operators and petitioning the president to immediately send troops to Goldfield, and December the 6th President Roosevelt issued a proclamation ordering federal troops to proceed to Goldfield, and Col. Reynolds immediately proceeded from San Francisco to Goldfield in command of a large number of soldiers to take charge of the situation.

And, on his arrival in Goldfield, the mine operators immediately sought to have him patrol their properties, and to prevent members of the union from picketing, and in a general way assist them in working scabs. This he refused to do and stated that he could see no reason why troops were ordered to Goldfield. This statement from him along with other petitions to the president brought about the appointing of a commission by the president to make an investigation of the conditions in Goldfield for the purpose of ascertaining whether or not a state of insurrection prevailed. After a short investigation, by the commission sent, they reported that no such conditions prevailed and censured the governor of the state of Nevada for making application for troops and the president decided that the troops should be withdrawn. On this becoming known to the mine operators, they immediately procured the services of a number of the county officials and state officers and induced them to send messages proclaiming that if the troops were withdrawn order could not be maintained. The president then issued a proclamation providing that the troops should be left in Goldfield a necessary length of time to allow the state of Nevada to provide for an armed force in case the governor issued a call for an extra session of the legislature for that purpose within seven days. Governor Sparks immediately complied with the proclamation and issued a call for an

extra session of the legislature, and one of the most infamous police bills that was ever passed was placed on the statute books of the state of Nevada, and wrested all power of control from all county and state officers and placed the same at the disposal of the governor and his appointees which placed the mine owners in absolute control of the Nevada state police, and on a sufficient number of men being installed on the state police force the soldiers were withdrawn and the police force placed in charge of the situation. On or about the first of January the Consolidated Mines Company made application to the Circuit Court of the United States, Ninth Circuit District of Nevada, for an injunction and prayed that all members of the Goldfield Miners Union be restrained from picketing their properties, or speaking to their employees on the streets, at their homes, or elsewhere, and that the Goldfield Miners' Union be dissolved, we immediately petitioned the court to be heard on the matter and Mr. Tilden of Goldfield was employed to defend the Goldfield Miners' Union, and arguments were submitted to the court about the middle of January. On the 6th of March the following injunction was issued by Judge Farrington against the Goldfield Miners' Union:

In the Circuit Court of the United States, Ninth Circuit, District of Nevada.

NO. 1020.

The Goldfield Consolidated Mines Company (a corporation), Complainant,
vs.

Goldfield Miners' Union No. 220, The Western Federation of Miners, Charles H. MacKinnon, Thomas Gibney, Frank Staplin, Robert E. Vice, Ted James, Michael J. Sullivan, Chris Dutler, Stanley Blaylock, Nick Kosick, Angus McMillan, Joel Nelson, George W. Hanley, John Lyons, Robert McLean, Albert L. Anderson, James M. Brown, Joe Peterson, Marion Moore, Robert M. Rogers, Harry Mickle, John Roach, Frank Burke, John P. Hennessy, George Lemon, Joe Larson, Mike Callahan, Dan Tenant, Harry Brandis, James Conahan, Tom Casey, Phil S. Haley, John Bamber, John Slavin, Ed. Kennedy, Tom Clifford, Mat Whelihan, William H. Tims, Tom Jackson, "Big Bill" Davis, John Golden, Gus Ellison, George Trost, Ed. Stone, Mike Donovan, Mat Murphy, John McDevitt, Walter J. Brown, William Jurgens, William D. Anderson, John Gallagher, Tom McManus, Herman Krieger, Pat Walsh, Pete Brennan, George T. Lundlee, Robert Randall and Charles E. Mahoney, Respondents.

This cause came on for hearing upon the bill of complaint and complainant's application for a temporary injunction, upon the answer of certain of the respondents, and affidavits and exhibits filed on behalf of complainant and respondents, and the oral testimony of certain witnesses in open court.

The court, being fully advised in the premises, finds that the complainant is entitled to a temporary injunction against all of the above-named respondents, except C. E. Mahoney, as to whom the case has been dismissed, as follows:

It is hereby ordered, adjudged and decreed that the Goldfield Miners Union No. 220, C. H. MacKinnon, its president, and the officers and members of said union, and each and all of the respondents named in the complainant's bill, except C. E. Mahoney, and any and all other persons associated with them in doing the acts and grievances complained of in said bill, be, and they are hereby ordered and commanded to desist and refrain:

1. From in any manner interfering with, hindering, obstructing, or stopping any of the business of the said company complainant, or its agents, servants or employees, in the maintenance, conduct, management, or operation of its business in Goldfield, Nevada, or elsewhere.

2. From compelling, or inducing, or attempting to compel or induce, by threats, intimidation, force, or violence, any of the said complainant's employees to fail or refuse to work for it, or to leave its service.

3. From preventing or attempting to prevent any person or persons by threats, intimidation, force, or violence, from freely entering into or continuing in the said company's service.

4. From doing any acts whatever in furtherance of any conspiracy or combination to interfere with or obstruct the business of the said company, its officers, agents, or

employees, and from ordering, directing, aiding, assisting or abetting in any manner whatsoever any person or persons to do either or any of the acts herein prohibited.

5. From congregating upon or about the company's premises or the streets, approaches, and places adjacent or leading to said premises, for the purpose of intimidating its employees, or preventing or hindering them from fulfilling their duties as such employees, or for the purpose, or in such manner as to induce or coerce by threats, violence, or intimidation any of the said company's employees to leave its service.

6. From maintaining upon the premises of the said company any picket or pickets, and from maintaining at or near the premises of said company any picket or pickets in threatening or intimidating manner, or for the purpose of carrying out any of the acts herein prohibited.

7. From interfering with the company's employees in going to and from their work.

8. From going singly or collectively to the homes of said company's employees for the purpose of intimidating or threatening them.

And it is further ordered that the aforesaid injunction and writ of injunction shall be in force and binding upon each of said respondents and all of them so named in said bill of complaint from and after service upon them severally or a copy of this order, by delivering to them severally a copy of this order, or by reading the same to them, and shall be binding upon each and every member of said Goldfield Miners' Union No. 220 of Goldfield, Esmeralda county, Nevada, from the time of notice or service of a copy of this order upon said C. H. MacKinnon, president of said union, and other officers of said union who are parties defendant herein; and shall be binding upon said respondents, and all other persons whomsoever, members of said respondent union, who are not named herein, from and after the time when they severally have knowledge of the entry of this order, and the existence of this injunction.

This order shall go into effect upon said complainant entering into a bond, to be approved by the clerk of this court, in the sum of seven thousand and five hundred dollars (\$7,500.00) conditioned for the payment of all costs and moneys which may be adjudged against it in case this injunction shall be dissolved.

This order and injunction shall continue in full force and effect until the further order of this court.

Dated March 6, 1908.

E. S. FARRINGTON,
United States District Judge.

Indorsed: No. 1020. In the Circuit Court of the United States, Ninth Circuit, District of Nevada. The Goldfield Consolidated Mines Company (a corporation), Complainant, vs. Goldfield Miners' Union No. 220, et al., Respondents. Order for Temporary Injunction. Filed March 6, 1908, T. J. Edwards, Clerk.

Attest: T. J. EDWARDS, Clerk.

(Seal)

Shortly after the inauguration of the strike in Goldfield, the Mine Operators' Association began the importation of strike-breakers and continued to get in a number of men from time to time, most of whom were secured in Salt Lake City, a number of them were former members of the Federation. A majority of the men so employed worked on the properties of the Consolidated Mines Company, while a majority of the smaller properties remained closed, while others continued to work and employed members of the union and paid the scale. About the middle of February a number of leasers and small operators opened up negotiations with the strike committee of No. 220, and after some two weeks negotiating with them, the best that could be obtained from them by the strike committee was submitted to the union, which was the Tonopah scale of wages, and the same was accepted by a referendum vote of No. 220, and a number of the smaller properties began operations under those conditions and employed members of the union. While this gave the union a small foothold, it continued to be an uphill fight, as there were employed in the camp some four hundred and fifty strike-breakers and the mine operators had complete control of the Nevada state police, and were in a position to use them in carrying out their aims and objects and every effort was being put forth by them to destroy the Miners' Union.

STRIKE AT ANGELS' CAMP.

The strike which was inaugurated by the Calaveras Miners' Union No. 55 in April, 1907, for the enforcement of an eight-hour day terminated on September 11th, 1907, and resulted in a victory for the union.

STRIKE AT BISBEE, ARIZONA.

Strike inaugurated by the Bisbee Miners' Union No. 106 against the black-list system was declared off by them the latter part of December, 1907. The industrial depression which was on made it impossible to maintain the same. A number of the members of No. 106 petitioned the Executive Board to have the same called off, and it was decided by the board to leave the matter to a vote of the local union. Brother Randell proceeded there immediately on adjournment of the board in December to look into the matter and the union, through a vote, decided to call the strike off.

CRIPPLE CREEK STRIKE.

During the session of the Executive Board in December, 1907, a committee from the Cripple Creek District Miners' Union No. 234 presented resolutions to them, requesting that the strike be called off in the Cripple Creek District, claiming that if the same was done that it would place them in a position to re-organize that district. After considerable discussion, the board passed a resolution declaring the strike off in that district and made the provision that all men then working in the Cripple Creek district be subject to the provisions of Sec. 3, Art. 8, of the constitution of the Western Federation of Miners, and that local No. 234 comply strictly with same.

ORGANIZATION.

The work of organizing is one of vital importance and should be given due consideration and provisions made to make it possible to carry on a vigorous campaign of organization in the metalliferous districts. During the early part of the past fiscal year the work of organizing progressed very satisfactorily. The industrial depression which set in the first of September and resulted in closing, or practically closing, a majority of the mining districts, made it impossible to accomplish anything in the way of organizing and a number of local unions suspended and returned their charters and supplies to headquarters. During the months of December and January there was less than thirty-five per cent. of the membership of the organization employed, and as a result many of the smaller camps ceased operation and will necessarily have to be re-organized when operations are again resumed.

The districts of Missouri, Minnesota and Michigan employ upwards of eighty thousand men in the metalliferous mines, and a determined effort should be made to perfect organization in those states. Taking our past experience in those districts into consideration, I have come to the conclusion that the best method to employ in those districts is to place reliable members of the organization in the large centers, as organizers and secretaries of the unions, as I feel confident, were this done, that it would only be a short time until locals would be established which would be self-sustaining. In the past, organizers have gone into those districts and organized numerous locals and then left the district, and in a short time the local unions would be out of existence, and in most cases misconduct on the part of those who were officially connected with the local would be given as the cause of its disruption. The only possible way I can see of eliminating the same is to endeavor to place a competent member of the organization in charge of them until they are thoroughly organized and placed on a working basis, and I feel confident that the same would incur but a very small cost to the general office, as every local should pay their secretary as soon as they are numerically strong enough to justify the same.

CONCLUSION.

I feel that it is not necessary for me to enumerate and take up the different proceedings in court as President Moyer is much more familiar with the same than I am.

I want to again call the attention of the membership of the Western Federation of Miners to the undivided support that has been given to the Western Federation of Miners by organized labor in general during the great legal battle in Idaho, which resulted in the liberation of brothers Moyer, Haywood and Pettibone, and which crowned your organization with victory.

In returning to you the honor which you conferred on me in the Fifteenth Annual Convention, I want to thank my associates on the Executive Board and the membersip

of the organization in general for their co-operation in doing that which was believed to be for the best interests of the organization.

With best wishes, I remain

Yours for Industrial Freedom,

CHAS. E. MAHONEY,

Vice-President, W. F. M.

Report referred to Committee on President's Report.

No. 15.

Robert Randell, Executive Board member for District No. 1, read the following report:

Robert Randell's Report

To Chas. H. Moyer, President of the Western Federation of Miners, Denver, Colorado:

Dear Sir and Brother—I herewith submit my report during my term as member of the Executive Board from District No. 1.

After the adjournment of the Fifteenth Annual Convention on July 3rd, I attended the meetings of the Executive Board, when I left for Goldfield, Nevada.

On July 12th I went to Millers where, with brothers Loudon, Monroe and Powers of Silver Peak and Livingston of Tonopah, we held two meetings and secured 54 candidates for a new local at Millers.

The 14th to 16th I audited the books of Secretary-Treasurer J. T. Lewis at the request of the Tonopah Miners' Union, and found the accounts correctly, honestly and carefully kept.

On the 18th I attended a special meeting of the Goldfield Miners' Union, there being a controversy at that time between No. 220, and the mine owners over the watchmen at the mines. At my suggestion a committee was appointed to confer with the mine owners. That evening I made my report to the Goldfield Miners' Union as one of their delegates to the Fifteenth Annual Convention, and I feel justified in saying that the acts of the last convention met with the approval of the majority of the members of the Goldfield local.

The committee appointed to confer with the mine owners made their report to a special meeting on the 25th. A motion was carried to take a referendum vote on the following question: "That the jurisdiction of No. 220 be maintained around the mines, mills and smelters in the Goldfield District." The vote was 763 for maintaining jurisdiction and 456 votes to surrender absolutely all jurisdiction in the Goldfield Mining District. This referendum vote was an absurd fake. I did not believe that the members of No. 220 desired to strike to compel a class of men to join the organization who would be a detriment to it, and had a strike been called as the result of that vote, the probabilities are that it would have meant the destruction of the Goldfield Miners' Union.

I went to Tonopah on July 31st and interviewed the district attorney in regard to the prosecution of the murderer of brother John Ganahl. Brother Ganahl was shot in cold blood by a hired assassin employed by a mining company at Clifford, Nevada, January 29th, 1906. I recommended to headquarters that special counsel be employed, but the organization not being in a position to do so, the case was dropped by the district attorney, evidently at the request of the Citizens' Alliance and Mine Owners of Tonopah.

Returning to Goldfield on August 1st I remained there until the 9th auditing the books of Secretary-Treasurer Willis, and endeavoring to bring about a satisfactory settlement of the watchmen question.

The 9th and 10th, with Brother Marshall, I visited Liberty, a small camp under the jurisdiction of Tonopah Miners' Union.

On the 11th I went to Blair, where considerable trouble had been caused by the Pittsburg-Silver Peak Mining Company attempting to infringe upon the rights of its employees. After attending three meetings with the Silver Peak Miners' Union and two committee meetings with the manager of the company, the Pittsburg-Silver Peak Mining Company gave up temporarily its ambition to re-establish serfdom in Blair. The local

at that time was in splendid condition, and guided by men who were true to the principles of the organization.

Secretary Loudon of Silver Peak and I went to Millers on the 16th, where we remained until the 22nd securing applications for membership. Also installed the local officers and with Secretary-Treasurer Currie went to Tonopah to assist him in securing bonds.

On August 23rd I arrived in Bishop, California, and in a few days secured eighty-one signatures for a charter of the Bishop Miners' and Power Workers' Union No. 182. The evening of September 1st we held a largely attended meeting at Camp Five of the Nevada-California Power Company. Before the meeting the superintendent personally notified all the men that any one joining the Western Federation of Miners would be discharged. At the meeting a motion was unanimously carried that any one being discharged for joining the organization, his reinstatement would be insisted upon. The Nevada California Power Company being largely controlled by notorious enemies of the Federation from the Cripple Creek District, it was plain that we either had to lay down, admit that we were beaten in the beginning and retreat disgracefully from the field, or fight. The attempt of the superintendent to carry out his threat the next morning by discharging a member, who had been active in forming the local union, resulted in a walkout. At a large meeting held in the Bishop Opera House September 3rd, a strike was officially declared against the Nevada-California Power Company by the local union. Along with the recognition of the right of its employees to join a labor organization, a demand was made for an eight-hour work day, and an increase in wages. It was evident that it meant a battle to maintain our organization in that district, and personally I believed that our chances for success would be better if at the same time an effort was made to bring up the conditions in the Bishop district to similar conditions in Nevada.

The strike resulted in a complete tie-up of the work for this corporation in the district. In order to call out its employees in its camps in Nevada, and thus make our position stronger at Bishop, I left on the 6th and called out the men at the camps between Bishop, Blair and Goldfield, returning on the 11th. On the 11th I went to Keeler, where I organized a branch of No. 182. At this time the local union at Bishop was in good condition. The Nevada-California Power Company was unable to secure men to scab, and although the local had only been organized a few weeks there were over one hundred members in good standing and about four hundred dollars in the treasury.

Leaving Secretary-Treasurer J. Watson in charge of the strike, I went to Mina on the 21st to see brother Crose whom the Silver Peak Union had generously stationed there as a picket. The next day I saw Secretary-Treasurer Currie at Millers in regard to having the work for the Nevada-California Power Company stopped at that place, and interviewed the local officers at Tonopah and Goldfield in regard to getting their locals to pay a part of the expenses of picketing Mina. I went to Rhyolite on the 23rd to have the work for the Nevada-California Power Company in the jurisdiction of the Bonanza Miners' Union stopped. The next evening there was a largely attended meeting of the local union at which I explained the strike situation at Bishop, ably assisted by Thomas F. Hurley, who was with me for several days in Bishop and who gave me a great deal of highly appreciated aid. The Bonanza Miners' Union pledged its support to the men at Bishop. The next day I left by stage for Bishop via Skidoo and Ballaret. Stopping over two days at Skidoo I organized the Skidoo Miners' Union No. 211 in the most notorious scab camp on the desert. On the 29th and 30th, with the assistance of Joe Foise, I secured application for the charter of the Ballaret Miners' Union No. 210.

Arriving in Bishop on the 3rd I discovered that Secretary Watson had left for Los Angeles during my absence with the funds of the local. Receiving a telegram that my wife was dangerously ill at my sister's home at Cairo, Nebraska, it was necessary for me to leave for that place the next day. Before leaving a letter was received from Watson stating that he would return to Bishop in a day or so, and giving as his reason for leaving that he went to Los Angeles to secure medical attendance for an ear affliction. As I knew he was suffering from such trouble his excuse was very plausible and still believing in his honesty, I left confident that he would return to Bishop.

Watson never returning and my absence naturally resulted in an unfortunate condition of affairs, but the resident members at Bishop bravely struggled to maintain their organization. The Nevada-California Power Company secured about fifty scabs under a sacred contract for six months' work, and then evidently finding their labor unsatisfactory, discharged them all.

I returned to Bishop as soon as my wife's health permitted. In the meantime the Bishop local having asked the support of the locals in Nevada, I went to Goldfield and attended a special meeting of No. 220 on the 26th and explained the situation in Bishop. A motion was made to declare the Nevada-California Power Company unfair, but it did not receive the necessary two-thirds vote.

I then returned to Bishop, but it became necessary for me to again leave on November 1st as charges had been made in the Goldfield Miners' Union by Vincent St. John attacking my standing as a member of the Western Federation of Miners.

Due to the closing down of the mines in the Bishop district and the fierce opposition of the mine owners, the Nevada-California Power Company and the Citizens Alliance, the resident members were finally compelled to give up the struggle to maintain their organization, but they are certainly worthy of great credit for their courageous battle for justice.

The charges brought against me by Vincent St. John were instigated by personal spite, envy and my refusal to either lend my assistance or remain silent while he attempted to carry into effect policies that I believed meant the destruction of the Western Federation of Miners. I was once a firm believer in the devotion of St. John to the working class, but during the lockout in Goldfield in March, 1907, I became convinced that his protestation of love for the working class was as idle chaff cast to the winds. From that time I felt it to be my duty as a loyal member of our organization to oppose his policies. For doing so I secured his eternal hatred and am proud to count him among my enemies.

Thomas F. Hurley was also jointly attacked with me. He was completely vindicated by the membership of No. 220. For twenty-five years brother Hurley has been courageously battling for the rights of the working class, and all that he has left now that his health and opportunities are gone in the unequal battle with the capitalist system, is an honored name, and of that St. John was not successful in robbing him.

My trial ended in an unprovoked, but singularly unsuccessful attempted assault by St. John upon brother Hurley. A new committee was appointed, but St. John becoming engaged in a shooting affair with Paddy Mulanny and placed in a hospital, the case was never tried, as St. John left Goldfield as soon as he was able to leave the hospital while I was attending Executive Board meeting in Denver.

I visited Johnnie, California, on the 9th, but there was not enough men working there to form a local union. I then went to Tecopa and found the same conditions to exist.

The 15th I went to Greenwater and with Secretary Roche visited the Lila C mine and secured a number of applications for membership. It is my opinion that had the Greenwater local expended some of the energies in maintaining its jurisdiction that was consumed in passing resolutions, the conditions at the Lila C mine would be far better.

Receiving information that a local could be organized at Cima, I went there on the 18th, but found that the mine had closed down a few days before.

I visited Searchlight on the 19th and Crescent on the 20th, and then after staying a few days at Pioche, left for Denver to attend the meetings of the Executive Board.

After the adjournment of the Executive Board, I went to Bisbee, Arizona, arriving there on the 23rd, and attended the regular meeting on that evening.

A special meeting was held the next day and the strike was called off by the local union. The strike at Bisbee was one of the great historic struggles against the forces of organized plutocracy our organization has engaged in. A noble battle was waged at Bisbee against overwhelming odds, and if the industrial panic had not come on, the struggle against the infamous black-list system would have resulted in a victory.

I arrived in Clifton on the 26th. The Arizona and Shannon Copper Companies having cut the wages of its employees and the American Federation of Labor craft organizations—the blacksmiths, boilermakers, moulders, and machinists—having declared the companies unfair, the local union of the Western Federation of Miners, with the consent of the officers of the Arizona State Union, believing that they would violate the principles of our organization by working with the men brought in to scab against the A. F. of L., declared a sympathetic strike. Owing to the unorganized condition of that district the strike was hopeless. I also visited Morenci and Metcalf. The ignorance, racial prejudice and poverty in the Morenci-Clifton-Metcalf district is the most deplorable that I have ever seen in any metalliferous mining district.

I left for Goldfield on the 31st of December, and remained there until February 27th. While in Goldfield I endeavored to bring about a settlement of the strike upon some

honorable terms as the fact was apparent that on account of the industrial conditions a prolonged conflict should, if possible, be avoided.

On February 27th, under your instructions, I left Goldfield to visit the local unions in California and secure such financial assistance as possible from the local unions for the Goldfield strike, and the Adams case. I first visited Grass Valley and attended a joint meeting of the Miners and Surface Workers on the 28th, the next evening the Nevada City Miners' Union and a special meeting of the Grass Valley Miners' Union March 1st.

During March I visited the following local unions in California: Calaveras, the Meloes branch of Calaveras, Tuolumne, Woods Creek, Summersville, Jackson, Amador, Paloma, Kennett and French Gulch. Many of the locals made generous contributions, the total being about \$1,200. I also re-organized the Camp Seco Miners' & Smeltermen's Union No. 214.

Believing that something should be done to build up our organization in California after investigating the conditions in the various camps, I returned to Grass Valley, and on April 3rd placed before a joint meeting of the Miners', Surface Workers' and the Nevada City Miners' Union, a plan to organize a state union.

On the 6th I visited Blair and audited the books of the Silver Peak Miners' Union; the 7th I attended the regular meeting of the Goldfield Miners' Union and installed the officers-elect.

On the 8th I attended the regular meeting of the Millers Union. The next day I returned to Blair, and attended a meeting of the Silver Peak Miners' Union that evening. The Pittsburg-Silver Peak Mining Company has by discrimination against conscientious union men since the trouble last August, and the importation of one-stamp union men from Amador county, California, made a company chattel-out of the Silver Peak Miners' Union.

I went to Bishop on the 12th for the purpose of taking the necessary legal steps of having J. Watson, who absconded with the funds of the local union and who had been arrested in Sacramento, prosecuted. The acts of the Citizens' Alliance in publicly defending this thief, convinced me of a long entertained suspicion, that the Citizens' Alliance and the Nevada-California Power Company were instrumental in inducing this slimy hypocrite to embezzle the local's fund to aid them in destroying the organization. Apparently at the orders of this conglomeration of civic virtue patriots the standing insult to intelligence, who is boss of the temple of justice in Bishop, ordered him released, although the evidence against him was complete.

On the 26th I left for Virginia City, and attended meetings with the Virginia City Miners' Union, The Storey County Labor Union, Gold Hill Miners' Union and the Silver City Miners' Union, and I also went to Jumbo; but there were not enough men working there for wages at that time to organize a local union.

May 5th I attended the regular meeting of the Tonopah Miners' Union and was compelled to wait several days for mail from headquarters. On the 11th I went to Goldfield in connection with the Preston-Smith case. The 13th I visited Preston and Smith in the penitentiary at Carson.

I arrived in Grass Valley the 14th and attended the State Convention on the 15th and 16th. The convention was well attended. A constitution was submitted to a referendum vote of the membership and all the locals in the state, with one exception, voted to go into the state union. I believe that the state organization will result in bringing the local unions closer together for their common good, enable them to keep in the field an organizer to build up the weak locals.

While at the convention I also attended a joint meeting of the Grass Valley Miners' Union and Surface Workers' Union, and the Nevada City Miners' Union.

I visited Mojave on the 20th and Randsburg on the 21st, at both places I had large special open meetings. The local at Mojave is in good condition, and the courageous manner in which the members of Randsburg have struggled for years to maintain their organization under discouraging conditions is certainly a high credit to the members of No. 44.

From the 23rd to the 26th I spent in Jerome, Arizona. On the 29th I went to Crown King, but on account of the poor train service, and having other dates arranged, I was not able to attend their meeting. The 30th I audited the books of the Humboldt Mill & Smeltermen's Union and that evening attended a large open meeting at McCabe. The next day I went to Walker and audited the books. Owing to the closing down of the

smelter at Humboldt and the mines at Walker, but few members are left in either camp. June 2nd I attended a regular meeting of the Globe Miners' Union, and on the 3rd the Pinto Creek Miners' Union.

The Globe Miners' Union is in better condition intellectually, physically and morally than any other local in district No. 1. In Jerome, McCabe and Globe the local unions have made a systematic attempt to educate their members along working class lines, and as a result the members have a growing conception of their rights and duties and class interests as workers. On the 7th I returned to Walker to protect the funds of that local.

June 9th I went to Gold Dust and visited the Snowball Miners' Union. On the 13th I visited the Searchlight Miners' Union and the 16th the Hart Miners' Union, attending their regular meetings.

On the 19th I arrived in Rhyolite and the next day went to Beatty to audit the books. Attended a large joint meeting of the Miners' Union and the I. W. W. in Rhyolite on the 21st.

The 23rd I attended the regular meeting of the Goldfield Miners' Union; on the 25th a special meeting at Manhattan and the 26th a regular meeting of the Round Mountain Miners' Union. After stopping over in Austin, where there are not enough men working at present to hold a local union together, I left for Denver to attend the meeting of the Executive Board.

GOLDFIELD.

Owing to the numerous controversies at Goldfield, Nevada, it was necessary for me to spend a large portion of my time at that place. In December, 1906, there began within the ranks of the Goldfield Miners' Union a bitter, insane, factional fight and the strongest, most progressive and advanced local union of the Federation was soon torn into warring elements.

I am convinced that practically all the labor troubles in Goldfield were instigated by the most infamous and villainous aggregation of wild-cat promoters and stock swindlers that ever infested any community on earth, and the Goldfield Miners' Union was used by these thieves to fluctuate the stock market. If the true history of the Goldfield troubles can ever be written, there will be exposed the most infamous crimes perpetrated upon the working class since the days of McParland in the Pennsylvania coal regions.

This factional fight reached its height in November, 1907, and was fanned into a fierce passion by the charge that the local officers had been elected as the result of election methods that would put the blush of shame on the cheeks of a Denver ward healer.

At that time I became convinced that it was the plan of a small minority to so discredit the organization that they could effect their plot, which was to repudiate the Western Federation of Miners, and apply for a charter from the Trautmann I. W. W.

The insane fight in Goldfield has been a heavy blow to our organization in Nevada. It has left the working class divided upon the economic field and put back for years the efforts to establish a working class, political organization in that state. There has never been a local union of the W. F. M. that has had the trials, troubles and affliction that has fallen upon No. 220, but since the settlement of the last strike, the local union has been building up rapidly, a harmonious feeling prevails, and the members are determined to again make Goldfield the stronghold of our organization in Nevada.

ORGANIZATION.

In Nevada there are many small camps where local unions may be formed when the mining industry improves, but at present there are not enough men working to hold local unions together.

On the Mother lode, in California, an organizer should be stationed, as some of the local unions are in poor condition. Around Kennett is a large and growing copper district and judging from the material in the Kennett Miners' Union, the organization will be steadily advancing in that district.

At Jerome it would be advisable to place in the field for some time an Austrian organizer. It is imperative that some arrangements be made to keep in the field a representative of the organization in Bisbee.

PRESTON AND SMITH.

The members of the Western Federation of Miners must not forget that in the Nevada penitentiary are two loyal men who have been thrust into that dungeon to satisfy the hatred and vengeance of the infamous Citizens' Alliance and Mine Owners' Association of Goldfield. Their conviction was secured by the purchased and perjured testimony of a bunch of criminals, detectives and murderers at a farcical trial that was a disgrace to the state of Nevada. Every man who has one red drop of blood in his veins will lend his assistance to compel the doors of the Carson, Nevada, penitentiary to open and allow these innocent men to return to their homes and families.

RECOMMENDATIONS.

First. That Section 2 of Article II of the By-Laws be printed on the back of the membership cards to continually remind members that it is their duty to transfer into the local under whose jurisdiction they are working, as I have found that the neglect of members to transfer is the hardest problem many weak locals have to contend with.

Second. That the Jerome Miners' Union be given the assistance of an Austrian organizer; that the Bisbee Miners' Union be given sufficient financial assistance to enable it to continually keep a representative in the field.

Third. That a certain sum of money be placed at the disposal of the Executive Board for the purpose of distributing among members and non-members books and papers upon political and economic questions; that the future policy of the Federation should be to have less strikes and a greater effort to educate the working class to a realization of its rights, duties and class interests as workers.

Fraternally submitted,

ROBERT RANDELL,

Executive Board Member, District No. 1.

Report referred to Special Committee.

Moved by Hutchinson, seconded by McLeod, that the evidence in the case of St. John vs. Randell be submitted to the convention, and in case this evidence is not on file at headquarters, that the Goldfield Miners' Union be instructed to forward the same. Motion carried.

No. 16.

L. W. Callahan, Executive Board member for District No. 2, submitted the following report:

L. W. Callahan's Report

Index, Washington, June 13, 1908.

Mr. Chas. H. Moyer, 605 Railroad Bldg., Denver, Colorado.

Dear Sir and Brother—On account of sickness in my family I was obliged to leave Denver for home on the last day of the Fifteenth Annual Convention and did not go on duty until July 23rd, on which date I left home for Seattle after information about the Slate Creek country, an undeveloped and very inaccessible mining country situated in northwestern Washington.

I left Seattle on the 24th and went to Rockport, the nearest railroad terminal to that country, but found the trail from there so difficult that I decided to go in via Wenatchee and the Columbia river, stopping off at Everett, Washington, to visit the Everett smelter, a little industrial hell controlled by our arch enemies, the Guggenheims. Here I found men sickening and dying in the poisonous gases of this smelter for the outrageous pittance of \$2.25 to \$2.75 per shift; the men were cunningly divided into different nationalities of about one-third English speaking, one-third Italian and one-third green Belgians, with no sympathy or class-consciousness existing between either division. I arranged to break into this modern capitalistic inferno, however, and arranged a meeting in a boarding house on the evening of July 25th, which was attended

by about forty out of a total of about one hundred and fifty employees. After an address I got a list of thirty names, but was unable to get enough money to even send for a charter, so postponed everything until August 10th, which was their pay-day.

As there were about one hundred and fifty miners in the Monte Cristo camp, situated in the Cascade mountains, western Washington, I left Everett for that point, arriving on July 27th and arranging a meeting on the evening of the 28th, where I was successful in organizing and instituting the Monte Cristo Miners' Union with a charter membership of twenty-five.

I left Monte Cristo July 29th for Slate Creek mining country, travelling by rail, steamboat, stage and foot, the last 75 or 80 miles being so rough and inaccessible that I was obliged to walk. I found probably one hundred and fifty men scattered over the entire 75 or 80 miles and no one camp employing more than fifteen men, with no public building or place to establish a meeting place. The camps through this country were, of course, too badly scattered to admit of organization. There has been considerable mining going on through the Slate Creek district for a number of years, but as yet everything is in the prospective stage and all transportation of the most primitive order.

Having received from V. P. Mahoney a list of several camps in Idaho and Oregon where organization might be effected, some of which were in the vicinity of Boise, Idaho, I started for Boise, after finishing my trip through Slate Creek on August 16th, and arrived there on the 19th, where I secured information concerning some of the mining camps of the surrounding country, and had the pleasure of meeting brother George A. Pettibone, who was yet incarcerated, a victim of the Idaho conspiracy.

Leaving Boise on August 20th, I visited Idaho City, but found few miners employed in the district and no chance for organization. I then visited Silver City, attending a meeting of that local on August 22nd and examined books on same date, leaving for Atlanta, Elmore county, Idaho, on the 23rd via Mountain Home, where I took a stage for Atlanta, arriving at noon August 31st. I got out among the miners that afternoon and by strenuous work, was able to call a meeting the same evening, institute Atlanta Miners' Union with a charter membership of twenty-four and leave for Weiser and the Seven Devils country the next morning, arriving at Weiser September 4th and leaving that point for a camp called Marshall Lake on September 5th, but after visiting The Meadows, a small place on the route and meeting and talking with some miners from the Marshall Lake country, I concluded the conditions were too precarious to warrant me taking a long, expensive stage trip into that country, and as fall was approaching and the Seven Devils is a deep snow country with no permanent camps during winter, I decided to postpone any further operations there and started for Cornucopia, Oregon, where, after a stage trip of 76 miles from Baker City, I arrived on September 9th, at midnight. After visiting some of the principal camps and finding about 160 men employed, I arranged a meeting on the evening of September 11th and started the Cornucopia Miners' Union off with a membership of twenty-eight. The vicious opposition of the general manager of the "Queen of the West" was an incident of this trip.

I left Cornucopia September 12th and visited Bourne Miners' Union and the Sumpter district, where I addressed a special meeting and examined books, after which I left for Granite Pass, Oregon, where I had heard considerable mining was in progress, but after my arrival on September 18th, found it impracticable to establish a local at that place on account of there being too great a distance between the different camps and only a few men in a place, so, hearing of the Blue Ledge just across the California line and only a short trip from Granite Pass, I concluded to visit that camp before leaving the vicinity; I arrived at the Blue Ledge on September 19th and found about 150 or 160 men in the camp, but conditions very crude, there being only one hotel aside from the company buildings and off of company ground, I secured permission of the proprietor to hold a meeting in his dining room and then went after the boys. I found about the same ratio of "weak knees," old Federation renegades, and natural good fellows, and after circulating among them for a day, was able to herd about 40 of them into the dining room, where, after an address of 30 minutes, we instituted the Blue Ledge Miners' Union with a charter membership of thirty-five.

After a lay-off of fifteen days, I visited the Skykomish mining district, situated in Snohomesh county, Washington, but found only a few men and camps isolated from each other, so abandoned the idea of doing any business with them and left on October 13th for Tacoma, Wash., where the Tacoma smelter is located, with a pay roll at that time of over 300 men. In March, 1907, these men went on strike for a raise of wages and

shortly after the strike was declared they were visited by Fred W. Heslewood, an ex-board member of the Trautmann I. W. W.'s, and also a member of the Western Federation of Miners, who carried a card in the Federation long before the I. W. W. was thought of and before the final separation of the I. W. W. and the W. F. M. at our Fifteenth Annual Convention. Mr. Heslewood immediately proceeded to organize the Tacoma smeltermen under a charter of the Trautmann I. W. W.'s. How a member of the W. F. M. can go around organizing smeltermen under another charter and still remain a member of the Federation without question or investigation, is something I should very much like to have explained to me.

The Tacoma Smeltermen's strike was finally settled by the men receiving some slight concessions and sending their I. W. W. charter back to Bush Temple as one provision of the settlement. After investigating conditions there at that time, I found that much bitterness had been aroused between two different factions, one of which had opposed the strike while the other favored it, while many of the best men had left the smelter. The management was particularly sore, and as the strike had only been settled a month before, I concluded to let matters rest easy for a while and left for Loomis, Okanogon county, Washington, via the Columbia river, arriving at Loomis on October 20th, where, after visiting the different properties, I arranged a meeting on October 22nd and was successful in launching the Loomis Miners' Union with a charter membership of thirty. One interesting feature of our meeting was the attendance of the general manager of the principal property of the camp, who gracefully retired when we were ready for initiations.

I left Loomis for Chesaw, Washington, where I made an attempt to revive the Myers Creek local at that place. I found fifty or sixty men at work in the camp, and after canvassing the place pretty thoroughly for two or three days, called a meeting on the evening of October 26th, and was handed the surprise of my life. The meeting was poorly attended and decidedly frosty; I was unable to arouse any semblance of enthusiasm and yet every man present was an "old" Federation man. After a little investigation, I found I had been wasting my eloquence on a brilliant assemblage of straw-bosses, shift-bosses, assistant superintendents, superintendents, general managers and the whole weary list with a small sprinkling of wild-eyed miners. It was an awful shock, Heaven preserve me from another one like it.

There were ninety odd dollars belonging to the defunct Myers Creek local, which I strongly advise the president to order sent to headquarters, as I do not see any future for that local.

Hastily shaking the Chesaw dust off my feet, I departed for Orient, Ferry county, Washington, where I found about 55 men, prospectors and all, engaged in mining and after a brief period of agitation among the available miners, arranged a meeting for the following Saturday and left for Republic where I examined books and visited Myers Falls and the Deer Trail country, but found nothing doing in these places, so visited the Northport smelter, which I found in good condition with practically all employees in the union. After inspecting the books I returned to Orient and held meeting, as was pre-arranged on Nov. 2nd. Out of 26 men at this meeting, I initiated 23, which may be considered fairly good work and much, if not all, the credit is due to brother Pat O'Brien, who did strenuous work among the boys and was installed first president of Orient Miners' Union.

There being nothing further to do in Eastern Washington at that time, I left for Everett to have another wrangle with the Guggenheim smelter slaves. I found conditions no better and, if possible, a more inaccessible bunch than I had encountered on my previous visit. I engaged the Labor Temple, had cards struck off advertising a free meeting on Sunday evening, selecting this particular evening on account of a Sunday-closing law for saloons, and hoping for a better attendance by having them shut out of the saloons, but alas! vain hope! I had less than a dozen men in attendance. The secretary of the Trades Assembly generously remitted the rent, so I got out of it luckily. I was told by an employer that after my first visit the management had threatened to close down the plant rather than allow the Federation to gain a foothold there.

Having a couple of days to wait for the proposed meeting night in Everett, I visited Monte Cristo, as I had heard the mines were closing down and the membership of that local at a very low ebb. I found everything closed down and the men all leaving the

camp. Under such conditions there was, of course, no hope of reviving the union, which ultimately became defunct.

As the time of the Executive Board meeting on December 1st was drawing near, I decided to go to Denver over the Southern Pacific and stop at one or two points in Oregon where I thought organization might be effected, so left Monte Cristo for Bohemia, Oregon, where I arrived November 23rd, but as this camp is situated in the main range of the Cascade mountains, at an elevation of about 6,000 feet and an early snow-fall of four feet had rendered travel through the mountains extremely difficult, I was compelled to defer the organizing of Bohemia until some more favorable time. I also made a stop at Grant's Pass, Oregon, but found the financial stringency and accompanying industrial depression had preceded me and after looking the situation over, I pronounced the camp defunct and went on to Denver, where I attended a meeting of the Executive Board called by Vice-President Mahoney to convene December 1st. After a session lasting 18 days, I left Denver for Cle Elum, Washington, where a local of the W. F. M. had lately gone defunct. I stopped over at Cle Elum on Dec. 22nd, and after conferring with some members of the Federation, fixed date of meeting on December 30th, and went on to Index, where I attended a meeting of that local and visited some mining camps in the vicinity, after which I started for the Coeur d'Alenes, stopping off at Cle Elum en route with the intention, if conditions were favorable, of re-organizing that local. After conferring with B. R. Levers and Joe Poletto, the former secretary and president of Cle Elum local, I decided to postpone the meeting until Saturday evening, January 4th. The meeting was poorly attended, there being not over 30 men out of a total of 600 in the camp, a majority of whom are Italians. I got about 16 names that evening, and as this is a coal camp and a majority of the miners belong to the U. M. W., who were decidedly dissatisfied with the idea of the re-establishment of a Federation local at Cle Elum, I, of course, was desirous of securing a substantial list of names before making application for a return of the charter, but as brother Joe Poletto assured me that he believed he could, if given a little time, secure 100 or more names, I left the list with him, reported the matter to headquarters and departed for the Coeur d'Alenes, where I visited Coeur d'Alene City on January 7th, Wardner, Wallace, Mullen, Burke, Murray and Gem on successive dates, addressing meetings at each place and examining the books of each local. As a district union had just been organized in the Coeur d'Alenes, I visited one of the first meetings which was held in Wallace on Sunday, January 12th.

After completing my work in the Coeur d'Alenes and having in the meantime received a letter from Ex-Board Member J. C. Lowney concerning an embezzlement charge against one, Chas. Unser, an ex-secretary of the defunct Mackay Miners' Union of Mackay, Idaho, who had stolen something like \$1,000.00 of the funds of that local.

After a brief visit to the coast, I started for Mackay, Idaho, arriving February 1st. Stated as briefly as possible, the situation was this: Chas. Unser, secretary of the defunct Mackay Miners' Union, had, when the union went defunct, pretended to send to headquarters supplies and funds of the union, but had in reality destroyed the books and charter and stolen funds variously estimated at from \$800.00 to \$1,000.00. This theft was, apparently, not discovered for about a year after, or about the time the Mackay local was again re-organized. The members of the re-organized Mackay Union appointed a committee to investigate, but before the committee took definite action, Mackay Union again went defunct, then some members of said committee wrote to headquarters and received instructions to do what they could to collect, and Nathan Clark, a lawyer of Boise, who knew the different parties and who had entered into some kind of an arrangement with the committee, was authorized to proceed. Clark went to Unser and endeavored to secure a settlement, but Unser stood pat and claimed he only owed the Federation \$60.00. This was how matters stood when I reached Mackay. I interviewed a lawyer and found the statute of limitations had expired and on writing to Denver for instructions, received word from President Moyer to settle under best terms obtainable, so made up my mind that if a strong bluff would not get the money, it was lost. After making every effort to meet Unser and failing, I called up the prosecuting attorney and discussed placing Unser under arrest on three separate charges, and had a lawyer in the meantime call up Unser and notify him of my intention, with the result that Unser immediately telegraphed that the money was ready. We settled for \$634.50, all that we could actually prove Unser had in his possession. The moral to this story is, that a bluff is a good thing when it works.

I was also successful in reorganizing a third Mackey Miners' Union with a charter membership of 25, which I trust will be more permanent than the two former ones.

Hearing that there were quite a number of men at work at Pearl, a mining camp situated near Boise, Idaho, I left Mackay for that point, arriving February 18th, where, after a day or two of strenuous hustling, I succeeded in organizing the Pearl Miners' Union with a charter membership of 21 out of about 130 men in camp and an attendance at the meeting of about 30. I consider this camp, by all odds, the hardest proposition to organize I have encountered. I was the fourth organizer who had visited Pearl, the other three having failed to score. About this time I received instruction from President Moyer directing me to visit all available locals in my district, together with the principal cities of the northwest on a general canvass for funds to meet our enormous expenses, which, notwithstanding the fact that our membership had been continually on the decrease since the industrial depression, with a corresponding falling off in revenues, had increased on account of strikes and legal expenses until our treasury was strained to the breaking point.

Acting upon these instructions, I visited Silver City Miners' Union at Silver City, Idaho, and secured a donation of \$185.00 on Feb. 22nd, and visited De Lamar, Idaho, on Feb. 23rd, where I secured \$308.00, or \$2.00 per capita on a membership of 154. Having received instructions from headquarters to again visit Cle Elum and report the situation at that place, where I arrived on Feb. 26th, and after making the necessary investigation, found there was a small bunch of Italians, numbering about 35, who were old Federation members and opposed to the U. M. W., which had a membership of more than 500 men out of about 600 in the town and were using every effort to thoroughly organize the camp.

I was treated very courteously by the officers of the U. M. W., whom I told that I intended arranging a meeting, if possible, in order to ascertain the sentiment of the miners and consider the expediency of re-establishing our local. They immediately posted notices in three different languages, calling a special meeting on February 28th and stating the reason therefor. The meeting was attended by 150 to 200 men and was a stormy one. I had two interpreters on the platform and the floor was at times a whirlwind of waving arms and shaking fists as Slavs, Italians and English speaking people attempted to be heard at the same time, or hurled defiance at each other across the hall. To be brief, I found out what I wanted to know and immediately made up my mind that we had no business invading a field so entirely dominated by the U. M. W. and that field their natural element, the coal mines. In the re-establishment of a Federation local at that place, I could see nothing but division and discord among the miners, as 30 names were as many as I was able to find who wished to revive our local; however, I advised those men to send in their application, requested the U. M. W. officers to send in a report of the meeting and sent in my own report advising against granting a charter under the conditions existing in Cle Elum, Washington, at that time. I was pleased to note that President Moyer shared my views on the question under consideration.

Being in receipt of a communication from a member of the Federation in Baker City, Oregon, who believed a local could be established at that point and desiring to visit Bourne Union to solicit a donation, after a trip to Index, Washington, where I collected a balance of \$200.00 due the Federation from Index local, I visited Baker City, but found conditions unfavorable for the organization of a local, as there were but few mines working in that vicinity, so after visiting Bourne Union and securing \$100.00 donation at a regular meeting of the local there, on March 14th, after a delay in Baker City of three days on account of washouts on the O. S. L., I left for Spokane on a general canvass for funds, arriving in that city March 19th, where I put in a week among the principal labor bodies, addressing the Carpenters and Joiners, the Stationary Engineers, the Central Labor Council, the Brick Layers, Sheet Metal Workers, etc.

The financial returns were not large on account of the depressed industrial conditions prevailing throughout the country, but I was well received, and if my impressions were correct, the Federation has a warm place in the hearts of the working classes of Spokane, but one incident occurring to mar the favorable reception generally accorded me, and this was a decidedly chilly greeting received at a meeting of the Carpenters and Joiners. I was merely tolerated, denied a seat in the hall and only allowed five minutes to state my mission. I found before leaving that the treatment handed to the carpenters of Goldfield by some of our red-hot revolutionists was the cause of the icy

atmosphere I encountered that evening in the Carpenters' and Joiners' hall at Spokane. They claimed 900 members and were having no troubles of their own, yet the donation I received was only \$25.00, ordinarily it should have been \$100.00. I noticed the same chilliness among the carpenters of Portland, Tacoma and Everett. "Our chickens are coming home to roost," occasionally anyway, and we are lucky no more of them drift in on us.

Concluding my work in Spokane on March 25, I visited Wallace, Gem, Mullan and Burke in the Coeur d'Alenes and received a donation of \$100.00 from Burke and \$100.00 from Mullan, with a promise of further assistance later on.

Hearing that Sec. Baer of the Gem local was under arrest for irregularities in his post office accounts, which he had charge of, I stopped at Gem and looked over his books. I found no shortage, but found his cash on hand largely in excess of his balance, so, according to his accounts, there was no telling anything about the finances; however, as there was less than \$100.00 on hand and no indications of shortage, I advised a committee which was present to immediately elect another secretary, which they promised to do.

After finishing this work, I departed for Seattle, where I looked over the labor field for a day or so and found conditions between the unions and the employing class so bad and so many idle men and soup house victims, that I concluded to make no effort to raise funds in Seattle and left for Tacoma where I had about the same experience encountered in Spokane and found that most of the unions were fighting for an existence against a well organized and robust Citizens' Alliance. I spent about a week in Tacoma, addressed some of the principal unions, made as many friends for the Federation as possible, but so far as I have noticed, got but little money.

Winding up my work in Tacoma on April 15th, I departed for Portland, arriving on the 16th, and during my stay attending meetings of the Allied Trades Council, Steam Engineers, Bartenders' League, Building Trades Council, Carpenters and Sheet Metal Workers.

I left Portland on the 24th and went to Everett, where I put in the time among the various labor organizations until May 1st, when I was obliged to retire from the field for about six weeks and live on my homestead.

In summing up my experiences during the last year, I must say that I am much gratified at the uniform success I have had in my work and the kind treatment generally accorded me among our own brotherhood and the many different outside labor organizations I have gone before in the discharge of my duties. I have endeavored at all times to cultivate a spirit of fraternity and harmony during my intercourse with union men and am glad to be able to say that I have been uniformly successful; while we may differ from our fellow unionists as to methods, we certainly cannot afford to become their enemies or make them ours; positively, nothing can be accomplished by such a course. The revolutionist who believes he is assisting the solidarity of the labor movement by snapping and snarling at everyone who may differ with him, is a badly deluded individual.

Upon receipt of a letter from President Moyer instructing me to visit the Boundary Falls country, where the Boundary Falls and Greenwood locals had lost most of their membership on account of the closing down of mines and smelters in that vicinity. Brother Davidson, the board member for that country, having gone to Douglas Island to assist in the adjustment of the strike at that point. I arrived at Greenwood on the 18th and found conditions better than I had expected, the mines and smelter at Greenwood having resumed operations and the smelter at Boundary Falls was on the eve of resumption. I held a meeting at Boundary Falls on June 24th, where the expediency of reorganizing the Boundary Falls local or temporarily re-entering the Greenwood Miners' Union was discussed by the ex-members and prospective members of Boundary Falls local, was pretty thoroughly gone over, with the result that a resolution was passed declaring for a reorganization of the Boundary Falls local.

After attending a meeting of Greenwood Miners' Union held at the "Mother Lode," where I found about 220 men had been employed and were coming into the organization as fast as they received their pay. Seeing nothing further to be accomplished at that point, I left for Orient, Ferry county, Washington, where I had organized a local in November, 1907, but as the officers were all absent and not having time to wait until a regular meeting night, I left for Denver on June 29th, where I have since remained.

Before concluding I wish to call attention to the advisability of having a repre-

sentative of our organization at the annual meetings of the Washington State Federation of Labor to co-operate with that body in its efforts to place an eight-hour law upon the statute books of the state. The Executive Board member for that district could always attend their annual convention.

The Washington State Federation of Labor includes the Trades Unions of Spokane, Tacoma, Seattle, Everett, Bellingham and some other smaller towns, together with the United Mine Workers, Shingle Weavers and others, and so far has not been attended by a representative of the Western Federation of Miners.

Will mention in conclusion that I revisited the Tacoma smelter April 11 last, but found more than half the employees layed off on account of no business, so made no effort to organize at that time.

Conditions in the mining industry in the northwest have improved during the spring and summer and it is to be hoped will soon become normal again.

Respectfully submitted,

L. V. CALLAHAN,

Ex-Board Member, W. F. M., Dist. No. 2.

Report referred to Special Committee.

No. 17.

J. C. Lowney, Executive Board member for District No. 3, submitted the following report to the convention:

J. C. Lowney's Report

To the Officers and Delegates of the Sixteenth Annual Convention of the Western Federation of Miners:

Dear Sirs and Brothers—I herewith submit a brief report of my work during the past year as a member of your Executive Board of District No. 3.

On the adjournment of the Fifteenth Annual Convention I attended meetings of the Executive Board until its adjournment.

On July 6th, I left Denver for Butte. July 9th I attended meeting of No. 1, at which a motion was passed instructing the officers of No. 1 to assist in getting Ropemen into No. 1 and No. 74. Next day I attended meeting of No. 83; following day I attended No. 74, at which jurisdictional trouble with Ropemen was taken up.

July 12th I attended meeting of No. 117, Anaconda, and found the organization in good condition with about 2,400 members in good standing. July 17th I went to East Helena and attended meeting of No. 126. The Austrian organizer, whom I placed at East Helena the previous month had the smelter thoroughly organized, and on this visit there were over 300 in good standing. They made a demand for 50 cents increase in wages, but compromised on a 20 and a 25-cent raise with a promise of a bonus of 5 per cent. for all those who worked continuously for three months.

July 18th I left for Cooke City, arriving on the 20th. On the 21st I called a meeting of miners and organized local No. 165 with thirty-three members to start. Cooke City is about 70 miles from a railroad and very difficult to reach, especially in winter. It has a good mineral district and in the advent of a railroad will have a large number of men employed in the district.

July 23rd I arrived at Jardine—called a special meeting of No. 139. This local was assisting the mine manager in prosecuting a murder case in which he was interested. I instructed them to have nothing to do with the case which they promised to do. No. 139 is controlled by the mine manager, as all of the members are his employees. The following day I went to Crevice, four miles from Jardine, where there are fourteen men employed. I tried to get them to join No. 139 at Jardine, and offered to have the charter removed to their district if they desired it, but they refused either proposition.

July 26th I returned to Butte. On the 28th I assisted in getting up celebration on the acquittal of Haywood, which was the biggest celebration ever held in Butte. July 30th I went to Anaconda to attend Haywood's celebration. On my return to Butte I assisted board of trustees of No. 1 in arranging for bond of \$25,000 for release of President Moyer.

August 6th I attended meeting of No. 1, at which meeting a committee from the Machinists Union of Butte appeared and asked the endorsement of the Miners' Union of a strike which the machinists declared a week previous for an increase of wages. The number of machinists who went on strike was about one hundred, and the number of men employed around the mines and smelters at that time who were not consulted about the strike was about ten thousand. I opposed the endorsement of the strike, because I did not believe that one per cent. of the men in any industry has a right to declare a strike and shut down that industry without at least consulting the other ninety-nine per cent.; furthermore, we claim, and have never relinquished our jurisdiction over mines, mills and smelters, and I contended by recognizing such a strike we would be relinquishing our jurisdiction. No. 1 did not endorse the strike. All the internationals working in the mines and smelters paid no attention to the strike whatever.

August 8th I went to Iron Mountain. There were twenty-five men working the district. I got up a petition for charter and forwarded it to headquarters. Next day I went to Carter and attended a meeting of No. 148. No. 148 is a live little local of 37 members. I went from there to Saltese and tried to get enough men to petition for a charter, but failed as the men working in this district are mostly prospectors and scattered over a large territory. I went from Saltese to St. Regis and attended a meeting of Lumbermen's Union No. 50. I found a unanimous sentiment among the lumbermen to join the W. F. M. I went from St. Regis to Missoula and took up the matter of affiliation of lumbermen with the Montana State Union with several representatives of the Lumbermen's locals.

August 15th I left Missoula for Libby, being informed that there were a number of men working in that district. On arriving there, however, I found there were not enough to organize.

August 20th I arrived at Great Falls from Libby; attended meeting of No. 16, and found that No. 16 had organized a branch local at Albright with about seventy members.

August 22nd I attended meeting of No. 74; on the 30th I went to Anaconda and took up the matter of the members of No. 117, presenting their cards for inspection by the secretary once a month. The recommendation was adopted, but since then was discontinued on account of the privilege given the secretaries of getting the pay-rolls from the timekeepers at the works. I also made an appeal for aid for Cobalt strikers. No. 117 donated \$250.00.

September 1st I attended a meeting of the Silver Bow Trades and Labor Assembly and got \$100.00 for Cobalt.

September 2nd I attended Labor Day celebration. On the 3rd I attended a meeting of No. 1, and made an appeal for funds for the strikers at Cobalt and Minnesota. No. 1, donated \$2,500.00 for Cobalt, and \$2,500.00 to the Minnesota strikers.

September 13th 5,000 men were laid off in the mines at Butte. On the 16th I notified the officers of No. 1 that no withdrawal cards be issued except to members showing transportation to Europe. At the meeting the following evening my action was endorsed by No. 1. This action was necessary on account of the great number applying for withdrawal cards, and my experience is that a great many of those taking withdrawal cards are slow to deposit them in locals where there is no compulsion to join the local organization. At the meeting on September 17th No. 1 passed a resolution refusing admittance to any one coming from the jurisdiction of another local without a card from such local. This resolution if strictly enforced would be of great assistance to other locals in organizing.

September 19th I attended a meeting of No. 74 and notified them on the withdrawal card proposition. The 24th I attended meeting of No. 1, at which meeting it was voted to put up bonds of \$15,000.00 for Geo. A. Pettibone if required at the request of President Moyer. On the 26th I went to Anaconda and took up the withdrawal card matter with the officers.

September 28th I went to Marysville and tried to get a meeting held, but the officers of No. 103 were unwilling to assist. The secretary promised to make arrangements for a meeting on my return at a later date.

October 1st the State Union Convention met. I attended the meetings of the convention until its adjournment on the 4th. The Lumbermen's delegates were seated. October 8th I attended a meeting of No. 1 at which a communication was received from the manager of the Amalgamated Copper Company, stating that copper was below

eighteen cents; that they were still paying \$4.00, but did not want it understood that the contract was being violated and asked for an answer to his communication. A committee was appointed to make a reply. The committee's reply was a reaffirmation of the contract. I opposed the committee's report for the reason that the W. F. M. had abolished all contracts and the same was ratified by No. 1, on a referendum. The committee's report was, however, adopted.

October 10th I visited the Machinists Union with committees from No. 1, No. 83 and No. 74, to try to settle the strike. They appointed a committee to confer with us. We spent three days in conference, but accomplished nothing. The conference brought out the fact that the machinists were ready at all times to repair any damage to machinery during the strike where such damage would endanger property. With such ideas possessed by strikers, their hopes of winning were absurd. The offer of \$4.75 by the employers still held good. The machinists returned to work two weeks later for \$4.50, the old scale.

October 12th an attempt was made by one of the operators in Butte to cut miners wages from \$4.00 to \$3.50. I visited this man accompanied by officers of No. 1, and No. 83, and had restored the wages.

October 15th I attended a meeting of No. 1; the \$15,000.00 bond for Pettibone not being necessary, it was voted to loan \$15,000.00 to the W. F. M. if called for at the request of President Moyer.

October 16th I went to Basin and found the organization in good condition in the Basin district. I went from there to Elkhorn, called a special meeting, and tried to get them to improve conditions in their district. This local is controlled by the Elkhorn Mining Company, and it is hard to accomplish anything.

October 20th I went to Missoula at the request of the Lumber Workers and attended a convention at which fifteen locals were represented. Brother Shannon, president of the State Union, was present. They decided to affiliate with the Montana State Union excepting one local at Bonner, which belonged to the Montana Federation of Labor.

October 23rd I went to Iron Mountain and organized local No. 175. This is a small local of about twenty-five members; only development work going on in the district. I went from there to Saltese and again tried to organize a local, but was unable to get a sufficient number together. I wrote to secretary of Mullan No. 9 advising him to visit the district and take in all those working.

October 28th I returned to Butte; attended meeting of No. 1, at which meeting a notice of wage reduction from \$4.00 to \$3.50 was received from the Amalgamated Copper Company, and accepted. Next day I went to Comet in the Basin district. A notice of wage reduction was given by the operators there. I urged them not to accept and they voted not to accept the reduction, but on a referendum vote taken three weeks later, they accepted the reduction.

November 1st I went to Eighteen-mile Tunnel to get some witnesses to testify against the contractors for a violation of the eight-hour law. We were successful in finding a couple of men. Brother Shannon and myself made several trips to the county attorney's office before we could induce him to enter a complaint against the railroad contractors. He finally consented.

November 6th I went to Corbin; attended meeting of No. 191. Went from there to Helena and learned that the principal mines in the Marysville district shut down.

The 11th I went to Great Falls. No. 16 at this time was dropping behind in membership. I urged upon them the necessity of keeping every one in the jurisdiction in good standing. The 13th I attended a meeting of East Helena and found the union in good condition. On the 17th I visited Anaconda. At this time there was a movement on foot to consolidate the two central bodies of Butte. I opposed the consolidation on the ground that they were going to recognize the Ropemen's Union. No. 1 withdrew from the central body. The Ropemen at this time went out of business. About thirty of them went into the Structural Iron Workers, the remainder joining No. 1 and No. 74. We could easily have disposed of the Ropemen long before, and established our jurisdiction, if the officers of No. 1 did their duty as they were instructed to do, but they failed and refused to do anything to force those Ropemen into line. The Structural Iron Workers changed their constitution and wage scale to accommodate the Ropemen.

November 22nd I went to Mackay, Idaho, on instructions from Acting President Mahoney. On arriving at Mackay I met brother Billings of No. 80, we went to the bank and store and got a statement of the amounts deposited and withdrawn by Charles

Unser, secretary of No. 80, which went defunct three years previous. We found by the statements that there was deposited in the store in the name of the union \$632.50 and in bank in the name of Unser \$442.60. I took brother Billings to Blackfoot and we gave the case to a lawyer named Hansbough to collect. He promised to collect for ten per cent. Brother Callahan will report further on this case.

November 27th I left for Denver to attend meetings of Executive Board. December 18th I returned to Butte. The 24th I attended a meeting of No. 1 and made an appeal for \$15,000.00 loan to the W. F. M., at the request of the Executive Board. No. 1 voted to forward the loan.

December 28th I received a letter from Secretary-Treasurer Mills stating there was a strike on at Zortman against company boarding houses. I was unable to go there owing to matters in Butte requiring my attention. A few days later I learned the strike was successful, the union winning out completely.

January 6th I went to Helena to visit Joe. Shannon and other prisoners who were in jail for contempt of federal injunction, and made arrangements for an interview with Judge Hunt pertaining to their release.

January 8th I went to Great Falls at the request of Acting President Mahoney to adjust a dispute between No. 16 and headquarters. The secretary of No. 16 sent in to headquarters for quarter ending June 30th, 1907, an estimated membership of 600, and paid \$600.00 for No. 1 assessment. They paid \$462.00 for No. 2 assessment, claiming that was the actual membership for previous quarter. On investigation I found the contention of No. 16 to be correct. They then allowed the extra amount of \$138.00 paid on No. 1 assessment as a donation, and at the same meeting made a donation of \$250.00 to headquarters. Next day I went to East Helena. The management of the East Helena smelter gave notice of a ten per cent. reduction in wages. At the meeting of No. 126 I urged on them the necessity of refusing to accept the reduction as the wages then paid were the lowest in the state. However, by a vote of 57 to 53 they accepted the reduction. The following day I went to Helena and met a committee from No. 1. We interviewed Judge Hunt on the Shannon, et al., matter. Hunt promised if we brought the matter to Roosevelt's attention, he would endorse their release within thirty days.

On January 12th at a special meeting of No. 1, we had resolutions passed addressed to President Roosevelt asking for release of Shannon and others. A few days later Senator Dickson sent a communication from Washington, stating that the President approved of the release, but when the time came Roosevelt and Hunt broke their promises, and the men served the full term of ninety days.

January 15th I went to Anaconda to have resolutions drawn up and passed on the Shannon, et al., cases. Next day I returned to Butte and attended court on the eight-hour tunnel cases. The matter was thrown out of court for want of prosecution, the county attorney practically refusing to prosecute.

January 27th I went to Marysville, and tried to get secretary of No. 103 to straighten up the accounts of the local, but on account of sickness and death in the family he asked for more time, which I granted.

February 3rd I received a telegram from President Moyer requesting me to go to Bingham Canyon, Utah. I arrived there on the 5th and proceeded to audit the books and accounts of No. 67. There were some accusations made by members that the accounts of the secretary were not straight. After making a thorough investigation of the secretary's books for three years past, I found them correct. During the two weeks that I spent in Bingham Canyon I visited several of the mines with Secretary Locke. I also visited the mills and smelters with Secretary Perry of No. 201, and we found several holding withdrawal cards from Montana, which they refused to deposit.

On the 15th of February I attended meeting of No. 201. The Bingham mills and smelters were poorly organized. Bingham Canyon is one of the biggest copper camps in the country—special efforts should be made to organize it. The great number of different nationalities makes it difficult to organize, and the continuous and persistent efforts of Secretary Locke and others in trying to build up the organization are to be commended.

February 17th I went to Garfield smelter. The majority of the men working at Garfield are Greeks; most of the English speaking men live at Salt Lake. I interviewed several of them on the prospects of starting a local. They told me that if the attempt was made all those taking part would hit the trail. The wages paid was from \$1.75 to \$2.50, and I was informed that the Greek working men had to dig up every month for

their jobs. This is one of McNeill's smelters. I left there without accomplishing anything.

The 19th I went to Mammoth; called a special meeting of No. 238. There are some energetic union men here, but they have an uphill task in getting men to join the union.

February 20th I went to Eureka and inspected books of No. 151. This district is well organized. Next day I went to West Jordan to attend meeting of No. 249. On account of the shutting down of the smelters at West Jordan, the members of No. 249 were contemplating disbanding. I advised them of the necessity of continuing the organization as long as there were enough to hold the charter. They quit the idea of disbanding and are still doing business.

The 23rd I went to Mercur; attended meeting of No. 199; found Mercur well organized; made an appeal for Goldfield strike, and they donated \$100.00. Next day I visited Murray No. 142. This local is in poor condition, somewhat similar to Garfield condition.

February 26th I went to Park City; attended special meeting at which the I. W. W. question was discussed. The majority of those present were opposed to the resolution previously passed by No. 144, endorsing the Trautmann faction.

March 1st I returned to Butte; on the 5th I went to Anaconda. The smelters at Anaconda resumed operations after several months shutdown. I took up with No. 117 matters pertaining to former members holding withdrawal cards and refusing to deposit them in locals in Utah. They resolved that none such would be admitted without first squaring themselves elsewhere.

March 10th I attended meeting of No. 1, at which referendum submitted by Executive Board was placed on file. The extreme radicals and the extreme conservatives united in voting to refuse the membership the chance to express their opinions on the referendum.

The 17th I went to Elkhorn accompanied by a committee from Corbin. We tried to get local No. 157 to have some grievances adjusted. They refused, claiming they had no grievance. The 19th I went to Boulder and notified the county attorney that the Elkhorn Mining Company was violating the eight-hour laws both for engineers and millmen. They immediately complied with the engineer's law, but nothing was done in the case of the millmen.

March 28th I went to Helena; attended meeting of No. 138. I took up the matter of consolidation with No. 103. It was laid over pending further investigation. The 31st I attended meeting of No. 1 by request to explain some disputes concerning W. F. M. loan and other matters.

April 3rd I went to Granite by direction of Acting President Mahoney to investigate charges against Secretary Higley. After looking over the books in the office I found it necessary to call in the books and accounts of the branches of No. 4.

On the 7th I went to Marysville accompanied by Secretary Tompkins of No. 138. We found only two members in good standing in No. 103. I took the charter and got \$50.00 from the secretary as per capita tax due from 1907.

On the 10th I went to Anaconda to attend Executive Board meeting of the State Union. April 12th I proceeded to inspect the ledgers of No. 1, to find membership in good standing. I found 3,200 in good standing on March 31st, 1907.

April 15th I went to Granite to audit the books of No. 4. I spent seven or eight days investigating the accounts of the Secretary for the past three years. I found a shortage of \$616.00; \$281.00 of which was admitted to be held by Secretary Higley and C. A. Russell one of the branch collectors, leaving an unaccounted shortage of \$335.00. I was unable to make a complete investigation, as some of the branch collectors refused to turn in their accounts. Secretary was suspended for six months by the union and also from office. He tried by injunction to get reinstated, but the courts refused to interfere. I advised the union to take necessary steps to recover the shortage, and if necessary, they would receive the assistance of the Western Federation of Miners. No. 4 is unfortunate in its secretaries, this being the third who has been found short.

April 28th I attended meeting of No. 1 at which a local assessment of \$1.00 was levied for Alaska strikers, the same being afterwards rescinded on notice of general assessment being levied.

April 30th I went to Clinton to investigate conditions there. Clinton being a branch of No. 4 and having applied for a charter I found about 50 men in the district. They strongly objected to paying any longer into No. 4, Clinton being 60 miles from Granite.

May 1st I went to Missoula to confer with representatives of Lumber Workers. They were threatened with a reduction of wages. I advised against accepting any reduction, and promised the support of the W. F. M. locals in Butte in their fight. I went from Missoula to Great Falls; inspected books of No. 16 and found 681 members in good standing March 31st. The local officers and members of No. 16 are making a systematic effort to get every one in their jurisdiction into the organization, and I expect to see the membership of No. 16 reach the thousand mark in the near future.

May 5th I attended meeting of No. 16. They donated \$50.00 to Alaska strikers. Next day I returned to Helena and found the books and property of No. 103, Marysville, was forwarded to the secretary of 138. I audited the books and found \$59.55 in the treasury with an indebtedness of \$132.00 for funeral benefits. The property of No. 103, which comprises a safe, books and supplies of little or no value I gave into the custody of No. 138. The \$59.55 in the treasury, together with charter, I turned in to headquarters.

May 15th I went to Clinton and organized local No. 24. Next day I went to Coloma to take up charter and property of No. 209, which went defunct. The mines in the district being closed down. On arriving there I found an attempt being made by branch local of No. 4 at Garnet to resurrect Coloma local by transferring into it and thereby retain the treasury, and also to sever their connection with No. 4. I attended a meeting of Garnet branch and tried to show them the unconstitutional methods they were pursuing, but they insisted on communicating with headquarters. The secretary of No. 209 refused to give up the books and money until he got further instructions. The amount of property in his possession was \$163.25.

May 21st I received a letter from President Moyer requesting me to go to Anaconda and make request for a loan of \$2,500.00 from No. 117 to raise a mortgage on Telluride hospital. I went to Anaconda next day and laid the matter before No. 117 and the loan was granted. Next day I visited Teamsters' Union of Butte and appealed for funds for the defense and Alaska strikers, and they donated \$10.00.

May 29th I visited the Workingmen's Union of Butte, and they donated \$100.00. June 1st I visited Barbers' Union of Butte; they donated \$100.00. June 9th I visited the Cooks' and Waiters' Union of Butte, and they donated \$50.00.

June 15th I went to Anaconda intending to go to French Gulch and try to organize a local, but on account of the condition of the roads I was unable to go there.

On June 19th I attended meeting of No. 117, at which the case of a man being black-listed by the company for beating a foreman was taken up. I went next day with the officers of the union to see the manager. We succeeded in getting the man reinstated. That evening I attended meeting of Anaconda Workmen's Union, and appealed for funds for the Alaska strikers. The matter was laid over for one week.

June 27th I went to Helena and inquired into the case of Michael McLaughlin vs. Elkhorn Miners' Union. This is a case where McLaughlin refused to deposit his card, and No. 157 placed a fine of \$10.00 against him. He reinstated in No. 138 and appealed to the Executive Board against the action of No. 157. The case is still pending. Next day I went to East Helena and took up with the officers the advisability of making a demand for an increase of wages. The union was again falling off in membership, and the conditions in East Helena are the worst in Montana.

June 29th I left for Great Falls, arriving there on the following day. I made an appeal for a loan of \$2,500.00, or part of it, at the request of President Moyer. Not being able to notify them previous to my arrival and there being a small attendance at the meeting the matter was laid over for one week.

Wednesday I left for Denver to attend meeting of the Executive Board.

I have travelled 12,298 miles by railroad and 474 by stage at a total cost of \$369.35.

The organization in Montana is rapidly recovering from the depressed condition which existed during the winter months.

I would recommend that Section 4, of Article 2, of the By-Laws be stricken out, and the following inserted to read:

"No withdrawal cards shall be issued to any member of the W. F. M., except such members are actually engaged in some occupation not included in the jurisdiction of the W. F. M., or one who permanently retires from the occupations specified in Article 1 of Constitution."

My reasons for recommending this amendment are: I found in my travels during the past year a great many carrying withdrawal cards and refusing to deposit them in

locals where there was no compulsion. Also I believe no man has a right to sever his connection with organized labor on account of being temporarily out of a job.

In conclusion I take this opportunity of congratulating the members of our organization in achieving the greatest victory ever won by organized labor in the acquittal of our officers from the false charges preferred against them by the Mine Owners Association aided by the unlimited resources of two states and the national government. And thanking the officers and members of the various locals for their active and friendly support during the past year, I remain

Yours for economic freedom,

J. C. LOWNEY,

Member Executive Board, W. F. M., District No. 3

Report referred to Special Committee.

Convention adjourned at 12 m.

THIRD DAY, JULY 15th, 1908

AFTERNOON SESSION.

Meeting called to order by President Moyer, and on roll call Pete Leonard and Wm. Howells were reported absent on account of sickness.

Moved by N. B. Cameron and seconded by C. R. Waters, that the following telegrams be sent to Grand Junction.

No. 18.

Denver, Colorado, July 15, 1908.

Mr. Steve Adams, Grand Junction, Colorado.

The Western Federation of Miners in convention assembled congratulate you, and each and all rejoice in your complete vindication from the foul charges of Bulkeley Wells and his co-conspirators.

ERNEST MILLS, Sec'y-Treas. W. F. M.

No. 19.

Denver, Colorado, July 15, 1908.

O. N. Hilton, Grand Junction, Colorado.

The Western Federation of Miners in convention assembled congratulate the attorneys for the defense in the Adams case in their splendid victory won for organized labor.

ERNEST MILLS, Sec'y-Treas. W. F. M.

Moved by J. A. McKinnon and seconded by T. A. French that the invitation of William Sick be accepted, and that Saturday night be designated as the date upon which the invitation be accepted.

The committee appointed by President Moyer to look after Wm. Howells reported that they were unable to locate him.

Moved by Burr, seconded by Morgan, that the address of every delegate be left at headquarters. Motion carried.

Roderick McKenzie, Executive Board member for District No. 4, submitted the following report:

No. 20.

Roderick MacKenzie's Report

To the Officers and Delegates of the Sixteenth Annual Convention of the Western Federation of Miners:

Gentlemen—In compliance with the custom of your Executive Board, I herewith submit to you a report of my work since my appointment by Acting President Chas. E. Mahoney as member of the Executive Board for District No. 4.

On July 22nd Brother Mahoney, who had been called to Silverton to assist in adjusting a dispute which had arisen between the local union and the Mine Owners' Association, informed me of his decision to appoint me on the Executive Board to fill the vacancy caused by the lamentable death of Brother Frank Schmelzer.

Although I had, with the able co-operation of Secretary-Treasurer C. R. Waters, made a fairly good success in organizing the wage workers in the jurisdiction of No. 26, yet I felt that neither my qualifications of intellect or experience justified me in accepting such an important and responsible position in the organization, and I briefly expressed my fears to Brother Mahoney by stating that I was not big enough for the position. However, being like most men, fond of the approbation of my fellowmen, I realized that this was an honor which might never again be repeated in my case, and after being assured by my friends of my fitness for the office, I made no other objections to accepting the same. So, on the morning of July 23rd, in company with Brother Mahoney, I left Silverton with the intention of accompanying him on the visits he had expected to make to the other locals of the San Juan while he was in the district.

On arriving in Red Mountain Brother Mahoney, who had communicated with Secretary-Treasurer Kirwan, received the message that the members of the organization on the Mesabe Range had declared a strike. This necessitated a change in Brother Mahoney's plans, and leaving Red Mountain the same night, I accompanied him as far as Ouray where I remained several days, attending the meeting of No. 15 on the 27th and returning to Silverton on the 29th.

On August 3rd I was present at the meeting of No. 26 and on the 5th left for Telluride by way of Durango. I stopped in Durango that night, using my available time in going amongst the laborers and ascertaining what possibilities there were, if any, of reorganizing a local at that point. There were quite a number of men employed in the coal mines which lie in close proximity to the town and there were also a large number, though mostly consisting of Mexicans, employed in and around the smelter. But, although the need of an organization was realized and admitted there appeared little or no desire on the part of those with whom I came in contact to have an organization started, and I left Durango the next morning feeling that a local might be reorganized at that point, but having little faith in the material then employed in that district.

On the evening of the 6th I arrived in Telluride and found the members of No. 63 in revolt against discrimination and the enforcement of the card system by some members of the Mine Owners' Association. A special meeting had been called for and on the evening of the 7th a good crowd filled the hall to discuss and decide upon some line of action to bring about a discontinuance of the card system and the discrimination against the members of the organization. The Liberty Bell properties were considered notoriously the worst in the district in this respect, as no man could secure employment with this company without first renouncing all allegiance to the Western Federation of Miners and afterward procuring a Mine Owners' card.

Although no union men were known to be working for the Liberty Bell Company, a great many of the members present at the meeting were in favor of declaring a strike on the properties of this company. I strictly opposed this and suggested instead that those properties be declared unfair to organized labor as long as they continued to enforce the card system. This was finally agreed upon and the same was to go into effect on the 15th, but it being impossible for Brother Nylund, the secretary, or any other known member of the union, to gain access to the properties of the Liberty Bell Company or the Smuggler Union properties, which also were regarded in the same class as the Liberty Bell, it was decided between Brother Nylund and myself to use the services of some of the repentant scabs of the Liberty Bell Company to convey to the employees of those respective companies the action that had been taken at the special meeting

of the union. The men designated to do this work, though scabs, faithfully carried out their instructions.

At this special meeting referred to it had also been agreed to admit to membership (gunmen excepted) all who responded to the call issued by the union, in accordance with the provisions of Article 8, Section 3, of the constitution of the W. F. of M.

On the 15th, through the solicitation of the Liberty Bell management, a conference was effected with representatives of the union. At this conference were present Manager Wheeler of the Telluride Bank (who, acting for the operators, solicited the conference), Manager Chase of the Liberty Bell Company and Mr. Howe, attorney for the Mine Owners Association; the union was represented by Secretary-Treasurer Andrew Nylund, H. A. Floaten, who had been deported several times, and myself.

We presented three demands, viz: the abolition of the card system, the privilege for the representatives of the union to visit the members at the mine and mill boarding houses, and the right for the men to support without compulsion whichever of the two local hospitals they preferred.

The camp being in a badly organized state, I deemed it advisable not to take any action that would be liable to precipitate a strike, and after an hour's conference, we finally compromised on the promise of the Liberty Bell management to abolish the card system. On the same day Bulkeley Wells, manager of the Smuggler Union properties, made a like announcement, but swearing vengeance to the Western Federation of Miners. In the two days following the date of this conference between forty and fifty members were admitted to the union.

During my stay in Telluride I audited the books of the secretary-treasurer and found the same correct, and I also instructed the local to have the secretary-treasurer placed under bonds.

On the 17th I left Telluride for Durango to again see what could be done at that point, and after remaining there until the 23rd, I left for La Plata accompanied by C. R. Waters of No. 26. On the next morning we left camp to visit the mines, which, all told, employed less than sixty men, returning to La Plata late the same night.

On the 25th I left for Hesperus where about sixty men were employed in the one coal mine operating at the time. At this point as well as at La Plata I found the majority of the miners to be former union men and were heartily in favor of a union, but owing to the late time of the month only a small number had any money.

On going into La Plata county it was my intention first to ascertain the conditions, and if those conditions justified the same, to organize two locals, one to cover the territory of Hesperus and La Plata and the other at Durango, but if the conditions did not justify the same, it was my intention to ask for only one charter for the whole county. My reason for this was that all former efforts, not only by the W. F. M., but by other organizations, to permanently establish a union of miners in Durango had failed, and for the reason that those unions which had been organized at that point had never gained sufficient strength to be self-supporting; and I believed that with one union in the whole county, with a secretary on salary to look after its interests, the chances for a permanent organization in that district would be materially increased. I had been in Hesperus about two days and had collected between that point and Durango and La Plata a total of one hundred and fifteen dollars (\$115.00) and the names of a large number who promised to join on the first pay day, when I was suddenly called upon to leave the district and proceed to Denver. Brother C. R. Waters to whom I turned over the money collected subsequently visited the district and organized a local at Durango and another at Hesperus.

On the evening of the 26th I received a telephone message from Brother Waters stating that I was requested by Acting President Mahoney to leave immediately for Denver. I left Hesperus that night arriving in Denver on the morning of the 29th.

As mentioned at the beginning of this report, a strike had been declared on the 19th of July by the members of the organization on the Mesaba Range, and upon my arrival in Denver, I was informed by Brother Mahoney, who had just returned from the Mesaba Range, that I would have to leave at once for that district and take charge of the strike. I left Denver on the morning of the 29th, but before leaving Brother Mahoney furnished me with all the correspondence that had taken place pertaining to the strike, between the general office and organizer Petriella, who, up to the time of Brother Mahoney's arrival in the district, had charge of the interests of the organization on the Mesaba Range. He also accurately and copiously explained to me the whole situation

as he had found and left it, and was firm in his conviction that there was no possible chance for the men to win the strike. Both he and President Moyer emphasized that point and urgently advised that I use every possible effort to persuade the men to return to work at once. They also pointed out the depleted condition of the treasury and the impossibility of the W. F. M. to finance a strike of such proportions, and at the same time conduct the struggles in Bisbee, Cobalt and Idaho.

On September 1st I arrived in Hibbing, the headquarters of the strikers, and met with Organizers Petriella and Pupich and John Maki, who had been appointed by Acting President Mahoney to represent the W. F. M. on the Range until a member of the Executive Board had arrived in the district. The situation I found was a serious one. Instead of the Western Federation of Miners, I found at Hibbing, in all except the name, an A. F. of L. organization, and as this convention may desire to know more about this strike than a mere mention in my report, I ask the indulgence of the delegates while I give as many of the details as will enable them to grasp an intelligent knowledge of the strike from its inauguration on July 19th until I left the district in the middle of November. The strike had been in operation for nearly six weeks when I reached Hibbing on September 1st. The small savings of the men had already been spent, while the treasury of their district union, as well as that of each local, was absolutely empty and unable to render the strikers any relief. Also the stores and the boarding houses had refused them any further credit; and the co-operative stores that had been started by the strikers had ceased to do business for want of funds. In addition to the trying situation thus created there were a great many members with families, who lived on the companies ground, and who, when they persisted in being parties to the strike, were forced to vacate their homes regardless of the fact that most of those homes were partly owned, and in many cases, fully paid for by the strikers who occupied them.

The move on the part of the mine operators aggravated the suffering and increased the burden of the strikers, but it was not wholly responsible for the bitter sentiment against the W. F. M. that I found upon my arrival in Hibbing. Organizer Petriella who had been struggling with the problem of organizing the workers on the Mesaba Range, and not being satisfied with the success he was making, embarked on a new plan of getting the mine workers into the organization, and taking into his confidence John Kolu, a leader among the Finns, and to whom he promised a dollar per head for every man he brought into the organization. They both started out to preach Petriella's new idea. From the one end of the Range to the other they went telling the miners that the Western Federation of Miners had millions of dollars to spend in bettering the condition of the miners on the Mesaba Range, and all that was necessary was for them to get into the union, go on strike, and the Federation would pay from five to ten dollars a week as long as the strike was in operation.

The deplorable ignorance of the majority of those men and the abject slavery in which they were existing rendered them easy victims to the gilded promises of Petriella and Kolu. On the strength of those misrepresentations, the miners flocked into the union by the hundreds and thousands a week; the strike was declared, the unions' treasuries were soon emptied and with the other conditions already mentioned, the strikers were placed on the verge of starvation. The eyes of the strikers were now turned on Denver for the fulfillment of Petriella's rosy promises, but there was no response from Denver such as had been promised by Petriella and, therefore, the miners began to suspect Petriella and Kolu of deception, but Petriella was not to be caught sleeping; he had to blame somebody and he blamed the officers and Executive Board of the W. F. M. Petriella had forwarded his resignation as organizer to President Moyer when I arrived in Hibbing. The following is a copy of his letter:

"Mr. Chas. H. Moyer, President W. F. M., Denver, Colorado.

"Dear Sir and Brother—A conflict having arisen between the general office and the local unions of Minnesota my conscience wants me to stand by the latter and, I, therefore, beg to tender you my resignation as your organizer in the state of Minnesota. A salary of five dollars (\$5.00) per day does not sell me and my convictions to any man or set of men. My place in this movement is a mission for the uplifting of the wage-workers, and when they are wronged I rebel against anyone. The miners in this district have been more cheated than wronged, cheated by your general office, and I feel it is my duty at this time here to fight for the miners against your office, as I have been fighting for them against the United States Steel Corporation.

"Fraternally yours,

(Signed)

"TEOFILO PETRIELLA."

He also had the district union endorse a letter which was sent broadcast appealing for funds, and in which it was stated that the general office of the Western Federation of Miners had turned down the Minnesota strikers and refused to give them any assistance. At the same meeting of the District Union, at which this letter was adopted, a committee was appointed to go and interview the state leaders of the A. F. of L., as well as the leaders of the Illinois Mine Workers, with a view of affiliating with the American Federation of Labor, providing they were promised some financial assistance to prosecute the strike. In the files of the District Union I found a copy of a letter of which the following is a part and which is an answer to a communication from Acting President Mahoney received a few days prior to my arrival on the Mesaba Range, and in which he urged that the men return to work as, in his opinion, there was no hope of winning the strike. It is signed by Petriella and Maki, two of the committee of three appointed by Brother Mahoney prior to his departure from the Range. The letter says: "We flatly refuse your suggestion about resuming work in the mines and pits owned by the United States Steel Corporation, and now and never will we submit your proposition to the membership. You can do that yourself or send somebody else to do that for you. At the headquarters of the W. F. M. so little consideration is given to the organization in Minnesota that when you, Moyer and Kirwan, came to the conclusion (which is the object of your letter) you forgot even to consider that this strike was not caused by anything else but by the fact that the mining companies were discharging our men by the hundreds. We cannot, we will not, and we must not tell the men formerly employed by the United States Steel Corporation to go back to work. The most of them would not be taken back anyhow. We were compelled to defend ourselves without waiting any delay, which might have been caused by an unjustified zealous respect for the "red tape" of the general organization. However, we lived up to the constitution of the W. F. M. We wired you before the strike was called and we wired you after the strike had become a fact. You have deserted us already. Facts speak louder than words. We are going to continue the fight against the steel trust with or without your support. We could have said a great many more things, but as we know that you have already made up your minds, we will keep them for a better occasion. We are sending a copy of this letter to Haywood in Chicago, although we have reason to believe that our general secretary-treasurer thinks and feels as you do." I quoted the most important features of this letter, and as I said, it is signed by Teofilo Petriella and John Maki.

On the night before I arrived in Hibbing, a meeting of the District Union had been held, and knowing from letters received from Brother Mahoney that I would soon arrive in the district, a resolution was adopted which was to the effect that if I failed to bring financial relief for the strikers, I would be forced to leave town on the next train.

From the foregoing actions of the leaders, you will have grasped the nature of the sentiment towards the Western Federation of Miners that was in control of the strike situation when I arrived on the Mesaba Range. But not only was this the sentiment of the leaders, but the deplorable ignorance of the striking members rendered them also easily susceptible to the preachings of the leaders, so when I arrived in Hibbing on the first of September every man, with the exception of John Movern, secretary of No. 47, and John Pupich, organizer in the ranks of the strikers, so far as I could understand the situation, was surly with bitterness towards the Western Federation of Miners. The very looks of the men betrayed their feelings of contempt for the Western Federation of Miners and that they regarded me as an intruder. But it was the condition that confronted me and demanded a quick solution when I arrived in Hibbing, Minnesota, on September 1st.

On September 2nd I accompanied Organizer Petriella, who was under a thousand dollar bond for carrying concealed weapons, and who was subpoenaed to appear on September 3rd before the grand jury in the city of Duluth.

The majority of the other leaders of the strike (who were summoned in connection with the cases of the several members who were at the time in the county jail awaiting trial), being present in the city that night, I called them together in my room to discuss the strike and get a more intelligent understanding of the situation, but more especially to impress upon them the fact that the Western Federation of Miners was not in a condition to finance the strike. Addressing those representatives, I requested that I be furnished with the full history of the strike, its cause, the number of men employed in the affected territory, the number of men responding to the strike call of the union, the number still on strike, the present attitude of the strikers and the situation as it stood

at that time, as to their chances for victory or defeat. And as there was a great deal of misunderstanding created throughout the W. F. M. by communications from Organizer Petriella, I will endeavor to give a brief sketch of the strike with the causes that led up to it.

In the files of the district office I found a communication dated three days prior to the calling of the strike; it is addressed to George Perham, Publisher, Eveleth, and signed by Organizer Petriella and contains an order for 15,000 strike notices. In this communication Petriella requests Perham that the matter be kept a secret and that the notices be sent to Hibbing at once. On July 19th, three days later, the District Union met in convention in Hibbing and while it was still in session it was reported to the meeting that 200 members of the union had been discharged on one of the properties of the Oliver Iron Mining Company, otherwise known as No. 49, the property of the United States Steel Corporation. The District Union there and then declared a strike on all the properties of the company on the Mesaba Range for discriminating against the members of the Union. At the same meeting of the union a district constitution had been adopted. It had previously been put to referendum vote and indorsed by 90 per cent. of the members voting. The third article of this constitution, the adoption of which would, in itself, have been more than sufficient to precipitate a conflict with the mine owners, is as follows:

ARTICLE THIRD.

Section 1. No member of a local union in the jurisdiction of this district shall work for a rate of wage less than that established by this constitution, to wit:

\$2.50 for an eight-hour shift on surface works.

\$3.00 for an eight-hour shift on underground works.

\$3.00 for an eight-hour shift for firing, pumping, shop and blacksmith works or any other skilled work not mentioned herein.

\$5.00 for an eight-hour shift for engineering and mechanical works.

Section 2. No member of a local union in the jurisdiction of this district is allowed to enter into any contract with his employer or shall accept any bonus wage.

This scale called for an increase in wages of from 50 cents to a dollar and a reduction in the hours of labor of from two to four per shift.

As soon as the district voted in favor of a strike, the news was immediately communicated to every local in the district, and gathering all the idle members and sympathizers together, processions were formed, which marched to the various mines and pits and succeeded in calling out all the men in the properties of the Oliver Iron Mining Company, with the exception of the skilled workers.

Although there were besides this one, a dozen other large and small companies operating in the district and equally guilty of the same injustice to the workers; the strike, however, was confined at first to the properties of this company, but a few days after the inauguration of the strike, the strikers, believing that they could more thoroughly control the situation, called out the men on all the other properties. But as with the skilled workers of the Oliver Company, so it was with those of the independent companies. With a few, if any exceptions, the mechanics and skilled laborers stayed at their posts, though many of them belonged to one labor organization or another and helped the scabs to break the strike of the miners. But for this fact alone, the scabbing of those so-called union men, the strike of the miners, though badly managed, would have had a different ending.

With the calling out of the men on the so-called independent properties, the strike assumed more stupendous proportions, as it affected every mine and pit on the whole Mesaba Range. When the strike was at its height, it was estimated that the number of strikers ranged from twelve to fifteen thousand. The miners had expected a strike and so had the mining companies and had prepared for it. No sooner had the strike been declared than the slums and alleys of Chicago, Milwaukee, St. Paul and Minneapolis were dumped onto the Mesaba Range in the forms of detectives and deputy sheriffs. From that time until shortly prior to my arrival on the Range, followed a series of murderous assaults on union men, and persecutions, prisons and courts such as you can only understand from a knowledge of the labor conflicts waged in Colorado and Idaho.

At the conference on September 3rd, held with the leaders of the strike, I was plainly told that the strike would continue with or without the assistance of the Western

Federation of Miners. The following day negotiations were to be opened with the leaders of the American Federation of Labor, and that night the Western Federation of Miners had its last chance to assist or refuse to assist, as a part of itself, the striking miners of the Mesaba Range. It was pointed out that the prospects for victory were brighter than at any time since the beginning of the strike. Up to that time from the beginning of the strike the mine owners had been dependent on their stock-piles, which consisted of the ore accumulations between the shipping seasons on the lakes, but the stock-piles were now exhausted and to prove it, I was brought to the harbor to show me the number of ore boats laying idle on their anchors for want of ore. They also pointed out how they had shut off the importation of strike-breakers by having agents watch every train which entered or left Duluth and that it was only a matter of perseverance to force the mine owners to concede at least some of the demands of the union, but the Western Federation of Miners must assist in the fight or cease to be recognized by the miners of Minnesota. I had exhausted all my gifts of argument, reasoning and persuasion, and knowing that I must do something, or return immediately to Colorado, I sent the following telegram to Acting President Mahoney, the next afternoon: "C. E. Mahoney, etc. Men determined to fight to finish. Outlook good. Mining industry completely paralyzed. Must have financial assistance immediately, or whole Minnesota district is lost to organization. Letter follows." In the letter I asked for five or six thousand dollars to which Brother Mahoney responded by sending the first named amount.

On the 4th I returned to Hibbing and on the 6th accompanied by Petriella and Manaroni, secretary of Chisholm, I went to Virginia but at that place the union office was closed and although we met and talked with a great many of the strikers, we were not able to locate the secretary.

On the 7th I called together a meeting of the District Union to either terminate or successfully continue the strike. I again urged that the strike be declared off and the men return to work, but it was useless. The delegates, as well as the hundreds of strikers that filled the hall, were determined to fight to a finish. The Finns were the backbone of the strike and they were determined to continue it. It was finally agreed that all who could should go to work on the independent properties and by so doing not only lessen the strike expenses, but assist in continuing the strike on the properties of the steel trust known as the Oliver Iron Mining Company. The number of strikers had by this time, owing to the desertions and the fact that a great many had to leave the district in order to live, dwindled to about eight thousand (8,000), two-thirds of whom were Finns.

On the 8th I went to Duluth, in company with Petriella and other members who had to appear before grand jury, and returned to Hibbing on the morning of the 10th. I attended and addressed a meeting of the Hibbing strikers on the 11th and wrote to Acting President Mahoney the same night advising that Petriella be continued in the field, as he seemed to be the only one who understood and was conversant with the situation.

On the 12th I visited Chisholm and addressed a meeting of the strikers, going in the afternoon to Eveleth and addressed a meeting there also. The situation at those two points looked favorable, as the solidarity and activity displayed by the strikers had prevented the operators from operating the mines and pits.

On the 13th I again went to Duluth in company with members who had to appear for trial, returning to Hibbing on the morning of the 15th. On the 17th I visited Sparta, Eveleth and Virginia.

On the 18th Petriella, plans for whose rearrest with other members had been made by the mine owners, left the state. This was decided upon after a consultation with our attorney, whom I told that the organization was not in a position to spend any more money in defending Petriella.

On the morning of the 21st I again visited Chisholm and again advised that they use their power with the rest of the district in bringing about a termination of the strike.

In the evening I went to McKinley and addressed the members that night at their regular meeting, pointing out to the men the futility of continuing the strike.

The next morning I went to Aurora, where I addressed the meeting in the afternoon. On the 23rd I returned to Hibbing and issued a call for a meeting of the District Union for the purpose of bringing about an end of the strike.

On the 25th the District Union met, but decided unanimously to continue the strike on the properties of the steel trust.

On the 28th I again visited Chisholm and addressed the members at their regular meeting.

On the 30th I went to Duluth to make a settlement with our attorney, returning to Hibbing the next day. On October 4th I met with the strike committee, where I advised that we discontinue further solicitations for strike relief, but it was decided to lay the matter over.

On the 5th I went to Nashwauk accompanied by Organizer Pupich, and on the Sunday night following addressed a mass meeting of the miners, returning to Hibbing the following day.

The effects of the industrial panic were now beginning to be felt and the strikers soon realized that the strike was lost. At a meeting of the District Union it was agreed that the strike was at an end, that all who could should go to work. The strike had not yet, however, been called off. Before leaving the Range, I recommended to Acting President Mahoney the appointment of Brother John Movern as organizer for the district, as it was absolutely necessary to have a representative in the district if the organization was ever to accomplish anything in organizing the miners in northern Minnesota.

I left Hibbing on November 15th, leaving John Movern in charge of the remnant of the organization on the Mesaba Range. In my short life I have seen many examples of man's inhumanity to man, and read many tales of cruelty and oppression, but never have I seen, heard, or read anything that so accurately and completely portrays an orthodox picture of hell as the conditions under which the miners work and exist in the iron fields of northern Minnesota.

Before leaving the Range November 15th, I made an itemized report to the District Union of all receipts and disbursements from the commencement of the strike until I left the district. This report was found correct and approved by the District Union, a copy of which, as demanded by your constitution, I also brought to headquarters.

On the 19th I arrived in Telluride and on the 20th, 21st and 22nd attended the convention of the San Juan District Union, which was then in session and which, according to the secretary's report, represented the largest membership in its history.

On the 23rd I attended the meeting of No. 26, and on the 30th I went to Durango expecting to be present at the meeting of the local that night, but on arriving at that point, I found that they met only twice a month and it was impossible to get a quorum of the members together that night.

On December 1st I left for Denver to attend a meeting of the Executive Board which convened on the 2nd and continued in session until the evening of the 18th. At that meeting of your Executive Board an action was taken, and although the same was demanded by your last convention and ratified by referendum vote, and although the action of your Executive Board in carrying out your instructions has since been indorsed by the majority of your organization voting on the question, yet I feel that the matter is not satisfactorily settled. My reference is to the call which was issued, in accordance with the instructions of your last convention, to bring together those labor organizations which accept the principles of industrial unionism. The issuing of that "call" together with the culminations which have accrued therefrom has created a chaotic condition and disruptive dissensions in your organization, which I believe should be considered among the most important matters coming before this convention. It is true that these dissensions may be supported by only a small minority, but it is also true that this organization cannot afford to have even a disloyal minority, no matter how small, under its banner, and I trust that the delegates in this convention, who shall receive my most earnest co-operation in legislating for the advancement of this organization, will settle this as well as other matters, not alone to the satisfaction of the majority, but in a way that will give the greatest satisfaction to every member of the organization.

On the 19th I left Denver for Scofield, Utah, where the local union was involved in a strike brought about by the discrimination of the Union Pacific Coal Company. I arrived in Scofield on the morning of the 21st and found that the men had returned to work and some of the discharged men reinstated on the condition, it was said, that the men sever their connection with the W. F. M. At a special meeting of the union it had been unanimously agreed to quit the W. F. M. and apply for a charter from the U. M. W. A.

The secretary telegraphed the U. M. W. A. for a charter, as instructed by the union, and in addition a messenger was sent to Rock Springs, Wyoming, to borrow a charter until theirs had arrived from headquarters. On this trip I was accompanied by Organizer James Peretto, who assisted me in addressing the local on the 23rd. After we finished speaking the local unanimously agreed to continue with the W. F. M. and to cancel by telegraph their order for a charter to the United Mine Workers. In company with Brother Peretto I interviewed the manager of the Union Pacific coal mine, who promised that there would be no further discrimination against the members of the W. F. M.

On the 25th I went to Helper and on the 26th, accompanied with Brother Peretto and Secretary Lemone of the Helper local, I visited the men employed in the mines at Kenilworth.

On the 29th both Organizer Peretto and myself addressed a mass meeting of miners at Helper, at the close of which sixty-five new members joined the union.

On the 30th I attended the meeting of the Scofield local and on January 1st addressed a mass meeting of the miners of that camp.

On the 2nd I returned to Helper to finish auditing the books of that local and assist the secretary in starting a new set I had ordered from headquarters.

On the 4th I again went to Scofield in answer to a telephone message from the secretary of the local. On my arrival in Scofield I found that seventy of the members had been laid off, but as no effort was made by the company to replace them by non-union men I advised the men at the meeting of the local on the 6th to take no action, as I believed the laying off of the members was due more to the industrial panic than to any discrimination against the members of the union. On the 7th I returned to Helper, leaving on the evening of the 8th for Rockvale, Colorado, arriving at that point the following evening. Rockvale being the center of a group of coal camps the United Mine Workers are also endeavoring to organize the mine workers in that territory. Four organizers were in the district at the time, and, at their invitation, I attended and spoke at the meeting held under the auspices of a small local they have at Williamsburg. But, although the meeting was an open one and widely advertised, less than two dozen were present.

On the 13th I attended the meeting of our local at Rockvale, and on the 19th addressed a mass meeting of the miners at the Rockvale town hall, attending the meeting of the local the following night and again on the 27th. While I was in Rockvale the membership of the local, which is a small one, was increased by more than one-third, but owing to the discrimination of the company Fremont county, however, is a hard field to organize and but for the fidelity and earnest work of two or three members the W. F. M., I fear, would have no representation in that district.

On the 28th I left for Trinidad, arriving at that point the following afternoon. On the same evening I accompanied Secretary M. E. White on his usual collecting trip to Jansen, Sopris and Frisco.

On February 5th, accompanied by Organizer Peretto, I went to Aguilar and the same afternoon visited several of the surrounding coal camps. On the 9th I attended the regular meeting of the local. As the secretary of this local was employed in a store and unable to visit the miners in its jurisdiction, I advised that it allow the secretary of the Walsenburg local \$25.00 per month to act as organizer for the Aguilar union when not employed in that capacity in the jurisdiction of his own local. This was adopted by the union.

On the 13th I went to Walsenburg and on the 14th, accompanied by Organizer Peretto and Secretary Gasper, I visited the coal camps Pictou, Maguire and Midland, and on the 16th attended the meeting of the local at Walsenburg.

A meeting of District Union No. 16 representing the coal miners of Colorado and Utah having been called to meet at Trinidad on the 18th, I returned to that point on the evening of the 17th. On leaving Walsenburg I had visited all locals of coal miners in my district connected with the W. F. M. and as I will have something further to say in regard to them as a "new problem" that this organization will have to solve, I will pass on to what follows of my report.

On the 19th I left Trinidad for Durango, where I found the local at that point in very poor condition. I left Durango on the 24th arriving at Hesperus and attending the meeting of the local at that point the same night. I found the Hesperus local in good condition, practically every man working in the camp being a member of the union. Durango being in close proximity to Hesperus and believing that the latter could greatly

assist in organizing the workers at the first named place, I suggested to the Hesperus local that they allow their secretary \$30.00 each month, so that he could assist in building the branch of the organization at Durango, the San Juan District Union and the Durango local to make up between them the rest of his salary. The Hesperus local adopted my suggestion.

On February 29th and March 7th I attended the meetings of No. 26, leaving Silverton on the 11th, arriving in Telluride on the 12th.

On the 14th I accompanied Secretary Nylund of No. 63 to Ophir Loop, intending to visit all the mines in that vicinity, but owing to the fact that pay day was put off to some later date by the companies, we returned to Telluride the same evening, having visited only the Butterfly Terrible mine. From that date until the 20th I assisted in getting affidavits for a change of venue in connection with Steve Adams trial.

On the 21st I attended the meeting of Ouray Miners' Union and on March 28th and April 4th the meetings of No. 26.

On the 8th, in response to a telegram from President Moyer, I left for Denver. I was informed by Brother Moyer that several complaints had reached headquarters from the Cripple Creek district in regard to the manner in which the affairs of the organization were conducted at that point and advised that I proceed there at once. I arrived in Cripple Creek on the 13th, attending the meeting of No. 234 in the Victor Hall on the 16th. I remained in the district until the 23rd, and assisted in getting several members from other locals to deposit their cards in No. 234.

I returned to Denver on the evening of the 23rd. The next morning I was informed by President Moyer that he had received a communication from Organizer Peretto, stating that a part of the organization in Southern Colorado demanded the presence of one of the officers of the organization at once, but Organizer Peretto having failed to state what the trouble was, President Moyer wrote to him requesting that he come to Denver at once, or state what the trouble was. Brother Moyer suggested, in case I should have to go to the southern part of the state, that I remain in Denver until he had heard from Organizer Peretto. Brother Peretto having arrived and the trouble, which was in connection with the local at Walsenburg, having been satisfactorily adjusted, I left for Utah where a conflict had arisen, in connection with the last referendum, between Park City Miners' Union and the general office in Denver. On May 10th I visited Murray and on the 11th arrived in Park City, attending the meeting of that local on the 16th.

This local had taken the stand that it would not be ruled or controlled by the constitution of your organization, as interpreted by your Executive Board, although that interpretation had been endorsed by the referendum vote of the Western Federation of Miners. The Park City Union had adopted a resolution to that effect and had sent the same to the Miners' Magazine for publication. At the meeting on the 16th I advised the local to reconsider and, for their own good, to rescind that resolution, but after several hours' debate a motion to rescind was finally tabled.

On the 17th I left Park City arriving in Bingham on the 18th. On the 20th I visited the Utah Copper mine and talked with the men as they went on shift. On the 21st, accompanied by Secretaries Perry and Locke, I visited the smelter, and the same night attended the meeting of the Mill & Smeltermen's Union No. 201. On the 22nd I went with Secretary Locke to the Highland Boy mine where we talked with the men coming off and going on shift. I attended the meeting of No. 67 on the 23rd, and on the 25th both Locke and myself again visited the Highland Boy mine.

On the 27th I left Bingham, arriving in Mercur on the 29th, attended the meeting of the local at that point on the 31st.

On May 4th I left Mercur arriving in Eureka in the forenoon. On the 5th I visited Mammoth, and on the 6th attended the meeting of No. 151. On the 7th, assisted by Brother Russell of No. 151, I addressed a mass meeting at Eureka, leaving the next day for Bingham, and arriving at that point on the 9th. On the 11th, in company with Secretary Locke, I visited the Highland Boy mine and on the 13th took part in the Union Day celebrations, addressing an open air mass meeting after the parade.

On the 16th I went to Salt Lake City where I met President Moyer, who was on his way to Park City, and whom I accompanied the next morning to that point. On the 18th I was present at a special meeting of No. 144, called for the purpose of settling the controversy that had arisen between Park City Miners' Union and the general organization. A fair attendance was present at this meeting and Brother Moyer had little trouble

in convincing the majority that it would not be to the best interests of the miners of Park City to have their connection with the W. F. M. severed.

On the 20th we arrived in Grand Junction, Colorado, where the trial of Brother Steve Adams was to begin on the 22nd.

In briefly reviewing the condition of the organization in the state of Utah, it is safe to say that the industrial panic affected the mining industry of that state as seriously as that of any other territory in the jurisdiction of the organization, and it was but natural that the decrease in the membership of the locals should proportionately be as great, or even greater than the number of miners thrown into the ranks of the unemployed.

When I visited Park City it was estimated that there were between three and four hundred men working in the camp, and according to Secretary Langford, at least three-fourths were in good standing in the union. In Murray, where the number of smeltermen used to range into the thousands, only a few hundreds are working. The local at this point is in very poor condition, principally due to the class of men employed in the smelting plants. Austrians and Greeks are almost exclusively employed and although there are a few good men amongst them, the ignorance of the rest and barriers of language render the problem to reach them almost impossible. Owing to its close proximity to Salt Lake and the low wages paid, it is my opinion that Murray will be the hardest place to organize in the whole state of Utah.

I visited Bingham twice, it is not only the largest and most permanent camp, but I also believe that it is the key to the rest of the state, for with Bingham organized little difficulty should be had in organizing the rest of the other camps of Utah. There is not only more work to do, but it is my opinion that more could be accomplished in and through this camp than any other in the state. On my visits to Bingham I endeavored to give Secretary Locke every assistance I could and I believe his quarterly reports show a marked gain. With intelligent exertion Bingham Miners' Union should rank as one of the strongest locals in the Western Federation of Miners.

The Mill & Smeltermen's Union No. 201 of Bingham has only a small membership, although there is plenty of material to work upon, but I believe that only through the influence of the Miners' Union can that material be brought into the organization.

Mercur is a one-mine camp and at least four-fifths of the workers belong to the union. In Eureka and Mammoth the panic affected the membership of the locals to a greater extent than any other part of the state. Both locals are weak and E. F. & B. No. 205 at Eureka is practically defunct. This local was chartered since your last convention, but it has held no meeting this year, nor have they collected any money. This local should never have been chartered.

At West Jordan the mills and smelters are closed down tight, but enough of the old members are eking out a living in other avocations to keep the local at that point intact. I did not visit Kimberly, as I was told that it would be a waste of money to do so, owing to the fact that there was little or nothing going on in that camp.

I had also intended going to Newhouse, Frisco and Milford, but as I was assured by members, who had recently visited those places, that there was little or no mining going on, I decided that nothing would be gained by my visiting those camps.

Utah is a hard state to organize. There are not only all the difficulties which are found in other states to be contended with, but the dominant church inculcates in the minds of her people a prejudice against labor organizations, as firm as any part of their religious creed. In this way the average native of Utah is rendered the hardest hiped to unionize in all America.

In Colorado the condition of the organization is not as bad as that of Utah. This is due to the fact that the mining industry in the former state was less violently affected by the financial depression. The San Juan district, although greatly affected by this depression, has a membership at this time that compares very favorably with that of any report for the month of June in its history. The mines, however, at both Creede and Red Mountain were shut down all winter, so that the locals at those two points have been barely able to hold in existence.

In the Cripple Creek district the organization received the severest blow of any camp in Colorado. Last fall No. 234 became involved in a strike brought about by the refusal of union and non-union alike to take out the new permit card issued by the Mine Owners' Association. Up to that time No. 234 was fast increasing in membership and the mine owners, realizing this, issued a new permit card without which no one

could hold or secure employment. The strike, which the men finally had to give up, lasted only a short time, but with over two-thirds black-listed of the men who took a stand against the new card. Mostly all of those men were members of the union and had to leave the district, which placed the union in a position where it practically had to start all over again. No. 234 has a good treasury, but a very small membership. The greatest difficulty to be contended with in the Cripple Creek district is the disposition on the part of the members from outside locals to not deposit their cards in No. 234. Even at this time the membership of that union would, I believe, be three times what it is if those outside members would live up to the constitution. On my visit to the district I was told that members from No. 1 and No. 33, and members from Arizona locals were the worst offenders in this respect. I don't know what measure to suggest to remedy this abuse, but it is the principal reason why both the Cripple Creek district and Telluride are not organized to-day. Discrimination and the black-list are used by the mining corporations in those two camps and union men as well as outside local unions are assisting the corporations in injuring the two locals mentioned by their open violations of the constitution and by-laws of the Western Federation of Miners. Silverton and Ouray, which themselves are thoroughly organized, and all the other locals of the San Juan have given Telluride great assistance to build and recuperate from the effects of the last strike, but little or no assistance has been given to No. 234 of the Cripple Creek district. With many members of the Western Federation of Miners Cripple Creek is still a scab camp. There are enough scabs in the district, it is true, to justify that accusation, but there is no justification for regarding and treating No. 234 as a scab union. There are still men in that district who believe in man's rights and in union principles and we are willing and ready to fight for them. They are trying to again unionize the Cripple Creek district, but they cannot do it, if they are treated as scabs in their every effort. It is true there are men in No. 234 who scabbed or took out Mine Owners' cards in violation of union principles, but is it not also true that they have professed to have seen the error of their actions, and should they not be given a trial until they again have demonstrated their infidelity to the principles of unionism; or are they always to be treated according to the modern axiom—"Once a scab always a scab"? If they are, and given to understand it, they will organize, as is already being done, a union of scabs, which, assisted by industrial panics and labor strikes, should not take long to outnumber in strength the Western Federation of Miners. Cripple Creek must and shall again be unionized, but in order to bring that change about, we must have the co-operation and assistance of the rest of the organization.

On June 24th I arrived in Aspen. On the 26th I attended a meeting of the Socialist local, which is composed of members of the local union and to which the members of the union had been invited. Owing to the effects of the industrial panic, the Aspen local is in a weak condition. I arrived in Leadville on the 28th. As a result of the panic the local at that point also has lost more than half its membership and the few live members find it a hard task to hold a meeting. During the two months, May and June, only two meetings were held, owing to the difficulty of getting a quorum to attend. The majority of the workers in the camp consist of Austrians and it is a difficult matter to get them into the organization. I attended the meeting of the local on the evening of the 2nd, leaving the same night for Garfield. The local at this point has only been recently organized and apparently is in good shape. After giving the secretary of the local some instructions in regard to his books, etc., I left for Denver to attend the meeting of the Executive Board, arriving at that point on the morning of the 4th.

The reading of this report may have already, I fear, exhausted your patience, and being only an accident on the Executive Board of your organization, it would appear, no doubt, more graceful and less pretentious were I to end my report here, without offering any suggestions or recommendations to this convention, but as it is not at all impossible that I may never again have the same opportunity I consider it my duty to give this convention the result of what the observation and experience of the last eleven months has convinced me would be of benefit, if adopted, in advancing the interests of the Western Federation of Miners.

Before offering my first recommendation, I would ask first that the delegates brush their memories and critically survey the whole arena of the active jurisdiction of the W. F. M. for, let us say, the last five or six years. Let us carefully tabulate every victory as well as defeat; every big strike won, and every big strike lost; the gains made in time and money by our victories, and the time and money lost by our defeats.

After we have done so let us add and subtract according to the simplest rules of arithmetic and ascertain what we have gained for that period. Are we not forced to admit, as we scan the result of this mental effort that in the last six years, so far as actual strikes are concerned, the Western Federation of Miners has been a complete failure, that our losses have been at least as great as our gains? If there is anything like the truth in this conclusion, is it not our duty to ascertain the cause? My answer is that our battles were lost because: first, they were not scientifically planned; and, secondly, because they were based and waged upon the starving power of our members. The endurance power of our members to live without food was our greatest asset in our conflicts of the last five or six years. During all these conflicts the organization was at no time in a financial condition to properly assist any of the unions involved in those struggles, and as a result, defeat and disaster has constantly followed in our way.

The strike is no longer a game of chance or luck. It must be played as scientifically by the workers as it is being played by the capitalists; for if it is not, then the strike becomes not a powerful weapon in the hands of labor, but a mighty club in the mailed fist of the master to further degrade and enslave the workers. The Western Federation of Miners must change from its past method of applying the strike. It must learn to view the welfare of the local union as a part of, and in the light of, the welfare of the whole organization, and as the central body it should have full control over all its affiliations. The continued misuse or abuse of the strike by local unions has so completely sapped the life and energy of the W. F. M. that to-day it is practically helpless and unable to offer any effective resistance to the least encroachment of the mining corporations. As a step towards remedying this evil and the retrenchment of the organization's forces, I would suggest that it be made illegal for any union to enter upon a strike FOR ANY CAUSE WHATSOEVER without first receiving the sanction of the Executive Board of the Western Federation of Miners. This will necessitate the amending of Article V, Section 1, of the constitution.

As another step in the same direction, I would also suggest that this convention make it unlawful for the Executive Board to approve any strike involving hours and wages, except when an equal value is placed upon the labor of all underground men for the same period of time; in other words, only those strikes whose objects are the establishing, maintaining and the raising of a minimum scale of wages and the uniform shortening of hours, should be endorsed. A scale of wages that places a higher value upon the labor of one miner than it does upon that of another, is detrimental and antagonistic to the best interests of all the workers.

Another recommendation I wish to make is that some measure be initiated to put a stop to the wanton extravagance of local unions in squandering their funds through investment of the same in palatial halls and hospitals and other costly institutions. I am not opposed to a union owning a hall or a hospital when it can afford to, but I am opposed to a union starting to build a hall or hospital that costs from ten to thirty thousand dollars when it has a treasury of only a few hundred, or a few thousand dollars, and thereby sink the organization into thousands of dollars of debt.

In district No. 4 alone, the halls and hospitals owned in whole or part by the various local unions, represent, by the most conservative estimate, an investment of at least \$200,000, and with few, if any, exceptions all those buildings are a burden upon the neck of the organization.

In the Cripple Creek district the two halls represent between forty and fifty thousand dollars. From this investment the organization derives an income of about \$100.00 per month, from which it has to pay a caretaker \$50.00 per month, besides all taxes.

In Telluride the union built a hospital into which the general organization had to sink nearly seventeen thousand dollars or lose the hospital. This building represents an investment of about \$40,000.00. It is lying idle and the organization has to meet the tax bill.

In Park City the union invested its every cent in a hall and hospital. The salary of the secretary had to be stopped because otherwise they could not meet their bills, as the treasury is empty.

In Bingham between eight and nine thousand dollars were sunk in a hall foundation, but that was as far as they got. Their treasury gave out.

In Eureka there is an indebtedness of seven or eight thousand dollars and the

treasury is empty. There, also, the salary of the secretary had to be stopped and for the same obvious reason.

In Silverton the local has a hall, which may be considered a source of revenue, but at this moment excavations are going on for the erection of a twenty to thirty thousand dollar hospital, which, under favorable conditions, it is true, will not take No. 26 long to pay for; but that is not all, one unsuccessful scrap with the mine owners, it is more than possible, would place them in the same position as Telluride and the Cripple Creek district. It is not likely that any other district in the organization can point to as many useless investments as I have mentioned, but I believe that what is true, in this respect, of District No. 4, is true to some extent of every district in the Western Federation of Miners. By the investments I have enumerated, each and every local named is rendered as helpless as a new-born babe, so far as their power to offer any effective resistance is concerned. They are not only "broke," but in the majority of cases, as you have observed, they are to their ears in debt. And when you note that with the exception of Ouray, Leadville and Mercur, I enumerated every local that is recognized with any seriousness in their respective communities, in the whole territory of District No. 4, the conditions should assume to you a more important aspect.

With the money represented by those dead monuments within its treasury, the Western Federation of Miners would be a power instead of being almost helpless and financially bankrupt, as it is to-day.

The W. F. M. is not a commercial organization. If it is, let us pull down our charter as a labor organization. If we have surplus funds, let them be used in the proper and legitimate purpose of advancing the interests of our members and not in building halls for the militia to live in when we go on strike. As a step towards this end, I would suggest that it be made illegal for any union to invest in any property without the approval of the Executive Board or the convention of the W. F. of M., or as this body may decide.

In my reference to the Cripple Creek district and Telluride, I stated that members were violating the constitution by failing to deposit their cards, and that local secretaries were assisting in this violation by accepting dues from members working in other locals' jurisdiction, but this occurs not only in Cripple Creek and Telluride, but in many other camps in Colorado and I found that the same is true in almost every local in Utah. To put a stop to this I would recommend that another section be added to Article II of the by-laws, imposing a fine upon any secretary accepting dues from any member living in the jurisdiction of another local without first having received the sanction of the president of the W. F. M. or the Executive Board member of the district involved. This, I believe, would materially assist in putting a stop to this flagrant violation of the spirit of our constitution and principles of our organization.

In the course of this report I stated that I would have something further to say about the coal miners in the jurisdiction of No. 4. And to begin, I would estimate that the number employed under normal conditions, not including New Mexico, would be about twenty-five to thirty thousand men. Assuming these figures to be approximately correct, I will state that less than 5 per cent. are in any way connected with the Western Federation of Miners. There are five locals, as follows: No. 237, Helper, Utah; No. 185, Rockvale; No. 198, Trinidad; No. 162, Walsenburg, and No. 173, Aguilar, Colorado, but the Trinidad local is the only one strong enough to support a secretary.

With the exception of the one at Helper, Utah, all these unions were chartered since the adjournment of the Fifteenth Annual Convention, and their membership is principally composed of men who formerly belonged to the Union-at-Large. Their total membership, including the Helper local, is less than a thousand members. Last November they organized as a district union and upon their application, were granted a charter by your Executive Board. Since that time, believing that thereby they could wield a greater influence among the Italian miners, they assumed the ownership of the "Il Lavoratore Italiano," an Italian newspaper published in Pittsburg, Kansas, but as they have no funds to meet the \$2,000.00 indebtedness incurred by the purchase of this paper, they must eventually give it up, if they are not immediately given a very substantial assistance by this organization.

On my visit to those unions I was very much impressed by their apparent loyalty to the Western Federation of Miners; although they had hardly enough funds to meet their own local obligations, three of the five locals mentioned made donations to the Defense Fund, which were quite liberal. But neither their loyalty to the W. F. M. nor their earnest

endeavors to increase its power has solved, nor will it solve, the problem which they, as a branch of the mining industry, present to the Western Federation of Miners. From the very first time that the Western Federation of Miners sent organizers into the coal fields of Colorado and Utah to organize the coal miners, a conflict has been going on between our organization and the United Mine Workers of America, and since the coal miners' strike of 1903 and 1904, both organizations have continuously kept paid organizers in the field for the purpose of organizing the coal miners of that district. Neither organization has been very successful, but whatever gains have been made may be justly claimed by the Western Federation of Miners. Neither organization, however, has accomplished anything to boast of, except the large amounts of money they have spent in their effort to organize the coal miners.

There is no desire with the great majority of those miners for a labor organization. Their only experience with such was the great and disastrous strike of the United Mine Workers during the years 1903 and 1904 and the experience they went through during that strike was sufficient to convince them that the United Mine Workers was not the right kind of an organization. They have, consequently, ever since, with the exception of a few old loyal members, been opposed to that organization, so that the great majority of those who are in favor of an organization at this time are more in sympathy with the Western Federation of Miners. In addition to this the organizers of the W. F. M. have invariably been recruited from the ranks of former United Mine Workers, and it is not difficult to surmise that they do not fail to point out the weakness of that organization. Another peculiar feature of the situation is that the mining corporations strictly prohibit the representatives of the United Mine Workers upon their properties, especially in Las Animas and Huerfano counties, Colorado, while the organizers of the Western Federation of Miners can almost invariably go unmolested from place to place.

I have endeavored to place before this convention the most important features as they presented themselves to me in connection with the situation in the coal fields of Colorado and Utah, and I now ask this convention before its adjournment to answer the question: What is the Western Federation of Miners going to do with the coal miners? Although I have given this question much consideration, I feel that I have no satisfactory answer to offer, but in view of the fact that representatives of the United Mine Workers have been selected by their organization to confer with representatives of this convention to bring about a satisfactory adjustment of the jurisdictional dispute between the two organizations, I want to say for the benefit of those who may be designated by this convention to take part in that conference, that, in my opinion, the Western Federation of Miners, so long as the two organizations maintain their present status, will never benefit the coal miners of Colorado and Utah WITHOUT THE FULL CO-OPERATION OF THE UNITED MINE WORKERS. With that I mean in case of a strike the United Mine Workers must refuse to furnish coal to the markets of the coal corporations of Colorado and Utah, or else any effort on the part of the W. F. M. will fail. On the other hand, it is also my opinion that it will take the United Mine Workers from at least five to ten years to overcome the prejudice against their organization, which was created in the minds of the miners in Colorado and Utah by the disastrous failure of the coal miners' strike of 1903 and 1904. This prejudice is so strong that even the lives of organizers of the U. M. W. A. are not safe among former members of that organization. These facts make evident the obstacles which confront both organizations in that field and the necessity for a more harmonious understanding between them, if they expect to advance the interests of the coal miners of this district. If the two contending organizations cannot satisfactorily adjust this jurisdictional dispute, it would then be far better for the coal miners of Colorado and Utah if one of the organizations would withdraw from the field entirely.

In concluding this report, I wish to thank the organization for the valuable experience that I have gained during my term of office; I also wish to thank the officers of the organization and the officers and members of the local unions for the assistance and many courtesies extended to me during the same period in carrying out the duties of my position. And finally I wish to assure my successor of my full sympathy and support and that I shall be at all times ready to give to him the benefit of my experience as a member of the Executive Board of the Western Federation of Miners.

Respectfully submitted,

RODERICK MacKENZIE,
Executive Board Member, W. F. of M.

The reading of the report was interrupted by the appearance of Thos. Lewis, president of the United Mine Workers of America; J. L. Lawson, member Executive Board U. M. W. of A., of Colorado; Duncan McDonald, member Executive Board U. M. W. of America; and, James Mooney, national organizer of the U. M. W. A. President Moyer introduced Brother Lawson to the convention, who, in a short address, expressed a hope that in the near future an affiliation would be effected between the W. F. M. and the U. M. W. of A.

Duncan McDonald was then introduced by President Moyer. Brother McDonald, in an eloquent address, also advocated a closer alliance between the two organizations.

President Moyer, in a brief talk, introduced Brother Thos. Lewis, president of the United Mine Workers of America, who was received with applause. President Lewis reviewed the organized labor situation in a masterful address, and stated that it was the desire and wish of the U. M. W. to assist in every way possible the W. F. M. in their efforts to organize the metalliferous miners of the American continent, and requested similar support from the W. F. M., closing with an appeal for a closer relationship between the two organizations.

President Moyer replied in behalf of the convention, expressing his appreciation of the moral and financial support rendered by the U. M. W. of A. during the last two years, and pledging his best efforts to bring about a more harmonious feeling between the two organizations.

The following telegram was read:

No. 21. Grand Junction, Colorado, July 15, 1908.
Western Federation of Miners, 605 Railroad Bldg., Denver, Colo.

Steve Adams was acquitted by the jury after deliberating one hour.

O. N. HILTON.

Moved by McKinnon, seconded by Terzich, that we now adjourn in honor of the acquittal of Steve Adams. Motion carried.

Adjournment 4:30 p. m.

FOURTH DAY, JULY 16th, 1908

MORNING SESSION.

The convention was called to order by President Moyer at 9 a. m. The roll call was read and the following delegates were noted absent: Peter Leonard, reported sick, and George T. Phillips, reported sick.

The minutes of the last two sessions were read and approved as read.

Moved by J. A. MacKinnon, seconded by Fitch, that the following telegram be sent to Rossland Miners' Union. Motion carried.

No. 22. Denver, Colorado, July 16, 1908.
R. Tees, Sec'y Miners' Union No. 38, Rossland, B. C.

Brothers—The Sixteenth Annual Convention, W. F. M., sends greetings on this your thirteenth anniversary.

ERNEST MILLS, Sec'y.

Roderick MacKenzie, Executive Board member for District No. 4, completed the reading of his report:

Report was referred to the Special Committee.

James Kirwan, Executive Board member for District No. 5, submitted the following report:

No. 23.

James Kirwan's Report

Denver, Colorado, July 1, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—I herewith submit a brief report for the time that I served as member of the Executive Board for District No. 5 since the adjournment of the Fifteenth Annual Convention.

After the convention had adjourned I remained at headquarters as acting secretary-treasurer of the organization until after the meeting of the Executive Board in December, when my resignation as acting secretary-treasurer was tendered to and accepted by the members of the board.

Acting under instructions from Vice-President Mahoney, I left Denver December 21st, and arrived in the Black Hills December 22nd. From that date to January 1st, 1908, I visited the local unions in the Hills, and at a meeting of Lead Miners' Union No. 2 it was decided that an effort should be made to build up the organization in that camp. The union appointed one of their members, Earl Huntly, to assist me in securing new members, and for a period of six weeks we worked among the non-union men in the camp, with the result that a number of new names were added to the membership of the local.

February 19th I visited Galena Miners' Union No. 68, and found an active local with a membership of about 125 in good standing. Shortly after my visit there, one of the companies operating in that camp closed down, and as a result the membership of the local has decreased; but the officers are active and progressive, and will experience no trouble in keeping their organization intact. On my return from Galena I went to Central City and assisted Secretary Hinton, of that local, for a few days.

On February 27th I received a communication from President Moyer requesting me to come to Denver as soon as convenient. I left Terry February 29th, reaching Denver March 1st. Acting under instructions from President Moyer, I left Denver March 2nd for Diamondville, Wyoming, arriving there the following day. The purpose of my visit to that locality was to effect a settlement, if possible, with the mining company who has been attempting for several years to secure the funds of the defunct Diamondville union. The attorneys for the company refused to enter into any agreement regarding the disposition of the funds that, in my opinion, would be satisfactory to the Federation, and our only recourse at this time is to fight the matter in the courts.

After the Wyoming matter was disposed of, I visited other portions of the jurisdiction under the directions of President Moyer, returning to Denver April 2nd.

I left Denver April 4th, and arrived in Terry April 5th. From April 5th to April 13th, I was not employed by the Federation, but on the 14th, I was notified by Jos. Hinton, secretary of Central Miners' Union No. 3, that a meeting would be held in Maitland the following day for the purpose of organizing a local union at that place. I immediately left for Maitland and with the assistance of Brother Hinton, succeeded in organizing the Maitland Miners' and Millmen's Union on the 15th, returning to Terry on the 16th.

Owing to a controversy that had arisen between the Deadwood M. & M. Union No. 14 and the Horseshoe Mining Company, over the employment of non-union men, I left for Deadwood on April 18th for the purpose of interviewing the manager of the company, but was unable to meet him. I returned to Terry on the 19th, and on the 20th went to Pluma, where the mills of the Horseshoe Company are located, and attempted to see the men who had refused to join the union. I did not have an opportunity to

talk with them, but through a member of the union, I made arrangements to meet them on the 23rd. April 21st I went to Deadwood with a committee from the Black Hills Trade Assembly for the purpose of demanding an eight-hour day for the employees of the laundries and biscuit works located in Lead and Deadwood. I returned to Terry April 22nd, and attended a meeting of Terry Peak Miners' Union on that date. April 23rd I went to Pluma to interview the men who had refused to join the Deadwood Union, but could not receive a definite answer as to their future intentions towards the organization. On the 24th I went to Maitland and attended a meeting of the Maitland Miners' and Millmen's Union, returning to Terry the following day. I again visited the Maitland Union on April 30th for the purpose of assisting the officers in getting the local started in proper shape, and returned to Terry May 2nd.

During the month of May I worked eight days for the Federation as follows: One trip to Galena under instructions from President Moyer, two trips to Deadwood in connection with the Pluma matter, and one trip to Maitland.

On June 4th I went to Deadwood and attended a meeting of the local, and returned to Terry on the 5th. On the 10th I went to Sturgis, S. D., and assisted in forming a local union at that place with a good membership and returned home the following day. On the 13th I went to Deadwood and Central for the purpose of securing some information regarding the funds of a defunct local, and on the 25th went to Pluma, and the same evening attended a meeting of the Deadwood Union, making a report on the Pluma situation. On the 29th I visited the Lead Miners' Union, returning to Terry on the 30th. During the month of June was employed for a period of twelve days.

It is a pleasure to report at this time that the organization in the Black Hills is in a prosperous condition, and with the exception of Lead City, the local unions have succeeded, with a few exceptions, in thoroughly organizing the district. Owing to the fact that comparatively fair conditions exist in the jurisdiction of the Lead City Miners' Union, a large number of the men employed in that camp, believing that these conditions will continue indefinitely, have, through indifference, neglected the opportunity to become members of the Union, although the officers and active members are doing everything in their power to thoroughly organize the camp. In addition to the indifference displayed by some of the men employed in that camp, the local has been handicapped by the erection of a large and costly building on which a heavy debt was incurred. Through careful management this debt is almost completely wiped out, and there is every reason to believe that in the near future Lead City Miners' Union No. 2 will become one of the strongest locals in the Federation.

I desire at this time to recommend to the convention certain amendments to the constitution and by-laws, which, in my opinion, would be beneficial to the organization, and submit the following for your consideration:

1st—An amendment to the constitution making it compulsory on local Unions to bond their officers through the headquarters of the W. F. M. This action becomes necessary owing to the fact that recently several bonding companies have refused to bond officers of labor organizations, and as an additional reason, when a local is organized in some locality situated at a distance from the officers of a bonding company, a great deal of trouble is often experienced in securing the necessary bonds. The money that is now paid as premiums to bonding companies from the local Unions of the Federation amounts to a large sum yearly, and should be paid into the Federation, securing in return, as good, if not better, protection than that offered by the surety companies.

2nd—Amend section 3, article 2, of the constitution so that the representation in the annual convention shall be based on the April report instead of the January report.

3rd—An amendment making it compulsory on the members of the Executive Board and organizers employed by the Federation to submit a weekly report for publication in the Miners' Magazine: these reports to contain matters of interest to the general organization, so that the members will have some idea of the conditions that exist in every portion of the jurisdiction.

4th—An amendment to the constitution that will prohibit any officer of the Federation or member of the Executive Board from voting the proxy of any local at the annual convention.

5th—An amendment providing a penalty for local Unions and their officers who fail to place the required number of per capita stamps on members' cards when monthly dues are paid.

6th—An amendment providing for a reinstatement and initiation stamp to be furnished local Unions by headquarters.

During the past year a number of local unions who have had their funds deposited in local banks have experienced trouble and annoyance through the suspension of these institutions, and I would respectfully recommend to the locals of the Federation who have money deposited in banks the advisability of securing depository bonds through a reliable surety company as soon as possible.

In conclusion, I wish to thank the officers of the Federation, the members of the Executive Board, and members of the organization for the many courtesies and favors extended while connected with the Federation in an official way, and sincerely hope that my successor on the Executive Board will receive the undivided support of the membership of the organization in his efforts to advance the cause of the Western Federation of Miners.

Yours for industrial freedom,

JAMES KIRWAN.

Report was referred to Special Committee.

William Davidson, Executive Board member from District No. 6, submitted the following report:

No. 24.

Wm. Davidson's Report

To the Officers and Delegates of the Sixteenth Convention of the Western Federation of Miners:

Dear Sirs and Brothers—In compliance with the constitution of the Western Federation of Miners I herewith submit a brief report of my work during the time that I have filled the position as Executive Board member for District No. 6.

Immediately upon being notified of my appointment I took up the work on January 20th, and have since visited nearly all of the local unions in the district, and found all in good working order, although some of the locals have suffered considerable decrease in membership during the past eight months, owing to the general depressed condition of the mining industry in those sections, and I am pleased to be able to report that at present the outlook for the future is more encouraging, and many of those locals are fast regaining their former strength, and doing good work in the way of organizing.

I am also pleased to be able to report that at the present time we have no trouble on hand in the line of strikes or lockouts in British Columbia.

While on my way from the north, I spent two days at Texada Island, B. C., inquiring into some matter in dispute between the Texada Miners' Union and the Marble Bay Mining Company, and have been notified by the secretary of that union since my arrival in Denver that this matter has been settled satisfactorily.

In obedience to an order from President Moyer I left for Douglas, Alaska, on April 20th, and stayed there two months assisting the members of Douglas Island Miners' Union No. 109 in their struggle for better conditions against the Treadwell Mining Company. I arrived there on April 27th and immediately set to work to inquire into all matters in dispute between the local union and the company with a view to bringing about an honorable settlement in accordance with the instructions given me by your president. In this I was materially assisted by Brother Yanco Terzich, the officers and members of the local union, and in a short time had a good general knowledge of the situation. I found that nearly nine hundred men were involved, all having a clear conception of the nature of the struggle in which they were engaged.

The demands of the union are:

- 1—Recognition of the Western Federation of Miners.
- 2—Eight hours' shift to constitute a day's work in and around the mines.
- 3—Minimum wage underground to be \$3.50.
- 4—Abolishment of club and hospital fees to the company; hospital to be controlled for and by the Western Federation of Miners.
- 5—Abolishment of the clearance system between foremen of the different departments.

As the strike was forced upon the union by the company's apparent determination to continue to discriminate against the members of the W. F. M., this being the real cause of the trouble, the first demand is the most important, and, after a careful inquiry into all the details in connection with the trouble, I am fully convinced that the members of No. 109 were fully justified in the action taken, as, in my opinion, there was no other course open for them to take, and maintain their organization. After having spent about two weeks in an effort to obtain all the information possible concerning our side of the question, I decided to try to get an interview with the general superintendent, Mr. R. A. Kenzie, and mailed to his address a note, of which the following is a copy:

"Douglas, Alaska, May 9, 1908.

"Robert A. Kenzie, Esq., General Supt. Treadwell Mining Co., Treadwell, Alaska.

"Dear Sir—I have been sent up here by the head office of the W. F. M. to inquire into all the matters in dispute between your company and its employees now on strike, and to try, if possible, to get an adjustment of same.

"With this end in view I would like very much to have an interview with you at any time and place that may suit your convenience.

"An early reply will oblige

Yours truly,
"WM. DAVIDSON."

This brought no written reply, but I was informed through other parties that he would not meet me, or any other representative of the W. F. M. Brother Yanco Terzich, at my request, also made an effort to arrange a meeting for us, but met with the same response. This action on the part of Mr. Kenzie put an end to all efforts for a settlement for the time being, and left no other course open for us only to continue the fight to a finish.

Up to the present time the situation remains unchanged, a large number of our members having found employment in other mines in that vicinity, and great credit is due the members of No. 109 for the orderly manner in which they have conducted the strike to date.

The Treadwell Company has been successful in finding a number of men willing to act as "strike-breakers" and are operating the mines and mills as best they can with the aid of the topmen, who, with but few exceptions, refused to come out with the miners. In connection with this matter, I would call your attention to the following communications, which explain themselves:

"Hall of Douglas Island Miners' Union No. 109, W. F. M.

"Office of Secretary.

Douglas, Alaska, March 28, 1908.

"To the Machinists' Union, Seattle, Washington.

"Dear Brother Union Men—We went on strike the 21st instant against the blacklist and discrimination system and scab hours; and a general call-out was sent to all men working in and around the mines at Treadwell, whether union, non-union or sympathizers, to come out immediately.

"The machinists of Treadwell did not come out; and as we understand that they are members in good standing of your local, and are pledged to do the right thing to organized labor, we most respectfully appeal to you to give them the call-out, that the victory may come the sooner.

"Hoping you will take immediate action, and with best wishes, I am,

"Yours fraternally,

"SEVALD TORKELOSON,

"Secretary."

[Seal]

A. C. Feyerabend, Secy.-Treas., Box 119, Portland, Ore.

L. D. Jones, Business Agent.

E. J. Graham, Pres., S. 414 Howard St., Spokane, Wash.

Labor Temple, Seattle, Wash.

International Association of Machinists, District Lodge No. 26. Pacific Northwest.

"Seattle, Wash., April 25, 1908.

"Secretary Miners' Union, Douglas, Alaska.

"Dear Sir and Brother—Your letter of March 28th at hand, and replying to same

beg to state that we do not do business with the organization known as the Western Federation of Miners.

"Your organization is one that expects aid at any and all times, but are not even willing to give a 'square deal' to other organizations when you hold, or think you hold, the balance of power.

"Now, I am aware that your local is not responsible for this condition of affairs, but until you get together and find out why your organization cannot work in harmony with other organizations of labor men, you need not expect any assistance from this organization. The way in which your grand lodge officers and the local in Butte, Montana, acted when the machinists were on strike in that city is, I am sure, proof positive that you will not secure aid from this organization until you change your policy.

"With best wishes,
[Seal]

Fraternally yours,
"L. D. JONES,
"Business Agent."

I do not believe that the rank and file of the machinists' union will uphold the position taken by Mr. Jones, but the fact remains that some of their members are willing to act as strike-breakers, and thus aid the company in its efforts to break up the Douglas Island Miners' Union. This incident shows the necessity of closer relations between the various labor organizations, and a clearer knowledge of what the working class is really striving for. There is no local of the machinists' union at Douglas, or in the vicinity, but in any case I do not think that such petty trifles as a jurisdiction dispute should be made an excuse for scabbing by officers of any labor organization.

To give you some idea of what the members of No. 109 have been up against it would be necessary to go into detail at considerable length, which I can do, if desired, but as your organizer, Brother Terzich, is here and, no doubt, will report on the situation, I deem it enough to say here that the company has had the aid of everything that could be used in their efforts to break up the Douglas Island Miners' Union, including federal troops as well as federal and civic authorities on the Island.

Taking everything into consideration, I am of the opinion that the boys in Alaska have done remarkably well, and have fully merited all the support that they have received from the Federation up to date, and I would recommend that the Federation continue to give all the assistance possible, as I believe it is only a matter of time when their efforts will be crowned with success.

I would also recommend that Alaska be made a district with a member on the Executive Board, as I believe better work can be accomplished than under the present arrangement, as there appears to be an unwarranted number of accidents occurring in the Treadwell mines at all times, and in no case, even when death results therefrom, has there ever been an inquest or investigation of any kind held, which is a disgrace to a civilized people. In view of this fact, I would suggest that the Federation call for the appointment of a federal commission to investigate those conditions.

In conclusion let me say that the "rule of capital" is no more merciful in the "land of the midnight sun" than in any other part of the world, and while we do our best to protect our rights, if the workers have any under the profit-taking system, I would urge the members of the Federation, and the working class in general, to take up the study of the principles of Socialism, as, in my opinion, Socialism is the only solution of the problem confronting us and will put an end to the class struggle by making the working class the owner and master of its own production.

Respectfully submitted,
WM. DAVIDSON,
Member Executive Board, District No. 6.

Report referred to Special Committee.

The following general report of the Executive Board was submitted to the convention.

No. 25.

Report of Executive Board

To the Delegates of the Western Federation of Miners in Convention Assembled:

We, your Executive Board, beg leave to submit the following brief report for your consideration and approval:

ORGANIZATION.

Notwithstanding the depressed industrial conditions which affected the mining industry to a greater extent than any other industry, your organization is better prepared to-day to carry on the fight for better conditions than ever before in its history.

In Alaska there is a struggle going on for the establishment of the eight-hour day and against discrimination and the blacklist. The organization is rapidly increasing in membership in that territory and we would recommend that special efforts be made to thoroughly organize that section and all other unorganized localities where men are employed in mines, mills and smelters.

CONSTITUTION.

The constitution and by-laws, as it now stands, contains many apparent contradictions, due, in our opinion, to the fact that these laws governing the organization are divided into two separate sections to which, we believe, may be attributed the greater part of the confusion and misunderstanding occurring from time to time throughout the organization, and which, in many cases, result in disagreeable and injurious disputes between local unions. As a step towards the prevention of such undesirable features in the future, we recommend to the Sixteenth Annual Convention that our constitution be immediately reconstructed and revised, the by-laws to be eliminated and the contents of this section of our present laws to be placed in the constitution under the proper headings. The fact that our present laws are divided into two sections, each containing matter pertaining to the same subjects, thus creating confusion and adding to the difficulty of a proper interpretation of the laws governing the organization, we believe that by a proper classification and grouping of our laws, a great many disputes, confusions and misunderstandings will be avoided.

STRIKES AND LOCKOUTS.

During the past year there has been a number of strikes and lockouts in the jurisdiction of the Western Federation of Miners and it has become apparent that a majority of those conflicts were forced on the locals so involved by the employing interests, they, apparently, having taken the eve of the present industrial depression as an opportune time to strike a blow at organized labor, and, taking into consideration the industrial conditions that have existed during the past several months and the determined effort made by the employing interests in the different strike centers to disrupt your organization, we are pleased to be able to report in a majority of the conflicts the locals pulled through with their organization intact and are in a position to continue the work of organizing and bettering the conditions of the wage earners employed in the mining industry of their respective localities.

CONFERENCE.

In compliance with resolution No. 175, adopted by the Fifteenth Annual Convention and subsequently ratified by the referendum vote of the organization, your Executive Board extended an invitation to the various labor organizations specified by the convention to take part in such conference. For reasons which your acting officers believed to justify the same, the date set by the convention for this conference was postponed, and immediately upon the convening of the meeting of your Executive Board in the month of December, an invitation was issued with the 6th day of April, 1908, as a date upon which the proposed conference was to take place. While a number of organizations expressed sympathy with the object of this conference, only the

Sherman faction of the I. W. W. signified any willingness to participate in the same.

The so-called Trautmann faction of the same organization, with Vincent St. John as general organizer, not only refused to take part in the proposed conference, but through its executive board, took occasion, upon receipt of the invitation issued by your officers, to vent themselves of the most villainous attack ever made upon the organization.

Your Executive Board, for these obvious reasons, again deemed it advisable to postpone the conference and submit the same to the Sixteenth Annual Convention for final disposition.

MINERS' MAGAZINE.

We desire to call your attention to the necessity of increasing the circulation of our official organ, the Miners' Magazine. The Miners' Magazine is published for the education of our members and the working class in general. It has become recognized as one of the foremost labor publications in America under the able editorship of John M. O'Neill.

It is only by the education of the working class to a realization of its rights and duties and class interests as workers, that we can hope for our emancipation from wage slavery and we earnestly hope that everything will be done to increase the circulation of the Miners' Magazine.

AUDITING ACCOUNTS.

We have audited the accounts of your Secretary-Treasurer up to July 1st, 1908, including all receipts and disbursements in the General fund, Miners' Magazine, Defense and Union-at-Large funds; we examined the bank accounts, cash in depository vaults and certificates of deposit and found the same to be correct in every particular, and we commend the neat and efficient manner in which the books and accounts of your organization are kept.

LITIGATION.

We take this opportunity to congratulate the membership of the organization on the splendid victory obtained over the Mine Owners' Association and the capitalistic interests by the complete vindication of your officers from the foul charges preferred against them and through them against the organization. The Western Federation of Miners stands to-day vindicated before the world, while the mine owners and their supporters stand convicted of the foulest conspiracy recorded in the annals of crime.

The case of Preston and Smith, who are now confined in the Nevada state penitentiary, should receive the earnest consideration of the delegates to this convention. During the past year everything possible has been done by the Executive Board to secure for them a new trial, but owing to the neglect and incompetency of the attorneys who were first employed to defend them, the rehearing has been delayed. Attorney O. N. Hilton, who now has charge of the case, feels confident that in the near future an opportunity will be given them to prove their innocence and be restored to liberty and friends.

The two trials of Steve Adams in the state of Idaho resulted in a disagreement, and the case against him dismissed, but the Mine Owners' Association, in their frantic desire to secure a victim, succeeded in bringing him to Colorado, and the trial is now in progress with every indication that he will be acquitted.

EDUCATION.

Education is at all times the first step and prime factor in the organization of the workers. Education is the bedrock upon which is based all organizations and all hope of emancipation, for it is only through education and organization that the masses may ever hope to gain their freedom from wage servitude. The black pall of ignorance has from time immemorial enveloped the earth and the terrible social inequalities that have always cursed humanity have been established and perpetuated by the ages of intellectual darkness through which the children of earth have groped their way.

One of the missions of the Western Federation of Miners is to educate the workers to a realization of the fact that their industrial power is insufficient during a time of industrial depression such as they are now passing through, the millions of workers who are idle, penniless and hungry have but little power; it is only through an industrial

organization and the intelligent use of the ballot that they may ever hope to gain their freedom from hunger, degradation and abject poverty in a country where nature is ever bountiful and famine unknown.

DEATH OF JOHN H. MURPHY.

In the death of John H. Murphy, the Western Federation of Miners has lost a sincere and devoted friend. John H. Murphy was for years the legal adviser of the Western Federation of Miners, and his kindness and love of truth and justice endeared him to his associates and acquaintances. We will regret his loss as a friend and adviser, and cherish and love his memory.

BROTHER GEORGE A. PETTIBONE.

We are pained to note the serious, continued illness of Brother George A. Pettibone, who was marked as a victim by the forces of organized plutocracy in its infamous but futile attempt to destroy our organization. Brother Pettibone's health was destroyed by his unjust imprisonment in Idaho, and in the name of the Western Federation of Miners, we express our heartfelt sympathy and trust that his health will soon return.

UNITED MINE WORKERS OF AMERICA.

We are pleased to learn that representatives from the United Mine Workers of America are going to visit the Sixteenth Annual Convention, and sincerely hope that better feeling can be brought about between the two organizations.

CONCLUSION.

In conclusion, we trust that the actions of the coming convention may be harmonious and guided by wisdom, truth and justice.

For fifteen years the forces of organized plutocracy in the mining regions of the west have been endeavoring by every damnable and conceivable means to destroy the western Federation of Miners. They have brought against us all the powers of the legislative, judicial and executive departments of government. They have used the black-list, deportation and the bull-pens, the injunction and the bayonets, and enlisted in their support the infamous Pinkerton Detective Agency.

For fifteen years the Western Federation of Miners has stood with its face to the foe and battled with a courage that has won the admiration of the working class of the world.

The Western Federation of Miners demands the complete emancipation of the working class from wage slavery. We demand the abolition of the system of society is responsible for the sweat-shops and child-slavery; that breeds war, murder, suicide, divorce, insanity and poverty; that places upon the market a man's conscience and a woman's virtue. We demand the establishment of a co-operative republic of labor in which the right of every one to that which they produce shall be recognized.

The Western Federation of Miners will not be severed from its purpose by denunciation or persecution. The time will come when those who are to-day trying to destroy our organization will be forgotten and unhonored, buried in the dust of time, and freed men will ascribe due praise to the organization that first unfurled the banner of economic liberty in the mining regions of the west.

With best wishes for the future welfare of the Federation, we remain,

Yours for industrial freedom,
ROBERT RANDELL,
L. W. CALLAHAN,
J. C. LOWNEY,
RODERICK MacKENZIE,
JAMES KIRWAN,
WM. DAVIDSON,

Executive Board, W. F. M.

Report referred to Special Committee.

W. A. Burns, organizer for the state of Missouri, submitted the following report:

No. 26.

W. A. Burns' Report

To the Officers and Delegates of the Sixteenth Annual Convention, Western Federation of Miners:

Dear Sirs and Brothers—In submitting a report of my work as organizer in the Flat River district, state of Missouri, I will endeavor to be as brief as possible.

At the request of Acting President Mahoney, who stated the unions of the Flat River district might be disrupted on the account of some of the officers and representatives of the organization, I again took up the work there.

I arrived in Flat River October 17th, 1907. On October the 19th I met with the Flat River Union. No money in the treasury, fifty dollars in debt for hall rent, and owing assessments Nos. 1 and 2, 1907. I induced them to make an effort to pay their assessments, curtail expenses and reduce the dues to fifty cents, which had been seventy-five cents per month. There were less than ninety members in good standing. Keltner appeared at the meeting and agreed to tender his resignation as member of the Executive Board and attend the next meeting of the Herculanum Union. On October 23rd visited Herculanum; Keltner failed to appear. Brother Jinkerson and I went over the books and found he was short in his accounts between three hundred and sixty and four hundred dollars. Keltner had taken fifty dollars donated by the local in June to the defense of Moyer, Haywood and Pettibone.

I procured the bond of Keltner and sent it to headquarters to have it examined. Acting President Mahoney returned the bond with a statement or demand from the attorney on Keltner's bondsmen, Messrs. Heiner and Henkel, for the amount of the bond. I met the bondsmen of Keltner; they first refused, but later agreed to compromise at fifty dollars each, or a total of one hundred dollars.

On October 25th visited Bonne Terre Local and had them start payment on their assessments, cut off sick benefits and get a cheaper hall, as they were paying most of their money out in sick benefits and hall rent. The membership was less than one hundred. Meyers, the secretary, had reported over six hundred members to the district Union, when they never had over 460 members.

On October 27th, 1907, the day on which the district union held its meeting, the delegates reported 400 members, where there was a reported membership in May of 1,995. Mine Lamotte was not represented, as they had not held a meeting in several months. Leadwood reported nineteen members and were holding no meetings. Brother Jinkerson had been charged by some of the delegates with taking some of the funds of the district union.

I went over the books and found the secretary had made a mistake in entering two assessments of Herculanum to that of Doe Run and Flat River, otherwise the accounts are correct, and I found Brother Jinkerson's record clean.

On October 28th, 1907, visited Doe Run Local. They had a membership of forty-nine, owing over \$200 for assessments Nos. 1 and 2, 1907. Barnhouse, the delegate to the last convention from Doe Run, as secretary of that local, had taken \$104, according to the report of the auditing committee, and had taken the bond the union held him for. On November 4th Barnhouse was notified by the committee to straighten his accounts, which he refused to do.

On November 4th, 1907, I visited Desloge Local, and addressed a noble meeting of very undesirable citizens, after which we held a regular meeting. They had about sixty members and all assessments paid.

On December 9th, 1907, visited Doe Run Local. After the meeting I met Barnhouse going to work, demanded he turn over the bond, he agreed, but next meeting refused, stating that his attorney advised him not to.

During the months of November and December, 1907, and January, 1908, I made a trip every Wednesday trying to get the amount of the bond from Keltner's bondsmen, but failed.

Last December the Desloge Company reduced the wages of their employees from thirty to sixty cents a day.

The Doe Run and St. Joe Companies had been working their men half-time in December and on January 1st, 1908, they compelled them to sign a waiver of their constitutional rights, and reduced the wages 25 per cent.

On February 1st, 1908, the National and Federal Lead Companies reduced the wages of their employees accordingly. The "Missourians" continued to desert the unions until there was a mere fragment of the organization left, Desloge having only seven members on January 1st, 1908.

I visited the different unions in October, November and December, 1907, and January, 1908, whenever it was possible to hold meetings.

On February 8th, 1908, I was called home to Reno, Nevada, by the serious illness and death of my mother. While there I communicated with President Moyer, who had taken up the work as president at headquarters. He requested that I take up the work visiting different unions on my return and solicit funds for the striking miners at Goldfield, Nevada, and for the defense of Steve Adams.

While in Nevada I visited the labor unions of Virginia City and Empire, Nevada. Then I went to Reno and Sparks, Nevada, where I addressed different railway and A. F. of L. organizations numbering about thirty-five. I left Reno for Ogden, and arrived March 18th and addressed several unions. On March 28th I proceeded to Salt Lake City and visited about forty-five unions there.

On April 15th I left for Denver to talk over the situation with President Moyer. We decided it would be best for me to go to Oklahoma City. I arrived in Oklahoma City April 19th. I learned the coal miners of Missouri, Texas, and Oklahoma were still on strike; visited fourteen different labor organizations there, and left for Cartersville, Missouri, on April 29th. While in Cartersville I visited Webb City, Joplin and Galena, Kansas, trying to organize local unions, but was not successful. I addressed several unions at Joplin and informed them of the conditions in the Coeur d'Alenes and Wallace, Idaho. Also had a notice inserted in a labor paper of Joplin advising men to stay away from Idaho and the west.

On May 18th I proceeded to Iola, Kansas, visited Laharp and Gas City trying to organize, but the men seemed afraid to take part. I left Iola, Kansas, for St. Louis, Missouri, on May 22nd. While in St. Louis I addressed about ten unions, among them the Brewery Workers, in the defense of the Alaska strikers and Steve Adams.

I left St. Louis and arrived in Flat River on May 28th to again take up the work of our organization. I tried to get a meeting of the Flat River Local on Saturday, May 30th, but failed. On June 1st I visited Desloge and addressed an open meeting, after which we held a regular meeting. There were only three members in good standing, none of the officers being among that number.

June 6th we held a meeting in Flat River, sixteen members in good standing. I induced them to sell their lot and pay their assessments at headquarters, which they did. On June 9th I went to Bonne Terre, held an open meeting, then a regular meeting. On June 16th I left for Doe Run. We were unable to hold a meeting. Last March the Odd Fellows had ordered the union out of their hall, and they were meeting in a small room over a saloon: no chairs or accommodations, they had eighteen members in good standing.

On June 15th we held an open meeting at Desloge with about sixty men in the hall. I addressed them on the necessity of organization for the purpose of upholding their wages, after the meeting they all left the hall, and we were unable to secure any of them as members.

On June 19th held a meeting in Flat River.

Went to Desloge on June 22nd, no meeting.

On June 24th went to Doe Run. We held a meeting of the local union.

While there I was informed that some of the men who had deserted our organization had a charter from the A. F. of L. and had organized a union with a membership of forty, and called themselves the Central Union of the A. F. of L.

On June 29th I went to Fredericktown, Missouri, at the request of J. H. Woods, who stated that the men working around the mines and mills wanted to become members of our organization. I addressed a meeting of about fifty men on the necessity of organization for the promotion and protection of their common interest. They

agreed to hold another meeting on July 7th, when I would return and perfect the organization.

On June 28th there was a meeting held of the district union, four unions represented, namely: Flat River, Doe Run, Bonne Terre and Desloge. Mine Lamotte was not represented; the funds and supplies are held by Henry Padberg of that local. Leadwood was not represented. Charter and supplies are in possession of Robert McCrory of Leadwood.

While I was absent from the district President Moyer declared the Herculean Union defunct and ordered Brother Jinkerson, district organizer, to send in the charter and supplies, which he did, but he was unable to secure the funds of that local from W. J. Carver, who lives at Peveley, Missouri. Carver still has possession of a desk and the funds of the union, amounting to about thirty dollars. The delegates to the district union declare their locals were in favor of maintaining the organization.

On July 7th I went to Fredericktown for the purpose of organizing the men there, but J. H. Woods or none of the men who appeared at the previous meeting, appeared on the scene and I was unable to organize. Their enthusiasm had died out.

While the Western Federation of Miners has not accomplished much in the way of organizing in the state of Missouri, it has done a great work in the way of education and spreading literature informing men of the struggle of the western miners, to maintain their wages and living conditions, and, therefore, has kept them from flocking to the west and taking the places of strikers.

I firmly believe that within the next year the miners in Missouri will be compelled to seek admission into our organization. I would, therefore, recommend that the work be continued in the Flat River mining district.

I wish to thank the officers of the Federation for their kindness to me in the past, also the members of the unions in the lead belt, who have remained loyal to the organization.

Respectfully submitted,
W. A. BURNS.

Report referred to Organization Committee.

The following report of John M. O'Neill, editor Miners' Magazine, was read by Secretary Kirwan:

No. 27.

John M. O'Neill's Report

Denver, Colorado, July 13th, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention of the Western Federation of Miners:

In submitting my report for the fiscal year, I shall be as brief as possible, knowing that the time of the convention will be taken up with the discussion of questions that will require weighty consideration.

Shortly after the adjournment of the Fifteenth Annual Convention of a year ago, the delegates had scarcely returned to their homes when external indications presented themselves presaging a financial stringency, which was followed by industrial depression throughout the country. The mining industry of the West was first to feel paralysis, and the closing down of mines, mills and smelters added thousands of members of the Western Federation of Miners to the army of the unemployed. It is unnecessary for me to dwell upon the fact that almost 50 per cent. of the men engaged in the mining industry found themselves jobless and many of them forced to leave their former homes and become wanderers in search of employment.

The financial stringency and industrial depression not only affected the material interests of those engaged in mining as members of the Federation, but the stringency and depression seriously affected the general circulation of the Miners' Magazine. The report of the Miners' Magazine of a year ago showed a circulation of 4,654, while the present report shows but 3,132, a decrease of 1,542. This shrinkage in the circulation of the Magazine is due to the fact that many of the former subscribers, when notified

that their subscriptions were due, notified the office that they were unable to forward their subscription through lack of employment. Several hundred subscribers have also been taken off the subscription list through notices sent from the postmasters that subscribers had moved without leaving any address.

The report of a year ago showed the revenues of the Miners' Magazine to be \$4,782.37, while the present report shows revenues to the amount of \$4,167.43, a decrease of \$614.94.

The report of the Miners' Magazine of a year ago shows expenditures of \$9,741.66, while the present report shows expenditures reaching \$10,582.04, an increase in the expenditures above the former year of \$840.38. The question will naturally arise in your minds as to how the expenditures of the Magazine could increase while the circulation and revenues show a decrease. The increased expenditures are due to the fact that the Typographical Union of the City of Denver, during the early part of last summer, made a demand on all printing establishments of Denver for an increased wage scale of 10 per cent. On the 1st of last September, the printing establishments granted the increase in wages to the printers and at the same time added a 10 per cent. increase to all the products of their establishments.

During the past year the editor has received several communications, which he considered injudicious to publish in the official organ of the Federation. The action of the editor has caused some bitterness among the authors of those communications, but those communications are on file and can be presented for your consideration when wanted by you. The editor has taken the position that publicity of bickerings and internal strife would add no strength to the organization, and so informed the parties who forwarded communications for publication.

The editor of the Miners' Magazine would suggest that, as a means to increase the circulation of the official organ, each member of the incoming Executive Board be impressed with the necessity of acting as a solicitor or agent for the Magazine. If each member of the incoming Executive Board, while visiting the local unions of his district, will only make a special effort to increase the circulation, there is no question but that the official organ can be brought closer to a paying basis.

The following is a financial statement of expenditures and receipts for the fiscal year, ending March 31st, 1908:

STATEMENT OF THE MONTHLY RECEIPTS OF THE MINERS' MAGAZINE.

	Literature Fund.	Subscriptions.	Advertisements.	Total.
April, 1907, Receipts.....	\$289.15	\$ 51.75		\$340.90
May, 1907, Receipts.....	205.30	65.25		270.55
June, 1907, Receipts.....	216.15	52.95		269.10
July, 1907, Receipts.....	271.45	86.50		357.95
August, 1907, Receipts.....	343.90	81.95		425.85
September, 1907, Receipts.....	\$27.15	226.20	42.85	296.20
October, 1907, Receipts.....		438.60	54.85	493.45
November, 1907, Receipts.....		233.47	86.10	319.57

During the fiscal year ending March 31, 1908, 2,051 letters have been answered.

Respectfully submitted,

JOHN M. O'NEILL,

Editor Miners' Magazine.

Report referred to Committee on Education and Literature.

Resolution No. 28 was read and referred to Committee on Grievances.

Communication No. 29 from Ladies' Auxiliary No. 1, Rossland, B. C., was read and, after some discussion, it was moved by Schauf, and seconded by French, that the communication be received and placed on file. Motion carried.

No. 29.

Rossland, B. C., July 6, 1908.

To the Western Federation of Miners, Denver, Colorado.

Dear Sir and Brothers—I was instructed to notify you that Brother J. A. MacKinnon has consented, with your kind permission, to represent the above order at your convention to be held this month. We are sorry that we cannot afford to send a delegate from No. 1 this year, but will try to send one or more next year, finances permitting. I am glad to say that No. 1 is doing very nicely.

Now we feel that any grievances that are laid before the convention will receive the kindly consideration of the brothers on behalf of the Ladies' Auxiliary and wish you every success. I remain

Yours fraternally,

MARY STEPHENS, President.

D. ROBINSON, Secretary.

Communication No. 30 was read and referred to Special Committee.

Resolution No. 31, read and referred to Committee on Organization.

Resolution No. 32, read and the same referred to Grievance Committee.

Resolution No. 33, read and referred to Committee on Constitution.

Resolution No. 34, read and referred to Constitution Committee.

Resolution No. 35, read and referred to Committee on Grievances.

The following committee from the Garment Workers' Union appeared before the convention and were introduced by Chairman Davidson: Lizzie Hartzell, Eva Miles and Grace Bucks. In neat chosen speeches the committee extended a cordial invitation to the delegates to visit the Garment Workers.

Moved by Boyle and seconded by McLeod that we accept the invitation and visit Underhill Factory at 4 p. m. Motion carried.

Resolution No. 36, read and referred to Grievance Committee.

Resolution No. 37, read and same referred to Constitution Committee.

Resolution No. 38, read and referred to Constitution Committee.

Resolution No. 39, read and referred to Committee on Constitution.

Resolution No. 40, read and referred to Constitution Committee.

Resolution No. 41, read and referred to Grievance Committee.

Resolution No. 42, read and referred to Grievance Committee.

Resolution No. 43, read and referred to Constitution Committee.

Resolution No. 44, read and same referred to Grievance Committee.

Resolution No. 45, read and referred to Constitution Committee.

Resolution No. 46, read and referred to Credential Committee.

Resolution No. 47, read and referred to Credential Committee.

After the reading of announcements by the secretary, the convention adjourned at 12 m.

AFTERNOON SESSION.

Convention called to order by President Moyer at 2 p. m. The roll call was read and found all delegates present except William Howells and Pete Leonard, who were reported sick.

Resolution No. 48 was read as follows:

No. 48.

Denver, Colorado, July 16, 1908.

To the Sixteenth Annual Convention of the Western Federation of Miners:

Whereas, During the past two years the combined forces of organized plutocracy in the west have used every effort to strangle the Western Federation of Miners, and destroy the organization which has, for the last fifteen years, courageously battled to better the conditions of the men employed in the mines, mills and smelters. As a part of this infamous plot, these forces of capitalism have attempted to legally murder men, who, as the leaders of our organization, have remained true to their trust. When this foul attempt was made, organized labor of America rallied loyally to our financial support, and the labor and socialist press exposed the infamous plot, and in placing before the world the truth saved innocent men from the gallows, and vindicated the Western Federation of Miners of the charge of being a criminal organization.

Whereas, During the numerous labor conflicts, the Western Federation of Miners has been engaged in during the past years, organized labor has also been generous in giving us moral and financial support in our struggles to better our conditions and defend our rights; therefore, be it

Resolved, That the Western Federation of Miners ever grateful for the assistance it has received in the hour of need, desires to express to organized labor and the Socialist and Labor press, our heartfelt appreciation for their noble defense of the Western Federation of Miners.

Submitted by the Nevada delegates: J. M. O'Brien, No. 244; M. C. Leake, No. 243; Geo. T. Phillips, No. 235; C. R. Burr, No. 99; W. H. Burton, No. 260; Jas. Jelley, No. 220; W. I. Plumb, No. 31; John B. Clark, No. 263; Alex. Main, No. 121; James M. Cleary, No. 121; Thos. A. French, No. 247; J. Donovan, No. 92; F. G. Clough, No. 220; Robt. Randell.

Moved by Randell, seconded by Murphy, that the resolution be adopted as read and given to the press for publication. Motion carried.

Yanco Terzich, organizer for Alaska, read his report, and it was referred to Committee on Strikes and Lockouts.
No. 49.

Yanco Terzich's Report

Chas. H. Moyer, President W. F. M.

Dear Sir and Brother—I hereby submit a report of my work as organizer in Alaska during the part of the year. It does not appear to me to be necessary to attempt to give you all the various details that arise in connection with the work, but rather a general outline showing how my time has been taken up, the places visited, the matters dealt with, and what has been accomplished.

Leaving the Fifteenth Annual Convention on the 6th day of July, 1907, I arrived in Douglas Island on the 12th and stayed there until the 8th day of August. I then left for Ketchikan Local No. 152, and a few days later Brother Steffensen left for Whitehorse. While in Ketchikan I visited all the camps and succeeded in initiating quite a number of new members. During my stay in Ketchikan I received several letters from different members of Douglas Island Miners' Union to the effect that Superintendent Kenzie and some Slavonian agent were trying to organize a non-union society on the island, and doing their utmost to disrupt the W. F. M. On learning of the conditions on the island I left for that point in the early part of September. On arriving on the island I found quite a number of our members had been discharged and blacklisted, and conditions were such as to need my attention at Douglas most of my time. While in Douglas I visited Eagle River, and the Bason on different occasions, as they were good strong union camps.

I stayed in Douglas until I received a letter from Brother Kirwan September 26th, letter dated September 10, instructing me to go to Ellamar and investigate conditions there. I could not leave at that time on account of sickness of my wife, but went early in October. On arriving in Valdez I learned that Ellamar local had disbanded and turned all moneys, charter, etc., over to Latouche, and all members had turned in their names into that local. I then proceeded to Latouche Island and found that local in good condition, both financially and in membership, and upon investigation I found they were paying their secretary \$5.00 a day to visit different camps to take in new members, which in my opinion was a very good thing, and on further investigation I found the Ellamar Company was working a non-union crew. I only stayed there a few days and on my return I visited Valdez Federation of Labor, which was a newly organized camp. I then returned to Douglas Island and stayed there for a while, then went to Ketchikan and stayed there a short time, when I came back to Douglas Island and found the Treadwell Gold Mining Company discriminating at a still greater length than ever before against the members of the W. F. M., and doing everything in their power to disrupt and disorganize our local. Then Superintendent Kenzie and his agent, the counselmen of the city of Douglas, held a smoker on the 21st day of February for the purpose of organizing a white men's union, and none but white men and American citizens were allowed to join. All the company's cry was: we don't want any Slavonians, as they are a menace to this city, and any other community where they are. This is the report that was sent out, but at the same time the company had Slavonian agents doing all in their power to keep all non-union Slavs in the mines, and conditions were such as to need my personal attention on the island all the time.

On January 30th I received a telegram from Brother Mahoney instructing me to proceed to Ketchikan No. 152, and investigate some misunderstanding between the

secretary and the members, which I succeeded in settling to the satisfaction of both sides, and which I reported to Brother Moyer. I stayed there until March 2nd, then returned to Douglas Island and found conditions in a still worse state than ever. The company had hired agents and sent them into the states to employ non-union men and was shipping them to Treadwell for the purpose of filling their mines with non-union men, and was discharging all union men as fast as they got non-union men to fill their places. Conditions got from bad to worse until in the month of March from the first until the strike was declared, they discharged every two or three days from five to twenty men a day; all depended upon how many men the boats brought. On March 14th the Cottage City brought between fifty and sixty men, and the following day forty union men were discharged, and all this time the company was fencing in the corporated city of Treadwell. Then this local thought it time they took action to prevent the black-list system, and protect its membership and on the 21st of March a special meeting was called at 1 p. m. for the purpose of electing a committee to interview Superintendent Kenzie. I was authorized to call him up over the phone and ask him if he would receive a committee from the Western Federation of Miners, which he absolutely refused to do, and would not deign to speak to me except to halloo out NO, then hung up the receiver. A vote was then taken which was unanimous in declaring a strike against the Treadwell Gold Mining Company, and we made our demands for full recognition of the Douglas Island Miners' Union No. 109, W. F. M.; eight hours to constitute a day's work; \$3.50 a day for all underground workers; the abolishment of the clearance system from one mine to the others, and for the hospital to be controlled for and by the W. F. M. When the strike was declared all underground men responded splendidly by 95 per cent. of them walking out which was a great surprise to the company, as Superintendent Kenzie's agent had told him to not trouble himself if the W. F. M. did call a strike as they had not more than 200 members left in the W. F. M., while the scab union had over 400 members. And out of so large a majority of the underground men coming out not more than 12 of them have returned to work, and the majority of those only worked a few days when they got disgusted with their surroundings and quit, then left the island altogether. The men were not allowed to stand in groups of two or three and talk, as gun men would come along and order them to move on, and all were supposed to be in bed by not later than ten o'clock if not working, and I am sorry to say that owing to the condition of the labor market throughout the United States the company was successful in getting plenty of men, such as they were, for the most part farmers and railroad men, but they did not succeed in getting any machine men and have not done so up to the present time, and I think the outlook is brighter for a complete victory at the present time than it has ever been since the strike was declared.

On the 27th day of April Brother Wm. Davidson, Executive Board member, arrived on Douglas Island to investigate the condition of affairs and to see if some settlement could be arrived at. Brother Davidson rendered us splendid assistance while he was with us. He gave his whole time and energy to try and better our conditions; he gave us all the encouragement he could and was a great help in keeping the men together. But I think Brother Davidson will be able to give you a more full report for the time he was with us, as he had full charge while there.

I am also to say that local No. 109 wishes to thank the organization for the assistance given them and hope they will continue to do so until the strike is won, for Treadwell is the key to Alaska, and if this strike is won the whole territory will be unionized, if it is lost, it will take a long time to gain another foothold on Douglas Island. I am glad to say that all our members to a man are determined to fight this battle to a finish.

At the beginning of the strike, the soldiers were brought to Treadwell under false representations, and when it was properly investigated, it was found there was no use for soldiers in Treadwell, and they were withdrawn.

At the present time we have two strikes on in Alaska; one in Fairbanks and the one in Treadwell, and both are very important fights and both are determined to win.

No doubt Brother Steffensen has sent in his report and given the conditions as they are in Fairbanks, as I am not acquainted with conditions there.

I appeal to the W. F. M. to use its influence with the president of the United States to send an inspector to inspect the Treadwell mines, as they are in a very dangerous

condition, and if the mines were properly inspected there is no doubt in my mind but that they would either be closed down, or worked under different conditions.

I have just given my report briefly, and if any delegates wish to ask me any questions, I will be glad to answer them.

Fraternally submitted,

YANCO TERZICH,
Organizer.

Resolution No. 50 was read and referred to Committee on Grievances.

Moved by Phillips, and seconded by Plumb, that a committee of three be appointed to draft suitable resolutions on the death of Joy Pollard. Motion carried. Committee: Phillips, Plumb and Dunlavy.

Resolution No. 51, read and referred to Committee on Constitution.

Resolution No. 52, read and referred to Committee on Constitution.

Resolution No. 53, read and referred to Committee on Constitution.

Resolution No. 54, read and referred to Good and Welfare Committee.

Resolution No. 55, read and referred to Committee on Good and Welfare.

Resolution No. 56, read and referred to Committee on Constitution.

Moved by Bunting and seconded by Milhoun that a committee of five be appointed to look into the evidence in the St. John vs. Randall case.

Moved by Hutchinson, seconded by French, as an amendment that the evidence be read to the convention.

Brother Kennedy of Ouray called to the chair.

Moved by Heatherton, seconded by Dunlavy, that the matter be laid on the table.

Roll call demanded with the following result: Yes, 115½; No, 181½.

Yes—W. E. Tracy, 2½; Thos. Connors, 1; W. J. Louttit, 5; A. E. Rigley, 3; A. E. Rigley, proxy, 1; J. E. Dahl, 1; John Kennedy, 4; O. E. Shrode, 1½; Henry Keifer, 1½; B. Birdsey, 1; Geo. The amendment was then put to a vote, and declared carried.

Moved by Ganter, seconded by Long, that the matter be made a special order of business tomorrow morning. Motion carried.

Moved by Scott, seconded by Cleary, that we adjourn until 9 a. m. tomorrow morning. Motion carried.

After the reading of announcements, convention adjourned at 3:30 p. m.

FIFTH DAY, JULY 17th, 1908

MORNING SESSION.

The convention was called to order by President Moyer at 9 a. m. Roll call found all delegates present except Pete Leonard, who was reported sick.

The minutes of the last two sessions were read and same adopted as corrected.

The following telegram was read and ordered filed:

No. 57.

Seattle, Washington, July 16, 1908.

Ernest Mills, 605 Railroad Bldg., Denver, Colo.

Congratulate Western Federation of Miners and Steve Adams for me.

PETER SKULICH.

Moved by Cameron, seconded by Boyle, that convention go into executive session. Motion carried.

Delegates Dunlavy and Schauf were then appointed to take up the password.

On request of the president, Secretary Kirwan proceeded to read the evidence in the St. John vs. Randell case.

Moved by Clark, seconded by Kelley, that the evidence in the St. John vs. Randell be placed on file for future reference.

Moved by Boyle, seconded by Terzich, that the previous question be now put. Motion carried.

Roll call demanded on original motion, with the following result: Yes, 213;

No. 90.

Yes—Con Shea, 3; Ed. Long, 3; Barry O'Leary, 3; W. L. Nichols, 5; Jos. Hinton, 2; Jas. McDonald, 2½; W. E. Tracy, 2½; Thos. Connors, 1; W. J. Louttit, 5; A. E. Rigley, 3; A. E. Rigley, proxy, 1; J. Moved by Morgan, seconded by Thompson, that we resume open sessions. Motion carried.

Resolution No. 58, on the death of Joy Pollard, was read as follows:

Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Western Federation of Miners, in Convention Assembled:

Whereas, The grim reaper, Death, has summoned the spirit of our brother, Joy Pollard, beyond the portals of an unseen world; and

Whereas, The deceased was a loyal and dauntless member of the Western Federation of Miners, and a tireless worker in the great cause of laboring humanity; now, therefore, be it

Resolved, That the delegates of the Western Federation of Miners, in convention assembled, while bowing in submission to the inevitable, yet deeply deplore the loss of a brother, whose fidelity to unionism was ever above reproach and whose life soared in that atmosphere of fraternity that commands the admiration and approval of men, who are struggling to make this earth a better place upon which to live; and be it further

Resolved, That the convention extend its sympathy to his sorrowing relatives and friends, that these resolutions be made a part of the record of the convention, and that the same be published in the official organ of the Western Federation of Miners.

GEO. T. PHILLIPS,

W. I. PLUMB,

A. H. DUNLAVY,

Committee.

Moved by Clark, seconded by Kelly, that the resolution be adopted. Motion carried.

Resolution No. 59 read.

Moved by Custis, seconded by Milhoan, that resolution be adopted.

Moved by White, seconded by Bunting, that resolution No. 59 be referred to the Resolution Committee. Motion carried.

Resolution No. 60, read and referred to Constitution Committee.

Resolution No. 61, read and same referred to Committee on Ways and Means.

Resolution No. 62, read and referred to Grievance Committee.

Resolution No. 63, read and referred to Constitution Committee.

Report of Grievance Committee on resolution No. 41, read as follows:

No. 41.

Greenwood, B. C., June 7, 1908.

Whereas, In May, 1908, the Executive Board of the W. F. M. levied an assessment of \$1.00 per member for that month on all locals of the W. F. M., and

Whereas, This Greenwood Local No. 22, W. F. M., has been in very stringent financial difficulties owing to the facts that the mines and smelters employing practically the whole membership of this local, ceased operations from November, 1907, till the second week in May, 1908, and the majority of the members either withdrew and left the country or fell into bad standing through inability to pay their dues, we were absolutely unable to obey the order from headquarters; therefore, be it

Resolved, That we, Greenwood Miners' Union No. 22, W. F. M., petition the Executive Board of the W. F. M. on account of conditions existing at that time and now in our jurisdiction, to repeal the said assessment on this Greenwood Local No. 22, W. F. M.

BERTRAM DE WIELE,
CHAS. H. BIRCE,
Committee.

Denver, Colorado, July 16, 1908.

To the Sixteenth Annual Convention, W. F. M.:

We, your Grievance Committee, beg leave to submit the following report on Grievance No. 41, from Greenwood Miners' Union No. 22, W. F. M.:

We, your committee, recommend to the officers and members of the Sixteenth Annual Convention that request of Greenwood Miners' Union be granted.

Respectfully submitted,

OWEN McCABE,
J. A. MACKINNON,
W. I. PLUMB,
JOHN KENNEDY,
J. S. BURNS,
W. H. SCHAUPE,
J. M. O'BRIEN,
Grievance Committee.

Moved by Dahl, seconded by O'Leary, that report of Committee be adopted. Motion declared carried.

Resolution No. 42 and report of Grievance Committee on same was read as follows:

No. 42.

Silver City, Nevada, May 14, 1908.

Mr. Ernest Mills.

Dear Sir and Brother—Our local received a bill from you for a balance on assessments No. 1 and No. 2, and at our last regular meeting, held May 12, I was instructed to write you concerning the matter.

It seems that about the time our former secretary sent in his report a small camp by the name of Sunrise sprang up within our jurisdiction, and we took in quite a number of new members, but before the assessment was at hand, and even before our local could realize what was spent on the taking in of the members, the camp, which was several miles from here, went through, the miners going to other parts and probably paying the assessments into other towns. However, the full amount was never turned in to Silver City Union.

Mr. Randell, of the Executive Board, visited our Union last month. He was given our books to inspect, and told me to write you on the matter.

Our Union is always glad to pay what is right, but our treasury is very low now, and we would be very glad if you would give this matter your prompt and careful attention, and let us know your decision on the matter.

Fraternally yours,

LUKE HARDWICK,
Sec'y Silver City Miners' Union No. 92.
Denver, Colorado, July 16, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

We, your Grievance Committee, to whom Grievance No. 42 from Silver City Miners' Union No. 92 was referred, beg leave to recommend that the convention grant the request from Silver City Miners' Union No. 92.

OWEN McCABE,
J. A. MACKINNON,
J. S. BURNS,
W. H. SCHAUF,
W. I. PLUMB,
JOHN KENNEDY,
J. M. O'BRIEN,
Grievance Committee.

Moved by Scott, seconded by Shea, that report of committee be adopted as read. Motion declared carried.

Resolution No. 34A and report of Grievance Committee on same read as follows:

No. 34A.

Whereas, Owing to the fight waged against this Union since its birth by the corporations and their lackeys, a great deal of expense has been incurred which otherwise would have been avoided, and consequently we were unable to pay the August and September assessments levied on us, amounting to \$1,306.00; therefore, be it

Resolved, That we request the convention to absolve us from this debt, and allow us a clean slate when the present strike is over.

DOUGLAS ISLAND MINERS' UNION No. 109.
Denver, Colorado, July 16, 1908.

To the Officers and Members of the Sixteenth Annual Convention:

We, your Committee on Grievance, beg leave to recommend to the convention that the request from Douglas Island Union No. 109 be granted and the August and September assessments be wiped out.

OWEN McCABE,
J. A. MACKINNON,
J. S. BURNS,
W. H. SCHAUF,
W. I. PLUMB,
J. M. O'BRIEN,
Grievance Committee.

Moved by Long, seconded by Cleary, that report be adopted. Motion carried.

Resolution No. 64, read and referred to Grievance Committee.

Resolution No. 65, read and referred to Committee on Constitution.

Resolution No. 66, read and referred to Good and Welfare Committee.

Resolutions 28, 35, 36, and Grievance Committee report on same read and referred back to committee with instructions to make separate reports in each case.

Report of Committee on Organization on Resolution No. 26, read as follows:

Denver, Colorado, July 15, 1908.

To the Delegates and Members of the Sixteenth Annual Convention, Western Federation of Miners:

Fellow Workers—We, your Committee on Organization, submit the following report on the report of brother W. A. Burns, that the work of organization in District No. 7 be continued as actively as in the past.

PAT DELOUGHIEY,
J. H. MORGAN,
YANCO TERZICH,
JOHN OPMAN,
JAS. CLEARY,
WM. CRAMP,
C. T. ANDERSON,
Organization Committee.

Moved by Bechtel, seconded by Connors, that report of the committee be concurred in. Motion carried.

Resolution No. 31, with report of Committee on Organization read as follows:
No. 31. Bisbee, Arizona, July 9, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—Motion made and passed that the following matter be brought before the convention by our delegate:

First. That Cananea, Tombstone, Gleeson, Leadville, Pierce, Johnson, Dos Cobases, Black Diamond, Twin Buttes, Silver Bell, Helvetia and the Patagonia District, including the camps of Mowrie, Duquesne and Mansfield, be considered within the jurisdiction of Bisbee Miners' Union.

Second. That all locals of the W. F. M. be notified by headquarters that

these camps are within the jurisdiction of No. 106, and all men coming from them are expected to have a Bisbee card.

Third. That any secretary receiving dues from these camps send them to Bisbee Miners' Union, notify the man sending them of action taken and inform him that he is expected to transfer to Bisbee.

Fourth. That the man elected to the Executive Board from this district come to this camp as soon as possible after the convention adjourns, visit Bisbee, Douglas, and the camps above mentioned in order to assist us in building up the organization of this district, which is, outside of Butte, the most important district in the West.

W. E. STEWART, President.

FRANK BROWN, Secretary.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Organization, submit the following report on communication No. 31, from Bisbee Miners' Union No. 106, that we recommend that the jurisdiction of Bisbee Miners' Union be recognized over Cananea, Tombstone, Gleason, Leadville, Pierce, Johnson, Dos Cabezas, Black Diamond, Twin Butte, Silver Bell, Helvetia, and the Patagonia District, and that the secretaries of all local unions be notified to that effect.

PAT DELOUGHEY,

J. H. MORGAN,

YANCO TERZICH,

JOHN OPMAN,

JAMES CLEARY,

WM. CRAMP,

C. T. ANDERSON,

Organization Committee.

Moved by Connors, seconded by Terzich, that the report of committee be adopted. Motion carried.

After the reading of announcements, the convention adjourned at 12 m.

AFTERNOON SESSION.

Convention called to order by President Moyer at 2 p. m. The roll call was read and found all delegates present except Pete Leonard and Henry Berg, who were both reported sick.

Resolution No. 36, with report of Grievance Committee on same read as follows:

No. 36.

Denver, Colorado, July 15, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—*Whereas*, The Park City Miners' Union No. 144, have used 1,000 due stamps to keep unemployed members of said local in good standing, therefore be it

Resolved, That the Western Federation of Miners reimburse Park City Miners' Union No. 144 for 1,000 due stamps.

Fraternally submitted,

W. T. QUINN, No. 144.

Denver, Colorado, July 17, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Grievance, to whom the following resolution was referred, beg leave to submit the following report:

Grievance No. 36, resolution from Park City Miners' Union No. 144, asking that the Sixteenth Annual Convention reimburse that Union for 1,000 due stamps, we your committee, recommend that the convention do not grant this request.

OWEN McCABE,
J. A. MACKINNON,
J. S. BURNS,
J. M. O'BRIEN,
W. H. SCHAUF,
W. I. PLUMB,
JOHN KENNEDY,

Grievance Committee.

Moved by McNulty, seconded by Scott, that report of committee be adopted. Motion carried.

Resolution No. 28, with report of Grievance Committee read.

Moved by Boyle, seconded by Long, that the report be referred back to Grievance Committee. Motion carried.

Resolution No. 35, with report of Grievance Committee read, as follows:

No. 35. Denver, Colorado, July 15, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Delegates—*Whereas*, There is a balance of \$1,245 on the books of the W. F. M. against Park City Miners' Union No. 144 for assessments, and

Whereas, Park City Miners' Union No. 144, expended \$1,400 on account of strike against Daly West Mining Company of Park City, at or about the time these assessments were levied, therefore be it

Resolved, That the Secretary-Treasurer of the W. F. M. be instructed to give Park City Union No. 144 credit for said \$1,245.

W. T. QUINN, No. 144.

Denver, Colorado, July 16, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Grievance, to whom the following resolution was referred, beg leave to submit the following report:

Grievance No. 35, resolution from Park City Miners' Union No. 144, we have, after learning the facts regarding the condition of Park City Union at the time the assessments were levied, and at the present time, recommended that assessments for 1907, amounting to \$1,245.00, be cancelled.

OWEN McCABE, Chairman.
J. C. MACKINNON, Secretary.
J. M. O'BRIEN,
J. S. BURNS,
W. H. SCHAUF,
W. I. PLUMB,
JOHN KENNEDY.

Moved by Boyle, seconded by Scott, that the report of the committee be not concurred in. Motion carried.

Resolution No. 33; with report of Constitution Committee read as follows:
No. 33. Burke, Idaho, July 3, 1908.

To the Officers and Members of the Sixteenth Annual Convention of the W. F. M.:

Dear Sirs and Fellow Workers—Burke Miners' Union No. 10, feeling that the present mode of selecting the general officers of the Western Federation of Miners is not in keeping with the principles of progressive unionism, is not democratic and leads to bad practices, we submit that a casual review of the mode of electing the general officers and executive board, will show a tendency to involve questions foreign to the test of fitness, and lacks in creating a sense of responsibility on the part of the general officers and executive board to the rank and file.

Therefore we request—

First. That the convention shall nominate all general officers and executive board.

Second. That a general vote of the entire membership shall elect from the nominees of the convention, the general officers and members of the executive board for the ensuing term.

Third. That the nominees named by the convention for the following offices, to wit: President, Vice-President, Secretary-Treasurer and members of the Executive Board, shall have been members in good standing for at least one year prior to the assembling of the convention.

Fourth. The nominees named by the convention for the several general offices and members of the executive board shall file their acceptance for the respective offices, and at the same time have a certificate under seal of the local W. F. M. to which said candidate belongs, accompanying such acceptance.

Fifth. Nominations shall be made by ballot in the convention—the three (1st, 2d, 3d, preference) highest and accepting, shall go on the official ballot.

Sixth. Provided, however, that for the offices of executive board members, the convention shall name three bona fide residents of any district for executive board member for the district of which he is a resident; the one receiving the majority of votes of the entire Federation shall be declared elected board member for the district of which he is a resident.

Seventh. The nominees receiving the highest number of votes for the office of President, Vice-President and Secretary-Treasurer, shall be declared elected.

Eighth. The official ballot for the general officers and executive board shall be submitted on separate form; without comments preceding or appended thereto.

Fraternally submitted,

BURKE MINERS' UNION,

J. W. POWERS, President.

TOM CORRA, Secretary.

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration beg leave to report on Resolution No. 33, that we do not concur in the adoption of this resolution.

M. C. LEAKE, Chairman,
A. T. MILHOAN, Secretary,
BARRY O'LEARY,
CLEM VOGEL,
THOS. POWERS,

Committee on Constitution.

Moved by Morgan, seconded by Schauf, that the report of committee be adopted. Motion carried. Alex. Main voting in negative.

Resolution No. 38, with report of Constitution Committee read as follows:

No. 38.

Denver, Colorado, July 15, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—I desire to submit for your consideration the following amendment to Art. 10, Sec. 1, of the Constitution of the W. F. M.

In line 13, after "Art. 9," insert the following: "Provided said question does not in any way change or amend the constitution of the W. F. M."

W. T. QUINN, No. 144.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report resolution No. 38, that we do not concur in the adoption of this resolution.

M. C. LEAKE.

A. T. MILHOAN.

JAS. J. MURPHY.

BARRY O'LEARY.

CLEM VOGEL.

THOS. POWERS.

ALEX. MAIN,

Constitution Committee.

Moved by Locke, seconded by Morgan, that the report of Committee be concurred in. Motion carried.

Resolution No. 59, with report of Resolution Committee read as follows:

No. 59.

Whereas, At the time in which the Western Federation of Miners was in sore distress, having arrayed against it the united power of the Mine Owners' Association and the Citizens' Alliance, the executives of the states of Colorado and Idaho, the moral support of the president of the United States, the united efforts of the capitalistic press, all for the purpose of confounding public opinion to the end that our officers might be executed, our treasury depleted, and our entire organization forced down to inglorious defeat, and at that time there came to our aid Mother Jones, Miss Luella Twining, J. Edward Morgan, and others, without whose efforts our cause must certainly have been lost for want of the financial assistance which they aided us in securing, therefore be it

Resolved, That we formally convey to Mother Jones, Miss Luella Twining, J. Edward Morgan, and others, our most sincere and heartfelt thanks, which we find language is inadequate to express.

WILLIAM E. TRACY.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Gentlemen—We, your Committee on Resolutions, recommend that Resolu-

tion No. 59 be adopted as amended and spread on the minutes of this convention.

GEO. HEATHERTON, Chairman,
F. G. CLOUGH, Secretary,
JOHN MITCHELL,
J. E. HINTON,
J. E. DAHL,
P. W. FLYNN,
M. L. TOMPKINS,

Resolution Committee.

Moved by O'Leary, seconded by McLellan, that report of committee be concurred in. Motion carried.

Resolution No. 64, with report of committee read as follows:

No. 64. Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—I hereby submit the grievance of Dan Cashen against the Granite Miners' Union No. 4, who is entitled to funeral benefits of \$90.00 for the death of his brother James Cashen, and which the Union refuses to pay.

Respectfully submitted,

AL. McLELLAN.

Denver, Colorado, July 17, 1908:

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Committee on Grievance, beg leave to report as follows on Grievance No. 64, of Dan Cashen against the Granite Miners' Union No. 4, W. F. M., for funeral benefits for the death of his brother, James Cashen, who, your committee finds, was a member in good standing at the time of his death. According to Sec. 2, Art. 10, of the constitution and by-laws of Granite Miners' Union No. 4, we therefore recommend that Granite Miners' Union be instructed to pay this claim of \$90.00.

Respectfully submitted,

OWEN McCABE,
J. A. MACKINNON,
JOHN KENNEDY,
J. S. BURNS,
W. H. SCHAUF,
W. I. PLUMB,
J. M. O'BRIEN,

Grievance Committee.

Moved by Long, seconded by Schauf, that report of committee be adopted. Motion carried.

Moved by Boyle, seconded by Mills, that we extend an invitation to the Garment Workers to visit the convention tomorrow. Motion carried.

Resolution No. 39 with report of Constitution Committee read as follows:

No. 39. Anaconda, Montana, June 18, 1908.

We, the Anaconda Mill and Smeltermen's Union No. 117, W. F. M., in regular meeting assembled.

Resolved, That we recommend the following change in the by-laws of the Western Federation of Miners, regarding Art. 3, Sec. 1, page 23, to read as follows:

All unions of the Federation shall hold their annual elections at the first

meeting in March of each year, nominations shall be made from the floor and remain open for three regular meetings prior to election, when each recording secretary shall, within ten days thereafter, forward the names of all officers elected to the secretary-treasurer of the Federation, who shall compile a directory of the same and forward a copy of these directories to each local union. Installation of officers of local unions shall not take place until the first meeting in April of each year.

JAMES McNULTY,
THOS. REILLY,
J. J. GIBBONS,
J. B. RYAN,
J. S. BURNS,

Delegates from Union No. 177, W. F. M.

M. P. MAHONEY, President.
J. E. CLIFFORD, Secretary.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on Resolution No. 39, that we recommend the adoption of this resolution.

A. T. MILHOAN, Secretary.
JAS. J. MURPHY,
BARRY O'LEARY,
CLEM VOGEL,
THOS. POWERS,
ALEX. MAIN,

Committee on Constitution.

Moved by Vogel, seconded by McLelland, that the report of the committee be adopted. Motion lost.

Moved by Long, seconded by Boyle, that a committee be appointed to convey our invitation to the Garment Workers. Motion carried.

Resolution No. 43, with report of Committee on Constitution read as follows:

No. 43.

Kendall, Montana, June 27, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

North Moccasin Miners' Union No. 111, W. F. M., begs to submit the following for your consideration:

Whereas, The present form of nomination and electing the officers of the Federation at the Annual Convention is not in keeping with a progressive organization, and deprives the membership of their rights, the initiative and referendum, and

Whereas, The results of the past, in re-electing the same officers has shown a tendency to reaction and autoeracy, by some of the executive heads by overlooking the wants of the rank and file, be it

Resolved, That the following amendments be made in the constitution, viz: Art. 2, Sec. 2, line 28, add, "No officers or organizer of the general organization shall be allowed to hold or cast a proxy vote under any consideration."

Art. 3, Sec. 1, in line 6, strike out the word "elected," and insert nominated

in duplicate for each office by the delegates present by a majority of votes cast at each annual convention, and referred to the membership for their election.
Line 10. Add the term of each officer shall be one year only.

Sec. 2, line 17, strike out the word "elected," and insert "nominated."

Adopted by the Union at its regular meeting by a unanimous vote.

LEM HUBBLE.

MIKE KILLEEN.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on Resolution No. 43, that we do not recommend the adoption of any article of this resolution.

M. C. LEAKE, Chairman,
A. T. MILHOAN, Secretary,
JAS. J. MURPHY,
BARRY O'LEARY,
CLEM VOGEL,
THOS. POWERS,

Moved by McKinnon, seconded by Clark, that the report of committee be adopted. Motion carried.

Resolution No. 37, with report of Committee on Constitution read as follows:

No. 37.

Denver, Colorado, July 15, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

Greeting—I herewith offer this resolution for your consideration, to be inserted as an amendment to the constitution, to wit: That the Western Federation of Miners provide for out-of-work stamps, same to be supplied to the locals of the W. F. M. free of charge.

W. T. QUINN, No. 144.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates to the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on Resolution No. 37, that we do not concur in the adoption of this resolution.

M. C. LEAKE, Chairman,
A. T. MILHOAN, Secretary,
JAS. J. MURPHY,
BARRY O'LEARY,
CLEM VOGEL,
THOS. POWERS,
ALEX. MAIN,

Committee on Constitution.

Moved by McNulty, seconded by Milhoan, that the report of the committee be adopted. Motion carried.

Resolution No. 67, read and referred to Committee on Constitution.

Resolution No. 68, read and referred to Constitution Committee.

Resolution No. 69, read and referred to Good and Welfare Committee.

Moved by Flynn, seconded by Cox, that the election of officers be deferred to a later date. Motion carried.

Moved by Bunting, seconded by Boyle, that the convention adjourn until tomorrow morning. Motion carried.

SIXTH DAY, JULY 18th, 1908

MORNING SESSION.

The convention was called to order by President Moyer at 9 a. m. The roll call was read and found all delegates present except Ed. F. Boyle.

The minutes of the last two sessions were read and the same adopted as corrected.

The following telegram was read and ordered filed:

No. 70.

Carson, Nevada, July 17, 1908.

The Sixteenth Annual Convention of the Western Federation of Miners, care Ernest Mills, 605 Railroad Bldg., Denver, Colo.

Brothers—Greetings. Thanks, and wishes for your entire success.

M. R. PRESTON.

JOSEPH SMITH.

Communication No. 71 was read as follows, and on motion by Locke, seconded by Dunlavy, the communication was ordered filed.

No. 71.

Denver, Colorado, July 15, 1908.

Western Federation of Miners.

Dear Sirs—As we have photographed your delegates for the last two years, we would like to do the same this year, and will call later and see the president or secretary and get an answer. You will oblige me to set a time and I am ready to do the work in first class shape, any size you like.

Yours respectfully,

A. J. PARK,

Electric Studio.

per J. C. STUART, Operator.

Report of Education and Literature Committee on Resolution No. 27, report of Editor of the Miners Magazine, was read as follows:

Denver, Colorado, July 18, 1908.

To the Sixteenth Annual Convention, W. F. M.:

Officers and Fellow Delegates—We, the Committee on Education and Literature, recommend that the report of editor John M. O'Neill, of the Miners' Magazine, be adopted as read, and the incoming Executive Board act as solicitors for the said Magazine.

We further recommend that the said John M. O'Neill be retained as editor of the official organ of the Western Federation of Miners for the following year.

We also recommend that the editor of the Miners' Magazine work for the interests of the Western Federation of Miners only.

HENRY KEIFER,

A. NYLUND,

R. MACLEOD,

VICTOR TOFFOLI.

Moved by O'Leary, seconded by Louttit, that the report of the committee be adopted.

Moved by Bechtel, seconded by Bunting, as an amendment that the report be taken up seriatum.

Moved by Milhoan, seconded by Plumb, as a substitute for all pending motions that action on the committee's report be deferred until the Constitution Committee has made a report. Motion carried.

Moved by Kirwan, seconded by Morgan, that the editor be instructed to be present when the committee's report is again brought up. Motion carried.

Resolution No. 72 read as follows and referred to Grievance Committee:

No. 72.

Tonopah, Nevada, July 14, 1908.

Delegates Main and Cleary, Denver, Colorado.

Dear Sirs and Brothers—I was instructed to notify you that No. 121 had appealed the Kennedy case to the Sixteenth Annual Convention, and that you delegates fight our decision to a finish on the floor of the convention. The Executive Board has recommended that we take him back, and by a unanimous vote, it was decided that we would not admit him to No. 121.

Yours fraternally,

JOS. F. GORI, Secretary.

C. G. SMITH, President.

F. LOMBARD,

T. M. BLACKLOCK,

JAMES A. BRESLIN,

Trial Committee.

ALEX. MAIN,

JAMES M. CLEARY,

Delegates.

Moved by Bechtel, seconded by O'Connor, that the convention resolve itself into a Committee of the Whole to try the appeal of the Tonopah Miners' Union in the case of Kennedy. Motion carried.

Communication No. 73, read as follows:

No. 73.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Greeting—The Fifth Annual Scale Conference of the Wyoming miners of District No. 22, United Mine Workers of America, desire to extend to your honorable body their sincere thanks for the invitation extended to them to visit the sessions of your convention, and we sincerely hope that your deliberations may result in much good to your membership, and that it will also result in a closer affiliation of our respective organizations, that we may stand shoulder to shoulder in our struggles for higher wages and improved working conditions, and that we may join hands in a common cause both on the industrial and political field.

Again thanking your convention for this kind invitation, and congratulating your organization on their latest victory in the courts, we are

Fraternally yours,

DAVID DANIELS, Chairman.

J. R. MONTGOMERY, Act. Sec'y.

Committee on Resolution.

Moved by Scott, seconded by Shea, that the communication be accepted and placed on file. Motion carried.

W. W. Gilroyd, of the United Mine Workers, addressed the convention and extended an invitation to the delegates to attend the convention of the U. M. W. at a date later to be agreed upon.

Moved by Clough, seconded by Morgan, that the invitation be accepted. Motion carried.

Report No. 74 of Mileage Committee read as follows:

Denver, Colorado, July, 18, 1908.

To the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Mileage, submit the following report as shown by credentials to be correct to the best of our knowledge:

Mileage Report

B. BIRDSEY, Chairman,
C. F. BORTON, Secretary,
J. B. RYAN,
THOS. J. GANTER,
JACOB PREST.
THOS. A. FRENCH,
Mileage Committee.

Moved by Vogel, seconded by Fitch, that the report of the committee be accepted and a warrant drawn on the treasury. Motion carried.

Resolution No. 75 was read, and same referred to Constitution Committee.

Resolution No. 76, read and referred to Committee on Ritual.

The secretary proceeded to read the evidence in the Tonopah Miners' Union vs. Ed. Kennedy case.

Moved by O'Connor, seconded by Scott, that the decision of the Executive Board be sustained.

Moved by Scott, seconded by Bechtel, that the previous question be now put. Motion carried.

The motion was then put to a vote and declared carried.

After the reading of the announcements, the convention adjourned at 12 m.

AFTERNOON SESSION.

The convention was called to order by President Moyer at 2 p. m. The roll call was read and found the following delegates absent: Pete Leonard (sick), and C. T. Anderson.

After Vice-President Mahoney had been called to the chair the report of the Committee on President's Report was read as follows:

Denver, Colorado, July 18, 1908.

To the Officers and Delegates to the Sixteenth Annual Convention, Western Federation of Miners:

Brothers—We, your Committee on President's Report, beg leave to report as follows:

STRIKES AND LOCKOUTS.

First. We recommend that all matter pertaining to strikes and lockouts be referred to a committee on same.

INDUSTRIAL UNIONISM.

Second. Concerning the President's remarks on the subject of industrial unionism, the committee fully considering the vital importance thereof respectfully recommend that the same be referred back to the convention as a special order of business in order that complete and satisfactory discussion may be had, and a final decision determined.

ORGANIZATION.

Third. We recommend that that part of the President's Report on organization receive the earnest consideration of the Organization Committee. In addition to the suggestions given out by the President's Report on organization, we would further recommend that the Executive Board members in visiting their different localities should be active in assisting the local officials in the work of organization.

UNITED MINE WORKERS.

Fourth. With reference to our relation with the United Mine Workers of America, we recommend that such action be taken as may be necessary to eliminate all friction between the two organizations.

LITIGATION.

Fifth. We approve of the action of the President and Executive Board in connection with all matter of litigation in which members of this organization have been involved during the last year.

SPECIAL—REGARDING MONUMENT TO ATTORNEY MURPHY.

Sixth. We concur in the President's recommendation in reference to the erection of a monument to the late John H. Murphy, and that the incoming Executive Board be instructed to act accordingly.

ATTORNEY.

Seventh. We concur in the President's suggestion and recommend that the incoming Executive Board be instructed to select a capable attorney.

CONSTITUTION.

Eighth. We recommend that paragraphs 1, 2 and 3 on page 13 of the President's Report be referred to the Committee on Constitution for action.

CONSTITUTIONALITY OF PRESIDENT'S ACTION.

Ninth. We concur in the action of President Moyer as set forth in his report commencing with the 4th paragraph on page 13, and ending at the 1st paragraph on page 18, and recommend that if the constitution on this matter is not plain enough, it be turned over to the Committee on Constitution to be so revised that there can be no misunderstanding in regard to same in the future.

STRIKES AND ADJUSTMENTS.

Tenth. We recommend that the Constitution Committee draft an amendment to meet the recommendation of the President pertaining to Article 5, Section 1, of the Constitution.

MINERS' MAGAZINE.

Eleventh. We recommend that this portion of the President's Report be turned over to the Committee on Education and Literature, and further recommend that they give the several suggestions that have been proposed their careful consideration.

Twelfth. In the remaining portion of the President's Report, we most heartily concur.

Fraternally submitted,

W. E. TRACY,
ED. F. BOYLE,
WM. HOWELLS,
E. G. LOCKE,
N. B. CAMERON,
W. J. LOUITT.

Committee on President's Report.

Moved by Cameron, seconded by Locke, that we receive the report and take the same up seriatim for action. Motion carried.

Recommendation No. 1 read.

Moved by Hutchinson, seconded by Schauf, that the first recommendation be concurred in. Motion carried.

Recommendation No. 2 read.

Moved by Hutchinson, seconded by Plumb, that the recommendation of the committee on section two be concurred in, and that it be made a special order of business at 9 o'clock Monday morning. Motion carried.

Recommendation No. 3 read.

Moved by Cameron, seconded by Bunting, that the recommendation of the committee be concurred in. Motion carried.

Recommendation No. 4 read.

Moved by Kennedy, seconded by Murphy, that the fourth recommendation of the committee be adopted.

Moved by Flynn, seconded by White, as an amendment that recommendation

No. 4 be referred back to committee with instructions to bring in another report covering more fully the conditions under which a better understanding between the two organizations can be arrived at.

Moved as a substitute by White, seconded by O'Connor, No. 60, that the matter be referred to a special committee of five, and that the organizer of the W. F. M. in the southern coal fields be summoned before the committee. Motion carried.

Moved by Hutchinson, seconded by Mitchell, that the rules be suspended and that the committee of five be elected from the floor of the convention. Motion ruled out of order by Chairman Mahoney.

Moved by Randall, seconded by Callahan, that the rules be suspended and Mother Jones be invited to address the convention. Motion carried.

Editor John M. O'Neill introduced Mother Jones, who at length addressed the convention. In her brilliant and eloquent address, Mother Jones urged upon the delegates the necessity of unity amongst the workers.

Moved by J. A. MacKinnon, seconded by Rigley, that a rising vote of thanks be accorded to Mother Jones for her eloquent address. Motion unanimously carried.

At the close of Mother Jones' address, the regular order of business was resumed with Vice-President Mahoney in the chair.

Resolution No. 77, read and referred to Constitution Committee.

Resolution No. 78, read and same referred to Special Committee with instructions to segregate the different matters for the use of the proper committees.

Resolution No. 79, read and referred to Constitution Committee.

Resolution No. 80, read and referred to Constitution Committee.

Resolution No. 81, read and same referred to Good and Welfare Committee.

Resolution No. 82 read.

Moved by Flynn, seconded by MacKinnon, that the request of Granite be complied with.

Moved by Locke, and seconded by Davidson, as an amendment that resolution be referred to Credential Committee. Motion carried.

Moved by Ganter, seconded by O'Leary, that convention adjourn. Motion withdrawn.

Moved by Plumb, seconded by Heatherton, that the matter pertaining to the Silver City Union be reconsidered and referred to the Grievance Committee. Motion carried.

Moved by Ganter, seconded by O'Leary, that convention adjourn until 9 a. m. Monday morning. Motion carried.

Convention adjourned at 4:45 p. m.

SEVENTH DAY, JULY 20th, 1908

MORNING SESSION.

Convention called to order by President Moyer at 9 a. m. The roll call was read and found all delegates present.

The minutes of the last two sessions were read and same adopted as read.

President Moyer appointed the following special committee in compliance with motion adopted at the sixth day session, to report on recommendation of

committee on President's Report relating to closer affiliation or understanding with the U. M. W. of A. Committee: Schauf, Louttit, Flynn, Cameron, Clough.

The Credential Committee recommended that D. Vironda be seated as delegate for Granite Miners' Union with two votes.

Moved by Waters, seconded by Lowney, that the report of Committee be adopted. Motion carried.

At the request of delegate Boyle, President Moyer read that part of his report dealing with the subject of industrial unionism.

Resolution No. 83, read as follows:

No. 83.

To the Delegates of the Sixteenth Annual Convention, Western Federation of Miners:

Fellow Delegates—*Whereas*, It being evident that the industrial union principle is agitating the entire membership of this department of the working class, even to the point of disintegration, and it being equally evident that the prolonged, deplorable and inexcusable dissension upon so vital a question to the working class is the result of bitter and ill-advised personal animosities among officials who were once a comparative unit, professedly and seemingly unalterably committed to the soundness and correctness of shop organization as outlined in the Industrial Manifesto issued in 1905; and,

Whereas, The conditions of the working class, both organized and unorganized, demonstrates beyond all possibility of contradiction that industrial unity—the shop organization of the workers upon broad and liberal lines such as are embodied in the 1905 manifesto—is a basic and fundamental principle, born of the hardships and failures of craft organization, and is destined to live and thrive so long as a barbarous competitive system prevails, regardless of the onslaughts of organized wealth, regardless of any attempted throttling it may receive at the hands of those who should be the first to recognize the potency of such organization in the hands of the working class; and,

Whereas, From our knowledge of past experience, it can clearly be seen that industrial evolution will continue to force this question upon us; that it cannot, should not, and will not down; therefore, be it

Resolved, That we call the attention of the workers to the facts:

First. That the marshalling of workingmen in every department of industry, under the banner of one organization, that recognizes the fact that an injury to one is an injury to all, that the concern of one is the concern of all, that the working class must get together in an economic organization, the purposes of which are to control the machines of production and means of distribution, regardless of political affiliations of any kind.

Second. Such organizations of the workers being the only sound and effectual means of accomplishing the express purposes for which it is organized, it clearly follows that it is imperative that the workers band themselves together in such organization, regardless of spiritual or political beliefs; therefore, be it further

Resolved, That we, the Western Federation of Miners, in convention assembled, reaffirm our allegiance to the principles of industrial unionism as set forth in the manifesto and call sent out by the conference held in Chicago in 1905; that we condemn craft organization as the most fallacious and effective means of disorganizing the workers which could possibly be conceived by the

brain of man, and an institution which is fighting and retarding the best interests of the working class of the world.

GEO. H. WIEGLEND, No. 107.

CHAS. BUNTING, No. 180.

M. E. WHITE, No. 198.

C. F. BARTON, No. 228.

M. J. O'CONNOR, No. 60.

JAS. SULLIVAN, No. 261.

JOHN MITCHELL, No. 60.

JOHN OPMAN, No. 101.

JOE MCKINNON, No. 1.

THOS. B. COX, No. 1.

JOE F. HUTCHINSON, No. 10.

JOE BECHTEL, No. 118.

Moved by Hutchinson, seconded by Bechtel, that the resolution be adopted as read.

Moved by Boyle, seconded by O'Connor, No. 60, as an amendment that action on the resolution be deferred and that copies of the same be prepared for distribution among the delegates, and the special order of business be also deferred until copies of the above resolution are in the hands of the delegates.

Moved by Tracy, seconded by Scott, that all discussion on the subject of industrial unionism be deferred until the Constitution Committee has made a report. Motion lost.

The amendment was put to a vote, and declared carried.

Recommendation No. 5 read.

Moved by Waters, seconded by Morgan, that the recommendation No. 5 of Committee on President's Report be adopted. Motion carried.

Recommendation No. 6 read.

Moved by Milhoan, seconded by Rigley, that the report of the Committee be adopted. Motion carried.

Recommendation No. 7 read.

Moved by Morgan, seconded by Milhoan, that recommendation No. 7 be adopted. Motion carried.

Recommendation No. 8 read.

Moved by Boyle, seconded by Morgan, that recommendation No. 8 of the committee's report be adopted. Motion carried.

Recommendation No. 9 read.

Moved by Kennedy, seconded by Cameron, that recommendation No. 9 be adopted.

Moved by Boyle, seconded by Tracy, as an amendment, that the two recommendations contained in recommendation No. 9 of the committee's report be segregated in order that the two sections may be discussed separately. Amendment carried.

Moved by Cameron, seconded by Morgan, that the first section of recommendation No. 9 be adopted.

Moved by MacKinnon (No. 38), seconded by Opman, as an amendment that action on section one of recommendation No. 9 be deferred until Grievance Committee has made a report. Amendment lost.

The original motion was then read by the secretary.

Moved by Bechtel, seconded by Quinn, as a substitute, that the convention resolve itself into a committee of the whole to discuss section one of recommendation No. 9 of committee's report on President's Report, and that all correspondence pertaining to the subject matter be read to the convention.

Roll call was demanded, with the following result: For the amendment 146; against the amendment, 154. Amendment declared lost.

For—Al. McLellan, 4; Angus McLeod, 4; O. McCabe, 3; T. R. Cox, 4; Jos. McKinnon, 4; P. W. Flynn, 4; J. T. Donovan, 4; J. Prest, 3; W. P. Dolan, 4; D. Vironda, 2; Thos. Connors, 1; A. E. Rigley, 3; Jos. Hutchinson, 5; A. E. Rigley, proxy, 1; O. E. Shrode, 1½; H. Keifer, 1½; V. Toffoli, 5; J. A. MacKinnon, 3; M. J. O'Connor, 4; John Mitchell, 5; A. Nylund, 5; Joe Bechtel, proxy, 1; John Taylor, 3; Wm. Davidson, 2; John Opman, proxy, 1; John Taylor, proxy, 2; M. J. O'Connor, proxy 1; C. R. Burr, 1; John Opman, 2; G. H. Boyle, 1; John Kennedy, proxy, 1; A. H. Dunlavy, 3; Fred Clough, 5; Jas. Kelly, 5; J. M. O'Brien, proxy, 4; M. C. Leake, proxy, 2; Wm. Jinkerson, 1; W. M. Cramp, 1; A. T. Milhoan, 5; C. T. Anderson, proxy, 1; W. H. Schauf, 5; M. C. Leake, 2; J. M. O'Brien, 1; C. T. Anderson, 3; M. C. Leake, proxy, 1; J. B. Clark, 1; Jno. B. Clark, proxy, 1.

The original motion was then put and declared carried.

The secretary then read the second section.

Moved by Waters, seconded by Burr, that the recommendation of the committee in the second part of recommendation No. 9 be adopted. Motion carried.

Recommendation No. 10 read.

Moved by Cameron, seconded by Waters, that the recommendation of the committee be adopted. Motion carried.

Recommendation No. 11 read.

Moved by Howells, seconded by Vogel, that recommendation No. 11 be adopted. Motion carried.

Recommendation No. 12 read.

Moved by Waters, seconded by Rigley, that recommendation No. 12 be adopted. Motion carried.

Resolution No. 84 read and the same was referred to the Committee on Constitution.

Report of Committee on President's Report on Vice-President Chas. E. Mahoney's report read as follows:

Denver, Colorado, July 20, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention of the W. F. M.:

Brothers—We, your committee on report of Vice-President Mahoney, beg leave to report as follows:

After a careful review of the report of your Vice-President, we heartily commend him for the able manner in which he has performed the duties of his office, as set forth in his report.

ORGANIZATION.

We especially concur in his views with reference to the matter of organization, and recommend that the same be referred to the Committee on Organization, and that especial consideration be given to his recommendation concerning the work of organizing in the unorganized districts of Missouri, Minnesota and Michigan.

We believe that all other subjects referred to in the report of Vice-President Mahoney have been sufficiently covered by the report of President Moyer, already submitted.

W. E. TRACY,
ED. F. BOYLE,
WM. HOWELLS,
E. G. LOCKE,
N. B. CAMERON,
W. J. LOUITT,

Committee on President's Report.

Moved by Waters, seconded by Cameron, that the report of committee be adopted. Motion carried.

Report of Special Committee on Board Member Lowney's report read as follows:

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Gentlemen—We, your Special Committee, to whom the report of Executive Board Member J. C. Lowney was referred, respectfully ask that the same be accepted and placed on file, with the exception of the recommendation therein, and which we herewith attach, No. 85, which we suggest be referred to Committee on Constitution and By-Laws.

JOS. MCKINNON,
JAS. McNULTY,
HENRY BERG,
J. DONOVAN,

Special Committee.

Moved by MacKinnon (No. 38), seconded by Flynn, that the report of the committee be adopted. Motion carried.

Resolution No. 85, read and referred to Constitution Committee.

Report of Special Committee on Board Member Kirwan's report read as follows:

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the 16th Annual Convention, W. F. M.:

Gentlemen—We, your Special Committee, beg leave to submit the following on report of James Kirwan, Executive Board member for District No. 5:

After careful consideration, we recommend that the report be accepted and placed on file, with the exception of recommendations regarding the amendments to the by-laws, herewith attached, No. 86, which we suggest be referred to the Committee on Constitution and By-Laws.

JOS. MCKINNON,
JAS. McNULTY,
HENRY BERG,
J. DONOVAN,

Special Committee.

Moved by Long, seconded by Vogel, that the report of the committee be adopted. Motion carried.

Resolution No. 86, read and referred to Constitution Committee.

After the reading of announcements, the convention adjourned at 12 m.

AFTERNOON SESSION.

Convention called to order at 2 p. m. by President Chas. H. Moyer. The roll call was read and found all delegates present except Thomas Connors.

The convention proceeded with the special order of business as contained in Resolution No. 83.

Moved by Cannon, seconded by Long, that resolution No. 83 be taken up seriatum. Motion carried.

First section read.

Moved by Heatherton, seconded by Scott, that the first section be not adopted.

Moved by Clark, seconded by Custis, that the rules be suspended and that Mother Jones be asked to address the convention before her departure from the city.

Mother Jones then proceeded to address the delegates and in her eloquent portrayal of labor's struggles, she pointed out the absolute necessity of eliminating from labor organizations the internal strifes which she said, more than other things robbed the industrial organization of the workers of its power in resisting organized capital.

Moved by McCabe, seconded by Locke, that Mother Jones be voted a standing vote of thanks. Motion carried.

After the delegates had bidden farewell to Mother Jones, Brother Moyer called the convention to order and the regular business was resumed.

The motion on the first section of Resolution No. 83, was then taken up and discussed.

Moved by Hutchinson, seconded by McCabe, as an amendment that the first two sections of Resolution No. 83 be stricken out.

Moved by Scott, seconded by Clark, that the whole resolution be laid on the table. Motion withdrawn.

On being put to a vote, the amendment was declared carried.

The third section of the resolution was then read.

Moved by Boyle, seconded by O'Leary, that the third section be stricken out. Motion carried.

The fourth section of the resolution was then read.

Moved by Burr, seconded by Bechtel, that the fourth section be adopted.

Moved by Kelly, seconded by O'Leary, as an amendment, that the whole resolution be stricken out. Amendment ruled out of order.

Moved by Plumb, seconded by Locke, that convention adjourn until 9 a. m. Motion carried.

Convention adjourned at 5 p. m.

EIGHTH DAY, JULY 21, 1908

MORNING SESSION.

The convention was called to order by President Charles H. Moyer, at 9 a. m. The roll call was read by the secretary and found all delegates present.

The minutes of the last two sessions were read and the same were adopted as read.

The fourth section of Resolution No. 83, and the motion thereon, were then taken up by the convention.

Moved by Cameron, seconded by Waters, as a substitute for all pending motions and the resolution under discussion, that we, the Western Federation of Miners in convention assembled, reaffirm our allegiance to the principles of industrial unionism, and hereby pledge ourselves to work together for the solidarity of the working class.

Moved by Rigley, seconded by Bunting, that the previous question be now put.

Roll call demanded by Delegate Flynn, with the following result: Yes, 171½; No, 134½. Motion declared lost.

Roll call F:

Yes--Con Shea, 3; Ed. Long, 3; Barry O'Leary, 3; W. L. Nichols, 5; Jos. Hinton, 2; D. Vivendo, 2; Jas. McDonald, 2½; W. E. Tracy, 2½; Thos. Connors, 1; W. J. Louttit, 5; A. E. Rigley, 3; A. E. Rigley, proxy, 1; J. E. Dahl, 1; B. Birdsey, 1; Geo. Heatherton, 3; S. F. W. Anderson, 5; N. B. Cameron, 5; C. R. Waters, 5; V. Toffoli, 5; J. I. Sweet, 1; W. I. Plumb, 1; Thos. Powers, 3; S. E. Custis, 1; J. A. MacKinnon, 3; J. C. Scott, 3; W. E. Thompson, proxy, 1; W. E. Thompson, proxy, 1; Jack Inch, 1; W. E. Thompson, 3; J. J. Murphy, 5; A. Nylund, 5; J. H. Morgan, 2; E. G. Locke, 5; J. D. Cannon, proxy, 3; W. E. Tracy, 1; John Taylor, 3; Clem Vogel, 2½; F. J. Fitch, 2½; T. J. Ganter, 2½; P. Deloughey, 2½; Jerry Donovan, 1; John Taylor, proxy, 2; J. D. Cannon, 2; Y. Terzieh, 5; Alex. Main, 4½; Jerry Ford, 1; A. H. Dunlavy, proxy, 2; Jerry Ford, proxy, 1; Chas. Bunting, 3; A. H. Dunlavy, 3; J. B. Clark, proxy, 1; Fred Clough, 5; Jas. Kelly, 5; J. M. O'Brien, proxy, 4; M. C. Leake, proxy, 2; Wm. Jinkerson, 1; W. M. Cramp, 1; C. T. Anderson, proxy, 1; W. H. Schauf, 5; M. C. Leake, 2; J. M. O'Brien, 1; C. T. Anderson, 3; M. C. Leake, proxy, 1; J. B. Clark, 1; Chas. Mahoney, 1; L. W. Callahan, 1; L. C. Lowney, 1; Robt. Randell, 1.

No--Al. McClellan, 4; Angus McLeod, 4; Owen McCabe, 3; T. R. Cox, 4;

Jos. McKinnon, 4; P. W. Flynn, 4; J. T. Donovan, 4; Jacob Prest, 3; W. P. Dolan, 4; Pete Leonard, 4; Jos. Hutchinson, 5; John Kennedy, 4; O. E. Shrode, 1½; Henry Keifer, 1½; Walter Keifer, proxy, 1; Henry Berg, 2; Walter Keister, 1; J. P. McFarlane, 1; M. J. O'Connor, 4; J. Mitchell, 5; Joe Bechtel, proxy, 1; Wm. Burns, 2; J. Gibbons, 2; J. B. Ryan, 2; Joe Bechtel, 2; Jas. Cleary, 4½; M. L. Thompson, 2; W. T. Quinn, 5; Joe Bechtel, proxy, 1; Thos. Reilly, proxy, 1; M. E. White, proxy, 1; C. R. Burr, proxy, 1; E. F. Boyle, 1; Thos. Reilly, proxy, 1; John Kennedy, proxy, 1; M. E. White, 3; G. T. Phillips, proxy, 1; W. H. Burton, proxy, 4; C. R. Burr, proxy, 3; T. A. French, proxy, 2; T. A. French, proxy, 1; C. P. Barton, 2; G. T. Phillips, 4; T. A. French, proxy, 1; T. A. French, 1; W. H. Burton, 1; Jas. Sullivan, 1; Ernest Mills, 1; R. MacKenzie, 1; Jas. Kirwan, 1; Wm. Davidson, 1.

The substitute motion was then put to a vote and declared carried.

Special Committee's report on report No. 24, of Board Member Davidson:

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Gentlemen—In regard to the report of William Davidson, Executive Board Member for District No. 6, we, your Special Committee, recommend that the same be accepted and placed on file, with the exception of recommendations herewith attached, which we suggest be referred to the Committee on Organization.

JOE MCKINNON,

HENRY BERG,

JAS. McNULTY,

J. DONOVAN.

Special Committee.

Moved by Schauf, seconded by Terzieh, that the report of the committee be adopted. Motion carried.

Resolution No. 87, read and referred to Committee on Organization.

The Special Committee on report No. 25, of the Executive Board, reported as follows:

Denver, Colorado, July 20, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We, your Special Committee, beg leave to submit the following on the report of the Executive Board. We respectfully ask that the same be accepted and placed on file, with the exception of the recommendation bearing on organization, which we herewith attach, and which we refer to the Committee on Organization.

Also, that part referring to the constitution, which is herewith attached, we refer to the Committee on Constitution.

The paragraph referring to the conference specified by the Fifteenth Annual Convention of the W. F. M., and which is herewith attached, we refer to the Committee on Good and Welfare.

Also that portion of the report referring to the Miners' Magazine, and which is herewith attached, we refer to the Committee on Education and Literature.

The case of Preston and Smith, who are confined in the Nevada State Peni-

tentiary, and which is herewith attached, we recommend to be left in the hands of the incoming Executive Board.

Respectfully,

JOS. MCKINNON,
HENRY BERG,
JAS. McNULTY,
J. DONOVAN,

Special Committee.

Moved by Bechtel, seconded by MacKinnon (No. 38), that the report be adopted. Motion carried.

Resolution No. 88, read and referred to Committee on Organization.

Resolution No. 89, read and referred to Committee on Education and Literature.

Resolution No. 90, read and referred to Constitution Committee.

Resolution No. 91, read and referred to Committee on Good and Welfare.

Resolution No. 92, read as follows, and the same was referred to the incoming Executive Board:

No. 92.

LITIGATION.

The case of Preston and Smith, who are now confined in the Nevada State Penitentiary, should receive the earnest consideration of the delegates to this convention. During the past year everything possible has been done by the Executive Board to secure for them a new trial, but owing to the neglect and incompetency of the attorneys who were first employed to defend them, the rehearing has been delayed. Attorney O. N. Hilton, who now has charge of the case, feels confident that in the near future an opportunity will be given them to prove their innocence and be restored to liberty and friends.

Special Committee on Board Member Robert Randell's report submitted the following:

Denver, Colorado, July 20, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Gentlemen—We, your Special Committee, beg leave to submit the following on report of Robert Randell, Executive Board Member for District No. 1.

We recommend the same be accepted and placed on file, with the exception of those parts bearing on the St. John controversy, which are herewith attached, and which we ask be referred to the Grievance Committee.

Also that section of the report bearing on recommendations, which is herewith attached. Paragraph 1, we refer to the Committee on Constitution, and paragraph 2 to the Committee on Organization, and paragraph 3 to the Committee on Education and Literature.

JOS. MCKINNON,
HENRY BERG,
JAS. McNULTY,
J. DONOVAN,

Special Committee.

Moved by Burr, seconded by French, that report of committee be adopted. Motion carried.

Resolution No. 93, read and referred to Grievance Committee.

Resolution No. 94, read and referred to Committee on Constitution.

Resolution No. 95, read and referred to Committee on Organization.

Resolution No. 96, read and same referred to Committee on Education and Literature.

Report of Committee on Constitution on resolution No. 85 read as follows:

No. 85.

Section of J. C. Lowney's report.

I would recommend that Section 4, Article II, of the by-laws be stricken out, and the following inserted, to read:

"No withdrawal cards shall be issued to any member of the W. F. M. except such members who are actually engaged in some occupation not included in the jurisdiction of the W. F. M., or one who permanently retires from the occupations specified in Article I of constitution."

My reasons for recommending this amendment are: I found in my travels during the past year a great many carrying withdrawal cards and refusing to deposit them in local where there was no compulsion. I also believe no man has a right to sever his connection with organized labor on account of being temporarily out of a job.

Denver, Colorado, July 20, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on resolution No. 85. We recommend that this resolution be adopted.

M. C. LEAKE, Chairman,
A. T. MILHOAN, Secretary,
THOS. POWERS,
JOS. J. MURPHY,
CLEM VOGEL,
ALEX. MAIN,
BARRY O'LEARY,
Constitution Committee.

Moved by MacKinnon (No. 38), seconded by Hutchinson, that the report of the committee on resolution No. 85 be concurred in.

The hour of 12 having arrived, the convention adjourned, to convene again at 2 p. m.

AFTERNOON SESSION.

The convention was called to order by President C. H. Moyer at 2 p. m. The roll call was read and found all delegates present.

The motion on committee's report on resolution No. 85, was taken up and on being put to a vote the motion was declared carried.

Moved by Bole, seconded by Phillips, that as Brother Haywood was to leave the city that he be invited to address the convention. Motion carried.

Amidst ringing applause Brother Haywood, who was introduced by Chairman Davidson, then proceeded to address the convention. In the course of his speech, Brother Haywood advised the delegates to do everything in their power to bring about better reciprocal relations with the U. M. W. if the same was possible without sacrificing any of the principles of the Western Federation of Miners. At the close of his speech, Brother Haywood thanked the W. F. M.

for what its members had done for him, and urged upon the delegates that they should try and do as much for themselves.

Chairman Davidson then declared a ten minutes' recess while the delegates were bidding farewell to Brother Haywood.

After Brother Haywood had left, the chairman called the convention to order.

Report of Special Committee on report of Executive Board Member Callahan read as follows:

Denver, Colorado, July 20, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We, your Special Committee, beg leave to submit the following on the report of Executive Board Member L. M. Callahan, of District No. 2:

We recommend the same be accepted and placed on file, with the exception of the paragraph bearing on Brother Heslewood organizing the Tacoma smeltermen, which is herewith attached, and which we refer to the Committee on Grievance.

Also that part bearing on the conditions at Cle Elum, and which is herewith attached, and which we refer to the Committee on Organization, and recommend that Brothers L. W. Callahan and M. E. White appear before this committee and explain the conditions there.

Also the recommendations herewith attached bearing on the advisability of having a representative of our organization at the annual meetings of the Washington State Federation of Labor, we refer to the Committee on Good and Welfare.

Respectfully submitted,

JOE MCKINNON,

HENRY BERG,

JAS. McNULTY,

J. DONOVAN,

Special Committee.

Moved by Waters, seconded by Anderson, that the report of the committee be adopted. Motion carried.

Resolution No. 97, read and referred to Committee on Grievance.

Resolution No. 98, read and referred to Committee on Organization.

Resolution No. 99, read and referred to Committee on Good and Welfare.

Resolution No. 84, with report of committee, was read as follows:

No. 84.

Denver, Colorado, July 20, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We do hereby recommend that the following be added to the constitution: "This organization does not approve of or sanction any of its members to join or belong to any volunteer military organization except on a call from the government for the defense of their country."

Respectfully submitted,

ALEX. MAIN.

JAMES CLEARY.

Denver, Colorado, July 20, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration,

beg leave to report on resolution No. 84, that we recommend that this resolution be adopted.

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
JAS. J. MURPHY,
ALEX. MAIN,
BARRY O'LEARY,
CLEM VOGEL,

Constitution Committee.

Moved by MacKinnon (No. 38), seconded by Scott, that the report of the committee be not concurred in. Motion lost.

Moved by Boyle, seconded by Deloughey, that the report of the committee be adopted.

Roll call was demanded by Scott and MacKinnon (No. 38), with the following result: Yes, 31½; No, 253½.

Yes—Thos. Connors, 1; J. J. Murphy, 5; A. Nylund, 5; P. Deloughey, 2½; G. H. Wieglanda, 1; J. S. Burns, 2; Alex. Main, 4½; Jas. Cleary, 4½; E. F. Boyle, 1; A. T. Milhoan, 5.

No—Al. McLellan, 4; Owen McCabe, 3; T. R. Cox, 4; Jos. McKinnon, 4; J. T. Donovan, 4; Jacob Prest, 3; W. P. Dolan, 4; Pete Leonard, 4; Con Shea, 3; Ed. Long, 3; B. O'Leary, 3; W. L. Nichols, 5; Jos. Hinton, 2; D. Vivendo, 2; Jas. McDonald, 2½; W. E. Tracy, 2½; A. E. Rigley, 3; A. E. Rigley, proxy, 1; J. E. Dahl, 1; John Kennedy, 4; O. E. Shrode, 1½; Henry Keifer, 1½; Walter Keister, proxy, 1; B. Birdsey, 1; Geo. Heatherton, 3; Henry Berg, 2; A. F. W. Anderson, 5; N. C. Cameron, 5; C. R. Waters, 5; V. Toffoli, 5; W. I. Plumb, 1; Thos. Powers, 3; S. E. Custis, 1; J. A. MacKinnon, 1; J. C. Scott, 3; W. E. Thompson, proxy, 1; W. E. Thompson, proxy, 1; Walter Keister, 1; J. P. MacFarlane, 1; Jack Inch, 1; W. E. Thompson, 3; M. J. O'Connor, 4; J. Mitchell, 5; Joe Bechtel, proxy, 1; J. H. Morgan, 2; E. G. Locke, 5; J. D. Cannon, proxy, 3; W. E. Tracy, 1; John Taylor, 3; Clem Vogel, 2½; F. J. Fitch, 2½; Wm. Davidson, 2; T. J. Ganter, 2½; John Opman, proxy, 1; Jerry Donovan, 1; J. Taylor, proxy, 2; M. J. O'Connor, proxy, 1; C. R. Burr, proxy, 1; J. Opman, 2; J. D. Cannon, 2; Y. Terzieh, 5; J. Opman, proxy, 1; G. Evans, 2; Thos. Reilly, 2; Jas. McNulty, 2; J. Gibbons, 1; J. B. Ryan, 2; Joe Bechtel, 2; M. L. Tompkins, 2; Jerry Ford, 1; W. T. Quinn, 5; Joe Bechtel, proxy, 1; Thos. Reilly, proxy, 1; A. H. Dunlavy, proxy, 2; M. E. White, proxy, 1; C. R. Burr, proxy, 1; Jerry Ford, proxy, 1; Chas. Bunting, 3; Thos. Reilly, 1; John Kennedy, proxy, 1; M. E. White, 3; A. H. Dunlavy, 3; G. T. Phillips, 1; J. B. Clark, proxy, 1; Jas. Kelly, 5; W. H. Burton, proxy, 4; J. M. O'Brien, proxy, 4; M. C. Leake, proxy, 2; C. R. Burr, proxy, 3; Thos. A. French, 2; T. A. French, proxy, 1; Wm. Jinkerson, 1; C. P. Barton, 2; W. M. Cramp, 1; G. T. Phillips, 4; C. T. Anderson, proxy, 1; W. H. Schauf, 5; T. A. French, proxy, 1; M. C. Leake, 2; J. M. O'Brien, 1; T. A. French, 1; C. T. Anderson, 3; M. C. Leake, proxy, 1; W. H. Burton, 1; Jas. Sullivan, 1; J. B. Clark, 1; Chas. Mahoney, 1; Ernest Mills, 1; R. MacKenzie, 1; Jas. Kirwan, 1; L. W. Callahan, 1; J. C. Lowney, 1; Robt. Randell, 1; Wm. Davidson, 1.

A committee from the Cigar Makers' Union, namely, Charles Konnae, C. J. Morehouse and J. J. Johnson visited the convention and after being invited to

the platform, each of the committee addressed the delegates briefly, and at the close of their remarks they presented the convention with several boxes of union-made cigars.

Moved by Scott, seconded by McLellan, that a rising vote of thanks be accorded to the committee and that the cigarmakers be invited to attend our convention. Motion carried.

Report of Special Committee on Board Member MacKenzie's report was read as follows:

Denver, Colorado, July 20, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We, your Special Committee, beg leave to submit the following on the report of Executive Board Member Roderick MacKenzie, District No. 4:

We respectfully recommend that the same be accepted and placed on file, with the exception of recommendation on page 23, and herewith attached, which we would refer to the Committee on Constitution and By-Laws.

Also the recommendation on page 24, herewith attached, we refer to the Committee on Good and Welfare.

Also the recommendation on page 26, herewith attached, we refer to Committee on Constitution and By-Laws.

And that section on page 26 with reference to the Italian newspaper, and which is herewith attached, we refer to the Committee on Education and Literature.

Also that section on page 27, with reference to the situation in the coal fields of Colorado and Utah, and which is herewith attached, we refer to the Committee on Organization.

Respectfully submitted,

JOS. MCKINNON,
JAS. McNULTY,
HENRY BERG,
S. E. CUSTIS,
J. DONOVAN,

Special Committee.

Moved by Long, seconded by MacKinnon (No. 38), that the report of the committee be adopted. Motion carried.

Resolution No. 100, read and referred to Committee on Constitution.

Resolution No. 101, read and referred to Constitution Committee.

Resolution No. 102, read and referred to Committee on Education and Literature.

Resolution No. 103, read and referred to Committee on Organization.

Resolution No. 104, read and referred to Committee on Good and Welfare.

Report of Constitution Committee on resolution No. 77 read.

Moved by Thompson, seconded by Clark, that the report of the committee be adopted.

Moved by MacKinnon, seconded by Ganter, that action of resolution No. 77 and report of committee on same be deferred until 9 a. m. tomorrow. Motion carried.

Report of Grievance Committee on resolution No. 42 read as follows:

No. 42.

Silver City, Nevada, May 14, 1908.

Mr. Ernest Mills.

Dear Sir and Brother—Our local received a bill from you for a balance on assessments No. 1 and 2, and at our last regular meeting, held May 12, I was instructed to write you concerning the matter.

It seems that about the time our former secretary sent in his report a small camp by the name of Sunrise sprang up within our jurisdiction. We took in quite a few new members, but before the assessment was at hand, and even before our local could realize what was spent on the taking in of the members, which was several miles from here, the camp went through, the miners going to other parts, and probably paying the assessments into other towns. However, the full amount was never turned into the Silver City Union.

Mr. Randell, of the Executive Board, visited our union last month. He was given our books to inspect, and told me to write you on the matter.

Our union is always glad to pay what is right, but our treasury is very low now, and we would be very glad if you would give this matter your prompt and careful attention, and let us know your decision on the matter.

Fraternally submitted,

LUKE HARDWICK, Secretary.

Denver, Colorado, July 20, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Committee on Grievance, to whom grievance No. 42, from Silver City Miners' Union No. 92, which was reported on to the Sixteenth Annual Convention Saturday, July 18, 1908, and referred back to the committee for further investigation and consideration, beg leave to submit the following report:

We, your committee, recommend that request from Silver City Miners' Union No. 92 be not granted, and we further recommend that the secretary-treasurer of the W. F. M. officially notify the proper officers of Silver City Miners' Union of the action of this convention in dealing with their request, and also endeavor to impress upon the officers and members of No. 92 the necessity of their collecting, as soon as possible, the balance of assessments 1 and 2, and forwarding the same to headquarters as soon as collected.

OWEN McCABE,
J. A. MACKINNON,
J. M. O'BRIEN,
W. I. PLUMB,
W. H. SCHAUF,
JOHN KENNEDY,
J. S. BURNS,

Grievance Committee.

Moved by Ganter, seconded by Vogel, that report of the committee be adopted. Motion carried.

Report of committee on resolution No. 79 was read as follows:

No. 79.

Denver, Colorado, July 18, 1908.

To the Sixteenth Annual Convention, W. F. M.:

Brothers—Owing to such a large representation sent by our local union to

the W. F. M. conventions, it has caused a large expense to our organization, both to the local unions and to the W. F. M., therefore be it

Resolved, That the whole jurisdiction of the W. F. M. be organized into state unions, and the delegates to the federal convention be elected from the floor of the state unions.

JOHN TAYLOR, No. 71.

Denver, Colorado, July 20, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on resolution No. 79, that it be not adopted.

M. C. LEAKE, Chairman,

A. T. MILHOAN, Secretary,

THOS. POWERS,

JAS. J. MURPHY,

ALEX. MAIN,

BARRY O'LEARY,

CLEM VOGEL,

Committee on Constitution.

Moved by Shauf, seconded by Morgan, that the report of the committee be concurred in. Motion carried.

Report of Committee on Organizer Yanco Terzich's report read as follows:
Denver, Colorado, July 18, 1908.

To the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Committee on Strikes and Lockouts, beg leave to submit the following report on resolution No. 49:

1st. We recommend that the W. F. M. keep an organizer in Alaska, and the Executive Board member for that district give all possible assistance to our brothers during their trouble.

2nd. We recommend that the W. F. M. take the proper steps to have the president of the United States send an inspector into Alaska to inspect the Treadwell mines.

Respectfully submitted,

MICHAEL J. O'CONNOR,

J. P. McFARLANE,

W. T. QUINN,

GEO. EVANS,

Committee on Strikes and Lockouts.

Moved by Boyle, seconded by French, that the report of the committee be adopted. Motion carried.

Report of Committee on resolution No. 30 was read as follows:

No. 30. Flat River, Missouri, July 15, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.,
Denver, Colorado:

Dear Sirs and Brother—At a meeting of Flat River District Union No. 9, W. F. M., resolutions were passed requesting your body to continue a representative on the Executive Board from this district. Although conditions at present do not seem to warrant any further expense in trying to organize the miners of Missouri, we think the time is not far distant when the laborers of this mining region will be driven to take a stand against the injustice of organized greed, that the indifference manifested by the miners of this place will be overcome, and

they will realize the benefits derived from organization, and take a stand where they rightfully belong, in the ranks of organized labor. Realizing the importance of educating the men to a sense of their duty towards organized labor, and further to prevent them from going west to take the places of men on strike, and numerous other reasons, we ask you to continue your support in this district. In consideration of which we pledge our undivided support.

Resolutions were also passed requesting you to release Doe Run Local No. 230 from further obligation for assessments Nos. 1 and 2 for 1907, as their membership has decreased to the extent that they will be unable to pay the same.

Fraternally submitted,

WM. JINKERSON, Pres.,

R. LU LASHLEY, Sec'y.

Flat River District Union No. 9.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Gentlemen—We, your Special Committee, beg leave to submit the following report on resolution No. 30, from Flat River District Union No. 9, asking to continue an Executive Board member for that district. As this matter has already been acted on by the convention, we recommend that this be placed on file.

Resolution from No. 230, which is herewith attached, asking to be released from further obligation for assessments 1 and 2 for 1907, we recommend be referred to the Grievance Committee.

JOE MCKINNON,

HENRY BERG,

JAS. McNULTY,

J. DONOVAN,

Special Committee.

Moved by O'Leary, seconded by Custis, that the report of the committee be adopted. Motion carried.

Report of Committee on Strikes and Lockouts on sections of President's report pertaining to the same was read as follows:

Denver, Colorado, July 21, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—We your Committee on Strikes and Lockouts, beg leave to submit the following report on the section of the President's report referring to strikes and lockouts:

1st. We recommend that the incoming Executive Board be instructed to give all the financial assistance possible to our brothers, who have been arrested in Cobalt.

2nd. We also recommend that the Federation render all possible assistance to the Bisbee local in their efforts to organize.

3rd. We would recommend to the incoming Executive Board that they give all aid in their power to the other locals of the W. F. M. that are on strike.

Respectfully submitted,

J. P. McFARLANE,

PETE LEONARD,

W. T. QUINN,

M. J. O'CONNOR,

GEO. EVANS,

Committee.

Moved by White, seconded by Tompkins, that the report of the committee be concurred in. Motion carried.

Resolution No. 78, with report of committee on same was read as follows:

No. 78.

Nome, Alaska, June 28, 1908.

To the Officers of the W. F. M., and the Delegates of the Sixteenth Annual Convention:

Sirs and Brothers—Following are the instructions to the delegates elected by Local No. 240, W. F. M., to the Sixteenth Annual Convention, same being adopted at regular meeting of June 27, 1908:

Whereas, It is evident from rumors in labor circles that an attempt will be made by the Trautmann faction of the I. W. W. and the A. F. L. to get the Sixteenth Annual Convention of the W. F. M. to affiliate with their respective organizations; and

Whereas, The Trautmann faction of the I. W. W. is controlled by a bunch of disrupters whose motto is "rule or ruin"; and

Whereas, The reactionary trade and craft principle of the A. F. of L. is used as a club against the wage workers in the time of strikes; and

Whereas, Local No. 240, of the W. F. M., believes in the industrial principle of organization to be the correct and only form by which the wage workers can achieve their emancipation; and

Whereas, We believe there should be an industrial organization of the working class to which all wage workers could join; and

Whereas, We believe that a member of the Executive Board or an organizer from the outside could do great good in Alaska; therefore, be it

Resolved, By the members of No. 240 in regular session assembled to instruct our delegates to the Sixteenth Convention to cast their votes in pursuance of the following instructions:

1st. To vote either faction of the I. W. W.

2nd. To vote against affiliation with the A. F. L.

3rd. To vote for and support industrial unionism at all times on the floor of the convention.

4th. To vote that the constitution of the W. F. M. be so altered as to form a central union that will embrace all wage workers industrially.

5th. To vote against and oppose at all times any amendment to the preamble of the constitution except such part as refers to the mining department of the I. W. W.

Resolved, That copies of these instructions be given to each of our delegates to the Sixteenth Annual Convention. and that copies be sent by registered letter to Chas. Moyer, to the Executive Board and to Ernest Mills, with request that said instructions be read before the Sixteenth Annual Convention.

Submitted by Harry Sheare, member of No. 240, W. F. M.

These resolutions were adopted when the members present numbered about twenty-five.

Attested by

PHILIP CORRIGAN,
Secretary-Treasurer No. 240, W. F. M.
Denver, Colorado, July 20, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We, your Special Committee, beg leave to submit the fol-

lowing report on resolution No. 78, from Local No. 240, Nome, Alaska, and which is herewith attached: that the same be turned over to the delegate from that local.

Respectfully submitted,

JOE MCKINNON,
HENRY BERG,
J. DONOVAN,
JAS. McNULTY,

Committee.

Moved by Scott, seconded by Opman, that the report of the committee be concurred in. Motion carried.

Resolution No. 28, with report of committee on same, read as follows:

No. 28.

Amethyst, Colorado, July 8, 1908.

To the Delegates to the Sixteenth Annual Convention in Session at Denver, Colo.:

Dear Sirs and Brothers—Owing to the shut down of most of the mines in this county, Creede Miners' Union No. 20, W. F. M., is in poor financial condition, about 70 per cent. of our members having left the county. We therefore are having a hard time to meet our running expenses. Just prior to the panic, we built our hall and paid for it, in addition to this, our sick benefits have been unusually heavy. We therefore respectfully request that assessment No. 1 calling for \$1.00 per member for the month of May, 1908, be cancelled so far as No. 20 is concerned.

Thanking you, in anticipation, for your compliance with this request as to assessment No. 1, and assuring you of our loyalty and willingness to respond at all times when financially able to do so, I have the honor to remain

Fraternally yours,

F. H. GREFFER, President.

B. BIRDSEY, Secretary.

Denver, Colorado, July 18, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Grievance, beg leave to submit the following report on grievance No. 28, a resolution from Creede Miners' Union No. 20, requesting that assessment No. 1 for the month of May, 1908, be wiped out by the Federation: We, your committee, recommend that the request from Creede Miners' Union be not granted. We also recommend that the officers of No. 20 be instructed to do their utmost to collect this assessment, and as they collect, forward the same to the secretary-treasurer at headquarters.

Respectfully submitted,

OWEN McCABE,
JOHN KENNEDY,
J. M. O'BRIEN,
W. H. SCHAUF,
J. S. BURNS,
J. A. MACKINNON,
W. I. PLUMB,

Grievance Committee.

Moved by MacKinnon (No. 38), seconded by Waters, that the report of the committee be adopted. Motion carried.

Resolution No. 66, with report of committee on same, read as follows:

No. 66.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Whereas, The constitution of the W. F. M. provides for an executive board member for district No. 6, and while one has been elected at each annual convention, during the past two years our member has scarcely been in British Columbia at all, being absent in other districts under orders from headquarters, often when he was badly needed in British Columbia; therefore, be it

Resolved, That we consider our board member can find lots of work to do in his own district, and should only be taken away in cases of emergency, and then, if absent for a longer period than one month, the president shall appoint some one to act in his place while absent, and that the Executive Board member should visit every local in his district at least once every three months.

CHAS. BUNTING, No. 180.

JOHN TAYLOR, No. 71.

GEO. HEATHERTON, No. 22.

W. J. LOUITT, No. 8.

Denver, Colorado, July 20, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit resolution No. 66, and report that upon investigation, we find that owing to unusual conditions prevailing during the time mentioned, a good part of the time of the Executive Board member from District No. 6 has been devoted to work in Alaska, and other parts of the jurisdiction of the W. F. M.; we also find that other Executive Board members have been assigned to work outside of their particular districts, such action being made advisable by the limited finances at the command of the executive officers of the organization.

We recommend that these resolutions be referred to the incoming Executive Board with instructions that, as far as possible, the work of Executive Board members be confined to their respective districts, and that special provisions be made for special work.

F. J. FITCH,

WM. P. DOLAN,

O. E. SHRODE,

J. I. SWEET,

W. H. BURTON,

Good and Welfare Committee.

Moved by Schauf, seconded by Fitch, that the report of the committee be adopted. Motion carried.

Resolution No. 60, with report of committee on same, read as follows:

No. 60.

Jerome, June 12, 1908.

To the Sixteenth Annual Convention of the Western Federation of Miners:

Resolved, That the present dues book be changed to accommodate special assessment stamps, such stamps to be issued by headquarters to locals the same as due stamps, such stamps to be issued for both headquarters and local assessments and to indicate on their face what each assessment is for—such as local, strike funds, defense fund, delegate's mileage, etc.

For the above we give the following reasons: First—If due stamps are good, assessment stamps are also; Second—It will facilitate the work of auditing committees; Third—Dues books will show whether assessments are, or are not, paid, as under the present system any one can mark assessments paid; Fourth—Locals would only have to pay the assessments collected, as, under the present system, locals have to pay assessments that they cannot collect; Fifth—Headquarters would always know the amount of assessments each local does collect; Sixth—There would be no reflection on financial secretaries of locals either by members, auditing committees or by headquarters, as sale of stamps will show assessments collected.

Fraternally submitted,

JEROME MINERS' U. No. 101.
IRA VAN VALKENBUR,
EUGENE S. CARTER,
F. J. MILECHIK,
Committee.

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on resolution No. 60, that this be adopted.

Respectfully submitted,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
CLEM VOGEL,
BARRY O'LEARY,
ALEX. MAIN,
JOS. J. MURPHY,

Committee.

Moved by Burr, seconded by Wieglanda, that the rules be suspended while resolutions are being read. Motion lost.

Convention adjourned at 5 p. m. to convene again at 9 a. m. to-morrow.

NINTH DAY, JULY 22nd, 1908

MORNING SESSION.

The convention was called to order by President Chas. H. Moyer at 9 a. m. Roll call was read and found all delegates present except A. T. Milhoan of No. 234.

The minutes of last two sessions were read and same adopted as read.

Resolution No. 105, read and the same referred to Constitution Committee.

Resolution No. 106, read and referred to Constitution Committee.

Resolution No. 107, read and referred to Constitution Committee.

Resolution No. 108, read and referred to Committee on Good and Welfare.

Resolution No. 109, read and referred to Constitution Committee.

Resolution No. 110, read and referred to Committee on Organization.

Resolution No. 111, read and referred to Committee on Good and Welfare.

Resolution No. 112, read and referred to Committee on Constitution.

Resolution No. 113, read and referred to Committee on Constitution.

Resolution No. 114, read and referred to Good and Welfare Committee.

Resolution No. 115, read and referred to Committee on Good and Welfare.

Resolution No. 77, with report of committee on same, on which action at last session was deferred, was read as follows:

No. 77. Denver, Colorado, July 20, 1908.

To the Sixteenth Annual Convention, W. F. M.:

We herewith submit the following as amendments to sections 9 and 10 of Article III, of the constitution:

Strike out the word "ten" of section 9, line 15, and insert the word "eleven."

Strike out the line 24, section 10, and all up to and including line 33, and insert the following:

"No. 1. Nevada, Arizona, and Mono, Inyo, San Bernardino and Kern counties, California.

"No. 2. Washington, Oregon and all of California, except that portion placed in District No. 1.

"No. 3. Montana, Wyoming and Idaho.

"No. 4. Colorado, Utah and New Mexico.

"No. 5. South Dakota, Minnesota, Wisconsin, Michigan and Ontario.

"No. 6. British Columbia.

"No. 7. Alaska and Yukon territory.

"No. 8. Kansas, Missouri, Arkansas, Indian Territory, Oklahoma."

ROBT. RANDELL.

JOSEPH D. CANNON.

JOHN B. CLARK.

FRED CLOUGH.

JAMES KELLY.

Denver, Colorado, July 20, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on resolution No. 77, that we recommend that this resolution be adopted.

M. C. LEAKE, Chairman.

A. T. MILHOAN, Secretary.

THOS. POWERS.

JOS. J. MURPHY,

Constitution Committee.

Moved by Flynn, seconded by French, that the report of the committee be adopted.

Moved by Hutchinson, seconded by Donovan (No. 1), as an amendment, that a reinstatement stamp be included in the resolution, the cost of such stamp to be one-fourth of the reinstatement fee. Amendment carried.

Moved by Locke, seconded by Ganter, that resolution No. 60 be referred back to the committee. Motion carried.

Resolution No. 69, with report of committee on same, read as follows:

No. 69.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates to the Sixteenth Annual Convention, W. F. M.:

Brothers—*Whereas*, The establishment of the Rochdale Co-operative system in British Columbia had proved a great success, by enabling the workingmen to get rid of the oppression practiced by our proverbial enemies, the business men; and

Whereas, The establishment of co-operative stores has invariably enabled the workingmen in the localities where it is established to be self-supporting, by increasing the purchasing power of every dollar he expends for the necessities of life, because of cutting off the middleman and dealing direct with the wholesaler or producer; and

Whereas, This co-operative store system holds promises of unlimited possibilities for the betterment of the working class, by fostering a spirit of independence, self-respect and concerted action on our part; therefore, be it

Resolved, That the Sixteenth Annual Convention in session assembled recommend that the Rochdale system of co-operation be put into operation in every locality over which we have jurisdiction.

J. C. SCOTT,

J. A. MACKINNON,

Delegates from No. 38.

Denver, Colorado, July 20, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, believing in united action in every possible manner, which has for its object the relief of the workers from unnecessary exploitation, respectfully submit the resolution No. 69, and recommend that the members of the W. F. M. be advised to make a special study of the Rochdale co-operative stores system, and that the same be adopted and put into practice wherever conditions seem favorable to its successful operation.

F. J. FITCH,

WM. P. DOLAN,

J. I. SWEET,

O. E. SHRODE,

W. H. BURTON,

Committee on Good and Welfare.

Moved by Taylor, seconded by Kelly, that the report of the committee be adopted. Motion carried.

Wm. Leonard, an old member of the W. F. M., briefly addressed the convention and invited the delegates to attend the Socialist picnic next Sunday.

Moved by MacKinnon, seconded by Louttit, that the invitation be accepted. Motion carried.

Resolution No. 67, with report of committee on same, read as follows:

No. 67.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, Assembled:

Gentlemen—In view of the fact that being no longer a part of the Industrial Workers of the World, be it

Resolved, That we, the delegates of the Sixteenth Annual Convention now in session, strike from our constitution and by-laws, and all parts of same, the words, "Mining department of the Industrial Workers of the World," and insert the words "Western Federation of Miners."

ED. LONG, No. 1.

BARRY O'LEARY, No. 1.

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on resolution No. 67, that this be adopted.

Respectfully submitted,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
CLEM VOGEL,
BARRY O'LEARY,
ALEX. MAIN,
JAS. J. MURPHY.

Moved by Vogel, seconded by Ganter, that the report of the committee be adopted. Motion carried.

Resolution No. 52, with report of committee on same, read as follows:

No. 52.

McCabe, Arizona, June 29, 1908.

Resolution to amend Article III, Section 3, of the constitution.

The officers of the Federation shall consist of a president, a vice-president, a secretary-treasurer, and an executive board, consisting of the presidents of the different state and district unions, including the three general officers before named, of which the president shall be chairman, and shall hold office until their successors are duly elected.

Submitted by McCabe Miners' Union No. 118, W. F. M.

J. W. SHIELDS, Pres.

JOHN J. McLEOD, Rec. Sec'y.

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on Resolution No. 52, that this resolution be not adopted.

Respectfully submitted,

M. C. LEAKE, Chairman,
A. T. MILHOAN, Secretary,

THOS. POWERS,
CLEM VOGEL,
BARRY O'LEARY,
ALEX. MAIN,

Constitution Committee.

Moved by MacKinnon (No. 38), seconded by Scott, that the report of the committee be adopted. Motion carried.

Resolution No. 45, with report of committee on same, read as follows:

No. 45.

To amend Section 1, Article X, by striking out.

Section 2, of Article X, to become Section 1, as follows:

1. Whenever a proposition of vital interest to the Western Federation of Miners presents itself, five or more locals in good standing may demand that the Executive Board have such propositions submitted to a referendum vote,

and in such case, it shall be the duty of the Executive Board to submit the same through the secretary-treasurer not later than fifteen days from receipt thereof. The majority of such vote to govern and be binding on all parties concerned.

To amend Section 1, Article IX:

2. The initiative, referendum and imperative mandate shall be the legislative power of the organization: any individual member of a local union or a collection of individuals of a local union can initiate a measure concerning the general organization, and when adopted by such a local union, and endorsed by four other locals, shall be submitted to referendum vote by the Executive Board not later than fifteen days after receipt thereof.

3. The general Executive Board shall not exercise the initiative under any circumstances.

Adopted by Globe Miners' Union No. 60, W. F. M., June 30, 1908.
To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report as follows:

Section 1. We recommend that this be not adopted.

Section 2. We recommend that this be not adopted.

Section 3. We recommend that this be not adopted.

Respectfully submitted,

M. C. LEAKE, Chairman,

A. T. MILHOAN, Secretary,

THOS. POWERS,

CLEM VOGEL,

BARRY O'LEARY,

Constitution Committee.

Moved by Heatherton, seconded by Louttit, that the report of the committee be concurred in. Motion carried.

Resolution No. 56, with report of committee on same, read as follows:

No. 56.

Denver, Colorado, July 16, 1908.

Brothers—*Whereas*, The attempt to put Section 3, Article VIII, of our constitution into practical working order, has caused great dissension and caused a great deal of injury to the Rossland Miners' Union No. 38, W. F. M.; and

Whereas, Unity amongst the members of our local is absolutely essential, if we can hope to attain the ultimate aim and object of our organization; therefore, be it

Resolved, By the Sixteenth Annual Convention of the W. F. M., that Section 3, Article VIII, of our constitution be stricken out as part of said constitution.

Respectfully submitted,

J. C. SCOTT,

Delegate No. 38.

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your committee on Constitution and By-Laws, after consideration, beg leave to report on resolution No. 56, that this resolution be not adopted.

Respectfully submitted,

ALEX. MAIN,

M. C. LEAKE,

A. T. MILHOAN,

THOS. POWERS,

CLEM VOGEL,

BARRY O'LEARY,

JOS. J. MURPHY,

Committee on Constitution.

Moved by MacKinnon (No. 38), seconded by Kelly (No. 220), that the report of the committee be concurred in.

The hour of 12 having arrived, the convention adjourned to convene again at 2 p. m.

AFTERNOON SESSION.

Convention called to order by President Moyer at 2 p. m. The roll call was read and found all delegates present.

Motion on resolution No. 56 was taken up and discussed. Roll call vote was demanded by Delegate Scott of No. 38, with the following results: Yes, 290; No, 20. Motion carried.

Roll call H.

Yes—Al McLellan, 4; Angus McLeod, 4; Owen McCabe, 3; T. R. Cox, 4; Jos. McKinnon, 4; P. W. Flynn, 4; J. T. Donovan, 4; Jacob Prest, 3; Pete Leonard, 4; W. L. Nichols, 5; Jos. Hinton, 2; D. Resolution No. 54, with report of committee on same, was read as follows:

No. 54.

Beatty, Nevada, July 3, 1908.

Ernest Mills, Sec'y-Treas. W. F. M., Denver, Colorado.

Dear Sir and Brother—In reply to your statement of April 16, 1908, notifying us of the balance due on assessment, \$107.00, will say that we are unable to pay the same. At the time the assessment was levied, July 1, 1907, the books showed 111 members in good standing, but some of the large mines had closed down on June 1, 1907, and the men had left camp, so we were unable to collect and you will see by the quarterly report that there is still only a few men working in the district. We would respectfully ask you to bring this before the Executive Board, as Brother Robt. Randell can give you further information, as he is familiar with our circumstances, under which we are working, and can give you all the information required.

Yours fraternally,

JULE BRACH, President.

J. C. MILLER, Secretary.

Denver, Colorado, July 18, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit the request of Beatty Miners' Union No. 245, for the remittance of assessments due the W. F. M. from that local, and recommend that the amount of these assessments be held as an open account against the Beatty Local No. 245, and that they be given permission to make payments on same in such amounts and at such times as the condition of their treasury will permit, until such time as the entire amount is paid.

F. J. FITCH,

J. I. SWEET,

W. H. BURTON,

WM. P. DOLAN,

O. E. SHRODE,

Good and Welfare Committee.

Moved by Burton, seconded by Burr, that the report of the committee be adopted. Motion carried.

Resolution No. 75, with report of committee, read as follows:

No. 75.

Resolved, That Article V. Section 1, of the constitution of the W. F. M. be amended by eliminating therefrom the following words, to wit:

Should any employer or employers attack the rights of a union or its estab-

lished principles without allowing the union sufficient time to notify the Executive Board of the proposed change, the members shall have the right to declare a strike to maintain their rights. In this they shall be assisted by the Executive Board.

WILLIAM E. TRACY.

Denver, Colorado, July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on resolution No. 75, that we recommend this resolution be adopted.

M. C. LEAKE, Chairman,
A. T. MILHOAN, Secretary,
BARRY O'LEARY,
CLEM VOGEL,
THOS. POWERS,
ALEX. MAIN,
JOS. J. MURPHY,
Constitution Committee.

Moved by Ganter, seconded by Waters, that the report of the committee be adopted.

Moved by Taylor, seconded by Rigley, that the resolution be referred back to the committee with instructions to draft an amendment to the whole section. Amendment lost.

The original motion was then put and declared lost.

Resolution No. 55, with report of committee on same, read as follows:

No. 55.

Murray, Utah, May 29, 1908.

Mr. Ernest Mills, Denver, Colorado.

Dear Sir and Brother—I was instructed by the last regular meeting to notify you and all acting officers of the W. F. M. that it is impossible for our local to pay the assessment levied for the month of May, and based on the quarterly report ending March 31, 1908, and in case that we must pay the said assessment based on the quarterly report of March 31st, we will at the same time be forced to surrender our charter and books. Our membership is falling off rapidly, and we have only eleven paid-up members at present. The once good members are now out of employment and cannot pay their dues.

Fraternally yours,

M. ZUGEL, Sec'y-Treas.

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit the request of Murray M. & S. Union No. 142, for the remittance of assessment due the W. F. M. from that local, and recommend that the amount of these assessments be held as an open account against the Murray Local No. 142, and that they be given permission to make payments on same in such amounts and at such times

as the condition of their treasury will permit, until such time as the entire amount is paid.

F. J. FITCH,
J. I. SWEET,
W. H. BURTON,
WM. P. DOLAN,
O. E. SHRODE,
Good and Welfare Committee.

Moved by Bechtel, seconded by Burton, that the report of the committee be adopted. Motion carried.

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—In the Fifteenth Annual Convention the balance of the assessment levied in 1903 and 1904, and owed by the Park City Miners' Union No. 144, was annulled and the same cancelled from the books of the W. F. M. I was charged, as per stenographic report, of having collected some of those assessments and not crediting them to the accounts of the members, and also of having padded my books for a purpose of my own. I ask this, the Sixteenth Annual Convention, to open this case and give me a chance to defend myself and show that this union collected these assessments and used them for local purposes.

Respectfully submitted,

E. F. BOYLE, No. 190.

Denver, Colorado, July 21, 1908.

To the Officers and Members of the Western Federation of Miners:

Brothers—We, your Committee to whom grievance No. 62 was referred, believe that the Sixteenth Annual Convention is at this time in no position to re-open this case, as Brother Boyle requests, for the reason that in order to do justice to all parties concerned, it would be necessary for this convention to have all books and papers bearing on this case, which are at the present time in the possession of Park City Miners' Union. We, your committee, recommend that the request of Brother Boyle be not granted. We also recommend that the new Executive Board member for this district be instructed to investigate this case, and give Brother Boyle a chance to clear himself as charged by some of the delegates of the Fifteenth Annual Convention. We further recommend that if the Executive Board member finds that Brother Boyle has been wrongfully charged, that the same be published in the Miners' Magazine.

Respectfully submitted,

OWEN McCABE,
J. A. MACKINNON,
JOHN KENNEDY,
J. M. O'BRIEN,
J. S. BURNS,
W. I. PLUMB,

Grievance Committee.

Moved by Heatherton, seconded by Morgan, that the report of the committee be adopted.

Moved by Boyle, seconded by Scott, as an amendment that action on resolution No. 62 be deferred until to-morrow morning. Amendment carried.

Resolution No. 32, with report of committee on same, read as follows:

Bisbee, Arizona, July 9, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

Mr. Chairman and Delegates to the Sixteenth Annual Convention—We, the members of Bisbee Miners' Union, beg to bring the following matters to your attention and would ask that you fully investigate the same:

A special meeting of Bisbee Miners' Union was called on December 24th, 1907, for the purpose of discussing the advisability of calling off the strike. Executive Board Member Robt. Randell was present and when asked for his opinion, said, from personal investigation he did not deem it advisable to call the strike off at this time; but he informed the membership of Bisbee Union that the Executive Board had instructed him to inform us that no more relief could be extended to the Bisbee strikers, except, if necessary, headquarters would pay a secretary and also the office rent, as they were determined to hold a local in Bisbee.

We, the members of Bisbee Miners' Union, believe that the stopping of relief by the Executive Board at this time was to some extent responsible for the members voting to call off the strike. We also wish to know by what right the Executive Board refused to aid the Bisbee strikers at this time. We understood from the stenographic report that the delegates to the Fifteenth Annual Convention emphatically expressed themselves as determined to support the Bisbee strikers as long as there was a cent in the treasury of the W. F. M., and the Butte delegates also promised the assistance of No. 1 to us in our fight against discrimination and blacklisting.

When the strike was declared off on December 24th, the local was in debt for the following bills:

Wages of secretary	\$92.00
Sick benefits	24.00
Funeral benefits	75.00
Groceries	34.75
Advertising	20.00
Attorney fee	15.45

making a total of \$261.20. We believe that as these debts were contracted while the Executive Board had charge of the strike, they should be paid by headquarters. If the delegates to the Sixteenth Annual Convention should decide that we are entitled to these amounts, they would be of the greatest assistance to us at the present time.

Since the strike was called off, this local asked for no assistance until the early part of May, when the Executive Board were requested to pay the secretary's wages for a few months until such time as the local was in a condition to look after itself. We believe that as Brother Randell, on behalf of the Executive Board, guaranteed that headquarters would pay a secretary in Bisbee, that they should have done so. If our debts had been paid when the strike was called off, or this request complied with, we would now be in a better position to carry on the fight in Bisbee.

A number of our members are indignant at what they consider an injustice on the part of the Executive Board towards the Arizona miners; and we, the

members of Bisbee Miners' Union, ask the delegates to the Sixteenth Annual Convention of the Western Federation of Miners, to fully investigate these matters and determine whether or not the Executive Board of the W. F. M. treated Bisbee Miners' Union justly.

Respectfully submitted,
W. E. STEWART, President,
F. BROWN, Secretary,
EDW. CLOUGH,
C. S. CRAWFORD,
Committee.

Denver, Colorado, July 21, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

We, your committee to whom grievance No. 32, from Bisbee Miners' Union No. 106 was referred, beg leave to submit the following: We recommend that Bisbee Miners' Union be paid the amount of \$261.20, and that the balance of this grievance be left in the hands of the incoming Executive Board.

Respectfully submitted,
OWEN McCABE,
J. A. MACKINNON,
JOHN KENNEDY,
J. M. O'BRIEN,
J. S. BURNS,
W. I. PLUMB,
Grievance Committee.

Moved by MacKinnon (No. 38), seconded by Tompkins, that the report of the committee be concurred in. Motion carried.

Supplementary report of Mileage Committee read as follows:

Denver, Colorado, July 20, 1908.

To the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Mileage, after submitting our report have received a certificate which shows that D. Vironda, from Granite No. 4, is entitled to the amount of \$60.00 for mileage, and recommend that a bill for the same be allowed.

C. P. BARTON,
THOS. A. FRENCH,
B. BIRDSEY,
THOS. J. GANTER,
Committee.

Moved by Morgan, seconded by Rigley, that the report of the committee be adopted. Motion carried.

Report of Credential Committee, on request of Doe Run Miners' Union, read as follows:

Doe Run, Mo., July 17, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

I hereby appoint Mr. Wm. Jinkerson my proxy as a delegate to the Sixteenth Annual Convention of the W. F. M., to be held at Denver, Colo., commencing July 13, 1908, hereby revoking all former proxies given.

W. E. WILLIAMS.

Endorsed by Doe Run Local Union No. 230 at a special meeting July 17, 1908.

GUY ARNOLD, Rec. Sec'y.

L. U. DELCOURE, Pres.

Denver, Colorado, July 20, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Credentials, recommend that the request of Doe Run Local No. 230, be not complied with, because of the fact that said local is in bad standing, not having paid May assessment.

C. R. WATERS,

A. E. RIGLEY,

J. C. SCOTT,

ED. LONG,

JAS. McDONALD,

C. R. BURR.

Committee.

Moved by MacKinnon (No. 38), seconded by Morgan, that action on the report of the committee be deferred until a later date. Motion carried.

Resolution No. 116, read and referred to Committee on Constitution.

Resolution No. 117, read and referred to Constitution Committee.

Resolution No. 118, read and referred to Committee on Good and Welfare.

Resolution No. 119, read and referred to Committee on Good and Welfare.

A committee from the U. M. W. of A. addressed the convention and invited a committee from the W. F. M. to confer with a committee from the U. M. W. A. to-morrow morning to discuss the relations between the two organizations.

Moved by Scott, seconded by Ganter, that the invitation of the U. M. W. A. be accepted, and the request complied with. Motion carried.

The chair appointed the special committee to visit the convention of the U. M. W. A.

After reading announcements, convention adjourned at 5 p. m. to convene at 9 a. m. to-morrow.

TENTH DAY, JULY 23rd, 1908

MORNING SESSION.

Convention was called to order by President Moyer at 9 a. m. Roll call was read and found all delegates present.

The minutes of the last two sessions were read and adopted as read.

Resolution No. 120, read and referred to Committee on Constitution.

Resolution No. 118, with report of committee on same, read as follows:

No. 118.

Denver, Colorado.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Mr. President and Brothers—I am a member in good standing of Local No. 15 at Ouray, am broke here and have my place at the Camp Bird. I ask you for a loan of \$15 for my fare to Ouray, and will pay it back the first pay I get, and may be able to as soon as I get to Ouray. Several of the delegates advised me this was the best thing to do.

Trusting you will grant this, I remain, with best wishes to all true members,

FRANK A. MCGINNIS.

Denver, Colorado, July 23, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit communication No. 118, and beg to report that upon investigation, we find that this request is not entitled to the consideration of this convention, and recommend that same be not granted.

F. J. FITCH,
W. H. BURTON,
J. I. SWEET,
O. E. SHRODE,
WM. P. DOLAN,

Committee.

Moved by Burton, seconded by Milhoan, that the report of the committee be concurred in. Motion carried.

Resolution No. 50, with report of committee on same, read as follows:

No. 50.

Mackay, Idaho, June 27, 1908.

Burke Miners' Union No. 10, Burke, Idaho.

My Dear Brothers—Your letter of grievance from headquarters was received some time past, and we think same is well founded. We think, also, that we have taken a hard deal from some source. Three years last September, 1907, the mine and smelter closed down here without any forewarning. The members of the union scattered like a bunch of quails shot amongst; not more than five remained here at Mackay. We at the time must have had over \$900 in the treasury. A man by the name of Charles Uncer was secretary-treasurer. He went to Arco, a town 30 miles from here and bought an interest in a large rock quarry. I suspicioned him, but I was not an officer of the union at the time and let matters go. In January, 1907, we reorganized. As I was always suspicious of this man Uncer, I had an investigation made, and found, not to my surprise, that he had never sent one dollar of the money to headquarters. I was yet acting in no official capacity, hence all I could do was to agitate the matter of going after absconding Uncer, but all the attorneys were busy with the Moyer, Haywood and Pettibone case, and nothing was done. The mine and smelter closed again in September, 1907, but about 20 members remained whose homes are here. However, in October, 1907, the charter, books and stamps, together with \$111 were sent to headquarters without any knowledge or consent of any one except the secretary-treasurer. He, of course, left the country at once and wrote back what he had done.

Then in February, 1908, when Brother Callahan, Executive Board member, was here the prospects were favorable for the mine to resume work, hence we reorganized. I was placed as secretary-treasurer. I sent for charter, books, stamps, seal, etc., but nothing but the \$111 could be found. Brother Mills declared that no such package ever came to his office. Four or five weeks were spent, but nothing was availed. The members became disgusted and authorized me to get a new charter, seal and set of books, which I did. I yet was not satisfied, so I went to the express office and had the agent send a tracer after the supplies, as the books in the agent's office showed they had been expressed to James Kirwan, then acting secretary-treasurer. Finally the supplies were all located in the express office in Denver, the express agent says Kirwan would not

receive them, at any rate, they were sent back to me. The result is, we have two charters and set of supplies, but, dear brothers, this is not all. Cheer up, the worst is yet to come.

In the meantime, October 1st, 1907, I was making such a howl about Uncer stealing the funds of our old organization, they placed me on a committee to look after it. I at once wrote to Nugent, our attorney at Boise. He informed me that the statute of limitation had expired and nothing could be done. I yet was not satisfied, so I went to Uncer and told him that I would have his photograph put in every leading paper of the West and write him up as a sneak thief below it. This made him wilt. Then he wanted to compromise. I knew I had him then, so I just employed a good bull-dozing attorney to assist me, hence we got \$632.50. This is all the bank books showed, but I know he had more, at any rate, Mr. Callahan was on hand to take the money just as soon as my attorney Clark collected it. Now we have had all kinds of sickness and bad luck here amongst us. Brother Callahan promised us the money, half of it at any rate. We have not received one dollar. We had \$71.00 sent to us after paying for new charter, stamps, and so forth, out of the \$111 that was sent in. My time and livery hire amounted to \$66.50, collecting the money. I got that and donated it to the sick, every dollar of it. We had one man with a cataract on both eyes, he was totally blind; another was in bed 9 weeks; another with his leg broken in three places; besides Brother Rolich, who was writing us for aid and these men that were sick are good union men at heart. They always keep their dues paid up and are loyal to the union and to their fellow man, and surely deserve our fraternal fellowship. There are only ten men working in camp, and some would-be mine operators have been trying to organize a Citizens' Alliance here on account of our weakness. We have no money to pay sick benefits with, and they have been going to the parties and telling them to help organize and they would help them. Now, brothers, you cannot tell what a man will do, especially when he is sick and out of money, so I just thought I would take no chances. I went to the bank and paid these men their sick benefits. I am not asking you for help, but I would be glad if your delegate would bring this matter up at the convention and try and get us at any rate \$150 of the money collected that the Federation itself thought I could not get nor could not be got.

I have taken a partition out of one of my dwellings and made a hall out of it. I gave it to the union free of charge. This is no more than my duty, as the house was vacant and not bringing me anything.

Now, brothers, you men know what a Citizens' Alliance means and I most frankly assert that if this charter leaves here the alliance will organize in spite of all that I can do. We will be O. K. if we can get on our feet. I have advanced the money to pay all claims as it is, but if we had got a square deal we would never have been pinched. Please let me know what became of Brother Mot Rolich, I wrote him at Hot Lake, Oregon, several times, but the last letter received no reply.

With the kindest wishes to all, I remain

Fraternally yours,

J. M. HILL.

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

In regard to grievance from Mackay Miners' Union No. 80, requesting that

the Federation give this union the amount of \$150.00, which they claim **they need** at the present time, and which they also claim rightfully belongs to **them, we**, your committee, recommend that the request from Mackay Miners' Union be not granted, and we further recommend that the new incoming Executive Board investigate the affairs of this union and act according to their finds.

OWEN McCABE,
J. A. MACKINNON,
JOHN KENNEDY,
J. S. BURNS,
W. H. SCHAUF,
J. M. O'BRIEN,
W. I. PLUMB,

Grievance Committee.

Moved by MacKinnon (No. 38), seconded by McClellan, that the report of the committee be adopted. Motion carried.

Section 2, resolution No. 30, with report of committee on same, was read as follows:

Resolutions were also passed requesting you to release Doe Run Local No. 230 from further obligation for assessment No. 1 and 2 for 1907, as their membership has decreased to the extent that they will be unable to pay same.

R. L. LASHEY, Secretary.
Flat River District Union No. 9.

Denver, Colorado, July 23, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Committee on Grievance, to whom resolution from Doe Run Local No. 230, W. F. M., asking that this, the Sixteenth Annual Convention cancel assessments No. 1 and No. 2 for 1907, beg leave to report as follows: We recommend that the request from Doe Run Miners' Union No. 230 be granted.

Respectfully submitted,

OWEN McCABE,
J. A. MACKINNON,
J. M. O'BRIEN,
W. I. PLUMB,
W. H. SCHAUF,
J. S. BURNS,
JOHN KENNEDY,

Grievance Committee.

Moved by Morgan, seconded by Tompkins, that the report of the committee be concurred in. Motion carried.

A committee from the striking machinists visited the convention and asked that the committee be given permission to present their case before the delegates.

Moved by French, seconded by Terzieh, that the request of the committee be granted. Motion carried.

President Moyer introduced the committee as follows: B. F. Perry, George Kuykendall and Henry Klien.

The committee addressed the convention and appealed for financial assistance to continue the machinists' strike.

The following appeal was read by the secretary:

Denver, Colorado, July 15, 1908.

To Our Brothers and Friends Everywhere, Greeting:

The effort now being made by the Denver and Rio Grande Ry. Co. to annul and abolish all contracts with its mechanics, briefly stated, means this: Longer hours and smaller wages and the disruption of our organization, in fact the unions would cease to exist, and if we should submit to the conditions they are attempting to force upon us it would only be a question of time before we would find ourselves pauperized and our children enslaved. With one blow of the iron hand of corporate greed we would find the progress of the labor movement checked, and all would be sacrificed that the toiling millions have fought to gain for the last quarter of a century. Shall we submit? With one voice the thousand locked-out workmen answer in the negative. All machinists, boilermakers, blacksmiths and locomotive pipemen, together with their respective helpers and apprentices, including all foremen, are involved in the present strike, which has been in progress since the 16th of March. Now, brothers, we will state that our prospects for winning are bright, but as we have several hundred non-beneficial members to care for, we find ourselves in straitened circumstances financially, and the company is now boasting that it is only a question of time until they have their old employees starved into submission, therefore, we are appealing to you for financial aid. Will you assist us? In doing so remember you are assisting yourselves, as it goes without saying, if they should succeed in breaking our contracts to-day they would be bold enough to attempt to break yours to-morrow.

Fraternally submitted by joint Executive Board,

B. F. PERRY,

J. J. TRACY,

L. P. HOLLY,

Machinists.

H. D. HASTY,

H. C. KLIEN,

W. T. KINCAID,

Boilermakers.

E. E. TUCKER,

E. N. GORDON,

G. W. KUYKENDALL,

Blacksmiths.

Approved by Jas. O'Connell, International President International Ass'n of Machinists; J. A. Franklin, International President Boilermakers and Iron Ship Builders and Helpers of America; J. W. Kline, International President Blacksmiths and Helpers.

Moved by Clark, seconded by O'Leary, that we donate \$200.00 to the striking machinists and that their appeal be published in the Miners' Magazine.

Moved by Tompkins, seconded by Phillips, as an amendment, that action on the appeal be deferred until the delegates are in a better position to know the financial condition of the Federation. Amendment lost.

The original motion was then put and declared carried.

Resolution No. 76, with report of committee on same, read as follows :

No. 76.

Denver, Colorado, July 18, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M. :

Brothers—Believing that the time has long since passed when the secret work contained in the ritual of the Western Federation of Miners is of any benefit to the membership of the W. F. M., therefore, be it

Resolved, That the W. F. M. have a new supply of rituals printed for all local unions, and these rituals to contain no secret signs, token or other secret work, with the exception of the quarterly pass-word.

Respectfully submitted,

J. A. MACKINNON, No. 38.

JOHN TAYLOR, No. 71.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Ritual Committee, beg leave to report that we cannot agree to sustain resolution No. 76, and recommend that the ritual remain as it is at present.

A. H. DUNLAVY,

THOS. CONNORS,

GEO. H. WIEGLEND,

CON SHEA,

JACK INCH,

JAMES T. SULLIVAN,

Committee.

Moved by Scott, seconded by Murphy, that the report of the committee be concurred in. Motion carried.

Report of the auditing committee was read as follows :

Denver, Colorado, July 16, 1908.

To the Officers and Delegates to the Sixteenth Annual Convention :

We, your Auditing Committee, have examined the books and accounts of your secretary-treasurer, and find all receipts and expenditures, vouchers and accounts properly and accurately and neatly kept. We have counted the money in the safety deposit vaults, and the bankers have verified the correctness of the amount reported in their care, by the secretary, in the annual and quarterly reports just issued.

This report is for the 15 months ending July 1, 1908.

The secretary-treasurer is deserving of the highest commendation for the able and efficient manner in which the accounts of the organization are kept.

JOS. D. CANNON,

JOHN B. CLARK,

CHAS. BUNTING,

W. L. NICHOLAS,

AL. McLELLAN,

WALTER KEISTER.

Committee.

Moved by Terzieh, seconded by Custis, that the report of the committee be adopted. Motion carried.

Resolution No. 98, with report of committee, read as follows:
Section of L. W. Callahan's report.

CLE ELUM, WASH.

After a session lasting 18 days, I left Denver for Cle Elum, Wash., where a local of the W. F. M. had lately gone defunct. I stopped over at Cle Elum on Dec. 22d, and after conferring with some members of the Federation, fixed the date of meeting on Dec. 30, and went on to Index, where I attended a meeting of that local and visited some mining camps in the vicinity, after which I started for the Coeur d'Alenes, stopping at Cle Elum en route, with the intention, if conditions were favorable, of reorganizing that local. After conferring with B. R. Levers and Joe Poletto, the former secretary and president of Cle Elum local, I decided to postpone the meeting until Saturday evening, Jan. 4th. The meeting was poorly attended, there being not over 30 men out of a total of 600 in the camp, a majority of whom are Italians. I got about 16 names that evening, and as this is a coal camp and a majority of the miners belong to the U. M. W., who were decidedly dissatisfied with the idea of the reestablishment of a Federation local at Cle Elum, I, of course, was desirous of securing a substantial list of names before making application for a return of the charter, but as Brother Joe Poletto assured me that he believed he could, if given a little time, secure 100 or more names, I left the list with him, reported the matter to headquarters and departed for the Coeur d'Alenes.

Having received instructions from headquarters to again visit Cle Elum and report the situation at that place, where I arrived on Feb. 26th, and after making the necessary investigation, found there was a small bunch of Italians, numbering 35, who were old Federation members and opposed to the U. M. W., which had a membership of more than 500 men out of about 600 in the town, and were using every effort to thoroughly organize the camp.

I was treated very courteously by the officers of the U. M. W., whom I told that I intended arranging a meeting, if possible, in order to ascertain the sentiment of the miners and consider the expediency of reestablishing our local. They immediately posted notices in three different languages, calling a special meeting on Feb. 28th, and stating the reason therefor. The meeting was attended by 150 to 200 men and was a stormy one. I had two interpreters on the platform and the floor was at times a whirlwind of waving arms and shaking fists as Slavs, Italians and English-speaking people attempted to be heard at the same time, or hurled defiance at each other across the hall. To be brief, I found out what I wanted to know, and immediately made up my mind that we had no business invading a field so entirely dominated by the U. M. W., and that field their natural element, the coal mines. In the reestablishment of a Federation local at that place, I could see nothing but division and discord among the miners, as 30 names were as many as I was able to find who wished to revive our local; however, I advised those men to send in their application, requested the U. M. W. officers to send in a report of the meeting and sent in my own report advising against granting a charter under the conditions existing in Cle Elum, Wash., at that time. I was pleased to note that President Moyer shared my views on the question under consideration.

Denver, Colorado, July 21, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

Fellow Workers—Your Committee on Organization recommend that the section of No. 98, in reference to the situation at Cle Elum, be concurred in and the report placed on file.

Fraternally submitted,

PAT DELOUGHEY,
JAS. H. MORGAN,
YANCO TERZICH,
JAS. CLEARY,
C. T. ANDERSON,
WM. CRAMP,
JOHN OPMAN,

Organization Committee.

Moved by Inch, seconded by McKinnon (No. 1), that the report of the committee be adopted. Motion carried.

Resolution No. 95, with report of committee, read as follows:

No. 95.

That the Jerome Miners' Union be given the assistance of an Austrian organizer; that the Bisbee Miners' Union be given sufficient financial assistance to enable it to continually keep a representative in the field.

Denver, Colorado, July 21, 1908.

To the Members and Delegates of the Sixteenth Annual Convention, W. F. M. :

Fellow Workers—We, your Committee on Organization, report as follows on resolution No. 95: We recommend that the incoming Executive Board use their best judgment in the matter referred to, according to the means at hand.

Fraternally submitted,

PAT DELOUGHEY,
JAS. H. MORGAN,
YANCO TERZICH,
JAS. CLEARY,
C. T. ANDERSON,
WM. CRAMP,

Organization Committee.

MINORITY REPORT.

Denver, Colorado, July 21, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M. :

Whereas, the majority report of the Committee on Organization on recommendation No. 95 of Brother Randell's report leaves the whole matter to the discretion of the incoming Executive Board, who might not have any knowledge as to the conditions in those localities. I, as a member of the Organization Committee, and as a delegate from Jerome Local No. 101, believe that Jerome Union is entitled to a better assurance at the hands of this convention than the mere will of the incoming Executive Board. I have been a member of No. 101 almost since it was organized, and I know of no instance where we have received any help from the headquarters. We have borne our own burdens, and even now, we would refrain from asking it, if the conditions were not such as to make it absolutely necessary to have an Austrian organizer. Our treasury has been for

the last ten months almost down to the last dollar, and I myself would not be on this floor as delegate if I had not been able to give the members of Jerome local the assurance that they can pay my wages whenever they will be able to do so.

As to the truth of those conditions, Brother Randell will bear me out in my statements. Therefore, I, as one member of the Organization Committee, and as delegate from No. 101, W. F. M., recommend that Jerome Local No. 101 be given an Austrian organizer as soon as possible, if not longer at least, for one month.

As I am not very much acquainted with the Bisbee matter in this recommendation, I would recommend that it be brought before the convention and there settled.

Respectfully submitted,

JOHN OPMAN, No. 101.

Moved by Clark, seconded by Scott, that the majority report of the committee be adopted.

Moved by Cannon, seconded by Clark, as a substitute, for both majority and minority reports, that the Executive Board of the W. F. M. act in conjunction with the Executive Board of the Arizona state union in placing an organizer in the jurisdiction of Jerome Miners' Union. Substitute motion carried.

Resolution No. 103, with report of committee, read as follows:

COAL MINERS.

I have endeavored to place before this convention the most important features as they presented themselves to me in connection with the situation in the coal fields of Colorado and Utah, and I now ask this convention before its adjournment to answer the question: What is the W. F. M. going to do with the coal miners? Although I have given this question much consideration, I feel that I have no satisfactory answer to offer, but in view of the fact that representatives of the U. M. W. have been selected by their organization to confer with representatives of this convention to bring about a satisfactory adjustment of the jurisdiction dispute between the two organizations, I want to say for the benefit of those who may be designated by this convention to take part in that conference, that, in my opinion, the W. F. M., so long as the two organizations maintain their present status, will never benefit the coal miners of Colorado and Utah without the full co-operation of the U. M. W. With that I mean, in place of a strike, the U. M. W. must refuse to furnish coal to the markets of the coal corporations of Colorado and Utah, or else any effort on the part of the W. F. M. will fail. On the other hand, it is also my opinion that it will take the U. M. W. from at least 5 to 10 years to overcome the prejudice against their organization which was created in the minds of the miners of Colorado and Utah by the disastrous failure of the coal miners' strike of 1903 and 1904. This prejudice is so strong that even the lives of organizers of U. M. W. are not safe among former members of that organization. These facts make evident the obstacles which confront both organizations in that field, and the necessity for a more harmonious understanding between them, if they expect to advance the interests of the coal miners of this district. If the two contending organizations cannot satisfactorily adjust this dispute, it will be far better for the coal miners of Colorado and Utah if one of the organizations withdraw from the field entirely.

Denver, Colorado, July 22, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We, your Committee on Organization, report on resolution No. 103 as follows: That we recommend it be turned over to the Special Committee on president's report relating to a closer affiliation with the United Mine Workers.

Fraternally submitted,

PAT DELOUGHEY,
JAS. H. MORGAN,
YANCO TERZICH,
JOHN OPMAN,
WM. CRAMP,
JAS. CLEARY,
C. T. ANDERSON,
E. BURTON.

Organization Committee.

Moved by Long, seconded by Fitch, that the report of the committee be adopted. Motion carried.

The secretary announced that a photographer would be at the capitol building at 5:15 p. m. to take a picture of the delegates.

Moved by Boyle, seconded by Locke, that we go as a body to the capitol building at 5:15 p. m. and have a picture of the delegates taken. Motion carried.

Resolution No. 102, with report of committee, read as follows:

ITALIAN NEWSPAPER.

In the course of this report, I stated that I would have something further to say about the coal miners in the jurisdiction of No. 4, and to begin, I would estimate that the number employed under normal conditions, not including New Mexico, would be about 25,000 to 30,000 men. Assuming these figures to be approximately correct, I will state that less than 5 per cent. are in any way connected with the W. F. M. There are five locals, as follows: No. 237, Helper, Utah; No. 185, Rockvale; No. 198, Trinidad; No. 162, Walsenburg; and No. 173, Aguilar, Colorado, but the Trinidad local is the only one strong enough to support a secretary. With the exception of the one at Helper, Utah, all these unions were chartered since the adjournment of the Fifteenth Annual Convention, and their membership is principally composed of men who formerly belonged to the Union-at-Large. Their total membership, including the Helper local, is less than a thousand members. Last November, they organized a district union and upon their application, were granted a charter by your Executive Board. Since that time, believing that thereby they could wield a greater influence among the Italian miners, they assumed the ownership of the "Il Lavoratore Italiano," an Italian newspaper published in Pittsburg, Kansas, but as they have no funds to meet the \$2,000 indebtedness incurred by the purchase of this paper, they must eventually give it up, if they are not immediately given a very substantial assistance by this organization.

Denver, Colorado, July 22, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Committee on Education and Literature, after due consideration on the report No. 102, decided that is a question of vital importance

for the said locals in District No. 4, being composed of a large membership of **Italians**, we deem it to be to the benefit of the W. F. M., and ask from the **brother delegates** that the convention take steps to give moral and financial assistance, so as to enable the management of the *Il Lavoratore Italiano* to proceed to carry on the publication of the said paper for the diffusion of the principles of economical and industrial unionism.

Fraternally submitted,

HENRY KEIFER,
VICTOR TOFFOLI,
A. NYLUND,
A. MACLEOD,

Committee on Education and Literature.

The matter was acted on in conjunction with Resolution No. 61.

The Committee on Ways and Means on resolution No. 61, reported as follows:
No. 61. Denver, Colorado, July 17, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

Brothers—You are no doubt informed that District No. 16, W. F. M., is publishing a weekly Italian newspaper since May 1, 1908, the paper is meeting with favor by the Italians. The paper is strictly an organizer for to build up the W. F. M. We have at present a circulation of 1,700, having gained 300 since May 1, 1908. The paper is self-supporting and will show a revenue this month. District No. 16 has purchased a plant, valued at \$2,000, for \$1,550. At present we have to meet \$600 on the purchase price of plant. We believe the paper will be a benefit to all the locals of the W. F. M. and the working class in general, by educating the Italians along the line of industrial unionism. District No. 16 desires a loan of \$600, secured by the plant, therefore, we ask this convention to donate \$600 or exempt District No. 16 from payment of per capita tax to the amount of \$600.

JOHN MITCHELL, No. 60.
VICTOR TOFFOLI, No. 26.
M. E. WHITE, No. 198.
G. H. WIEGLEND, A.
ANGUS MCLEOD, No. 1.
M. J. O'CONNOR, No. 60.

Denver, Colorado, July 21, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Committee on Ways and Means, beg leave to submit the following report on resolution No. 61: We recommend that the W. F. M. advance this money to District No. 16 for six months; and would further recommend that each delegate act as solicitor among the Italians in his local union.

Fraternally submitted,

JOHN J. DONOVAN,
J. F. HUTCHINSON,
JAS. P. KELLY,
THOS. REILLY,
JOHN TAYLOR,
W. E. THOMPSON,
S. F. W. ANDERSON,

Committee.

Moved by Vironda, seconded by Milhoan, that the report of the committee be concurred in.

The hour of 12 having arrived, the convention adjourned to convene at 2 p. m.

AFTERNOON SESSION.

The convention was called to order by Vice-President Mahoney at 2 p. m. The roll call was read and found all delegates present.

Discussion was resumed on resolution No. 61.

M. E. White asked the consent of the delegates to withdraw this resolution.

Moved by Boyle, seconded by Cox, that the request of Delegate White be granted. Motion carried.

The following communication was read and ordered filed:

Missoula, Montana, July 20, 1908.

Ernest Mills, Sec'y-Treas. W. F. M., Denver, Colo.

Dear Sir and Brother—Your telegram received. The boys feel highly elated over the recognition given them at the convention, and it gave them renewed zeal and courage to further resist the greed of corporate wealth (a reduction of wages and an increase of hours).

The Lumber Workers will always be found fighting for the betterment of their class and will be a powerful ally at all times for the W. F. M.

JOHN CURRIE, Chairman,

JULIUS BANNARA, Secretary,

Strike Committee.

Resolution No. 121, read and referred to Committee on Constitution.

Resolution No. 122, read and referred to Committee on Constitution.

Resolution No. 123, read and referred to Committee on Organization.

Moved by Louttit, seconded by Heatherton, that the convention go into executive session to discuss the report of Special Committee appointed to take up the matter of friendly relations with the U. M. W. of A. Motion lost.

The reports of Special Committee on friendly relations with the United Mine Workers were read as follows:

Denver, Colorado, July 21, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Special Committee, appointed to outline the position of the W. F. M. in regard to bringing about more friendly relations between the W. F. M. and U. M. W. of A., after due consideration of matters, report as follows:

1st. We do not believe it is to the best interest of the W. F. M. and the working class in general to issue any more charters to workers in the coal mining industry, unless it is mutually agreed upon by the executive heads of the W. F. M. and the U. M. W. of A.

2d. We recommend that locals of coal miners already organized be maintained.

3d. We recommend that all organizers employed by the W. F. M. in the coal field be recalled and that no further organizing be done by the W. F. of M. in the coal mining industry.

4th. In regard to locals already organized, we recommend that a committee

to be composed of three members of the Executive Board of the W. F. M. be appointed, and request that a like committee be appointed by the U. M. W. of A., and they act as a joint committee, and thoroughly investigate the situation and define jurisdiction wherever a question arises.

5th. We request the Executive Board to try and have the U. M. W. of A. in the future insert a saving clause in their contracts with employers, whereby in event of strike we may be able to assist each other.

6th. We recommend that the foregoing clauses be submitted to the entire membership for ratification.

Fraternally submitted,
Denver, Colorado, July 22, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—Being one of the special committee appointed to draft a resolution which would tend to bring this organization and the U. M. W. A. into closer relations, I beg leave to submit this minority report, being unable to endorse the recommendations of the majority, for the following reasons:

1st. The refusing of charters from this organization to any workers in the mining industry is taking a position which I believe to be inimical, not only to the best interests of the W. F. of M., but a rank injustice to the men involved and already organized.

2d. The establishing of jurisdictional lines as recommended in the majority report, would be a direct reversal of the industrial union principles, as jurisdictional lines in any form cannot be maintained in any department of an industrial organization.

3d. To withdraw the organizer of the W. F. M., as recommended by the majority report, would, in my mind, be a shameless retreat and drive those men to the last extremity of desperation and would be a stab that they by no means merit at our hands.

I therefore recommend that the W. F. M. continue issuing charters to all workers in and around the coal or metalliferous mines who apply to us for such charters.

Respectfully submitted,
P. W. FLYNN.

Moved by Cameron, seconded by Long, that the majority report be received and taken up seriatim.

Moved by Flynn, seconded by Cox, as an amendment, that the minority report be adopted. Amendment declared lost.

Roll call demanded by M. E. White, with the following result: Yes, 118½; No, 186½.

Roll call I.

Yes—Al. McLellan, 4; A. McLeod, 4; Owen McCabe, 3; T. R. Cox, 4; Jos. McKinnon, 4; P. W. Flynn, 4; J. T. Donovan, 4; J. Prest, 3; W. P. Dolan, 4; Pete Leonard, 4; D. Vironda, 2; J. Callahan, 1; J. C. Lowney, 1; Robt. Randell, 1; Wm. Davidson, 1.

The amendment, failing to receive the necessary number of votes, was declared lost.

The original motion was then taken up seriatum.

First recommendation read.

Moved by Milhoan, seconded by Morgan, that we concur in the first recommendation of the committee.

The debate was continued for the balance of the session, on the report of special committee on friendly relations with the U. M. W. of A.

After the reading of announcements, the convention adjourned at 5 p. m., to convene at 9 a. m. tomorrow.

ELEVENTH DAY, JULY 24th, 1908

MORNING SESSION.

The convention was called to order by President Moyer at 9 a. m. The roll call was read and found all delegates present.

The minutes of the last two sessions were read and adopted as read.

The debate was resumed on first section of special committee report on friendly relations with the U. M. W. of A.

The motion was then put and declared carried.

Roll call demanded by Wieglanda, with the following result: Yes, 208; No, 96.

Roll call J.

Yes—W. P. Dolan, 4; Con Shea, 3; Ed Long, 3; Barry O'Leary, 3; W. L. Nichols, 5; Jos. Hinton, 2; Jas. McDonald, 2½; W. E. Tracy, 2½; Thos. Connors, 1; W. J. Louttit, 5; A. E. Rigley, 3; A. E. A. French, proxy, 1; C. P. Barton, 2; T. A. French, proxy, 1; T. A. French, 1; W. H. Burton, 1.

Recommendation No. 2 read.

Moved by MacKinnon, No. 38, seconded by Vogel, that recommendation No. 2 be adopted.

Moved by Hutchinson, seconded by Wieglanda, as an amendment, that all charters of coal miners be revoked. Amendment lost.

Original motion was then put and declared carried.

Third recommendation read.

Moved by Morgan, seconded by Custis, that the third recommendation be adopted.

Moved by White, seconded by Burr, as an amendment, that this recommendation be stricken out. Amendment carried.

Fourth recommendation read.

Moved by MacKinnon, No. 38, seconded by Morgan, that the fourth recommendation be adopted. Motion carried.

Fifth recommendation read.

Moved by Morgan, seconded by Hutchinson, that the fifth recommendation be adopted. Motion carried.

Sixth recommendation read.

Moved by McCabe, seconded by Scott, that the sixth recommendation be concurred in. Motion unanimously carried.

Resolution No. 81, with report of committee on same, read as follows :

No. 81.

Denver, Colorado, July 18, 1908.

To the Officers and Delegates of the Sixteenth Annual convention, W. F. M. :

We hereby submit the following resolutions :

Whereas, It has been the policy of the official organ of the W. F. M. at times where occasion offered to become involved in bitter, uncalled-for and personal controversies with labor organizations and labor leaders not holding the same opinions as ourselves, and

Whereas, The same have led to an unfriendly feeling with wage-earners, who, by right, should be out friends, and

Whereas, Much space has been taken up in the Miners' Magazine in bitter religious controversies and articles, which have been productive of no value to our cause and have been offensive to many of our best members, and tend toward disruption by inciting ill-feeling between members;

Therefore, We hereby recommend to the convention that the editor of the Miners' Magazine be instructed to avoid all such controversies and articles unless called on to defend our organization or its principles.

JAS. McNULTY, No. 117.

J. J. GIBBONS, No. 117.

J. M. CLEARY, No. 1212,

ALEX MAIN, No. 121.

JAS. P. KELLY, No. 220.

EDWARD LONG, No. 1.

W. H. SCHAUPE, No. 240.

G. T. PHILLIPS, No. 235.

J. M. O'BRIEN, No. 244.

J. S. BURNS, No. 117.

THOS. REILLY, No. 117.

Denver, Colorado, July 21, 1908.

To the Members and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Committee on Good and Welfare, respectfully submit resolution No. 81, relating to the Miners' Magazine, and beg to report that fully realizing the great influence which may be wielded by the official organ of our organization for or against the best interests of the membership, and the importance of at all times holding its policies responsive to the wishes of the rank and file, we would recommend that these resolutions be referred back to the convention for full consideration and final action.

Faternally submitted,

FRANK J. FITCH,

W. H. BURTON,

J. I. SWEET,

O. E. SHRODE,

W. P. DOLAN,

Good and Welfare Committee.

Moved by Burton, seconded by Donovan (No. 1), that the report of the committee be concurred in. Motion carried.

Moved by Burr, seconded by O'Connor (No. 60), that all matter excluded from publication in the Miners' Magazine shall be read to the convention. Motion carried.

A communication from the Coeur d'Alenes District Union was read.

The discussion on the communication from the Coeur d'Alene district union was continued when the convention adjourned at 12 m.

AFTERNOON SESSION.

The convention was called to order by President Moyer at 2 p. m. The roll call was read and found all delegates present.

The discussion on communication from Coeur d'Alene district union in connection with Miners' Magazine was resumed.

Another communication from Coeur d'Alene district union read, in which the Coeur d'Alene district union repudiated its former action as explained in its communication of January 18, 1908.

A communication from Judith Mt. M. U. No. 107, was also read, disapproving of the action of the executive board and the editor of the Miners' Magazine in excluding from publication in the Magazine matters pertaining to the I. W. W.

Moved by Schauf, seconded by Custis, that we endorse the action of the editor of the Miners' Magazine and executive board in excluding from publication the communications read in the convention. Motion carried.

Resolution No. 89, with report of committee on same, read as follows:

We desire to call your attention to the necessity of increasing the circulation of our official organ, the Miners' Magazine. The Miners' Magazine is published for the education of our members and the working class in general. It has become recognized as one of the foremost labor publications in America under the able editorship of John M. O'Neill.

It is only by the education of the working class to a realization of its rights and duties and class interests as workers, that we can hope for our emancipation from wage slavery, and we earnestly hope that everything be done to increase the circulation of the Miners' Magazine.

Denver, Colorado, July 23, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Education and Literature, recommend that we concur in resolution No. 89, regarding the necessity of increasing the circulation of the Miners' Magazine.

We also concur in that part of the resolution which states that education is necessary for the emancipation of the working class, but recommend that more space be devoted to education along industrial lines.

We further recommend that the remainder of the resolution be stricken out.

Respectfully Submitted,

HENRY KEIFER,
VICTOR TOFFOLI,
ANGUS MACLEOD,
ANDREW NYLUND.

Committee.

Moved by MacKinnon, No. 38, seconded by Vogel, that the report of the committee be concurred in. Motion carried.

Resolution No. 96, with report of committee on same, read as follows :

No. 96.

That a certain sum of money be placed at the disposal of the executive board for the purpose of distribution among the members and non-members books and papers upon political and economic questions; that the future policy of the Federation should be to have less strikes and a greater effort to educate the working class to a realization of its rights and duties and class interest as workers.

Denver, Colorado, July 23, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Committee on Education and Literature, beg to report on Resolution No. 96 as follows: We recommend that the resolution be adopted as read.

Respectfully submitted,

HENRY KEIFER,
ANGUS MACLEOD,
A. NYLUND,
VICTOR TOFFOLI,

Committee.

Moved by Kelly, seconded by McDonald, that the report of the committee be adopted as read.

Roll call demanded by Delegate Flynn, with the following result: Yes, 135; No, 169.

Roll Call K.

Yes—Al McLellan, 4; W. L. Nichols, 5; Jos. Hinton, 2; D. Vironda, 2; Jas. McDonald, 2½; W. E. Tracy, 2½; Thos. Connors, 1; W. J. Louttit, 5; A. E. Rigley, 3; A. E. Rigley, proxy, 1; J. E. Schauf, 5; M. C. Leake, 2; J. M. O'Brien, 1; C. T. Anderson, 3; J. C. Lowney, 1.

Resolution No. 101, with report of committee, read as follows:

TRANSFERS.

In my reference to the Cripple Creek district and Telluride, I stated that members were violating the constitution by failing to deposit their cards, and that local secretaries were assisting in this violation by accepting dues from members working in other locals' jurisdiction, but this occurs not only in these places, but in many other camps in Colorado, and I found that the same is true in almost every local in Utah. To put a stop to this, I would recommend that another section be added to Art. 2 of the By-Laws, imposing a fine upon any secretary accepting dues from any member living in the jurisdiction of another local without first having received the sanction of the president of the W. F. M., or the executive board member of the district involved. This, I believe, would materially assist in putting a stop to this flagrant violation of the spirit of our constitution and principles of our organization.

Denver, Colorado, July 23, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, beg leave to report on Resolution No. 101, that the following words be inserted after the word "whatsoever," in Sec. 3, Art. II, of the by-laws, "any secretary accepting dues from a member who is in the jurisdiction of another local shall be subject to a fine of not less than \$1.00 nor more than \$5.00."

Respectfully submitted,

BARRY O'LEARY,
ALEX MAIN,
JOS. J. MURPHY,
M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,

Committee.

Moved by Vogel, seconded by Waters, that the report of the committee be concurred in. Motion carried.

After the reading of announcements, the convention adjourned at 5 p. m.

TWELFTH DAY, JULY 25th, 1908

MORNING SESSION.

Convention called to order by Vice-President Mahoney at 9 a. m. Roll call was read and found all delegates present.

The minutes of the last two sessions were read and same adopted as read.

Resolution No. 94, with report of committee on same, read as follows :

RECOMMENDATIONS.

1st. That Section 2 of Article 2, of the By-Laws, be printed on the **back** of the membership cards to continually remind members that it is their **duty** to transfer into the local under whose jurisdiction they are working, as **I** have found that the neglect of members to transfer is the hardest problem **many** weak locals have to contend with.

Denver, Colorado, July 23, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on Resolution No. 94, that we concur in this resolution.

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
BARRY O'LEARY,
CLEM VOGEL,
JOS. J. MURPHY,

Committee.

Moved by Cameron, seconded by Inch, that the report of the committee be adopted. Motion carried.

Resolution No. 88, with report of committee on same, read as follows :

Sections from report of executive board.

ORGANIZATION.

In Alaska there is a struggle going on for the establishment of the eight-hour day, and against discrimination and the blacklist. The organization is rapidly increasing in membership in that territory, and we would recommend that special efforts be made to thoroughly organize that section and all other unorganized localities where men are employed in mines, mills and smelters.

Denver, Colorado, July 21, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M. :

Fellow Workers—We, your Committee on Organization, report as follows on Resolution No. 88; we recommend that the recommendation referred to be concurred in.

Fraternally submitted,
PAT DELOUGHEY,
JAS. H. MORGAN,
YANCO TERZICH,
JAS. CLEARY,
C. T. ANDERSON,
WM. CRAMP,
JOHN OPMAN,

Committee.

Moved by Milhoan, seconded by McLellan, that the report of the committee be adopted. Motion carried.

Report of committee on Resolution No. 14, read as follows :

Denver, Colorado, July 21, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Committee on Organization, report on Resolution No. 14, part

of Vice-President Mahoney's report, as follows: We recommend that the work of organization be kept up in Minnesota and Michigan.

Respectfully submitted,

PAT DELOUGHEY,
JAS. H. MORGAN,
YANCO TERZICH,
JAS. CREARY,
C. T. ANDERSON,
WM. CRAMP,
JOHN OPMAN,

Committee.

Moved by Waters, seconded by Fitch, that the report of the committee be concurred in. Motion carried.

Resolution No. 123, with report of committee on same, read as follows:

Denver, Colorado, July 23, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

In view of the fact that our organization has sustained great losses in our membership in the past ten years in the state of Colorado, as the result of opposition, deportation of members, and persistent efforts to break up the organization, by the Mine Owners' Association and Citizens' Alliance of this state, backed up by the armed power of the state of Colorado, and

Whereas, There are thousands of unorganized men in Colorado working in the mines, smelters and reduction works in Denver, Pueblo, Salida, Florence, Colorado City who are unorganized; Leadville and the Cripple Creek district only partially; and the whole state is in need of a wise and earnest organizer; therefore, be it

Resolved, That we urge this convention to instruct the incoming executive board to do all within its power to again thoroughly organize the state of Colo-

CHAS. R. BURR, No. 99.

THOS. POWERS, No. 33.

Denver, Colorado, July 24, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We, your Committee on Organization, beg leave to report on resolution No. 123 as follows: We recommend that the incoming executive board use all means within their power to organize the different districts in Colorado.

Fraternally submitted,

PAT DELOUGHEY,
JAS. H. MORGAN,
YANCO TERZICH,
JAS. CLEARY,
JOHN OPMAN,
C. T. ANDERSON,
WM. CRAMP,

Committee.

Moved by MacKinnon, No. 38, seconded by McCabe, that the report of the committee be concurred in. Motion carried.

The following report of the Constitution Committee read as follows :

Denver, Colorado, July 25, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Committee on Constitution and By-Laws, recommend **that no** more proposed amendments to the constitution be received after today.

Respectfully submitted,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
CLEM VOGEL,
JOS. J. MURPHY,
ALEX MAIN,
BARRY O'LEARY,

Committee.

Moved by Morgan, seconded by Milhoan, that the report of the committee be adopted. Motion carried.

The following supplementary report of the Mileage Committee was read as follows :

Denver, Colorado, July 25, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Committee on Mileage, through complaint of the following named delegates, C. Bunting, John Taylor, W. J. Louttit and George Heatherton, find that they are entitled to \$5 more each than what has been allowed, and we recommend that bill be allowed for the amount of \$20.00.

C. T. BURTON,
B. BIRDSEY,
J. B. RYAN,
THOS. J. GANTER,
THOS. A. FRENCH.

Moved by Vogel, seconded by Vironda, that the report of the committee be adopted and that a warrant be drawn for the amount. Motion carried.

Resolution No. 110, with report of committee on same read as follows :

Denver, Colorado, July 20, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M. :

Whereas, Ever since the settlement of the strike in the Black Hills on June 6th, 1907, several of the operators, together with the mining men's association, operating in the jurisdiction of the Deadwood Mine and Millmen's Union No. 14, are, and have been, doing all in their power to hinder us from thoroughly organizing that section of the Black Hills, and have resorted to various means of discrimination against our members and to disinterest new men in union affairs, who are constantly coming into the Black Hills from the immediate surrounding country and states farther east, who know nothing of union conditions and the benefits derived therefrom, and by so doing, have in a great measure, stopped the successful organizing of those properties, the benefits of which we had heretofore enjoyed; and,

Whereas, Though the Deadwood Mine and Millmen's Union has suffered heavy losses, both in strength and influence, through the discriminating tactics of these operators, and the Mining Men's Association, who have frequently vio-

lated the terms of the strike settlement to further their ends, yet through almost twelve years of experience, we have learned and fully realize the important necessity to the Western Federation of Miners and the working class in general, of thoroughly organizing that section, which we are determined to do; therefore, be it

Resolved, That the incoming executive board be instructed to lend such assistance, both moral and financial, as may be necessary to enable the Deadwood Mine and Millmen's Union to thoroughly organize their jurisdiction and the Black Hills district in general.

Fraternally submitted,

J. E. DAHL,

Denver, Colorado, July 23, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We, your Committee on Organization, report on Resolution No. 110 that the incoming executive board be instructed to investigate this matter and give such assistance as they can.

PAT DELOUGHEY,
JAS. H. MORGAN,
JAS. CLEARY,
YANCO TERZICH,
JOHN OPMAN,
C. T. ANDERSON,
WM. CRAMP,

Committee.

Moved by O'Leary, seconded by Scott, that the report of the committee be concurred in. Motion carried.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We hereby submit the following amendments to the constitution:

Article 2, strike out Section 1, and insert the following:

"This Federation shall hold a convention when ordered to do so by a referendum vote of the membership, same to be initiated as provided for in Article X, Section 2. The executive board shall designate the place where convention shall be held."

Introduced by instructions of Goldfield Local No. 220, W. F. M.

J. P. KELLY,
F. C. CLOUGH.

Denver, Colorado, July 23, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on Resolution No. 116 that we do not concur in this resolution.

Respectfully submitted,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
CLEM VOGEL,
JOS. J. MURPHY,
ALEX. MAIN,
BARRY O'LEARY,

Constitution and By-Laws Committee.

Moved by MacKinnon (No. 38), seconded by Fitch, that the report of the committee be concurred in. Motion carried.

Resolution No. 77, with report of committee on same, read as follows :

Denver, Colorado, July 23, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Special Committee, after carefully considering resolution No. 77, herewith submit the following report :

We recommend the following amendments to Section IX and X, of Article 3 of the constitution :

No. 1. Strike out the word "ten" of Section IX, line 15, and insert the word "eleven."

No. 2. Strike out the line 24, Section X, and insert the following :

"No. 1. Nevada and Arizona and Mona, Inyo, San Bernardino and Kern counties, California."

No. 3. Strike out line 25, Section 10, and insert the following :

"No. 2. Oregon and Idaho, and those portions of California and Washington not included in Districts No. 1 and No. 6."

No. 4. Strike out line 30 and insert the following :

"No. 6. Okanogan and Stevens counties, northern Washington and all territory north of the United States boundary, except that included in District No. 8."

No. 5. Insert after line 33, Section X :

"No. 8. Alaska and Yukon Territories."

W. E. THOMPSON,
A. E. RIGLEY,
JAS. McDONALD,
BARRY O'LEARY,
YANCO TERZICH,
A. H. DUNLAVY,

MINORITY REPORT.

Denver, Colorado, July 24, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M. :

Brothers—As a member of Special Committee appointed to re-district the districts of the W. F. M., I beg leave to present the following as a minority report, and recommend the same to officers and delegates of the Sixteenth Annual Convention for their consideration and adoption for the following amendment to the constitution :

No. 1. Nevada and Arizona.

No. 2. Oregon and Idaho.

No. 3. Montana and Wyoming.

No. 4. Colorado, Utah and New Mexico.

No. 5. South Dakota, Wisconsin and Michigan.

No. 6. Washington and British Columbia, with the exception of Yukon Territory.

- No. 7. Kansas, Missouri, Arkansas, Indian Territory, Oklahoma and Illinois.
No. 8. California.
No. 9. Alaska and Yukon Territory.
No. 10. Minnesota, Ontario and Quebec.

Respectfully submitted,

GEO. HEATHERTON.

Moved by Milhoan, seconded by Morgan, that the majority report of the committee be concurred in.

Moved by McCabe, seconded by Scott, as an amendment, that the majority report of the committee be taken up seriatum.

Moved by Callahan, seconded by Randall, as a substitute, that the territory of the W. F. M. shall be divided into the following districts:

No. 1. Nevada and Arizona.

No. 2. Washington, Idaho and Oregon.

No. 3. Montana and Wyoming.

No. 4. Colorado, Utah and New Mexico.

No. 5. South Dakota, Minnesota, Wisconsin and Michigan.

No. 6. Dominion of Canada.

No. 7. Kansas, Missouri, Arkansas, Indian Territory, Oklahoma and Illinois.

No. 8. California.

No. 9. Alaska and Yukon Territory.

Substitute motion declared lost.

The amendment was then put, and declared carried.

Section one read.

Moved by Tracy, seconded by Schauf, that action on the first section be deferred. Motion carried.

Section two read.

Moved by Locke, seconded by Morgan, that section 2 be not concurred in. Motion lost.

Moved by Clough, seconded by Leake, that section 2 of the report be adopted.

Moved by Phillips, seconded by Morgan, as an amendment, that that portion of the section relating to the counties in California be stricken out. Amendment lost.

Original motion was then put and declared carried.

Third section read.

Moved by Heatherton, seconded by Morgan, that section 3 be not concurred in. Motion lost.

Moved by Ganter, seconded by Delonghey, that the third section of the report be adopted. Motion carried.

Fourth section read.

Moved by Schauf, seconded by Heatherton, that we do not concur in the report of the committee. Motion lost.

Moved by Scott, seconded by Plumb, that the fourth section be adopted. Motion carried.

Fifth section read.

Moved by Davidson, seconded by Taylor, that the fifth section be adopted. Motion carried.

First section then read.

Moved by Boyle, seconded by Vogel, that the first section be adopted. Motion carried.

Moved by Schauf, seconded by Morgan, that report of Grievance Committee in the Boyle matter be taken up. Motion carried.

Report of Grievance Committee on Resolution No. 67, relating to the Boyle matter, was read.

Moved by Schauf, seconded by Terzich, that the report of the committee be adopted.

Moved by Boyle, seconded by Scott, that the matter be referred back to the Grievance Committee. Motion lost.

Convention adjourned at 12 m., to convene at 2 p. m.

AFTERNOON SESSION.

The convention was called to order by President Moyer at 2 p. m. The roll call was read and found all delegates present, except Delegate French, who was reported sick.

Communication No. 124 was read as follows:

Denver, Colorado, July 25, 1908.

To the President, Officers and Delegates of the Western Federation of Miners,
Assembled in Convention at Denver:

Dear Sirs and Brothers—At our regular meeting this p. m., your communication, with bank draft for \$200.00, was received, and you should have heard the cheers that went up for the Western Federation of Miners.

We wish to express our heartfelt thanks and undying gratitude for same and assure you, one and all, that words fail to convey our feeling. It is acts of this calibre that bring about the brotherly love that should exist between all labor organizations, and has its effect towards bringing us nearer and closer together where all wage earners should be, namely, in one great brotherhood; to the end that our forces could be marshalled under one banner, bearing this motto, "United we are, and are going to stand." The relentless, unjust and unholy and damnable warfare that was waged against the Western Federation of Miners as a whole, and especially their executive officers, in the state of Colorado, Idaho and Nevada, and elsewhere in late years is still fresh in our memory, and while the mighty Mine Owners' Association, with their dirty dollars, were able to corrupt governors, bribe the judiciary, and buy the militia, nevertheless, the historian has been able to place on record the fact that the Western Federation of Miners held their own and more than did their part to uphold the dignity of labor and proved themselves patriots and heroes.

We know that the Federation of Miners has been put to a severer test, its faith tried to a greater degree, and its membership and executive officers been persecuted to an extent that no other labor union has been called upon to meet yet, through it all they have come out with colors flying, and sweet victory crown-

ing their banner. May the Western Federation of Miners live long, be in peace and prosper, is the wish of the Denver and Rio Grande striking mechanics.

Yours fraternally,

B. F. PERRY,

H. C. KLEIN,

GEO. W. KUYKENDALL,

Committee.

W. T. KINCAID, Secretary.

Moved by Long, seconded by Taylor, that the communication be received and the same published in the Miners' Magazine. Motion carried.

Communication No. 125 read as follows:

Denver, Colorado, July 25, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Owing to the fact that I will be absent from the convention until Monday, I request that my vote be given to J. E. Dahl, Deadwood M. & M. Union No. 14, until my return.

JAS. MACDONALD.

Moved by Waters, seconded by Quinn, that the request be granted. Motion carried.

Resolution No. 126, read and referred to Constitution Committee.

Resolution No. 127, read and referred to Constitution Committee.

Resolution No. 128, read and referred to Constitution Committee.

Resolution No. 129, read as follows:

Denver, Colorado, July 25, 1908.

To the Delegates of the Sixteenth Annual Convention of the Western Federation of Miners:

Whereas, One R. N. V. Dorr, superintendent of the Mogul mill, located at Pluma, South Dakota, has adopted a systematic method of recruiting non-union men in Denver, Colorado, and the recruits are principally made up of machinists and college graduates, and

Whereas, The ultimate purpose of the man Dorr is to gradually increase the number of non-union men in the Black Hills in the hope that organized labor may be weakened and wages eventually reduced, now, therefore, be it

Resolved, By the delegates of the Sixteenth Annual Convention that we urge upon every delegate of this convention to give the widest publicity to the machinations of Superintendent Dorr, that this resolution be published in the Miners' Magazine, and that organized labor of Denver be requested to use its best efforts in preventing the importation of non-union men to the Black Hills.

J. E. DAHL.

W. L. NICHOLLS.

JAS. McDONALD.

JOS. E. HINTON.

WILLIAM E. TRACY.

Moved by MacKinnon (No. 38), seconded by Locke, that the resolution be adopted and published in the Miners' Magazine. Motion carried.

Resolution No. 130, read and referred to Constitution Committee.

Resolution No. 131, read and referred to Constitution Committee.

Resolution No. 132, read and referred to Constitution Committee.

Resolution No. 111, with report of committee on same, read as follows:

No. 111.

Doe Run, Missouri, July 17, 1908.

To the Officers and Delegates at the Sixteenth Annual Convention, Denver, Colo.:

Greetings—I am instructed by Doe Run Local Union No. 230, W. F. M., to ask you to elect Brother Wm. Jinkerson of Flat River as Executive Board member for this district (No. 7).

We also ask you to cancel the two assessments for 1907, and thereby give us an opportunity to build up our organization and hold our own with a recently organized dual union.

Fraternally yours,

GUY ARNOLD, Cor. Sec'y.

Denver, Colorado, July 24, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit communication No. 111, relative to the election of an Executive Board member for the 7th district, and would recommend that same be referred back to the convention for consideration under the head of nomination and election of officers.

That portion of the communication relative to the cancellation of assessments, having been disposed of, upon recommendation of the Committee on Grievances, we have no further recommendation to submit on this point.

F. J. FITCH,

W. H. BURTON,

J. I. SWEET.

O. E. SHRODE,

WM. P. DOLAN.

Committee.

Moved by Fitch, seconded by Long, that the report of committee be adopted. Motion carried.

Resolution No. 108, with report of committee on same, read as follows:

No. 108.

Helper, Utah, July 16, 1908.

Dear Sirs and Brothers—Delegates to the Sixteenth Annual Convention of W. F. M.:

I would not mention this if it was of my personal interest, but it is in regard to one of our brothers, one which has shared all the insults and misery that the mining company, with the complicity of John Mitchell and company, have thrown us down in the mud in the year 1903-4-5. This brother, John Marino, who is now serving a 99-year sentence in the penitentiary at Santa Fe, N. M., for no other reason than that he did not let himself be killed by the scab. Brother C. Mahoney, being vice-president of the W. F. M. is more able to give you the full particulars, and in the first convention held by the 16th district of the W. F. M. in Pueblo, November 13, 1907, he promised his support.

Yours fraternally,

D. MARCHIORI.

Denver, Colorado, July 24, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit communication No. 108, relative to the case of Brother John Marino, who is now confined in the penitentiary of New Mexico, and beg to report that, in our opinion, that sentence imposed upon Brother Marino is unmerited and unjust, and would recommend that this communication be referred to the incoming Executive Board.

with instructions to use their best efforts to secure a new trial or pardon for Brother Marino.

Fraternally submitted,

F. J. FITCH,
W. H. BURTON,
J. I. SWEET,
O. E. SHRODE,
WM. P. DOLAN,

Committee.

Moved by Vironda, seconded by Fitch, that the report of the committee be adopted. Motion carried.

Resolution No. 104, with report of committee on same, read as follows:

No. 104.

HALLS.

Another recommendation I wish to make, is that some measure be initiated to put a stop to the wanton extravagance of local unions in squandering their funds through investment of the same in palatial halls and hospitals and other costly institutions. I am not opposed to a union owning a hall or a hospital when it can afford to, but I am opposed to a union starting to build a hall or hospital that costs from ten to thirty thousand dollars, when it has a treasury of only a few hundred, or a few thousand dollars, and thereby sink the organization into thousands of dollars of debt. In District No. 4 alone, the halls and hospitals owned in whole or part by the various local unions, represent, by the most conservative estimate, an investment of at least \$200,000, and with few, if any, exceptions, all those buildings are a burden upon the neck of the organization. In the Cripple Creek District, the two halls represent between forty and fifty thousand dollars. From this investment the organization derives an income of about \$100 per month, from which it has to pay \$50 for a caretaker, besides all taxes. In Telluride, the union built a hospital into which the general organization had to sink nearly \$17,000 or lose the hospital. This building represents an investment of about \$40,000. It is lying idle and the organization has to meet the tax bill. In Park City, the union invested its every cent in a hall and hospital. The salary of the secretary had to be stopped because otherwise they could not meet their bills, as the treasury was empty. In Bingham, between eight and nine thousand dollars were sunk in a hall foundation, but that was as far as they got. Their treasury gave out. In Eureka, there is an indebtedness of \$8,000, and the treasury is empty. There also, the salary of the secretary had to be stopped for the same obvious reason. In Silverton, the local had a hall, which may be considered a source of revenue, but at this moment, excavations are going on for the erection of a \$20,000 hospital, which, under favorable conditions, it is true, will not take No. 26 long to pay for; but that is not all, one unsuccessful scrap with the mine owners, it is more than possible, would place them in the same position as Telluride and the Cripple Creek District. It is not likely that any other district in the organization can point to as many useless investments as I have mentioned, but I believe that what is true in this respect of District No. 4, is true, to some extent, of every district in the W. F. M. By the investments I have enumerated, each and every local named is rendered as helpless as a new-born babe, so far as their power to offer any effective resistance is concerned. They are not only "broke," but in a majority of cases, as you have observed, they are to their ears in debt. And when you note that with the ex-

ception of Ouray, Leadville and Mercur, I involved every local that is recognized with seriousness in their respective communities, the whole territory of District No. 4, the conditions should assume to you a more important aspect.

With the money represented by those dead monuments within its treasury the W. F. M. would be a power instead of being helpless, and financially bankrupt, as it is to-day. The W. F. M. is not a commercial organization. If it is, let us pull down our charter as a labor organization. If we have surplus funds, let them be used in the proper and legitimate purpose of advancing the interests of our members and not in building halls for the militia to live in when we go on strike. As a step toward this end, I would suggest that it be made illegal for any union to invest in any property without the approval of the Executive Board or the convention of the W. F. M., or as this body may decide.

Denver, Colorado, July 24, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit that portion of Executive Board Member MacKenzie's report relative to the reckless and indiscriminate expenditure of the funds of local unions in the construction of halls, hospitals, etc., and beg to report that in various parts of our jurisdiction large sums of money, which might have been put to better use, have been squandered in this manner. We would recommend that this matter be referred to the incoming Executive Board, with instructions that Executive Board members, when visiting local unions, call the special attention of the membership to this matter, and advise that greater care be exercised in the handling of union funds.

We would further recommend that the delegates to this convention also bring this matter before their locals.

F. J. FITCH,
W. H. BURTON,
J. I. SWEET,
O. E. SHRODE,
WM. P. DOLAN,
Committee.

Moved by Burton, seconded by Vogel, that the report of the committee be adopted.

Moved by Hutchinson, seconded by Louttit, as an amendment that that part of MacKenzie's report making it imperative on local unions to confer with Executive Board before building halls or hospitals be concurred in. Amendment carried.

Original motion, as amended, was then put and declared carried.

Gustav A. Ehret, of the International Jewelry Workers' Union, addressed the convention, asking the delegates to assist the jewelry workers in establishing an eight-hour day.

Resolution No. 99, with report of committee on same, read as follows:

Section from L. W. Callahan's report.

WASHINGTON FEDERATION OF LABOR.

Before concluding I wish to call attention to the advisability of having a representative of our organization at the annual meetings of the Washington State Federation of Labor to co-operate with that body in its efforts to place an eight-hour law upon the statute books of the state. The Executive Board mem-

ber for that district could always attend their annual conventions. The State Federation of Labor includes the Trades Unions of Spokane, Tacoma, Seattle, Everett, Bellingham and some other smaller towns, together with the United Mine Workers, Shingle Weavers and others, and so far has not been attended by a representative of the W. F. M.

Denver, Colorado, July 24, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit that portion of Executive Board Member Callahan's report relative to the Washington Federation of Labor, and recommend that the Executive Board member for District No. 2 be instructed to attend the annual meetings of said organization, whenever possible to do so, and use his best efforts to assist in bringing about the enactment of an eight-hour law, or any other laws favorable to organized labor.

We further recommend that in the event that the Executive Board member is unable to attend such meetings, the question of sending a special delegate to represent the W. F. M. be optional with the Executive Board.

Fraternally submitted,

F. J. FITCH,

W. H. BURTON,

J. I. SWEET,

O. E. SHRODE,

WM. P. DOLAN.

Good and Welfare Committee.

Moved by Schauf, seconded by Leonard, that the report of the committee be adopted. Motion carried.

Resolution No. 114, with report of committee on same, read as follows:

No. 114.

Denver, Colorado, July 21, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—*Whereas*, There are several hundred copies of the stenographic report of the Fifteenth Annual Convention at headquarters of the W. F. M., and

Whereas, Believing some disposition should be made of same, therefore, be it

Resolved, That the secretary-treasurer be instructed to forward one or more copies of same to all local unions, charges to be paid by the local unions, and the balance destroyed.

Fraternally submitted,

E. G. LOCKE.

Denver, Colorado, July 24, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit resolution No. 114, relative to the copies of the stenographic report of the Fifteenth Annual Convention, remaining on hand at headquarters, and recommend that this resolution be referred to the incoming Executive Board, with instructions that they notify the secretaries of local unions that anyone desiring one or more copies of said report, will be supplied with same free of cost, upon application accompanied by remittance to cover transportation charges. Any copies remaining on hand

at the expiration of ninety days may be disposed of in such manner as to the Executive Board seems best.

We would further recommend that a copy of said report be presented to each of the delegates of the Sixteenth Annual Convention, as a souvenir of the wisdom of the Fifteenth Annual Convention.

Fraternally submitted,

FRANK J. FITCH,
WM. JENSEN,
W. H. BURTON,
O. E. SHRODE,
J. I. SWEET,
WM. P. DOLAN,
Committee on Good and Welfare.

Moved by Fitch, seconded by Scott, that the report of the committee be adopted. Motion carried.

Resolution No. 119, with report of committee on same; read as follows :

No. 119.

Denver, Colorado, July 22, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

Greeting—*Whereas*, It has become apparent to all who are interested in the cases of the Mexicans, Villarell, Magoon, Riveria and Sarabia, who are now, and have been for some time under arrest in California, charged with inciting revolution in Mexico, and with preparing to lead an armed force from Douglas, Arizona, across the border into Mexico, that the charges against those men are merely subterfuges, used for the purpose of getting those men into Mexico, for the purpose of inflicting on them the death penalty, not for inciting revolution, but because those men have endeavored to better the condition of the working class in Mexico, therefore, be it

Resolved, That the W. F. M. pledge to these men, Villarell, Magoon, Rivera and Sarabia, our moral support and recommend that the locals of this organization extend as far as they are able their financial assistance to the defense committee in Bisbee, which has this matter in charge.

JOS. D. CANNON.
JOE BECHTEL.
JOHN MITCHELL.
JOHN OPMAN.

Denver, Colorado, July 24, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your committee on Good and Welfare, respectfully submit resolution No. 119, relative to the cases of the Mexicans, Villarell, Magoon, Riveria and Sarabia, now under arrest in California, and beg to report that upon investigation, we are convinced that these men are innocent of the crimes charged against them; that this is simply another case of capitalist persecution; we also find that Bisbee Local No. 106, has appointed a committee to assist in the defense of these men. We would recommend that the W. F. M. pledge its moral support to these men.

We further recommend that the locals of the W. F. M. donate such sums as the condition of their treasury will permit and forward same to the Mexican Defense Committee, care of Bisbee Local No. 106.

FRANK J. FITCH,
WM. JINKERSON,
W. H. BURTON,
O. E. SHRODE,
J. I. SWEET,
WM. P. DOLAN,
Committee.

Moved by Burton, seconded by Heatherton, that the report of the committee be adopted. Motion carried.

Moved by Lowney, seconded by Kirwan, that Luella Twining be asked to address the convention. Motion carried.

Miss Twining then addressed the convention and explained to the delegates a great many matters in connection with her tour in the east on behalf of the W. F. M. Miss Twining was frequently applauded during the course of her address, and it was easily noticed that the delegates fully appreciated the great work done by Miss Twining on behalf of the W. F. M.

At the close of Miss Twining's remarks it was moved by Kirwan, seconded by MacKenzie, that J. Edward Morgan, who labored as solicitor for the W. F. M. be asked to address the convention. Motion unanimously carried.

Mr. Morgan proceeded to address the delegates and eloquently reviewed his experiences in the field. He pointed out the necessity of action, not only on the industrial field, but on the political field as well and urged upon the delegates that every effort should be made to increase the circulation of the Miners' Magazine as not only himself, but many others recognize the Magazine as the leading labor publication in America.

Resolution No. 115, with report of committee on same, was read as follows:

No. 115.

Minnesota, Minn., July 20, 1908.

To the Delegates of the W. F. M. in Convention Assembled, Greeting:

Dear Comrades—Blacklisted and boycotted by the Steel Trust while on the Iron Range, e'er I joined the W. F. M., compelled to leave the range; boycotted and compelled to leave Duluth and Superior, Wis.; hounded to death by detectives for the past two years; offers of good paying positions if I would leave, renounce and denounce the W. F. M. (which I refuse to do), I left the Range in debt about \$50.00 (still unpaid) on account of accident and aforementioned blacklist, etc. Hit (here) by the panic pretty hard. No permanent work. Gone many days (two to four at different times) without food. Have been in no bed since December 1st. With all the above, and added worry and outlook which is black, very black, my health is seriously broken. Under these circumstances I appeal to you comrades for assistance of some kind. (I might add I have not been able to pay my dues since last September.) Either financial or securing of a remunerative position. I am in need of food, clothing and money (would leave for England if I had the means to go). Anything you can do to help me will be appreciated by

Your fellow slave in danger,

N. J. B. BAILEY.

Denver, Colorado, July 24, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit communication No. 115, same being a request by N. J. B. Bailey for financial assistance, and recommend that this request be not granted.

We would further recommend that the secretary be instructed to reply to this communication and inform Brother Bailey of the action taken by this convention and advise him that the proper place to apply for assistance is to his local union.

Fraternally submitted,

FRANK J. FITCH,
W. H. BURTON,
O. E. SHRODE,
J. I. SWEET,
WM. JINKERSON,
WM. P. DOLAN,

Committee on Good and Welfare.

Moved by MacKinnon (No. 38), seconded by Burr, that the report of the committee be adopted. Motion carried.

Resolution No. 87, with report of committee on same, read as follows:

No. 87.

Section from Wm. Davidson's report.

I would also recommend that Alaska be made a district with a member on the Executive Board, as I believe better work can be accomplished than under the present arrangement, as there appears to be an unwarranted number of accidents occurring in the Treadwell mines at all times, and in no case, even when death results therefrom, has there been an inquest or investigation of any kind held, which is a disgrace to a civilized people. In view of this fact, I would suggest that the Federation call for the appointment of a federal commission to investigate those conditions.

Denver, Colorado, July 22, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We, your Committee on Organization, report as follows on resolution No. 87: That we concur in the recommendation.

Fraternally submitted,

PAT DELOUGHEY,
JAS. H. MORGAN,
YANCO TERZICH,
JAS. CLEARY,
JOHN OPMAN,
C. T. ANDERSON,
WM. CRAMP,

Organization Committee.

Moved by Ganter, seconded by Schauf, that the report of the committee be adopted. Motion carried.

Resolution No. 44, with report of committee on same, read as follows:

No. 44.

Copy of resolutions carried by Globe Miners' Union, June 23, 1908.

To the Officers and Members of Globe Miners' Union No. 60, W. F. M.:

Brothers—*Whereas*, A set of resolutions presented by Brothers Albert Wills, Paul Lundgard, H. Kempton, W. F. Gallin, et al., and debated on the floor of this union at a regular meeting, and finally adopted and forwarded to headquarters of the W. F. M., and

Whereas, Those resolutions were presented by members of Globe Miners' Union No. 60, as originating in Globe and conceived and begotten by members of Globe Miners' Union, and

Whereas, President Moyer in a communication to Globe Miners' Union, dated Denver, Feb. 25, 1908, in reference to said resolutions, makes the following statement, to wit: "You may inquire how I know where the resolutions originated, suffice to say that I have the proof, when I say it was drafted in the city of Chicago by Vincent St. John, and forwarded to lieutenants of the so-called Trautmann faction of the I. W. W. in the jurisdiction of the different locals adopting same." "Four of these resolutions are written on the same paper by the same typewriter, and by the same person." And

Whereas, It is only justice to the brothers who presented the resolutions that their statement concerning the source of said resolutions be proven to be correct, and that also President Moyer be given an opportunity to prove his assertion in regard to the source from which it sprang, therefore, be it

Resolved, By Globe Miners' Union No. 60, W. F. M., in regular meeting assembled, that our delegates to the Sixteenth Annual Convention, be and are hereby instructed to bring the matter of the said resolutions before the Sixteenth Annual Convention.

Denver, Colorado, July 25, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Committee on Grievance, to whom grievance No. 44 from Globe Miners' Union was referred, beg leave to submit the following report. We, your committee, after considering all evidence in the way of correspondence between Brother Moyer and Globe Miners' Union, and also evidence in the form of a telegram from Greenwood Miners' Union, bearing on this case. We, your committee, believe there has been a misunderstanding in the case submitted which has caused the friction to arise between the members of Globe Miners' Union and Brother Moyer. We, your committee, believe that the members of Globe Miners' Union were honest in their assertion that the set of resolutions under dispute were conceived by members of Globe Miners' Union, and by them forwarded to headquarters. At the same time, a copy of these resolutions might have been forwarded from Chicago to some individual member of Globe Miners' Union and this member in turn present the same to Globe Miners' Union as having originated by that member, and the members of Globe Miners' Union would be justified in their contentions that the resolutions originated in Globe Miners' Union. On the other hand, allowing that the resolutions under dispute did originate in Globe Miners' Union, it is possible that some member of said union above mentioned could have forwarded the same to Chicago, and these people in turn sent out copies of these resolutions to the different locals of the W. F. M., and Brother Moyer has proven to the satisfaction of the committee that at least one copy of these resolutions came from Chicago to the local

union in Greenwood, B. C., and from the similarity of four of the copies of these resolutions, both in the paper used and the print, thus justifying the assertion of Brother Moyer that all copies of these resolutions came from the same place. Believing such to have been the case, we believe there has been a misunderstanding on the part of the members of Globe Miners' Union and Brother Moyer. We further recommend that a copy of this report of committee be given to the delegates of Globe Miners' Union to present to their union.

Respectfully submitted,

OWEN McCABE,
J. A. MACKINNON,
W. I. PLUMB,
JOHN KENNEDY,
J. S. BURNS,
W. H. SCHAUF.

Moved by Scott, seconded by Tompkins, that the report of the committee be concurred in. Motion carried.

Resolution No. 100, with report of committee on same, read as follows:

No. 100.

Sections from report of R. MacKenzie.

STRIKES.

The strike is no longer a game of chance or luck. It must be played as scientifically by the workers as it is being played by the capitalists; for if it is not, then the strike becomes not a powerful weapon in the hands of labor, but a mighty club in the mailed fist of the master to further degrade and enslave the workers. The W. F. M. must change from its past method of applying the strike. It must learn to view the welfare of the local union as a part of and in the light of the welfare of the whole organization, and as the central body it should have full control over all its affiliations. The continued misuse and abuse of the strike by local unions has so completely sapped the life and energy of the W. F. M. that to-day it is practically helpless and unable to offer any effective resistance to the least encroachment of the mining corporations. As a step towards remedying this evil and the retention of the organization's forces, I would suggest that it be made illegal for any union to enter upon a strike for any cause whatsoever without first receiving the sanction of the executive board of the W. F. M. This will necessitate the amending of Article 5, Section 1, of the constitution. As another step in the same direction, I would also suggest that this convention make it unlawful for the executive board to approve any strike involving hours and wages, except when an equal value is placed upon the labor of all underground men for the same period of time; in other words, only those strikes whose objects are the establishing, maintaining and the raising of a minimum scale of wages and the uniform shortening of hours, should be endorsed. A scale of wages that places a higher value upon the labor of one miner than it does upon that of another is detrimental and antagonistic to the best interests of all the workers.

Denver, Colorado, July 23, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on Resolution No. 100, that we do not concur in any section of this resolution.

Respectfully submitted,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
BARRY O'LEARY,
JOS. J. MURPHY,
CLEM VOGEL,
ALEX MAIN,

Constitution and By-Laws Committee.

Moved by Milhoan, seconded by Thompson, that the report of the committee be adopted. Motion carried.

Resolutions No. 63 and 80, with report of committee on same, read as follows:

No. 63.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, the undersigned, offer the following amendment to the constitution, Article I, Section 1, to read as follows:

"This organization shall be known as the Western Federation of Miners, and shall be composed of all persons working in and around the mines, mills, smelters and lumber camps, organized into unions paying per capita tax to the Federation."

Article I, Section 2, to insert in line nine, after the word "smelters," "lumber workers," to read, "mines, mills, smelters and lumber workers."

THOS. REILLY,
M. L. TOMPKINS.

No. 80.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, the undersigned delegates, offer the following amendments to the constitution of the Western Federation of Miners, to-wit:

Article I, Section 1—This organization shall be known as the Western Federation of Miners, and shall be composed of all persons working in and around mines, mills and smelters, also all persons employed in other vocations of labor who may be desirous of organizing and affiliating herewith, paying per capita tax to the Federation.

Article I, Section 2—The objects of this organization shall be to unite the various persons working in and around the mines, mills, smelters and various other branches of industry into one central body, practice those virtues that adorn society and remind man of his duty to his fellow man, the elevation of his position and the maintenance of the rights of the workers.

WM. E. TRACY,
WM. L. NICHOLLS,
J. E. HINTON,
JAS. McDONALD,
J. E. DAHL,

Black Hill Delegates.

Denver, Colorado, July 28, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Committee on Constitution, being unable to agree on the proper action to be taken in regard to resolution No. 63 and No. 80, beg to refer them back to the convention for their consideration.

Respectfully submitted,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
ALEX. MAIN,
CLEM VOGEL,
BARRY O'LEARY,
JOS. J. MURPHY,

Committee on Constitution and By-Laws.

Moved by Long, seconded by Clough, that the report of the committee be adopted. Motion carried.

Moved by Burr, seconded by Schauf, that the resolution be discussed *seriatim*. Motion carried.

First section of Resolution No. 80 read.

Moved by Burr, seconded by Schauf, that first section be not adopted.

Action deferred until 9 a. m. Monday morning.

THIRTEENTH DAY, JULY 27th, 1908

MORNING SESSION.

The convention was called to order by President Moyer at 9 a. m. The roll call was read and found the following delegates absent: Jas. McDonald, No. 5; W. J. Louttit, No. 8; Jerry Ford, No. 141, and Vice-President Mahoney, who was reported sick.

Minutes of the last two sessions read and adopted as read.

The following telegram was read as follows, and the same ordered placed on file:

No. 137. Los Angeles, California, July 26, 1908.
Chas. H. Moyer, care of Western Federation of Miners, Denver, Colo.:

Please accept thanks of Magoon and other Mexican revolutionists now held in jail incommunicado at Los Angeles. On their behalf we thank you all for the valuable past and future assistance the miners have tendered. We have made a long, hard and, so far, successful fight, and expect to win in the end.

A. R. HOLSTON,

JOB HARRIMAN,

Attorneys for Defendants.

Communication No. 138 read as follows:

No. 138. Denver, Colorado, July 26, 1908.
To the Delegates of the Sixteenth Annual Convention, W. F. M.:

As I will be absent from the convention until its close, I desire to give my two votes to J. P. McFarlane.

JERRY FORD, No. 141.

Moved by Clough, seconded by Custis, that the request of Delegate Ford be granted. Motion carried.

Communication No. 139 read as follows:

No. 139. Granite, Montana, July 15, 1908.
Executive Board, W. F. M., Denver, Colorado.

Gentlemen—The enclosed communication and bill of one of our members was presented at union last evening, July 14. The same was not allowed, but referred to you for consideration.

Question: Is a member justified in coming back on the union for expenses after acquitting himself of charges?

JOHN LAWRY,
Recording Secretary Miners' Union No. 4.

Granite, Montana, July 14, 1908.

To the Officers and Members of Granite Miners' Union, No. 4, W. F. M.:

Gentlemen—Your petitioner, John Lawry, complains that through the action of one L. E. Higley, financial secretary of Granite Miners' Union, and said L. E. Higley being aided and abetted by illegal action of Granite Miners' Union, especially the using of seal of said Union No. 4, W. F. M., that great injury has been done your petitioner without cause or reason. Therefore, I submit the following statement of facts:

On or about June 8th, 1906, I received, by registered mail, summons to appear before a committee of Granite Miners' Union at 8 o'clock p. m., June 11th, 1906, said summons having attached thereto the seal of said Granite Miners' Union No. 4, W. F. M. Said committee reported their action to Granite Miners' Union on or about June 12, 1906, having fought said case from Granite No. 4, W. F. M., to executive board, W. F. M., and from said board to Fifteenth Annual convention of W. F. M., then back for reconsideration of Granite Miners' Union. Said union had appointed a legal committee and said committee reports that said John Lawry be exonerated from all blame or charges as preferred by L. E. Higley. The Union after considering said report of committee, same was approved of. Therefore, your petitioner, John Lawry, asked of this, the Granite Miners' Union:

First, a resolution of clearance.

Second, actual damages, to-wit:

Appearing before committee June 11, 1906, Philipsburg to Granite....	\$ 3.50
To Denver and return	35.60
Two months' lost time	\$240.00

Total	\$279.10
-------------	----------

Fraternally yours,

JOHN LAWRY.

Granite, Montana, July 23, 1908.

Ernest Mills, Secy.-Treas. W. F. M., Denver, Colo.

Dear Sir and Brother—Your communication of July 18, 1908, received, and in reply would state that I am surprised to think that the executive board of the W. F. M. would so decide on such a case, especially referring to the cases of Moyer, Haywood and Pettibone, and Steve Adams, that they would be glad if they could collect something from the states of Colorado and Idaho. Did any of those brothers foot the costs of their trials? I think myself, like many others, contributed our little mite. I think they received day's pay and their mileage, and from my standpoint, it was very poor compensation, and therefore, I take this means of appealing said case to the present convention of the W. F. M.

Having been a member of No. 4 since 1890, and paid all dues and assessments since that time, and being a working member, I must see the end of this case, not in particular to myself, or expenses, but that justice must at all times prevail. The preamble of No. 4's constitution and by-laws says: "Act justly and fear not." Page 20, by-laws, Article VII, Section 9, "Any brother knowing any member to break any section of this constitution or by-laws, it will be his duty to report the same at the next regular meeting, in default thereof, he or they may be dealt with as the union may determine."

Roberts' Rules of Order, page 46, pp. 14, says it is the duty of the presiding officer to enforce the rules and orders of the assembly without debate or delay. It is the right of every member who notices a breach of a rule to insist upon its enforcement.

At the very start of this case, words by mouth were not in order; therefore, the written charges that I preferred, each and every one is an absolute fact, and if those and other matters were further investigated at the time the defaulting secretary that preferred charges against me would have been found out sooner than 1908.

Hoping that satisfaction may be got at the convention, and that harmony does there prevail, I will close with best wishes.

Fraternally yours,
JOHN LAWRY.

Motion by Main, seconded by Vironda, that the action of the executive board be sustained. Motion carried.

First section of resolution No. 80 was read and discussion on the same resumed.

The following substitute was moved by Dahl and seconded by Nichols:

Article 1, Section 1. This organization shall be known as the Western Federation of Miners, and shall be composed of all persons working in and around the mines, mills and smelters, also all persons employed in other vocations of labor in the immediate vicinity of the W. F. M. where there are insufficient workers to form a local in their national union representing their craft, same to be known as mixed locals paying per capita tax to the Federation.

Amendment lost.

The original motion was put and roll call vote was demanded on same by Delegate Schauf, with the following result: Yes, 248; no, 34. Motion declared carried.

Roll call K.

Yes—Angus McLeod, 4; Owen McCabe, 3; T. R. Cox, 4; Jos. McKinnon, 4; P. W. Flynn, 4; J. T. Donovan, 4; J. Prest, 3; W. P. Dolan, 4; P. Leonard, 4; Con Shea, 3; Barry O'Leary, 3; Thos. Connors, 1; A. Clough, 5; Jas. Kelly, 5; J. M. O'Brien, proxy, 4; M. C. Leake, proxy, 2; C. R. Burr, proxy, 3; T. A. French, proxy, 2; T. A. French, proxy, 1; Wm. Jinkerson, 1; C. P. Barton, 2; W. Cramp, 1; A. T. Milhoan, 5; G. T. Phillips, 4; C. T. Anderson, proxy, 1; W. H. Schauf, 5; T. A. French, proxy, 1; M. C. Leake, 2; J. M. O'Brien, 1; T. A. French, 1; C. T. Anderson, 3; M. C. Leake, proxy, 1; Jas. Sullivan, 1; J. B. Clark, 1; L. W. Callahan, 1; Wm. Davidson, 1.

No—W. L. Nichols, 5; Jos. Hinton, 2; D. Vironda, 2; Jas. McDonald, 2½; W. E. Tracy, 2½; J. E. Dahl, 1; S. E. Custis, 1; J. A. MacKinnon, 3; W. E. Tracy, 1; Thos. Reilly, 2; M. L. Tompkins, 2; Thos. Reilly, proxy, 1; E. F. Boyle, 1; T. Reilly, proxy, 1; W. H. Burton, proxy, 4; W. H. Burton, 1; Jas. Kirwan, 1; Robt. Randell, 1.

Moved by Schauf, seconded by Bunting, that we do not concur in Section 2. Motion carried.

Section 1, Resolution No. 63, read.

Moved by Ganter, seconded by Morgan, that Section 1, Resolution No. 63, be adopted as read.

Moved by Schauf, seconded by Bunting, that Section 1, Resolution No. 63, be laid on the table. Motion carried.

Resolution No. 62, with report of committee on same, read as follows:

Denver, Colorado, July 21, 1908.

To the Officers and Members of the Western Federation of Miners:

Brothers—We, your committee to whom Grievance No. 62 was referred, believe that the Sixteenth Annual Convention is at this time in no position to re-open this case, as Brother Boyle requests, for the reason that in order to do justice to all parties concerned, it would be necessary for this convention to have all books and papers bearing on this case, which are at the present time in the possession of Park City Miners' Union. We, your committee, recommend that the request of Brother Boyle be not granted.

We also recommend that the new executive board member for this district be instructed to investigate this case and give Brother Boyle a chance to clear himself as charged by some of the delegates of the Fifteenth Annual Convention. We further recommend that if the executive board member finds that Brother Boyle has been wrongfully charged, that the same be published in the Miners' Magazine.

Respectfully submitted,

OWEN McCABE,
JOHN KENNEDY,
J. A. McKINNON,
J. M. O'BRIEN,
W. I. PLUMB,
W. H. SCHAUF, Committee.

Denver, Colorado, July 25, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Grievance Committee, to whom Grievance No. 62 was referred back for further action, wish to state that we re-affirm our former decision in the matter.

Respectfully submitted,

OWEN McCABE,
J. M. O'BRIEN,
JOHN KENNEDY,
J. S. BURNS,
J. A. MCKINNON,
W. H. SCHAUF,
W. I. PLUMB,

Committee.

Moved by Deloughey, seconded by Kennedy, that the report of this committee be concurred in.

Moved by Plumb, seconded by MacKinnon, No. 38, as an amendment, that the following be incorporated in the report of the committee: "The executive board member who shall make the investigation shall be empowered to summons Brother Boyle to Park City to assist in the investigation. Amendment carried.

Original motion was then put and declared carried.

Resolution No. 90, with report of committee, read as follows:

No. 90.

CONSTITUTIONS.

The constitution and by-laws, as they now stand, contain many apparent contradictions, due, in our opinion, to the fact that these laws governing the organization are divided into two separate sections to which, we believe, may be attributed the greater part of the confusion and misunderstanding occurring from time to time throughout the organization, and which, in many cases, results in disagreeable and injurious disputes between local unions. As a step towards the prevention of such undesirable features in the future, we recommend to the Sixteenth Annual Convention that our constitution be immediately reconstructed and revised, the by-laws to be eliminated and the contents of this section of our present laws to be placed in the constitution under the proper headings. The fact that our present laws are divided into two sections, each containing matter pertaining to the same subjects, thus creating confusion, and adding to the difficulty of a proper interpretation of the laws governing the organization, we believe that by a proper classification and grouping of our laws, a great many disputes, confusion and misunderstandings will be avoided.

Denver, Colorado, July 23, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Committee on Constitution and By-Laws, after due

consideration, beg leave to report on Resolution No. 90, that we concur in this resolution.

Respectfully submitted,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
BARRY O'LEARY,
JOS. J. MURPHY,
CLEM VOGEL,
ALEX MAIN, Committee.

Moved by Inch, seconded by Vogel, that the report of the committee be concurred in. Motion carried.

Resolution No. 60, with report of committee on same, read as follows:

No. 60. REINSTATEMENT.

No. 1.—Section 7. Any member being six months in arrears may become reinstated by the payment of from six to twelve months' back dues, as shall be determined by the local union in which the member reinstates.

No. 2.—Section 8. This shall not apply to members residing continually within the local's jurisdiction of the union, such members may be held for full arrearages.

No. 3.—Section 9. Secretaries must place due stamps upon members' cards for each month's back dues, collected by reinstatement and otherwise.

RECOMMENDATION.

No. 4.—We recommend that the incoming executive board be instructed in accordance with Article 1, Section 3, to design a five-year membership card and to put the same in operation as soon as practicable.

No. 5.—Assessment stamps shall be issued for payment of general assessments paid by the local unions to the general office; assessment stamps must bear number of assessment and date of levying same.

Denver, Colorado, July 27, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on Resolution No. 60, that we do not concur in Section 1 and Section 2 of this resolution; and we recommend that the following words be made Section 7, Article 2, of the By-Laws: "Secretaries shall place due stamps on members' cards for each month's back dues collected by reinstatement or otherwise."

We further recommend that the executive officers be instructed to design and issue, as soon as possible, a five-year card that shall provide for an assessment stamp, which shall be issued to locals for payment of general assessments.

Fraternally submitted,

M. C. LEAKE,
A. T. MILHOAN,
JOS. J. MURPHY,
THOS. POWERS,
CLEM VOGEL,
BARRY O'LEARY,
ALEX MAIN,

Committee.

Moved by Heatherton, seconded by Opman, that the report of the committee be concurred in.

Moved by Locke, seconded by Terzieh, as an amendment, that the report of the committee be taken up seriatum. Amendment carried.

First section of report read.

Moved by Milhoan, seconded by Morgan, that Section 1 of the committee's report be adopted. Motion carried.

Section 1 of the committee's report read.

Moved by Phillips, seconded by Hutchinson, that Section 2 of the committee's report be concurred in. Motion carried.

Resolution No. 65, with report of committee on same, read as follows:

No. 65.

RESOLUTIONS.

Whereas, Owing to the fight waged against this union since its birth by corporations and their lackeys, a great deal of expense has been incurred which otherwise would have been avoided, and consequently we were unable to pay the August and September assessments levied on us amounting to \$1,306.00; therefore, be it

Resolved, That we request the convention to absolve us from this debt, and allow us a clean slate when the present strike is over.

No. 2.

Resolved, That all locals of the Federation adopt the preamble, as adopted at the last convention, and thus do away with a good many of the conflicting elements often found in a great many local preambles.

No. 3.

Whereas, We do not consider the last referendum a just expression of the membership of the W. F. M. on account of a deficiency of knowledge of the questions involved, as proven by the small vote polled; and,

Whereas, Without truth it is impossible to arrive at the truth of any question; therefore, be it

Resolved, That Article 9, Section 1, of the Constitution be amended as follows: After the word "locals," page 17, line 23.

"Fourth, whenever a special referendum not provided for in the constitution shall be submitted to the membership, a circular shall be sent from headquarters to each local, stating the facts which have led up to the issuing of the referendum."

No. 4.

Resolved, That we consider the mining industry of Alaska great enough to warrant us in asking that Alaska be made a district, and given a member on the executive board.

DOUGLAS ISLAND MINERS' UNION No. 109.

Denver, Colorado, July 27, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration,

beg leave to report that as the subject-matter of resolution No. 65. has already been fully covered by a previous resolution, we see no need of further action.

Fraternally,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
ALEX MAIN,
CLEM VOGEL,
JOS. J. MURPHY,
BARRY O'LEARY,

Committee.

Moved by MacKinnon, No. 38, seconded by Ganter, that the report of the committee be concurred in.

Moved by McCabe, seconded by Bunting, as an amendment, that that part pertaining to the preamble in Resolution No. 65 be excluded from the report, and that the same be discussed separately. Amendment carried.

Original motion put and carried.

Convention adjourned at 12 m. to convene again at 2 p. m.

AFTERNOON SESSION.

Convention called to order by President Moyer at 2 p. m. The roll call was read and found all delegates present except Vice-President C. E. Mahoney. Resolution No. 86, with report of committee on same, read as follows:

Section from Jas. Kirwan's report.

I desire at this time to recommend to the convention certain amendments to the Constitution and By-Laws, which, in my opinion, would be beneficial to the organization, and submit the following for your consideration:

1st. An amendment to the constitution, making it compulsory on local unions to bond their officers through the headquarters of the W. F. M. This action becomes necessary owing to the fact that recently several bonding companies have refused to bond officers of labor organizations, and as an additional reason, when a local is organized in some locality situated at a distance from the officers of a bonding company, a great deal of trouble is often experienced in securing the necessary bonds. The money that is now paid as premiums to bonding companies from the local unions of the Federation amounts to a large sum yearly, and should be paid into the Federation, securing in return as good, if not better, protection than that offered by the surety companies.

2nd. Amend Section 3, Article 2, of the Constitution, so that the representation in the annual convention shall be based on the April report instead of the January report.

3rd. An amendment making it compulsory on the members of the executive board and organizers employed by the Federation to submit a weekly report for publication in the Miners' Magazine, these reports to contain matters of interest to the general organization so that the members will have some idea of the conditions that exist in every portion of the jurisdiction.

4th. An amendment to the Constitution that will prohibit any officer of the Federation or member of the executive board from voting the proxy of any local at the annual convention.

5th. An amendment providing a penalty for local unions and their **officers** who fail to place the required number of per capita stamps on members' **cards** when monthly dues are paid.

6th. An amendment providing for a reinstatement and initiation stamp to be furnished local unions by headquarters.

Denver, Colorado, July 27, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on resolution No. 86, as follows:

Section 1, referred back to convention.

Section 2-A, strike out the word "second" in line 19, Section 1, of Article 2, and insert the word "third."

Section 2-B, strike out the word "January" in lines 30 and 31, page 5, Section 3, Article 2, and insert the word "April."

Section 3, we concur.

Section 4, subject already covered by another resolution.

Section 5, we recommend that the following words be made Section 3 of Article 7, of the Constitution: "Any local union whose secretary fails to place the required number of per capita or general assessment stamps upon a member's card, shall be subject to a fine of \$1.00 for each stamp not placed."

Section 6, we do not concur.

Fraternally submitted,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
ALEX MAIN,
CLEM VOGEL,
BARRY O'LEARY,
JOS. J. MURPHY,

Committee.

Moved by Milhoan, seconded by Long, that the report of the committee be taken up seriatum. Motion carried.

Section 1 read and discussed.

Moved by Bechtel, seconded by Mitchell, that the matter be referred to the incoming executive board, to perfect this proposition in all its phases, and submit same to referendum vote of the membership before the end of the year. Motion carried.

Section 2-A of report read.

Moved by Schauf, seconded by Terzieh, that Section 2-A be not concurred in. Motion carried.

Section 2-B of report read.

Moved by O'Connor, seconded by Morgan, that Section 2-B of committee's report be concurred in. Motion carried.

Section 3 of report read.

Moved by MacKinnon, No. 38, seconded by Weiglenda, that the report of the committee be adopted. Motion carried.

Fourth section read and action on same deferred.

Section five of report read.

Moved by Scott, seconded by Morgan, that Section 5 of the report be concurred in. Motion carried.

Section 6 of report read.

Moved by Hutchinson, seconded by Leonard, that the report of the committee be concurred in. Motion carried.

Resolution No. 106, with report of committee on same, read as follows:

No. 106.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

I beg leave to submit the following for your consideration, that we amend Section 4, Article 2, by adding thereto the following:

"No paid organizer or officer of the Federation shall in any case be allowed to cast the proxy vote of any local."

GEO. EVANS.

North Moccasin Union No. 111.

Denver, Colorado, July 27, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution, after due consideration, beg leave to report on resolution No. 106, that we do not concur in the same.

Fraternally submitted,

M. C. LEAKE,

ALEX MAIN,

CLEM VOGEL,

A. T. MILHOAN,

BARRY O'LEARY,

Committee.

Moved by Kelly, seconded by Wieglanda, that the report of the committee be adopted. Motion carried.

Resolution No. 112, with report of committee, read as follows:

No. 112.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

Brothers—As we have a Women's Auxiliary of the Western Federation of Miners, and as there is, at this time, one or more ladies' auxiliary unions organized and working under a charter issued and recognized by the W. F. M. as such, and as there is no provision made in the Constitution of the W. F. M. for delegates from the auxiliary union to attend the annual conventions of the W. F. M.; therefore, be it

Resolved, That a delegate or delegates and alternates from any ladies' auxiliary union working under a charter of the W. F. M. be given the same rights and privileges as the male members of any union working under a charter of the W. F. M.: and be it further

Resolved, That a clause be inserted in the constitution of the W. F. M. governing this matter.

Fraternally submitted,

J. A. MACKINNON,

J. C. SCOTT,

Rossland Miners' Union.

Denver, Colorado, July 27, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Constitution and By-Laws Committee, after due consideration of Resolution No. 112, beg leave to report that we do not concur in the same.

Fraternally submitted,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
BARRY O'LEARY,
ALEX MAIN,
CLEM VOGEL,

Committee.

Moved by Long, seconded by Inch, that the report of the committee be concurred in. Motion declared lost.

Roll call demanded by Delegate Long, with the following results:

Yes, 122½; No, 181½. Motion declared lost.

Callahan, 1; J. C. Lowney, 1; Robt. Randell, 1; Wm. Davidson, 1.

Moved by MacKinnon (No. 38), seconded by Taylor, that the resolution be adopted as read. Motion carried.

Resolutions 113 and 117, with report of committee on same, read as follows:

No. 113.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We beg to offer the following amendment to the constitution: Insert the figure "6" in line 12, to read: "he shall receive \$6.00 per day for such time as he is actually employed."

THOS. REILLY.

No. 117.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We submit the following amendment to the by-laws: Section 6, Article II, to strike out all of line 13, and up to the word "be" in line 19, and insert therefor the words, "eight dollars shall."

P. W. FLYNN.

THOS. B. COX.

Denver, Colorado, July 27, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on By-Laws and Constitution, W. F. M., beg leave to report on resolution No. 113 and 117, that we do not concur in either one.

Fraternally submitted,

M. C. LEAKE,

A. T. MILHOAN,

BARRY O'LEARY,

ALEX MAIN,

CLEM VOGEL,

Committee.

Moved by Milhoan, seconded by Morgan, that the report of committee be adopted. Motion carried.

Moved by Long, seconded by Waters, that this matter be reconsidered. Motion carried.

Moved by Long, seconded by Morgan, that the resolutions be taken up seriatum. Motion carried.

First resolution, No. 113, read.

Moved by Cameron, seconded by Boyle, that the report of the committee be not concurred in. Motion lost.

Second resolution, No. 117, read.

Moved by Milhoan, seconded by Schauf, that the report of the committee be concurred in. Motion carried.

Resolution No. 122, with report of committee on same, read as follows:

No. 122.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

I hereby submit the following amendment to Sec. 3, Art. VIII, of our constitution: From line 33, after the word "on," to read as follows, "provided that this shall in no way apply to any man who has been a deputy sheriff, or gun man in the employ of any corporation or any one who has been a member of this or any other labor organization."

J. C. SCOTT, No. 38,

EDWARD LONG, No. 1.

Denver, Colorado, July 27, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Constitution and By-Laws Committee, after due consideration, beg leave to report on resolution No. 122, that we do not concur in the same.

CLEM VOGEL,
JOS. J. MURPHY,
ALEX MAIN, Committee.

Moved by MacKinnon, seconded by Quinn, that the report of the committee be adopted. Motion carried.

Resolution No. 126, with report of committee on same, read as follows :

No. 126.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, the undersigned, submit the following amendment to the constitution :

Art. III, Sec. 1. Strike out the following words, "by a majority of the votes cast at each annual convention," and insert the following, "by a majority of the referendum vote cast by the membership."

Strike out all of Section 2, Article III, and substitute the following: "Nomination of officers shall be made from the floor of the convention. They shall be balloted on until all but two for each office shall remain. The remaining two nominees for each office shall be submitted to a referendum vote of the membership within thirty days after the adjournment of the convention. Immediately upon the count of the votes, the various locals and officers-elect shall be notified of the count."

"All officers shall be installed the first Monday in October."

"That all officers shall hold office until their successors are elected and installed."

A. T. MILHOAN,
THOS. POWERS,
JOS. J. MURPHY,
BARRY O'LEARY,
CLEM VOGEL,
ALEX MAIN,

Committee.

Moved by Vogel, seconded by Fitch, that the report of the committee be adopted. Motion carried.

Resolution No. 130, with report of committee, read as follows:

No. 130.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We, the undersigned, herewith offer the following amendment to Art. X, Sec. 2, of the constitution. Strike out all of said section and insert the following: "Whenever a proposition of vital importance presents itself to the membership of the W. F. M., not otherwise provided for, the Executive Board shall, on demand of five or more locals, submit all such matter pertaining to such proposition to a referendum vote through the secretary-treasurer, not later than fifteen days upon receipt thereof. The majority of such vote shall be binding on all parties concerned.

GEO. H. WIEGLEND, A,
JOHN DONOVAN,
P. W. FLYNN,
M. E. WHITE,
JOE MCKINNON.

Denver, Colorado, July 27, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on resolution No. 130, that we do not concur in the same.

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
CLEM VOGEL,
BARRY O'LEARY,
ALEX MAIN,

Committee.

Jos. J. Murphy dissents from the opinion of the committee.

Moved by Milhoan, seconded by Scott, that the report of the committee be adopted.

Moved by McCabe, seconded by Donovan (No. 1), as an amendment that the word "ten" be inserted in the place of "5" in the committee's report on resolution No. 130.

Action was postponed until to-morrow at 9 a. m.

Convention adjourned at 5 p. m.

FOURTEENTH DAY, JULY 28th, 1908

MORNING SESSION.

Convention was called to order by President Moyer at 9 a. m. The roll call was read and found all delegates present except J. I. Sweet, No. 27.

Minutes of the last two sessions read and approved as read.

Dr. L. Slominski, of the Union Labor Hospital, asked the privilege of addressing the convention.

Moved by O'Connors, seconded by Leonard, that Dr. Slominski be given the privilege of addressing the convention. Motion carried.

Dr. Slominski then proceeded to address the convention and asked the patronage of union labor.

Communication No. 140 was read as follows:

No. 140.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

As I am unable to attend the convention any longer, I request that my proxy be given to Thos. Powers, delegate from No. 33.

J. I. SWEET, No. 27.

Moved by Bunting, seconded by Fitch, that the request be granted. Motion carried.

Discussion on resolution No. 130 was resumed.

The amendment was put to a vote, and declared carried.

The following amendment was moved by Tracy and seconded by Dahl: Provided that in no case shall such demand for a referendum vote be compulsory upon the executive officers of this organization unless the ten or more locals making such demand shall contain and represent a membership in good standing equal to the number of 5,000.

Amendment put to a vote and roll call on same demanded by Delegate O'Connors, with the following result: Yes, 58; No, 248. Amendment lost.

Roll call N.

Yes—Con Shea, 3; Ed. Long, 3; Barry O'Leary, 3; W. L. Nichols, 5; Jos. Hinton, 2; Jas. McDonald, 2½; W. E. Tracy, 2½; J. E. Dahl, 1; Henry Berg, 2; Thos. Powers, proxy, 1; Thos. Powers, 3; J. C. Scott, 3; W. E. Thompson, proxy, 1; Jack Inch, 1; W. E. Thompson, 3; E. G. Locke, 5; W. E. Tracy, 1; Yanco Terzich, 5; M. L. Tompkins, 2; E. F. Boyle, 1; Wm. Jinkerson, 1; C. T. Anderson, proxy, 1; C. T. Anderson, 3; Jas. Kirwan, 1; J. C. Lowney, 1.

No—Al. McLellan, 4; Angus McLeod, 4; Owen McCabe, 3; T. R. Cox, 4; Jos. McKinnon, 4; P. W. Flynn, 4; J. T. Donovan, 4; Jacob Prest, 3; Wm. P. Dolan, 4; Pete Leonard, 4; D. Vironda, 2; Thos. Connors, 1; W. J. Louttit, 5; A. E. Rigley, 5; A. E. Rigley, proxy, 1; John Kennedy, 4; O. E. Shrode, 1½; Henry Keifer, 1½; Walter Keifer, proxy, 1; B. Birdsey, 1; Geo. Heatherton, 3; S. F. W. Anderson, 5; N. B. Cameron, 5; C. R. Waters, 5; V. Toffoli, 5; W. I. Plumb, 1; S. E. Custis, 1; J. A. MacKinnon, 3; Walter Keister, 1; J. P. McFarlane, 1; M. J. O'Connor, 4; J. J. Murphy, 5; John Mitchell, 5; A. Nylund, 5; Joe Bechtel, proxy, 1; J. H. Morgan, 2; Jos. D. Cannon, proxy, 3; John Taylor, 3; Clem Vogel, 2½; F. J. Fitch, 2½; Wm. Davidson, 2; T. J. Ganter, 2½; P. Deloughey, 2½; John Opman, proxy, 1; Jerry Donovan, 1; John Taylor, proxy, 2; M. J. O'Connor, proxy, 1; C. R. Burr, 1; John Opman, 2; Jos. D. Cannon, 2; G. H. Wieglanda, 1; John Opman, proxy, 1; Geo. Evans, 2; Thos. Reilly, 2; Jas. McNulty, 2; J. S. Burns, 2; J. Gibbons, 2; J. B. Ryan, 2; Joe Bechtel, 2; Alex. Main, 4½; Jas. Cleary, 4½; J. P. McFarlane, 1; W. T. Quinn, 5; Joe Bechtel, proxy, 1; Thos. Reilly, proxy, 1; A. H. Dunlavy, proxy, 2; M. E. White, proxy, 1; C. R. Burr, proxy, 1; J. P. McFarlane, 1; Chas. Bunting, 3; Wm. Howells, 1; Thos. Reilly, proxy, 1; John Kennedy, proxy, 1; M. E. White, 3; A. H. Dunlavy, 3; G. T. Phillips, proxy, 1; F. Clough, 5; Jas. Kelly, 5; W. H. Burton, proxy, 4; J. M. O'Brien, 4; M. C. Leake, proxy, 3; T. A. French, proxy, 3; T. A. French, proxy, 1; C. P. Barton, 2; W. M. Cramp, 1; A. T. Milhoan, 5; G. T. Phillips, 4;

W. H. Schauf, 5; T. A. French, proxy, 1; M. C. Leake, 2; J. M. O'Brien, 1; T. A. French, 1; M. C. Leake, proxy, 1; W. H. Burton, 1; Jas. Sullivan, 1; Chas. Mahoney, 1; Ernest Mills, 1; R. MacKenzie, 1; L. W. Callahan, 1; Robt. Randell, 1; Wm. Davidson, 1.

Resolution as amended read.

Moved by Cannon, seconded by Bechtel, as an amendment:

Provided that no such referendum shall be submitted, which is a reversal of a former referendum, within a year.

Amendment carried.

Original motion, to concur in committee's report, was put and declared lost.

Resolution as amended read.

Motion to concur in resolution as amended put and roll call demanded by the chair, with the following result: Yes, 159½; No, 148½. Motion carried.

Roll call O.

Yes—Al. McLellan, 4; Angus McLeod, 4; Owen McCabe, 3; Thos. R. Cox, 4; Jos. McKinnon, 4; P. W. Flynn, 4; J. T. Donovan, 4; J. Prest, 3; W. P. Dolan, 4; Pete Leonard, 4; D. Vironda, 2; Jos. Resolution No. 135, with report of committee on same, read as follows:

No. 135.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

Fellow Workers—We, the delegates representing local unions of California, realizing that ours is the only state in the West without an eight-hour law for men employed in and around the mines, mills and smelters, and also realizing that it will be necessary to do considerable agitating to have such a law enacted, do therefore request that this convention instruct the Executive Board of the W. F. M. to put as many men (Executive Board members and others) as finances will permit in the field, as there is an election this fall for members of the state legislature, and we consider this the proper time to start this work. The California State Union, W. F. M., has already taken the initial step in this matter, but is not in a position to finance the fight as should be done, therefore, we recommend that the W. F. M. give all aid possible in the matter.

Respectfully submitted,

CHAS. R. BURR.
J. P. MCFARLANE.
W. E. THOMPSON.
F. G. CLOUGH.
ROBT. RANDELL.
JOHN B. CLARK.

Denver, Colorado, July 28, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit resolution No. 135, and recommend that same be referred to the incoming Executive Board with instructions that every possible assistance be given to the brothers of California in their efforts to bring about the enactment of an eight-hour work day in that state.

Fraternally submitted,

F. J. FITCH,
W. H. BURTON,
O. E. SHRODE,
J. I. SWEET,

Committee.

Moved by Fitch, seconded by Burton, that the report of the committee be concurred in. Motion carried.

Resolution No. 128, with report of committee on same, read as follows:

No. 128.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, the undersigned, wish to offer an amendment to Art. I. Sec. 9, of the by-laws, namely: In line 31, insert the words, "may be a member" for "shall be a member."

JOS. J. MURPHY.
M. J. O'CONNOR.
JOHN MITCHELL.

Denver, Colorado, July 27, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

We, your Committee on Constitution and By-Laws, beg leave to report on resolution No. 128, that we do not concur in the same.

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
CLEM VOGEL,
BARRY O'LEARY,
ALEX. MAIN,

Committee.

Jos. J. Murphy dissents from the opinion of the committee.

Moved by Vogel, seconded by Scott, that the report of the committee be adopted. Motion carried.

Resolution No. 120, with report of committee on same, read as follows :

No. 120.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

Considering this of vital importance to the membership in general of the W. F. M., I do recommend that the following be inserted in Art. II, Sec. 4, line 20, of the constitution, after the words "preceding the date of his nomination." Provided that this shall not apply to any member who, having deposited money enough in advance, the financial secretary or his agent failed to credit the same on the membership card."

DOMINICK VIRONDA, No. 4.

Denver, Colorado, July 27, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M. :

We, your Committee on Constitution and By-Laws, after due consideration of resolution No. 120, beg leave to report that we do not concur in the same.

Fraternally submitted,

M. C. LEAKE,
A. T. MILHOAN,
JOS. J. MURPHY,
BARRY O'LEARY,
ALEX. MAIN,
CLEM VOGEL,

Committee.

Moved by MacKinnon (No. 38), seconded by Morgan, that the report of the committee be concurred in. Motion carried.

Resolution No. 131, with report of committee, read as follows :

No. 131.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M. :

Fellow Workers—We submit the following amendment to the constitution: In Sec. 2, Art. III, strike out the word "ballot," and insert the word "roll call."

Fraternally submitted,

P. W. FLYNN,
GEO. H. WIEGLEND,
J. F. HUTCHINSON.

Denver, Colorado, July 28, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on resolution No. 131, that we do not concur in the same.

Fraternally submitted,

M. C. LEAKE,
THOS. POWERS,
A. T. MILHOAN,
ALEX. MAIN,
CLEM VOGEL,
BARRY O'LEARY,
JOS. J. MURPHY.

Committee.

Moved by Vogel, seconded by Fitch, that the report of the committee be concurred in. Motion carried.

Resolution No. 91, with report of committee on same, read as follows:

CONFERENCE.

In compliance with resolution No. 175, adopted by the Fifteenth Annual Convention, and subsequently ratified by the referendum vote of the organization, your Executive Board extended an invitation to the various labor organizations specified by the convention to take part in such conference. For reasons which your acting officers believed to justify the same, the date set by the convention for this conference was postponed, and immediately upon the convening of the meeting of your Executive Board in the month of December, an invitation was issued with the sixth day of April, 1908, as a date upon which the proposed conference was to take place. While a number of organizations expressed sympathy with the object of this conference, only the Sherman faction of the I. W. W. signified any willingness to participate in the same. The so-called Trautmann faction of the same organization, with Vincent St. John as general organizer, not only refused to take part in the proposed conference, but through its Executive Board, took occasion, upon receipt of the invitation issued by your officers, to vent themselves of the most villainous attack ever made upon the organization. Your Executive Board, for these obvious reasons, again deemed it advisable to postpone the conference and submit the same to the Sixteenth Annual Convention for final disposition.

Denver, Colorado, July 27, 1908.

To the Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Good and Welfare, respectfully submit that portion of the Executive Board's report relative to the unification conference proposed by the Fifteenth Annual Convention, and beg to report that after due consideration of the various phases of the question, we have arrived at the following conclusions:

1st. That the Executive Board erred in sending a special invitation to the factions of the I. W. W., as such special invitation was calculated to provoke a bitter reply, especially from the Trautmann faction.

2d. That the Trautmann faction, in refusing to participate in the proposed conference (a right which they unquestionably possessed), erred in their reply;

in giving vent to a bitter and unwarranted attack upon the personal character and integrity of certain officials of the W. F. M.

3d. That such a controversy tends to disrupt and disorganize instead of to bring about that solidarity of the working class, to which policy we stand committed.

4th. That the vote taken upon the question of accepting the card of a member of the Trautmann faction of the I. W. W. in transfer was not a representative vote of the membership of the W. F. M.; that a good per cent. of those voting did so without giving due consideration to the consequences of such vote. The result of which was to deny the right of a great number of worthy members of that organization to become members of the W. F. M. without paying an extra initiation fee—an injustice which most certainly does not promote the solidarity of the working class.

We would therefore recommend that in the future such controversy be avoided as far as possible.

5th. We would further recommend that the following question be submitted to referendum vote of the membership together with the other action of this convention.

Question: Shall the transfer and withdrawal cards of the members of the labor organization, known as the Industrial Workers of the World, with present headquarters at 212 Bush Temple, Chicago, be accepted in accordance with Section 2, Article III, of the by-laws of the W. F. M.?

Fraternally submitted,

F. J. FITCH,
W. H. BURTON,
WM. P. DOLAN,
O. E. SHRODE,
J. I. SWEET,

Committee.

• Moved by Burton, seconded by Mitchell, that the report of committee be concurred in.

Moved by MacKinnon (No. 38), seconded by Schauf, that the report be taken up seriatim.

Moved by Locke, seconded by Cameron, that the matter be laid on the table. Motion to lay on the table declared carried.

Roll call demanded by Delegate Burton, with the following result: Yes, 124½; No, 178½.

Roll call P.

Resolution No. 134, with report of committee on same read as follows:

No. 134.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We hereby offer the following amendment to Art. I, Sec. 3-A, of the by-laws,

by inserting after the word "arranged," in line 3, "so as to have a space whereby each secretary shall record sick benefits received by each member."

M. L. TOMPKINS.

THOS. REILLY.

Denver, Colorado, July 28, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration, beg leave to report on resolution No. 134, strike out all of Art. I, Sec. 3A, after the word "shall," line 3, page 30, and insert the following words: "Provide a space wherein local secretaries shall record the amount of sick benefits received by each member. Said card shall be designed by the executive officers of the Western Federation of Miners."

Fraternally submitted.

M. C. LEAKE,

A. T. MILHOAN,

THOS. POWERS,

ALEX. MAIN,

CLEM VOGEL,

BARRY O'LEARY,

JOS. J. MURPHY,

Committee.

Moved by Vogel, seconded by Rigley, that the report of the committee be concurred in. Motion carried.

Resolution No. 133, with report of committee on same, read as follows:

No. 133.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Beginning after the 6th word in the 37th line of Sec. 3, Art. III, of the constitution and by-laws of the Western Federation of Miners, entitled "Duties of President," amend and enlarge the powers and duties of the president by inserting the following:

"He shall be and is hereby constituted the trustee to sell, transfer or encumber in any manner and to any extent that he deems for the best interest of the Federation any and all real and personal property except the funds of the Western Federation of Miners, with the concurrence and under the direction of the Executive Board of the Western Federation of Miners or of a convention duly called and assembled, and he shall execute all such documents in manner following: The Western Federation of Miners by.....trustee."

JOS. D. CANNON.

Denver, Colorado, July 28, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Constitution and By-Laws, after due consideration

on resolution No. 133, beg leave to report that we do not concur in the **same**.

Fraternally submitted,

M. C. LEAKE,
A. T. MILHOAN,
THOS. POWERS,
ALEX. MAIN,
CLEM VOGEL,
BARRY O'LEARY,
JOS. J. MURPHY.

Committee.

Moved by Cameron, seconded by Randell, that the report of the committee be not concurred in. Motion carried.

Moved by MacKinnon (No. 38), seconded by Tompkins, that the resolution be adopted as presented. Motion carried.

Resolution No. 132, with report of committee on same, read as follows:
No. 132.

Many petty grievances come before the annual convention of the W. F. M., which unduly prolong the sessions of said convention, and

Whereas, We believe that many of those grievances could be settled if they were taken before the district unions, where such district unions exist; therefore be it

Resolved, That the constitution be amended as follows: In line 13, Sec. 2, Art. 8, insert after the word "the" the following words: "District union, where such district unions exist, and from there to the." The amended clause would then read as follows: "In either case, the defendant or plaintiff shall have the right to appeal to the district union, where such district union exists, and there to the Executive Board of the W. F. M., and from that body to the ensuing convention."

OWEN McCABE.

Denver, Colorado, July 28, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We your Committee on Constitution and By-Laws, beg leave to report on resolution No. 132, that we do not concur in the same.

Fraternally submitted,

M. C. LEAKE,
THOS. POWERS,
A. T. MILHOAN,
ALEX. MAIN,
CLEM VOGEL,
BARRY O'LEARY,
JOS. J. MURPHY.

Committee.

Moved by Schauf, seconded by Cameron, that the report of the committee be concurred in. Motion carried.

Resolution No. 136, with report of committee on same, read as follows:
No. 136.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

Brothers—*Whereas*, The Western Federation of Miners, having established

an official organ for educational purposes and to give the local unions an opportunity to exchange ideas which might be of vital interest to the welfare of the general organization, therefore be it

Resolved, That the editor of the Miners' Magazine be instructed to publish all communications coming from local unions of the Western Federation of Miners, which bear the seal of said local unions and the signature of their officers.

Fraternally submitted,

OWEN McCABE.

Denver, Colorado, July 27, 1908.

To the Officers and Members of the Sixteenth Annual Convention, W. F. M.:

We, your Committee on Education and Literature, recommend that report of committee on resolution No. 136, be concurred in.

HENRY KEIFER,

ANGUS MACLEOD,

VICTOR TOFFOLI,

A. NYLUND, Committee.

Moved by French, seconded by Scott, that the report of the committee be concurred in.

Moved by Locke, seconded by Vogel, as an amendment: All communications coming from a local union of the W. F. M. that do not cast reflection on the character of any member and are not detrimental to the organization.

Moved by White, seconded by McCabe, that the matter be laid on the table. Motion carried.

The following report of Ways and Means Committee was read.

Denver, Colorado, July 28, 1908.

To the Officers and Delegates of the Sixteenth Annual Convention, W. F. M.:

We, your Ways and Means Committee, recommend that the Executive Board be instructed to levy assessments to raise \$100,000 to establish a strike fund.

Fraternally submitted,

JOHN T. DONOVAN,

J. F. HUTCHINSON,

JOS. P. KELLY,

S. F. W. ANDERSON,

JOHN TAYLOR,

THOS. REILLY,

W. E. THOMPSON,

Committee.

Moved by Bunting, seconded by McKinnon (No. 1), that we do not concur in the committee's report. Motion lost.

Moved by MacKinnon (No. 38), seconded by Hutchinson, that the resolution be adopted. Motion carried.

Moved by McCabe, seconded by MacKinnon (No. 38), that section No. 2 of resolution No. 65, as follows, be adopted. Motion carried.

Sec. 2, Resolution No. 65.

Resolved, That all locals of the Federation adopt the preamble, as adopted at the last convention, and thus do away with a good many of the conflicting elements often found in a great many local preambles.

On motion, convention adjourned at 5 p. m. to convene again at 9 a. m.

FIFTEENTH DAY, JULY 29th, 1908

MORNING SESSION.

The convention was called to order by President Moyer at 9 a. m. Roll call read and found all delegates present.

Minutes of last two sessions read and approved as read.

Report of Engrossing Committee read as follows:

Beginning after the 5th word in the 27th line of Sec. 3, Art. III, of the constitution and by-laws of the Western Federation of Miners, entitled "Duties of President," amend and enlarge the powers and duties of the president by inserting the following:

He shall be and he is hereby constituted the trustee to sell, transfer or encumber in any manner and to any extent that he deems for the best interest of the Federation any and all real and personal property, except the funds of the Western Federation of Miners, with the concurrence and under the direction of the Executive Board of the Federation or a Convention duly called and assembled, and he shall execute all such documents in manner following: The Western Federation of Miners, by..... trustee.

Beginning after the 5th word, page 18, line 27 of Article III, Section 3.

We recommend the following amendments to Sections IX and X of Article III of the constitution.

No. 1.—Strike out the word "ten" of Section IX, line 15, and insert the word "eleven."

No. 2.—Strike out the line 24, Section X, and insert the following: "No. 1. Nevada and Arizona and Mono, Inyo, San Bernardino and Kern counties, California."

No. 3.—Strike out line 25, Section 10, and insert the following: "No. 2. Oregon and Idaho, and those portions of California and Washington not included in Districts No. 1 and No. 6."

No. 4.—Strike out line 30, and insert the following: "No. 6. Okanogan and Stevens counties, Northern Washington and all territory north of the United States boundary, except that included in District No. 8."

No. 5.—Insert after line 33, Section X, "No. 8. Alaska and Yukon Territory."

To amend Sec. 2, Art. X, page 1.

Whenever a proposition of vital importance presents itself to the membership of the W. F. M., not otherwise provided for, the Executive Board shall, on demand of ten or more locals, submit all such matter pertaining to such proposition to a referendum vote through the secretary-treasurer not later than fifteen days after receipt thereof; provided that no such referendum shall be submitted which is a reversal of a former referendum within one year. The majority of such vote shall be binding on all parties concerned.

Art. I. Sec. 3A, by-laws, page 20, line 3, after word "shall."

Provided a space wherein local secretaries shall record the amount of sick benefits received by each member, said card shall be designed by the Executive Officers of the Western Federation of Miners.

Insert after the word "whatsoever" in Section 3, Article II, of the by-laws, "any secretary accepting dues from a member who is in the jurisdiction of

another local shall be subject to a fine of not less than \$1.00 nor more than \$5.00."

Strike from our constitution and by-laws, and all parts of the same, the words, "Mining department of the Industrial Workers of the World," and insert the words, "Western Federation of Miners."

"No withdrawal cards shall be issued to any member of the W. F. M. except such members who are actually engaged in some occupation not included in the jurisdiction of the W. F. M., or one who permanently retires from the occupations specified in Article I of the constitution."

Art. II, Sec. 7. Secretaries shall place due stamps on members' cards for back dues collected for re-instatement or otherwise.

Art. II, Sec. 3, page 5, constitution, line 30, insert "April."

Page 12. Insert new section to be Section 13. All members of the Executive Board and organizers employed by the Federation to submit weekly reports for publication in the Miners' Magazine, these reports to contain matters of interest to the general organization, so that members will have some idea of the conditions that exist in every portion of the jurisdiction.

Sec. 3, Art. VII, page 15. Any local union whose secretary fails to place the required number of per capita or general assessment stamps upon a member's card shall be subject to a fine of one dollar for each stamp not so placed.

Sec. 1, Art. V, page 13, line 8. Notice of such referendum to be posted three days in advance, vote to be by ballot, and polls to be open for not less than eight hours. No call shall be made for a referendum on a strike until after having received the approval of the Executive Board of the W. F. M.

RESOLUTION.

1st. We do not believe it to be to the best interest of the W. F. M. and the working class in general to issue any more charters to workers in the coal mining industry, unless it is mutually agreed upon by the executive heads of the W. F. M. and the U. M. W. A.

2d. We recommend that locals of coal miners already organized be maintained.

4th. In regard to locals already organized, we recommend that a committee to be composed of three members of the Executive Board of the W. F. M. be appointed, and request that a like committee be appointed by the U. M. W. A. and they act as a joint committee, and thoroughly investigate the situation and define jurisdiction wherever a question arises.

5th. We request the Executive Board to try and have the U. M. W. A. in the future insert a saving clause in their contracts with employers, whereby in event of a strike, we may be able to assist each other.

6th. We recommend that the foregoing clauses be submitted to the entire membership for ratification.

Insert Section 3, Article II, of the by-laws, after the word "whatsoever," the following:

Any secretary accepting dues from a member who is in the jurisdiction of another local shall be subject to a fine of not less than \$1.00 nor more than \$5.00.

Moved by Bunting, seconded by Kelly, that the report be accepted and that copies of the same be printed for distribution among the delegates. Motion carried.

The following resolution was read:

Whereas, Our beloved friend and brother, George A. Pettibone, is the victim of a murderous Mine Owners' Association, and a perjured band of Pinkerton thugs, assisted by hireling state officials, whose persecutions were directly responsible for the illness that has stretched our brother upon a bed of sickness, where for long months he has lain racked with pain and hovering within the very shadow of death itself; be it

Resolved, That the Sixteenth Annual Convention of the Western Federation of Miners extend to Mr. and Mrs. George A. Pettibone our heartfelt sympathy and devotion, and pledge them any support and assistance within our power.

May our Pettibone recover
And evade Death's awful hand,
Reclothed in robust health and vigor,
Again within our council stand.

L. W. CALLAHAN.

Moved by Plumb, seconded by Kennedy, that the resolution be adopted as read. Motion carried.

Moved by Ganter, seconded by Cleary, that a committee of two be appointed to visit Brother George A. Pettibone and convey to him the best wishes of this convention. Motion carried.

The president appointed Ganter and Kennedy.

Under the head of new business, the chair declared nominations in order for the place to hold the next convention of the W. F. M.

Butte was nominated by Flynn.

Denver was nominated by Kirwan.

Convention proceeded to vote by roll call with the following result: Denver, 165½; Butte, 136½.

Denver was declared as the place to hold the Seventeenth Annual Convention.

Roll call R.

B. Clark**, proxy, 1; **Jas. Kelly**, 5; **Wm. Jinkerson**, 1; **C. P. Barton**, 2; **Wm. Cramp**, 1; **G. T. Phillips**, 4; **Jas. Sullivan**, 1; **J. B. Clark**, 1; **J. C. Lowney**, 1.

The president declared nominations in order for president.

President Chas. H. Moyer nominated by **Joe Cannon**. Nomination seconded by **William Howells**.

P. W. Flynn nominated by **Al. McLellan**.

Moved by **Inch**, seconded by **Morgan**, that nominations for president be closed. Motion carried.

Tellers appointed, **Dunlavy**, **Main** and **Thompson**.

Convention proceeded to ballot on the nominees for president with the following result: **Moyer**, 223; **Flynn**, 88.

Moyer declared elected president of the **W. F. M.** for the ensuing year.

In response to a call for a speech, **President Moyer** addressed the convention. He assured the delegates that he would be as faithful in the future to the interests of the **W. F. M.** as he had been in the past, and while he had no thanks to offer for the office, he fully appreciated and thanked the delegates for this renewed evidence of their confidence.

Candidate **Flynn** in a neat speech assured **President Moyer** and the delegates hearty support.

The chair declared nominations in order for vice-president.

William Howells nominated **Joe Cannon**.

Brother Cannon respectfully declined the nomination.

Delegate Locke nominated **C. E. Mahoney**. **Delegate Waters** seconded the nomination.

Delegate Bechtel nominated **M. J. O'Connor**.

There being no further nominations for vice-president, the chair declared the nominations closed.

The convention proceeded to ballot with the following result: **Mahoney**, 194; **O'Connor**, 109.

C. E. Mahoney, having received a majority of the votes cast, was declared elected vice-president for the ensuing term.

In response to call for a speech, **Brother Mahoney** addressed the convention, after which **O'Connor** shook hands with **Mahoney** and assured him and the delegates of his support during **Mahoney's** term of office.
